Research Analysis

The committee substitute for HB 2639 amends provisions relating to the Commissioners of the Land Office. Concerning the cash drawer fund, the measure authorizes the fund to be used for the payment of emergency purchases and bills. The measure requires that the proper receipts be filed upon any withdrawal from the fund. The measure, relating to the investment of educational funds, changes certain dates. The measure requires a reception record to be kept of any monies received through mail service and a duplicate provided to the cashier of the land office who must update financial records reflecting the amount received. Finally, the measure modifies the unclassified employee positions for the land office by changing certain titles. The measure contains an emergency clause.
