

Oklahoma State Senate

Bill Summary and Fiscal Impact

Agency: Wildlife Department

Bill Number: HB 1244

Senate Author: Brown

House Author: Martin, St.

FY '14 Impact: unknown

Full Year Impact: unknown

Bill Summary and Comments: HB 1244 creates a one-day nonresident fishing license for \$14 and a nuisance wildlife control operator permit for \$75. The fiscal impact will depend on the market reaction to the one-day license. If most visitors simply switch from purchasing a six-day license to purchasing a one-day license, the Department will experience a loss in revenue. The Department will gain revenue if there are sufficient increases in the quantity demanded of licenses, due to the new lower priced option of the one-day license.
