				Of the Engrossed Bill

By adding on line 4 after the word "student" and before the semicolon the following language:

Unwanted aggressive behavior is "highly likely to be repeated" if there is strong concern by the teacher or school administrator that a single aggressive behavior by a student or group of students has a high likelihood of being followed by more incidents of aggression and the teacher or school administrator concludes it is necessary to assess the single incident as bullying for prevention efforts"

By adding on line 5 a new paragraph 2 to read as follows:

"2. "Power imbalance" means the attempt by the perpetrator or perpetrators to used observed or perceived personal or situational characteristics to exert control over the behavior of the student who is targeted or limit the ability of the student who is targeted to respond or stop the aggression.
