Of the Engrossed Bill

By adding a new Section 2 to read as follows:

"SECTION 2. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 3249 of Title 70, unless there is created a duplication in numbering, reads as follows:

If an institution of higher education that is a member of The Oklahoma State System of Higher Education or a technology center school district is considering eliminating a degree or certification program due to a lack of funding, the institution or technology center school district shall prioritize the elimination of degree or certificate programs based on the earnings and employment data for that degree or certificate program. Degree or certificate programs for which the earnings and employment data indicates that graduates will earn less and have less employment opportunities shall be eliminated before a degree or certificate program for which the earning and employment data indicates that graduates will earn more and have more employment opportunities."
