

BILL SUMMARY
1st Session of the 55th Legislature

Bill No.:	HB1374
Version:	CS
Request Number:	6671
Author:	Rep. Strohm
Date:	2/9/2015
Impact:	DEQ: \$0

Research Analysis

HB 1374 authorizes the Department of Environmental Quality to use funds in the Used Tire Recycling Indemnity Fund allocated for air quality/emissions monitoring/modeling for other department programs.

Prepared By: Tricia Dameron

Fiscal Analysis

After reviewing HB 1374 and consulting with the Department of Environmental Quality, it is determined there is no fiscal impact. The current form of the bill neither increases nor decreases funding for DEQ: it simply allows the agency limited flexibility on how it uses the money from an already existing statutory funding source
