Research Analysis

Fiscal Analysis

HB 1824, as introduced, transfers the Oklahoma Art in Public Places from the Oklahoma Historical Society to the Oklahoma Arts Council. The current cash balance to be transferred is approximately \$25,751.13. These funds are encumbered for current projects.

State Arts Council staff provide that contingent on projects since July 1, 2014, up front costs incurred could be up to \$25,000, but program required funds should eventually cover these costs.
