Bill Summary and Comments: This bill authorizes the Council on Judicial Complaints to provide funding for the attendance of state, municipal, and administrative judges in professional and educational programs, schools, or conferences. It also allows COJC to contract or partner with public or private entities or otherwise fund and participate in the development, implementation, and conduct of professional and educational programs for judges. The bill is permissive so no cost is actually required. COJC reports they would be able to use existing funds to perform the purpose of the bill without changing their fees.
