Re: RBS No. 223

RBS No. 223 directs the Firefighters Pension and Retirement System Board of Trustees to use IRS guidelines to determine if a potential rollover from another system may be rolled into the FPRS. The Board is required to use IRS guidelines to determine the taxable portion of a distribution from the system.

RBS No. 223 is a nonfiscal retirement bill as defined by the Oklahoma Pension Legislation Actuarial Analysis Act.
