16 the child if the child commits any delinquent acts after being
17 released regardless of whether or not a petition is to be filed. It

11 of Juvenile Affairs or a county juvenile bureau shall inquire as to
12 whether there is any American Indian lineage or ancestry that would
13 make the child eligible for membership or citizenship in a federally
14 recognized American Indian tribe or nation. If the employee of the
15 Office of Juvenile Affairs or a county juvenile bureau determines
16 that the child may have American Indian lineage or ancestry, the
17 employee shall notify the primary tribe or nation of membership or

8 paragraph. Within the discretion of each school district's board of
9 education, the policy may but is not required to allow for
10 establishment of residency by affidavit when an adult, whether a
11 relative or not, who does not fall within one of the categories
12 listed above, who holds legal residence in the school district, and
13 who has assumed permanent care and custody of the child files an

16 the establishment of residency by affidavit shall require the adult
17 who provides the affidavit to affirm in such affidavit that the
18 custody arrangement is permanent and that the adult contributes the
19 major degree of support to the child. If the school district policy
20 allows establishment of residency by affidavit, any person who
21 willfully makes a statement in the affidavit which the person knows

5 Title 10A of the Oklahoma Statutes, except a therapeutic foster
6 family home or a specialized foster home where a child is in

17 care or the school district in which the previous foster family home
18 of the child is located;

19 3. Any orphanage or eleemosynary child care facility having
20 full-time care and custody;

21 4. Any eleemosynary child care facility in which a child is

2 through a state contract. For purposes of this paragraph,

3 "eleemosynary child care facility" means a facility:

4 a. where child care and services are provided, and

5 b. which is funded predominantly by benevolent or

23 educational services pursuant to contract as elsewhere provided by
24 law. A school district may furnish educational services pursuant to

1 a contract to children who do not reside in the United States of
2 America; provided, the children shall not be counted in the average
3 daily membership of the school district.

4 C. For the purpose of ensuring that a child placed in a
5 therapeutic foster family home, as defined in Section 1-1-105 of
6 Title 10A of the Oklahoma Statutes, receives an appropriate
7 education, no receiving school district shall be required to enroll
8 such a child if the enrollment would cause the proportion of
9 students in therapeutic foster family homes as compared to the
10 average daily membership of the receiving district for the preceding
11 school year to exceed two percent (2%). Children served by Head
12 Start may not be counted for the purpose of this paragraph unless
13 the child is on an individualized education program provided by the
14 school district. Any school district may enroll such students who
15 are outside the student's resident district in therapeutic foster
16 family home placements which exceed this limit if the school
17 determines it possesses the ability to provide such child an
18 appropriate education.

19 D. When a child does not meet the criteria for residency

1 Access to the due process procedure guaranteed to children with
2 disabilities shall be available to resolve disagreements about the
3 appropriateness of placements of children with disabilities.

4 E. The governing body of any state institution for children
5 operated pursuant to the provisions of Title 10A of the Oklahoma
6 Statutes or Section 3-101 of Title 43A of the Oklahoma Statutes and
7 the board of education of the school district in which the
8 institution is located or any other school district in the state
9 willing to provide necessary educational services may enter into a
10 contract whereby the district will maintain a school for the
11 children of the institution, in which event the residence of the
12 children for school purposes will be considered as being in the
13 district maintaining the school; provided, however, that upon
14 release from the school, a child shall be considered as a resident
15 of the originating school district for school purposes. The
16 governing body of the state institutions specified in this
17 subsection shall pay the costs for educating students placed in the
18 state institution less any amount of funds received for the students
19 by the school district contracting with the state institution to
20 provide necessary educational services.

21 F. 1. The school district in which an entity as described in
22 subsection D of this section exists to serve children in out-of-home
23 placements shall, upon request of the individual or agency operating
24 the entity, provide the educational services to which the children

1 in the entity are entitled subject to the limitations provided in
2 subsection C of this section. No person operating such an entity
3 may contract for the provision of educational services with any
4 school district other than the school district in which the entity
5 is located unless the school district in which the entity is located
6 agrees in writing to allow another school district to provide the
7 educational services or unless the person operating the entity
8 contracts with another school district for the provision of
9 educational services to be provided through remote Internet-based
10 courses. No person operating such an entity may contract for the
11 provision of educational services with more than one school
12 district.

14 agency operating an entity described in subsection D of this section
15 which requires provision of educational services from the school
16 district shall notify the local board of education of its
17 anticipated educational needs. No school district shall be required
18 to provide educational services for students in the entity until at
19 least sixty (60) calendar days have elapsed from the time in which
20 the local board of education was initially notified of the need
21 unless the school district so agrees to provide the educational
22 services sooner. The provisions of this paragraph shall not apply
23 to therapeutic or specialized foster homes.

24

1 3. Educational services provided shall meet or exceed state
2 accreditation standards. No school district shall be responsible
3 for any expenses for students in an entity described in subsection D
4 of this section which are not directly related to the provision of
5 educational services. A school district shall not be obligated for
6 expenses of those students in an entity in the current school year
7 for whom educational services are requested after the first nine (9)
8 weeks of the current school year for the district if educational
9 services are requested for twelve or more students than were served
10 in the first nine (9) weeks, unless the school district chooses to
11 provide educational services for the current school year. Contracts
12 and agreements for provision of educational services may allow for
13 the use of public and private sources of support which are available
14 to share the costs of educational services and of therapies,
15 treatments, or support services. Otherwise valid obligations to
16 provide or pay for such services, such as Medicaid, shall remain in
17 effect for children who are eligible for the services from sources
18 other than the school district.

19 4. Upon the request of any residential facility which has
20 contracted with the Office of Juvenile Affairs to provide either a
21 regimented juvenile training program or a high-impact wilderness
22 camp to a minimum of forty students who have been adjudicated, a
23 school district may contract for the facility to provide the
24 educational services to those students. Under a contract, the

1 facility shall operate in accordance with all applicable laws,
2 including compliance with Section 18-114.14 of this title. The
3 contract shall include the State Aid generated by the students, less
4 a fee for administrative services which may be retained by the
5 school district, not to exceed ten percent (10%) of the total on an
6 annual basis. The school district shall exercise supervision over
7 the educational program in the facility and bear all responsibility
8 for required educational reporting. The school district shall
9 maintain access to all educational records for students in the
10 facility, and shall provide for the appropriate academic credit and
11 diplomas. The school district shall be indemnified against any
12 actions or penalties on the part of the facility which result in
13 adversity for the school district.

14 G. Any question as to the place of residence of any child for
15 school purposes shall be decided pursuant to procedures utilized by
16 the State Department of Education.

17 H. The receiving district shall notify the district of
18 residence immediately upon finding that the student requires special
19 education and related services and the district of residence shall
20 participate in planning the Individualized Education Program (IEP)
21 for the student and in subsequent reviews of the program in
22 accordance with the Individuals with Disabilities Education Act
