5. A full and complete list of taxpayers who have advised the Oklahoma Tax Commission that business at the location in the city or town was stopped during the previous calendar month.

B. Upon request by the governing body of a city or town that levies a municipal sales tax, the Oklahoma Tax Commission, notwithstanding the provisions of Section 205 of this title, shall release to such governing body such information or evidence necessary to be used by such body to prosecute violations of municipal sales tax ordinances. Such information or evidence shall include, but is not limited to, the following:

1. Certified copies of sales tax permit applications;

D. Any city or town official or employee found in violation of this section shall be removed or dismissed from office in the manner provided by law. In addition, any violation of the provisions of this section shall constitute a misdemeanor and shall be punishable by the imposition of a fine not exceeding One Thousand Dollars (\$1,000.00) or by imprisonment in the county jail for a term not exceeding one (1) year, or by both said fine and imprisonment. Added by Laws 1976, c. 152, § 1, emerg. eff. May 28, 1976. Amended by Laws 1984, c. 102, § 2, emerg. eff. April 5, 1984; Laws 1985, c. 95, § 1, eff. Jan. 1, 1986; Laws 1986, c. 218, § 4, emerg. eff. §68-205.2. Claims by state agencies, municipal courts, district courts, or public housing authorities against state income tax refunds.

A. For purposes of this section, a "qualified entity" shall mean a:

1. State agency;
2. Municipal court;
3. District court;
4. Public housing authority operating pursuant to Section 1062 of Title 63 of the Oklahoma Statutes;
5. District attorney seeking to collect unpaid court-ordered monetary obligations; or
6. The designee of an entity described in paragraphs 1 through 5 of this subsection.

B. A qualified entity seeking to collect a debt, unpaid municipal or district court fines and costs or final judgment of at least Fifty Dollars (\$50.00) from an individual who has filed a state income tax return may file a claim with the Oklahoma Tax Commission requesting that the amount owed to the qualified entity be deducted from any state income tax refund due to that individual. The claim shall be filed electronically in a form prescribed by the Tax Commission and shall contain information necessary to identify the person owing the debt, including the full name and Social Security number of the debtor.

1. Upon receiving a claim from a qualified entity, the Tax Commission shall deduct the claim amount, plus collection expenses as provided in this section, from the tax refund due to the debtor and transfer the amount to the qualified entity. Provided, the Tax

Commission need not report available funds of less than Fifty Dollars (\$50.00).

2. The qualified entity shall send notice to the debtor by regular mail at the last-known address of the debtor as shown by the records of the Tax Commission when seeking to collect a debt not reduced to final judgment. The qualified entity shall send notice to the judgment debtor or defendant by first-class mail at the last-known address of the judgment debtor or defendant as shown by the records of the Tax Commission when seeking to collect a final judgment or unpaid court fines and costs. The Tax Commission shall provide in an agreed electronic format to the Department of Human Services the amount withheld by the Tax Commission, the home address and the Social Security number of the taxpayer. The notice shall state:

- a. that a claim has been filed with the Tax Commission for any portion of the tax refund due to the debtor or defendant which would satisfy the debt, unpaid court fines and costs, or final judgment in full or in part,
- b. the basis for the claim,
- c. that the Tax Commission has deducted an amount from the refund and remitted it to such qualified entity,
- d. that the debtor or defendant has the right to contest the claim by sending a written request to the qualified entity for a hearing to protest the claim, and if the debtor or defendant fails to apply for a hearing within sixty (60) days after the date of the mailing of the notice, the debtor or defendant shall be deemed to have waived his or her opportunity to contest the claim. Provided, if the claim was filed by the Department of Human Services, the notice shall state that the debtor must contest the claim by sending a written request to the Department within thirty (30) days after the date of the mailing of the notice, and
- e. that a collection expense of five percent (5%) of the gross proceeds owed to the qualified entity has been charged to the debtor or defendant and withheld from the refund.

3. If the qualified entity determines that a refund is due to the taxpayer, the qualified entity shall reimburse the amount claimed plus the five-percent collection expense to the taxpayer. The qualified entity may request reimbursement of the two-percent collection expense retained by the Tax Commission. Such request must be made within ninety (90) days of reimbursement to the taxpayer. If timely requested, the Tax Commission shall make such reimbursement to the qualified entity within ninety (90) days of the request.

4. In the case of a joint return, the notice shall state:
 - a. the name of any taxpayer named in the return against whom no debt, no unpaid court fines and costs, or final judgment is claimed,
 - b. the fact that a debt, unpaid court fines and costs, or final judgment is not claimed against the taxpayer,
 - c. the fact that the taxpayer is entitled to receive a refund if it is due regardless of the debt, court fines and costs, or final judgment asserted against the debtor or defendant,
 - d. that in order to obtain the refund due, the taxpayer must apply, in writing, for a hearing with the qualified entity named in the notice within sixty (60) days after the date of the mailing of the notice. Provided, if the claim was filed by the Department of Human Services, the notice shall state that the taxpayer must apply, in writing, for a hearing with the Department within thirty (30) days after the date of the mailing of the notice, and
 - e. if the taxpayer against whom no debt, no unpaid court fines and costs, or final judgment is claimed fails to apply in writing for a hearing within sixty (60) days after the mailing of the notice, the taxpayer shall have waived his or her right to a refund. Provided, if the claim was filed by the Department of Human Services, the notice shall state that if the taxpayer fails to apply in writing for a hearing with the Department within thirty (30) days after the date of the mailing of the notice, the taxpayer shall have waived his or her right to a refund.

C. If the qualified entity asserting the claim receives a written request for a hearing from the debtor or taxpayer against whom no debt, no court fines and costs, or final judgment is claimed, the qualified entity shall grant a hearing according to the provisions of the Administrative Procedures Act. It shall be determined at the hearing whether the claimed sum is correct or whether an adjustment to the claim shall be made. Pending final determination at the hearing of the validity of the debt, unpaid court fines and costs, or final judgment asserted by the qualified entity, no action shall be taken in furtherance of the collection of the debt, unpaid court fines and costs, or final judgment. Appeals from actions taken at the hearing shall be in accordance with the provisions of the Administrative Procedures Act.

D. Upon final determination at a hearing, as provided for in subsection C of this section, of the amount of the debt, unpaid court fines and costs, or final judgment, or upon failure of the debtor or taxpayer against whom no debt, no unpaid court fines and

costs, or final judgment is claimed to request such a hearing, the qualified entity shall apply the amount of the claim to the debt owed. Any amounts held by the qualified entity in excess of the final determination of the debt and collection expense shall be refunded by the qualified entity to the taxpayer. However, if the tax refund due is inadequate to pay the collection expense and debt, unpaid court fines and costs, or final judgment, the balance due the qualified entity shall be a continuing debt or final judgment until paid in full.

E. Upon receipt of a claim as provided in subsection A of this section, the Tax Commission shall:

1. Deduct from the refund five percent (5%) of the gross proceeds owed to the qualified entity, and distribute it by retaining two percent (2%) and transferring three percent (3%) to the qualified entity, as an expense of collection. The two percent (2%) retained by the Tax Commission shall be deposited in the Oklahoma Tax Commission Fund;

2. Transfer the amount of the claimed debt, unpaid court fines and costs, or final judgment or so much thereof as is available to the qualified entity;

3. Notify the debtor in writing as to how the refund was applied; and

4. Refund to the debtor any balance remaining after deducting the collection expense and debt, unpaid court fines and costs, or final judgment.

F. The Tax Commission shall deduct from any state tax refund due to a taxpayer the amount of delinquent state tax and penalty and interest thereon, which such taxpayer owes pursuant to any state tax law prior to payment of such refund.

G. The Tax Commission shall have first priority over all other qualified entities when the Tax Commission is collecting a debt, court fines and costs, or final judgment pursuant to the provisions of this section. Subsequent to the Tax Commission priority, a claim filed by the Department of Human Services for the collection of child support and spousal support shall have priority over all other claims filed pursuant to this section. Priority in multiple claims by other qualified entities pursuant to the provisions of this section shall be in the order in time in which the Tax Commission receives the claim from the qualified entities required by the provisions of subsection B of this section.

H. The Tax Commission shall prescribe or approve forms and promulgate rules and regulations for implementing the provisions of this section.

I. The information obtained by a qualified entity from the Tax Commission pursuant to the provisions of this section shall be used only to aid in collection of the debt, unpaid court fines and costs, or final judgment owed to the qualified entity. Disclosure of the

information for any other purpose shall constitute a misdemeanor. Any employee of a qualified entity or person convicted of violating this provision shall be subject to a fine not exceeding One Thousand Dollars (\$1,000.00) or imprisonment in the county jail for a term not exceeding one (1) year, or both fine and imprisonment and, if still employed by the qualified entity, shall be dismissed from employment.

J. The Tax Commission may employ the procedures provided by this section in order to collect a debt owed to the Internal Revenue Service if the Internal Revenue Service requires such procedure as a condition to providing information to the Commission concerning federal income tax.

K. The provisions of this section shall not apply to claims filed under the provisions of Section 2906 or Section 5011 of this title or Section 28-101 of Title 70 of the Oklahoma Statutes. A. The Oklahoma Tax Commission shall prepare and maintain a list of all persons who owe delinquent taxes, including interest, penalties, fees, and costs, in excess of Twenty-five Thousand Dollars (\$25,000.00), which are unpaid for more than ninety (90) days after all appeal rights have expired and for which a tax warrant has been filed. The Tax Commission shall cause the list to be posted on the Internet. After providing notice as described in subsection B of this section, the Internet site shall list the name, address, type of tax due, and amount of tax due, including interest,

penalties, fees, and costs for each person who has one of the delinquent taxpayer accounts, and the Internet site shall contain a special page for those persons who have the one hundred (100) largest delinquent taxpayer accounts. Except as otherwise provided in this subsection, the Tax Commission shall update the Internet site on a quarterly basis. The Tax Commission shall not post on the Internet the name or related information of any person who has entered into a pay plan agreement with the Tax Commission and is in compliance with that agreement, or the name or related information of any person who is protected by a stay that is in effect under the Federal Bankruptcy Code. The Internet posting shall be updated each business day to comply with these prohibitions.

B. At least ninety (90) days before the disclosure of the name of a delinquent taxpayer prescribed in subsection A of this section, the Tax Commission shall mail a written notice to the delinquent taxpayer at the taxpayer's last known address informing the taxpayer that the failure to cure the tax delinquency could result in the taxpayer's name being included in a list of delinquent taxpayers that is published on the Internet on the website maintained pursuant to this section. If the delinquent tax has not been paid ninety (90) days after the notice was mailed, and the taxpayer has not, since the mailing of the notice, either entered into a written agreement with the Tax Commission for payment of the delinquency or corrected a default in an existing agreement to the satisfaction of the Tax Commission, the Tax Commission may disclose the taxpayer information in the list of delinquent taxpayers.

C. The name of a taxpayer shall be removed within fifteen (15) days after the payment in full of the debt or entering into a pay plan agreement with the Tax Commission.

D. Any disclosure made by the Tax Commission or its employees, in a good faith effort to comply with the provisions of this section, shall not be considered a violation of Section 205 of Title 68 of the Oklahoma Statute or any other statute prohibiting disclosure of taxpayer information and no liability whatsoever, civil or criminal, shall attach to any member of the Tax Commission or any employee thereof for any error or omission in the disclosure of such information.

§68-205.6. Disclosure of taxpayers who claimed tax credits.

A. The Oklahoma Tax Commission shall prepare and maintain a list of all taxpayers who have claimed any tax credit authorized by any provisions of state law and related to a tax administered by the Tax Commission. The Office of Management and Enterprise Services shall cause the list to be posted on the Internet through the Taxpayer Transparency Act website in a format which is searchable and can be exported in raw data form.

The Office of Management and Enterprise Services shall include the name of each taxpayer who claimed a credit, the amount of such credit and the specific statutory provision under which the credit was claimed. The Internet list shall be updated not less than monthly. The list shall include the identity of all taxpayers or organizations having any part in the chain of custody or claim to the credit or credits at any time during the credit's existence from the initial time the credit is earned, through the time that the credit is claimed on a tax return.

B. For the purposes of this section, "tax credit" means a credit against tax liability that is a credit administered by the Tax Commission, excluding credits authorized under Section 28-101 of Title 70 of the Oklahoma Statutes and paragraphs 1 and 2 of subsection B of Section 2357, Section 2357.4, and Sections 2357.29 and 2357.43 of this title.

It shall be the duty of every taxpayer and of every director, officer, agent, or employee of every taxpayer to exhibit

to the Tax Commission, or to the employees or agents of such Tax Commission, the place of business, the tangible personal property, equipment and facilities, and the books, records, papers, vouchers, accounts and documents of such taxpayer, and to facilitate any such examination or investigation so far as it may be in his or her power so to do.

(b) When books, records, papers, vouchers, accounts or documents of a taxpayer are in the possession of any person, firm or corporation other than the taxpayer, any member of the Tax Commission may compel by subpoena the production of such books, records, papers, vouchers, accounts or documents by the party in possession for inspection by employees or agents of the Tax Commission. Failure to obey such a subpoena issued pursuant to this subsection shall be punishable in the same manner as provided for in Section 243 of this title.

(c) It shall be lawful for the Tax Commission, or for any employee or agent of the Tax Commission by it designated, to take the oath of any person signing any application, deposition, statement, report or return required by the Tax Commission in the administration of this article or of any state tax law.

The Tax Commission may examine under oath any taxpayer, and the directors, officers, agents and employees of any taxpayer, as well as all other witnesses, relative to the business

of such taxpayer in respect of any matter incident to the administration of this article or any state tax law.

(b) The fees of witnesses required by the Tax Commission to attend any hearing shall be the same as those allowed to witnesses appearing before district courts of this state. Such fees shall be paid in the manner provided for the payment of other expenses incident to the administration of this article or of any state tax law.

(c) Any person desiring a hearing before the Tax Commission shall file an application for such hearing, signed by himself or his duly authorized agent, setting out therein:

(1) A statement of the nature of the tax, the amount thereof in controversy, and the action of the Tax Commission complained of;

(2) A clear and concise assignment of each error alleged to have been committed by the Tax Commission;

(3) The argument and legal authority upon which each assignment of error is made; provided, that the applicant shall not be bound or restricted in such hearing, or on appeal, to the arguments and legal authorities contained and cited in said application;

(4) A statement of the relief sought by the taxpayer;

(d) If, in such application, the taxpayer shall request an oral hearing, the Tax Commission shall grant such hearing and shall, by written notice, advise the taxpayer of a date, which shall not be less than ten (10) days from the date of mailing such written notice, when such taxpayer may appear before the Tax Commission and present argument and evidence, oral or written. The Tax Commission shall, as soon as practicable thereafter, hold a hearing upon the matter and, pursuant to such hearing, shall, as soon as practicable, make an order confirming, modifying or vacating its prior determination, and shall send to the parties appearing before it at such hearing immediately a copy of such order.

§68-208. Notice of hearing.

Any notice required by this article, or any state tax law, to be given by the Tax Commission shall be in writing and may be served personally or by mail. If mailed, it shall be addressed to the person to be notified at the last-known address of such person. As used in this article or any other state tax law, "last-known address" shall mean the last address given for such person as it appears on the records of the division of the Tax Commission giving

such notice, or if no address appears on the records of that division, the last address given as appears on the records of any other division of the Tax Commission. If no such address appears, the notice shall be mailed to such address as may reasonably be obtainable. If the Tax Commission receives an address from the United States Postal Service as a result of a change of address submitted to the United States Postal Service, "last-known address" shall mean the address provided to the United States Postal Service. The mailing of such notice shall be presumptive evidence of receipt of the same by the person to whom addressed. If the notice has been mailed as provided in this section, failure of the person to receive such notice shall neither invalidate nor be grounds for invalidating any action taken pursuant thereto, nor shall such failure relieve any taxpayer from any tax or addition to tax or any interest or penalties thereon.

Such notice shall be given by the court clerk and the cost thereof taxed as court costs in the case.

Laws 1965, c. 414, § 2.

§68-210. Bonds.

(a) Any bond required to be filed to protect the State of Oklahoma under this article or any state tax law must be approved by the Tax Commission and shall be in such form and amount as such tax law shall require, or, in the absence of a specific requirement, in such amount as the Tax Commission may require, and shall be signed as surety by a surety company authorized to transact business in this state, or in lieu of such surety bond, there may be filed negotiable bonds or other obligations of the United States or of the State of Oklahoma of an actual market value not less than the amount fixed by such law or by the Tax Commission.

then, in any of such events, the Tax Commission shall demand an additional bond of such taxpayer in an amount necessary, in the judgment of the Tax Commission, to protect the revenue of the State. Provided, that the penal sum of the additional bond and the bond furnished under the provisions of the law requiring such bond, may not, in total amount, exceed three (3) months' tax liability.

(c) If any bond or other instrument filed to protect the State of Oklahoma under this article or any state tax law is revoked or canceled by the issuer thereof, such issuer shall provide notice of such revocation or cancellation to the Oklahoma Tax Commission by certified mail.

§68-211. Return of deposited money or securities to taxpayer.

When, to secure compliance with the provisions of this article or any other State tax law, money or securities have been deposited with the Tax Commission, and the Tax Commission is satisfied that the taxpayer has complied with all tax laws and has, through independent payment or through authorization granted by the taxpayer to the Tax Commission to satisfy such tax indebtedness out of the money or securities deposited, paid all taxes due the State, then the Tax Commission shall return to the owner all or such part of the deposited money or securities as remains after the liquidation of taxpayer's tax liability.

If such money or securities have by the Tax Commission been deposited with the State Treasurer, then the Tax Commission shall, under the circumstances above stated, notify the Treasurer that the money or securities, or such part as the Tax Commission shall direct, should be returned to the owner.

Laws 1965, c. 414, § 2.

§68-212. Cancellation or refusal of license or permit.

A. The Oklahoma Tax Commission is authorized to cancel or to refuse the issuance, extension, or reinstatement of any license, permit, or duplicate copy thereof, under the provisions of any state tax law or other law, to any person, firm, or corporation who shall be guilty of:

1. Violation of any of the provisions of this article;

3. Violation of the rules and regulations promulgated by the Tax Commission for the administration and enforcement of any state tax law;

4. Failure to observe or fulfill the conditions upon which the license or permit was issued; or

B. Before any license, permit, or duplicate copy thereof may be canceled, the Tax Commission shall give the owner of such license or permit, or applicant therefor, twenty (20) days' notice by registered mail or certified mail with return receipt requested, of a hearing before the Tax Commission, granting such person an opportunity to show cause why such action should not be taken. If the notice has been mailed as required by this section, failure of the person to have received actual notice of the hearing shall neither invalidate nor be grounds for invalidating any action taken at the hearing or pursuant to the hearing.

C. Within sixty (60) days of the date indicated on any notice of refusal to issue, extend, or reinstate any license, permit, or duplicate copy thereof, the applicant may file with the Tax Commission a written protest signed by the applicant or the authorized agent of the applicant, stating the reasons the license, permit, or duplicate copy thereof should be issued and requesting an administrative hearing. If a hearing is requested, the applicant shall be given at least ten (10) days' notice of the hearing.

D. Upon the cancellation of any license, permit, or duplicate copy thereof by the Tax Commission, all accrued taxes and penalties, although such taxes and penalties are not, at the time of the cancellation, due and payable under the terms of the state tax law imposing or levying such tax or taxes, shall become due and payable concurrently with the cancellation of such license, permit, or duplicate copy thereof, and the licensee or permittee shall forthwith make a report covering the period of time not covered by preceding reports filed by such person and ending with the date of the cancellation and shall pay all such taxes and penalties.

E. The Tax Commission may enter its order temporarily suspending any license, permit, or duplicate copy thereof pending a final hearing before it on the subject of the cancellation of such license, permit, or duplicate copy thereof, and may give notice of such temporary suspension at the same time that notice of its intention to cancel any license, permit, or duplicate copy or to refuse the issuance, reinstatement, or extension thereof is given, as provided by this section. After being given notice of any such order of suspension, it shall be unlawful for any person to continue to operate his or her business under any such suspended license, permit, or duplicate copy thereof.

F. In the event any such person shall continue or threaten to continue such unlawful operations after having received proper notice of the suspension, cancellation, revocation, or refusal to issue, extend, or reinstate his or her license, permit, or duplicate copy thereof, upon complaint of the Tax Commission such person shall

be enjoined from further operating or conducting such unlawful business. In all cases where injunction proceedings are brought under this article, the Commission shall not be required to furnish bond, and where notice of suspension, cancellation, revocation, or refusal to issue, extend, or reinstate any license, permit, or duplicate copy thereof has been given in accordance with the provisions of this section, no further notice shall be required before the issuance of a temporary restraining order by the district court.

(a) The taxes, fees, interest, and penalties imposed or levied by any State tax law, or by this article, from the time the same shall become due, may be collected in the same manner as a personal debt of the taxpayer to the State of Oklahoma, recoverable in any court of competent jurisdiction in any action in the name of the State of Oklahoma, on relation of the Oklahoma Tax Commission. Such suit may be maintained and prosecuted, and all proceedings taken, to the same effect and extent as for the enforcement of a right of action for debt. An extension shall not extend the date for payment of the state income or franchise tax due. In case an extension is granted, the taxpayer may file a tentative return on or before the date when the return is required by any state tax law showing the estimated amount of tax for the period covered by the return and may pay the estimated tax or the first installment thereof at the time of filing such tentative return and no interest or penalty shall attach or be payable on sums so paid in due course. A taxpayer shall be entitled to a waiver of penalty, interest and other collection fees due on eligible taxes if the taxpayer voluntarily files delinquent tax returns and pays the taxes due during the disclosure initiative. The time in which a voluntary payment of tax liability may be made or the taxpayer may enter into a payment program acceptable to the Tax Commission for payment of the unpaid taxes in full in the manner and time established in a written payment program agreement between the Tax Commission and the taxpayer under the Voluntary Disclosure Initiative is limited to the period beginning September 1, 2017, and ending November 30, 2017.

7. Withholding tax levied pursuant to Section 2385.2 of Title 68 of the Oklahoma Statutes.

D. To be eligible to participate in this initiative, taxpayers must:

1. Not have outstanding tax liabilities other than those reported pursuant to this initiative;

E. If the Tax Commission agrees with the proposed terms for payment of the principal amount of tax due and owing, the penalties and interest otherwise imposed by law upon the principal amount shall be waived by operation of law and no further action by the Tax Commission or by the taxpayer shall be required for the waiver of such penalty and applicable interest.

G. Taxpayers who meet all of the qualifications specified in subsection D of this section, except those who have collected taxes from others, such as sales and use taxes or payroll taxes, and not reported those taxes, may enter into a modified voluntary disclosure agreement.

H. The provisions of a modified voluntary disclosure agreement shall be the same as a voluntary disclosure agreement as specified in subsection E of this section; provided, the waiver of interest shall not apply except as may be optionally granted at the discretion of the Tax Commission, and the period for which taxes must be reported and remitted or assessed is extended beyond the three-year or thirty-six-month period provided in subsection F of this section to include all periods in which tax has been collected but not remitted.

I. The waiver of penalty and interest provided herein is fully effective provided taxpayer continues payment or collection and

remittance of applicable taxes, as required by law, for a period of one (1) year after the tax period(s) for which taxes were paid pursuant to this initiative.

J. The Tax Commission is authorized to expend necessary available funds, including contracting with third parties, to publicly advertise, assist in the collection of eligible taxes, and administer the Voluntary Disclosure Initiative and shall be exempt from the provisions of Section 85.7 of Title 74 of the Oklahoma Statutes for the purpose of implementing this section.

1. Such limitation shall not preclude a taxpayer from seeking relief under the provisions of Section 219.1 or 220 of Title 68 of the Oklahoma Statutes; and

2. The Oklahoma Tax Commission, whenever in its judgment good cause exists and pursuant to written request, may authorize a waiver from the limitation provided in this section.

A. If any amount of tax imposed or levied by any state tax law, or any part of such amount, is not paid before such tax becomes delinquent, there shall be collected on the total delinquent tax interest at the rate of one and one-quarter percent (1 1/4%) per month from the date of the delinquency until paid.

B. Interest upon any amount of state tax determined as a deficiency, under the provisions of Section 221 of this title, shall be assessed at the same time as the deficiency and shall be paid upon notice and demand of the Oklahoma Tax Commission at the rate of one and one-quarter percent (1 1/4%) per month from the date prescribed in the state tax law levying such tax for the payment thereof to the date the deficiency is assessed.

C. If any tax due under state sales, use, tourism, mixed beverage gross receipts, or motor fuel tax laws, or any part thereof, is not paid within fifteen (15) days after such tax becomes delinquent a penalty of ten percent (10%) on the total amount of tax due and delinquent shall be added thereto, collected and paid.

However, the Tax Commission shall not collect the penalty assessed if the taxpayer remits the tax and interest within sixty (60) days of the mailing of a proposed assessment or voluntarily pays the tax upon the filing of an amended return.

For purposes of this subsection, "negligence" shall mean the consistent understatement of income, consistent understatement of receipts or a system of recordkeeping by the taxpayer that consistently results in an inaccurate reporting of tax liability.

F. If any part of any deficiency is due to fraud with intent to evade tax, then fifty percent (50%) of the total amount of the deficiency, in addition to such deficiency, including interest as herein provided, shall be added, collected and paid.

G. All penalties or interest imposed by this title, or any state tax law, shall be recoverable by the Tax Commission as a part of the tax with respect to which they are imposed, the penalties bearing interest as provided in this section for the tax, and all penalties and interest shall be apportioned as provided for the apportionment of the tax on which such penalties or interest are collected.

H. 1. Whenever an income tax refund is not paid to the taxpayer within ninety (90) days after the return is filed or due, whichever is later, with all documents as required by the Tax Commission, entitling the taxpayer to a refund, then the Tax Commission shall pay interest on the refund, at the same rate specified for interest on delinquent tax payments. The payment of interest on refunds provided for by this section shall apply to tax year 1987 and subsequent tax years. §68-218. Remittance of taxes and fees - Dishonored checks - ATMs in Commission facilities.

A. All remittances of taxes and fees under any state tax law or this Code, shall be made payable to the Oklahoma Tax Commission, at Oklahoma City, Oklahoma, by bank draft, check, cashier's check, money order, money, electronic funds transfer or nationally recognized credit or debit card. The Tax Commission shall issue its receipt for cash or money payment to the taxpayer. If payment is made by a credit or debit card, the Tax Commission may add an amount equal to the amount of the service charge incurred as a service charge for the acceptance of such card. For purposes of this

paragraph, "nationally recognized credit or debit card" means any instrument or device, whether known as a credit card, credit plate, charge plate, debit card, or by any other name, issued with or without fee by an issuer for the use of the cardholder in obtaining goods, services or anything of value on credit which is accepted by over one thousand merchants in this state. The Tax Commission shall determine which nationally recognized cards will be accepted. However, the Tax Commission must ensure that no loss of state revenue will occur by the use of such card. The Tax Commission shall promulgate rules to allow for the orderly implementation of payment by credit or debit cards.

B. No remittance other than cash shall be final discharge of liability due the Tax Commission unless and until it shall have been paid in cash. All money collected shall be deposited with the State Treasurer to be distributed as provided by the state tax law under which the tax was levied.

C. There shall be assessed, in addition to any other penalties provided for by law, an administrative service fee of Twenty-five Dollars (\$25.00) for each check returned to the Tax Commission or any agent thereof by reason of the refusal of the bank upon which such check was drawn to honor the same. However, the fee provided in this subsection shall not be assessed for any check returned because of "insufficient funds" unless the check has been presented to the bank two times and payment declined by the bank.

D. Upon the return of any check by reason of the refusal of the bank upon which such check was drawn to honor the same, the Tax Commission may file a bogus check complaint with the appropriate district attorney who shall refer the complaint to the Bogus Check Restitution Program established by Section 111 of Title 22 of the Oklahoma Statutes. Funds collected through the program after collection of the fee authorized by Section 114 of Title 22 of the Oklahoma Statutes for deposit in the Bogus Check Restitution Program Fund in the county treasury shall be transmitted to the Tax Commission and credited to the tax liability for which the returned check was drawn and to the administrative service fee provided by this section.

E. Any remittances for registration fees, license plates or decals or excise taxes as required by the provisions of the Oklahoma Vehicle License and Registration Act and Sections 2101 through 2110 of this title may be paid by a nationally recognized credit or debit card pursuant to the provisions of Section 1144 of Title 47 of the Oklahoma Statutes.

F. For the convenience of taxpayers, the Tax Commission, through a contract between the State Treasurer and a financial institution, is authorized to place an automated teller machine in any facility owned or leased by the State and occupied by the Tax Commission.

§68-218.1. False or bogus check - Penalties.

A. Any person who shall knowingly give a false or bogus check, as defined in this section, of a value less than Five Hundred Dollars (\$500.00) in payment or remittance of any taxes, fees, penalties, or interest levied pursuant to any state tax law shall be, upon conviction, guilty of a misdemeanor punishable by a fine not to exceed One Thousand Dollars (\$1,000.00), or by imprisonment in the county jail for a term of not more than one (1) year, or by both such fine and imprisonment. If the value of the false or bogus check referred to in this subsection is Five Hundred Dollars (\$500.00) or more, such person shall be, upon conviction, guilty of a Class C2 felony offense punishable by a fine not to exceed Five Thousand Dollars (\$5,000.00), or by imprisonment as provided for in subsections B through F of Section 20M of Title 21 of the Oklahoma Statutes, or by both such fine and imprisonment.

B. Any person who shall knowingly give two or more false or bogus checks, the total sum of which is Five Hundred Dollars (\$500.00) or more, even though each separate instrument is written for less than Five Hundred Dollars (\$500.00), in payment or remittance of any taxes, fees, penalties, or interest levied pursuant to any state tax law shall be, upon conviction, guilty of a Class C2 felony offense punishable by a fine not to exceed Five Thousand Dollars (\$5,000.00) or by imprisonment as provided for in subsections B through F of Section 20M of Title 21 of the Oklahoma Statutes, or by both such fine and imprisonment.

C. For purposes of this section, the term "false or bogus check or checks" shall include any check or order which is not honored on account of insufficient funds of the maker to pay same, or because the check or order was drawn on a closed account or on a nonexistent account. The making, drawing, uttering or delivering of a check or order, the payment of which is refused by the drawee, shall be prima facie evidence of the knowledge of insufficient funds, a closed account, or a nonexistent account with such bank or other depository drawee. Said term shall not include any check or order not honored on account of insufficient funds if the maker or drawer shall pay the drawee thereof the amount due within five (5) days from the date the same is presented for payment nor any check or order that is not

presented for payment within thirty (30) days after same is delivered and accepted.

§68-219. Compounding, settlement or compromise of controversies, judicial approval in certain cases.

The Oklahoma Tax Commission is authorized to enter into an agreement to compound, settle or compromise any controversy relating to taxes collectible by the Tax Commission, or any admitted or established tax liability as to any tax collectible under any State Law in the following cases:

- (1) In cases of controversy arising over the amount of tax due, or,
- (2) In case of inability to pay, resulting from insolvency of the taxpayer.

In any case where the amount of any tax liability which has been admitted or established exceeds Twenty-five Thousand Dollars (\$25,000.00), no agreement to compound, settle or compromise such tax liability shall be effective until the settlement thereof shall have been approved by judgment of one of the judges of the district court of Oklahoma County, after a full hearing thereon.

Added by Laws 1965, c. 414, § 2, emerg. eff. July 7, 1965. Amended by Laws 2005, c. 362, § 1, eff. Nov. 1, 2005; Laws 2018, c. 66, § 2, eff. July 1, 2018.

§68-219.1. Abatement of tax liability and interest and penalties accruing thereto - Settlement agreement - Considerations.

A. In accordance with the provisions of the amendment to Section 5 of Article X of the Oklahoma Constitution as set forth in Senate Joint Resolution No. 32 of the 2nd Session of the 48th Oklahoma Legislature, the Oklahoma Tax Commission is hereby authorized to abate all or any portion of tax liability and interest and penalties accruing thereto, pursuant to a settlement agreement entered into with a taxpayer, if the Tax Commission finds, by clear and convincing evidence, that:

1. Collection of the tax liability and interest and penalties accruing thereto would reasonably result in the taxpayer declaring bankruptcy;

2. The tax is uncollectible due to insolvency of the taxpayer resulting from factors beyond the control of the taxpayer or for other similar cause beyond the control of the taxpayer;

3. The tax liability is attributable to actions of a person other than the taxpayer and it would be inequitable to hold the taxpayer liable for the tax liability; or

4. In cases of nonpayment of trust fund taxes, the taxes were not collected by the taxpayer from its customer and the taxpayer had a good faith belief that collection of the taxes was not required.

B. The Tax Commission may consider the following circumstances, in addition to any other aggravating or mitigating circumstances, in determining whether or not to enter into an agreement pursuant to the provisions of this section:

1. Whether the taxpayer has made efforts in good faith to comply with the tax laws of this state;

2. Whether the taxpayer has benefited from nonpayment of the tax; and

3. Involvement of the taxpayer in economic activity from which the tax liability originated.

C. All agreements entered into pursuant to the provisions of this section shall provide for the collection of all or a portion of the tax liability if at all possible, and in all cases collection of the tax liability shall take precedence over collection of interest and penalties.

D. Any abatement of tax liability authorized by this section shall only be granted by a unanimous vote of the members of the Tax Commission. The decision of the members of the Tax Commission in denying the abatement of any tax liability pursuant to this section shall be final and no right of appeal to any court may be taken from such decision.

E. In any case where the amount of tax liability to be abated pursuant to an agreement entered into pursuant to the provisions of this section exceeds Twenty-five Thousand Dollars (\$25,000.00), the agreement shall not become effective until it shall have been approved by one of the judges of the district court of Oklahoma County, after a full hearing thereon. Such judge shall be assigned to the matter by the chief judge on a rotating basis.

F. The provisions of this section shall not be construed to grant any legal right to any taxpayer for the abatement of any tax liability. A decision to grant abatement of tax liability pursuant to the provisions of this section shall be a discretionary act within the authority of the members of the Tax Commission.

G. No appointed or elected official shall be eligible to seek relief pursuant to any of the provisions of this section.

H. The Tax Commission shall promulgate rules to implement the provisions of this section.

Added by Laws 2002, c. 162, § 1, emerg. eff. April 30, 2002.

§68-220. Waiver or remission of interest or penalties - Voluntary disclosure agreements.

A. The interest or penalty or any portion thereof ordinarily accruing by reason of a taxpayer's failure to file a report or return or failure to file a report or return in the correct form as required by any state tax law or by this Code or to pay a state tax within the statutory period allowed for its payment may be waived or remitted by the Oklahoma Tax Commission or its designee provided the taxpayer's failure to file a report or return or to pay the tax is satisfactorily explained to the Tax Commission or such designee, or provided such failure has resulted from a mistake by the taxpayer of either the law or the facts subjecting him to such tax, or inability to pay such interest or penalty resulting from insolvency.

B. Except as otherwise provided by subsections C and D of this section, the waiver or remission of all or any part of any such interest or penalties in excess of Twenty-five Thousand Dollars (\$25,000.00) shall not become effective unless approved by one of the judges of the district court of Oklahoma County after a full hearing thereon.

The application for the approval of such waiver or remission shall be filed in the office of the court clerk of the court at least twenty (20) days prior to the entry of the order of the judge finally approving or disapproving the waiver or remission. The order so entered shall be a final order of the district court of the county.

C. Taxpayers who (1) do not have outstanding tax liabilities other than those reported pursuant to a voluntary disclosure agreement, (2) have not been contacted by the Oklahoma Tax Commission with respect to the taxpayer's potential or actual obligation to file a return or make a payment to the state, (3) have not collected taxes from others, such as sales and use taxes or payroll taxes, and not reported those taxes, and (4) have not within the preceding three (3) years entered into a voluntary disclosure agreement for the type of tax owed may enter into a voluntary disclosure agreement with the Tax Commission in order to report a state tax liability owed by the taxpayer. Taxpayers who have collected taxes from others, such as sales and use taxes or payroll taxes, and not reported those taxes, may enter into a modified voluntary disclosure agreement as is provided in subsection F of this section provided that they meet all the other requirements provided in this subsection. If the Tax Commission agrees with the proposed terms for payment of the principal amount of tax due and owing, the penalty otherwise imposed by law upon the principal amount shall be waived by operation of law and no further action by the Tax Commission or by the taxpayer shall be required for the waiver of such penalty amount and fifty percent (50%) of the otherwise applicable interest amount shall be waived by operation of

law and no further action by the Tax Commission or by the taxpayer shall be required for the waiver of such interest amount.

D. The Tax Commission shall limit the period for which additional taxes may be assessed (the lookback period) to three (3) taxable years for annually filed taxes or thirty-six (36) months for taxes that do not have an annual filing frequency.

E. Voluntary disclosure agreements may be denied or nullified by the Tax Commission if a taxpayer's failure to report or pay is determined to be the result of a pattern of intentional or gross negligence regarding compliance with the laws.

F. Taxpayers who meet all of the qualifications specified in subsection C of this section, except those who have collected taxes from others, such as sales and use taxes or payroll taxes, and not reported those taxes, may enter into a modified voluntary disclosure agreement.

G. The provisions of a modified voluntary disclosure agreement shall be the same as a voluntary disclosure agreement as specified in subsection C of this section, except that (1) waiver of interest shall not apply except as may be optionally granted at the discretion of the Tax Commission, and (2) the period for which taxes must be reported and remitted is extended beyond the three-year or thirty-six-month period provided in subsection C of this section to include all periods in which tax has been collected but not remitted.

Added by Laws 1965, c. 414, § 2, emerg. eff. July 7, 1965. Amended by Laws 1989, c. 249, § 10, eff. July 1, 1989; Laws 1993, c. 146, § 10; Laws 1997, c. 294, § 9, eff. July 1, 1997; Laws 2005, c. 362, § 3, eff. Nov. 1, 2005; Laws 2017, c. 310, § 1, eff. Nov. 1, 2017.

§68-221. Reports or returns by taxpayer.

A. If any taxpayer shall fail to make any report or return as required by any state tax law, the Oklahoma Tax Commission, from any information in its possession or obtainable by it, may determine the correct amount of tax for the taxable period. If a report or return has been filed, the Tax Commission shall examine such report or return and make such audit or investigation as it may deem necessary. If, in cases where no report or return has been filed, the Tax Commission determines that there is a tax due for the taxable period, or if, in cases where a report or return has been filed, the Tax Commission shall determine that the tax disclosed by such report or return is less than the tax disclosed by its examination, it shall in writing propose the assessment of taxes or additional taxes, as the case may be, and shall mail a copy of the proposed assessment to the taxpayer at the taxpayer's last-known address. Proposed assessments made in the name of the "Oklahoma Tax Commission" by its authorized agents shall be considered as the action of the Tax Commission.

B. Any assessment, correction or adjustment made as a result of an office audit shall be presumed to be the result of an audit of the report or return only, and such office audit shall not be deemed a verification of any item in the report or return unless the item shall have been made the subject of a hearing before the Tax Commission, and the correctness and amount of such item determined at such hearing; and such office audit shall not preclude the Tax Commission from subsequently making further adjustment, correction or assessment as a result of a field audit of the books and records of the taxpayer, wherever located, or upon disclosures from any source other than the return. In cases where no report or return has been filed, the assessment of the tax on any information available shall in no event preclude the assessment at any time on subsequently disclosed information.

C. Within sixty (60) days after the date indicated on the aforesaid proposed assessment, the taxpayer may file with the Tax Commission a written protest under oath, signed by the taxpayer or the taxpayer's duly authorized agent, on such a form as the Tax Commission may prescribe, setting out therein:

1. A statement of the amount of deficiency as determined by the Tax Commission, the nature of the tax and the amount thereof in controversy;

2. A clear and concise assignment of each error alleged to have been committed by the Tax Commission;

3. The argument and legal authority upon which each assignment of error is made; provided, that the applicant shall not be bound or restricted in such hearing, or on appeal, to the arguments and legal authorities contained and cited in the application;

4. A statement of relief sought by the taxpayer; and

5. A verification by the taxpayer or the taxpayer's duly authorized agent that the statements and facts contained therein are true.

D. If in such written protest the taxpayer shall request an oral hearing, the Tax Commission shall grant such hearing, and shall, by written notice, advise the taxpayer of a date, which shall not be less than ten (10) days from the date of mailing of such written notice, when such taxpayer may appear before the Tax Commission and present arguments and evidence, oral or written, in support of the protest. Hearings shall be held as soon as practicable. In the event an oral hearing is not requested, the Tax Commission shall proceed without further notice to examine into the merits of the protest and enter an order in accordance with its findings. Upon request of any taxpayer and upon proper showing that the principle of law involved in the assessment of any tax is already pending before the courts for judicial determination, the taxpayer, upon agreement to abide by the decision of the court, may

pay the tax so assessed under protest and such protest shall be resolved in accordance with the agreement to abide.

E. If the taxpayer fails to file a written protest within the sixty-day period herein provided for or within the period as extended by the Tax Commission, or if the taxpayer fails to file the notice required by Section 226 of this title within thirty (30) days from the date indicated on the proposed assessment, then the proposed assessment, without further action of the Tax Commission, shall become final and absolute. A taxpayer who fails to file a protest to an assessment of taxes within the time period prescribed by this section may, within one (1) year of the date the assessment becomes final, request the Tax Commission to adjust or abate the assessment if the taxpayer can demonstrate, by a preponderance of the evidence, that the assessment or some portion thereof is clearly erroneous. If the Tax Commission determines that the proper showing has been made, the assessment or portion thereof determined to be clearly erroneous shall be deemed not to have become final and absolute. No hearing to adjust or abate a clearly erroneous assessment may be granted after the Tax Commission's denial of such a request. An order of the Tax Commission denying a taxpayer's request to adjust or abate an assessment alleged to be clearly erroneous is not an appealable order under Section 225 of this title. No proceeding instituted by the Tax Commission to collect a tax liability may be stayed because of a request made by a taxpayer to adjust or abate an assessment alleged to be clearly erroneous.

F. The Tax Commission may in its discretion extend the time for filing a protest for any period of time not to exceed an additional ninety (90) days. Any extension granted shall not extend the period of time within which the notice required by Section 226 of this title may be filed.

G. Within a reasonable time after the hearing herein provided for, the Tax Commission shall make and enter an order in writing in which it shall set forth the disposition made of the protest and a copy of such order shall forthwith be mailed to the taxpayer. The order shall contain findings of fact and conclusions of law. After removing the identity of the taxpayer, the Tax Commission shall make the order available for public inspection and shall publish those orders the Tax Commission deems to be of precedential value. The taxpayer may appeal the order within the time and in the manner provided for by Section 225 of this title, but in the event the taxpayer fails to so proceed, the order shall, within thirty (30) days from the date a certified copy thereof is mailed to the taxpayer, become final. The provisions of Section 226 of this title shall not apply where a proposed assessment or an assessment of taxes has been permitted to become final.

H. In all instances where the proposed assessment or the assessment of taxes or additional taxes has been permitted to become

final, a certified copy of the assessment may be filed in the office of the county clerk of any county in this state, and upon being so filed, the county clerk shall enter same upon the judgment docket in the same manner as provided for in connection with judgments of district courts. When an assessment is so filed and docketed, it shall have the same force and be subject to the same law as a judgment of the district court, and accordingly it shall constitute a lien on any real estate of the taxpayer located in the county wherein filed; and execution may issue and proceedings in aid of execution may be had the same as on judgments of district courts. Such lien is hereby released and extinguished upon the payment of such assessment, or, except as otherwise provided herein, upon the expiration of ten (10) years after the date upon which the assessment was filed in the office of the county clerk; provided, the Tax Commission may, prior to the release and extinguishment of such lien, refile the assessment one time in the office of the county clerk. An assessment so refiled shall continue the lien until payment of the assessment, or upon the expiration of ten (10) years after the date upon which the assessment was refiled in the office of the county clerk. The remedies provided in this subsection shall be in addition to other remedies provided by law. All active liens evidenced by an assessment filed with a county clerk's office prior to November 1, 1989, shall be released and extinguished if the assessment is not refiled prior to November 1, 2001.

I. In order to make more definite the intention of the Legislature in connection with the applicability or lack of applicability of the refund provisions of the tax statutes to those treating with proposed assessments and assessments that have become final, the Legislature being cognizant of the fact that such intent has been questioned, it is declared to be the intent of the Legislature that the refund provisions shall be without application to taxes where the amount thereof has been determined by an assessment, other than an assessment designated as an "office audit", that has become final.

J. Within fifteen (15) days after electronic notification of the denial of a tax credit authorized by Section 28-101 of Title 70 of the Oklahoma Statutes, a taxpayer may file with the Tax Commission a written protest under oath, signed by the taxpayer or the taxpayer's duly authorized agent, on such a form as the Tax Commission may prescribe. If the taxpayer fails to file a written protest within the fifteen-day period, then the denial shall become final and absolute.

1. If in such timely written protest the taxpayer shall request an oral hearing, the Tax Commission shall set a date for hearing upon the protest. The Tax Commission shall, by written notice, advise the taxpayer of the time and place of the hearing, which

shall not be less than ten (10) days from the date of mailing of such written notice, when such taxpayer may appear before the Tax Commission and present arguments and evidence, oral or written, in support of the protest.

2. Within sixty (60) days after the written protest is filed, the Tax Commission shall make and enter an order in writing in which it shall set forth the disposition made of the protest and a copy of such order shall forthwith be mailed to the taxpayer. The order shall contain findings of fact and conclusions of law. The taxpayer may appeal the order within the time and in the manner provided for by Section 225 of this title, but in the event the taxpayer fails to so proceed, the order shall, within thirty (30) days from the date a certified copy thereof is mailed to the taxpayer, become final.

§68-221.1. Date of postmark deemed to be date of delivery or of payment.

A. For any return, claim, statement, or other document required to be filed or any payment required to be made within a prescribed period or on or before a prescribed date under authority of any provision of a tax law of this state, the date of the postmark stamped on the cover in which the return, claim, statement, or other document or payment is mailed shall be deemed to be the date of delivery or the date of payment, as the case may be.

B. The provisions of this section shall apply only if:

1. The postmark date falls within the prescribed period or on or before the prescribed date for filing, including any extension, of the return, claim, statement, or other document or for making payment, including any extension granted for making such payment; and

2. The return, claim, statement, or other document or payment was, within the prescribed period or on or before the prescribed date for filing, deposited in the mail in the United States in an envelope or other appropriate wrapper, postage prepaid, properly addressed to the Oklahoma Tax Commission, agency, officer, or office with which the return, claim, statement, or other document is required to be filed, or to which the payment is required to be made.

C. The provisions of this section shall apply in the case of postmarks not made by the United States Postal Service only and to the extent provided by rules or regulations prescribed by the Tax Commission.

D. For purposes of this section, if any return, claim, statement, or other document or payment, is sent by United States registered mail, the registration shall be prima facie evidence that the return, claim, statement, or other document was delivered to the Tax Commission, agency, officer, or office to which addressed, and the date of registration shall be deemed the postmark date. The Tax Commission is authorized to provide by rules or regulations the extent to which the foregoing provisions of this subsection with respect to prima facie evidence of delivery and the postmark date shall apply to certified mail.

E. The provisions of this section shall not apply with respect to the filing of a document in, or the making of payment to, any court, or to currency or other medium of payment unless actually received and accounted for, or returns, claims, statements or other documents or payments which are required under any provision of a tax law or rules of this state to be delivered by any method other than by mailing.

F. Any reference in this section to the United States mail shall be treated as including a reference to any designated delivery service, and any reference in this section to a postmark by the United States Postal Service shall be treated as including a reference to any date recorded or marked as described in this subsection by a designated delivery service. For purposes of this section, the term "designated delivery service" means a delivery service provided by a trade or business if the service is designated by a rule of the Tax Commission for purposes of this section. The Tax Commission may designate a delivery service under the preceding sentence only if the Tax Commission determines that the service is available to the general public, is at least as timely and reliable on a regular basis as the United States mail, records electronically to its data base kept in the regular course of its business or marks on the cover in which any item referred to in this section is to be delivered, the date on which the item was given to the service for delivery, and meets all other criteria prescribed by the Tax Commission. The Tax Commission may provide a rule similar to the rule stated in the first sentence of this subsection with respect to any service provided by a designated delivery service which is substantially equivalent to United States registered or certified mail.

Added by Laws 1999, c. 293, § 25, eff. Nov. 1, 1999.

§68-222. Procedure on default of taxpayer in enumerated matters.

(a) If any taxpayer shall fail or refuse to make any report or return as required by any state tax law, or shall fail or refuse to permit an examination of its books, records or papers, or to appear and answer questions within the scope of such investigation relating to any state tax, the Tax Commission may apply to the district court

of the county wherein the taxpayer resides, or to any judge thereof, for an order requiring such taxpayer to make such report or return, or requiring the taxpayer, his agents or employees, to appear to answer such questions or permit such examination; and the court, or any Judge thereof, shall thereupon issue an order, upon such reasonable notice as shall be prescribed thereon, to be served upon said taxpayer or the agent of such taxpayer directing it to appear and testify and to produce such books, records and papers as may be required.

(b) Any person, or any member of any firm or association, failing to comply with such order, shall be guilty of contempt, and shall be punished as provided by law in cases of contempt; and the district court of the county in which such person resides shall have jurisdiction of contempt cases arising under this Section.
Laws 1965, c. 414, § 2.

§68-223. Limitation of time for assessment of taxes - Extension agreements - False or fraudulent or failure to file report or return.

A. No assessment of any tax levied under the provisions of any state tax law except as provided in this section, shall be made after the expiration of three (3) years from the date the return was required to be filed or the date the return was filed, whichever period expires the later, and no proceedings by tax warrant or in court without the previous assessment for the collection of such tax shall be begun after the expiration of such period. No assessment shall be required if a report or return, signed by the taxpayer, was filed and the liability evidenced by the report or return has not been paid. If the assessment has been made within the limitation period set forth in this subsection, the tax may be collected by tax warrant or court proceeding, but only if the tax warrant is issued or the proceeding begun within ten (10) years after the assessment of the tax has become final.

B. Where before the expiration of the time prescribed in subsection A of this section for the assessment of the tax, both the Tax Commission and the taxpayer have consented in writing to its assessment after such time, the tax may be assessed at any time prior to the expiration of the period agreed upon, and the period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon. In those instances where the time to file a claim for a refund has not expired at the date the extension agreement is entered into, the entering into such an agreement shall automatically extend the period in which a refund may be allowed or a claim for a refund may be filed to the final date of such agreement.

C. In the case of a false or fraudulent report or return, with intent to evade tax, the tax may be assessed, or a proceeding in

court for collection of such tax may be begun without assessment, at any time. The term "false or fraudulent" as used in this subsection shall have the same meaning as when used in Section 6501 of the Internal Revenue Code.

D. In the case of a willful attempt in any manner to defeat or evade tax imposed by this title, the tax may be assessed, or a proceeding in court for the collection of such tax may be begun without assessment, at any time.

E. In the case of a failure to file a report or return, the tax may be assessed, or a proceeding in court for the collection of such tax may be begun without assessment, at any time.

Added by Laws 1965, c. 414, § 2, emerg. eff. July 7, 1965. Amended by Laws 1996, c. 34, § 1, emerg. eff. April 8, 1996; Laws 1999, c. 168, § 1, eff. Nov. 1, 1999; Laws 2006, c. 134, § 1, eff. July 1, 2006.

§68-224. Declaration of termination of taxable period and acceleration of assessment.

(a) If the Tax Commission, notwithstanding that a tax return or report, or the tax with respect thereto, may not yet be due, and whether prior to or after the close of the taxable period, believes that:

(1) The tax liability of any person, who has a bond on file with the Tax Commission to indemnify the state for the payment of any state tax, has accrued in excess of the amount of the bond, or

(2) A taxpayer intends to depart or remove from the state, or conceal himself or any of his property subject to a lien for the payment of any state tax, or

(3) A taxpayer intends to discontinue business, or

(4) A taxpayer intends to do any other act tending to prejudice or render wholly or partially ineffectual proceedings to compute, assess or collect any state tax, the Tax Commission shall by its order declare the taxable period of any State tax terminated for such person, and shall immediately assess the tax from any information in its possession, notify the taxpayer, and demand immediate payment thereof. In the event of any failure or refusal to pay the tax by the taxpayer upon the demand of the Tax Commission, the tax shall become delinquent and the Tax Commission shall proceed to collect the same as in other cases of delinquent tax.

(b) The order of the Tax Commission assessing the tax may be appealed from as provided in this article, or the taxpayer may furnish to the Tax Commission security that he will make any return or report thereafter required to be filed with the Tax Commission, and pay the tax with respect to the taxable period when due, as provided for by the general procedure pertaining to the tax involved. After security is approved and accepted, and such further

and other security with respect to the tax or taxes covered thereby is given, as the Tax Commission shall, from time to time find necessary and require, the payment of such taxes shall not be enforced by any proceedings prior to the expiration of the time otherwise allowed for paying such taxes.

(c) In cases where the assessment here authorized is made prior to the close of the taxable period, and in case the taxpayer elects to pay his taxes rather than to file a bond as herein provided for, the taxpayer may pay to the Tax Commission the sum assessed, together with additions to the tax provided by law, and at the time of making such payment shall notify the Tax Commission of his intention, at the close of the taxable period to file suit for recovery as provided in this article. Upon receipt of such notice the amount paid shall be segregated and held until the termination of thirty (30) days following the close of the taxable period for which levied; and if within such period, namely within thirty (30) days following the close of the taxable period, taxpayer files suit for recovery, the fund so segregated shall be further held pending the final determination of such suit.

Laws 1965, c. 414, § 2.

§68-225. Appeals.

A. Any taxpayer aggrieved by any order, ruling, or finding of the Oklahoma Tax Commission directly affecting the taxpayer or aggrieved by a final order of the Tax Commission issued pursuant to subsection G of Section 221 of this title may appeal therefrom directly to the Supreme Court of Oklahoma. Provided, any taxpayer appealing from a final order of the Tax Commission assessing a tax or an additional tax or denial of a claim for refund may opt to file an appeal in district court as provided in subsection D of this section.

B. Within thirty (30) days after the date of mailing to the taxpayer of the order, ruling, or finding complained of, the taxpayer desiring to appeal shall:

1. File a petition in error in the office of the Clerk of the Supreme Court; and

2. Request that the Tax Commission prepare for filing with the Supreme Court, within thirty (30) days, the record of the appeal, certified by the Secretary of the Tax Commission, and consisting of any citations, findings, judgments, motions, orders, pleadings and rulings, together with a transcript of all evidence introduced at any hearing relative thereto, or such portion of such citations, findings, judgments, motions, orders, pleadings, rulings, and evidence as the appealing parties and the Tax Commission may agree to be sufficient to present fully to the Court the questions involved.

C. Upon request of the taxpayer, the Tax Commission shall furnish the taxpayer a copy of the proceedings had in connection with the matter complained of.

D. In lieu of an appeal to the Supreme Court, any taxpayer aggrieved by a final order of the Tax Commission assessing a tax or an additional tax or denial of a claim for refund may opt to file an appeal for a trial de novo in the district court of Oklahoma County or the county in which the taxpayer resides. If the amount in dispute exceeds Ten Thousand Dollars (\$10,000.00), the appeal shall be heard by a district or associate district judge sitting without a jury. If the amount in dispute does not exceed Ten Thousand Dollars (\$10,000.00), the appeal may be heard by a special judge sitting without a jury. An order resulting from a trial provided pursuant to this subsection shall be appealable directly to the Supreme Court of Oklahoma by either party. Such appeal shall be taken in the manner and time provided by law for appeal to the Supreme Court from the district court in civil actions. Upon the filing of an appeal, the order of the district court shall be superseded and neither party shall be required to give bond. The provisions of this subsection shall be applicable for tax periods beginning after January 1, 2014. Provided, if the order applies to multiple tax periods which begin before and after January 1, 2014, the appeal provided by this subsection shall be available to the aggrieved taxpayer.

E. If the appeal is from an order of the Tax Commission or a district court denying a refund of taxes previously paid and if upon final determination of the appeal, the order denying the refund is reversed or modified, the taxes previously paid, together with interest thereon from the date of the filing of the petition in error at the rate provided in subsection A of Section 217 of this title, shall be refunded to the taxpayer by the Tax Commission.

F. Such refunds and interest thereon shall be paid by the Tax Commission out of monies in the Tax Commission clearing account from subsequent collections from the same source as the original tax assessment, provided that in the event there are insufficient funds for refunds from subsequent collections from the same source, the refund shall be paid by the Tax Commission from monies appropriated by the Legislature to the special refund reserve account for such purposes as hereinafter provided. There is hereby created within the official depository of the State Treasury an agency special account for the Tax Commission for the purpose of making such refunds as may be required under this section, not otherwise provided. This account shall consist of monies appropriated by the Legislature for the purpose of making refunds under this section.

G. If the appeal be from an order, judgment, finding, or ruling of the Tax Commission other than one assessing a tax and from which a right of appeal is not otherwise specifically provided for in this

article, the Uniform Tax Procedure Code, any aggrieved taxpayer may appeal from that order, judgment, finding, or ruling as provided in this section. The filing of such an appeal shall supersede the effect of such order, judgment, ruling, or finding of the Tax Commission.

H. This section shall be construed to provide to the taxpayer a legal remedy by action at law in any case where a tax, or the method of collection or enforcement thereof, or any order, ruling, finding, or judgment of the Tax Commission is complained of, or is sought to be enjoined in any action in any court of this state or the United States of America.

I. All hearings held in proceedings pursuant to this section shall be confidential and shall be held in closed court without admittance of any person other than interested parties, their counsel, and employees of the Oklahoma Tax Commission and its counsel. Information designated by a party as confidential that is filed with or submitted to the Supreme Court or district court in conjunction with any proceeding pursuant to this section shall not constitute a public record and shall be sealed by the court. Any party seeking to file confidential materials shall place the materials in a sealed manila envelope clearly marked with the caption and case number, the word "CONFIDENTIAL", and a reference to this section of the Oklahoma Statutes.

§68-226. Action to recover taxes as additional remedy to aggrieved taxpayer.

(a) In addition to the right to a protest of a proposed assessment as authorized by Section 221 of this title, a right of action is hereby created to afford a remedy to a taxpayer aggrieved by the provisions of this article or of any other state tax law, or who resists the collection of or the enforcement of the rules or regulations of the Tax Commission relating to the collection of any state tax; however, such remedy shall be limited as prescribed by subsection (c) of this section.

(b) Within thirty (30) days from the date indicated on an assessment for taxes or additional taxes pursuant to Section 221 of this title by the Tax Commission, any such taxpayer shall pay the tax to the Tax Commission, and at the time of making such payment

shall give notice to the Tax Commission of his intention to file suit for recovery of such tax. The taxpayer shall not be required to file suit within such thirty-day period in order to prosecute an action as authorized by this section; however, failure to file such suit within one (1) year from the date of the assessment shall result in the assessment becoming final and absolute. If the taxpayer prevails the Tax Commission shall, by cash voucher drawn by the Tax Commission upon its official depository clearing account or special refund reserve account with the State Treasurer, refund to the taxpayer the amount of tax determined not to be due pursuant to the final judgment of the court having jurisdiction, together with interest on such amount at the rate applicable to money judgments in civil cases from the date of payment by the taxpayer to the date of the refund by the Tax Commission. The refunds paid shall be payable as provided in Section 225(d). If the taxpayer prevails and the court determines that the position of the Tax Commission in the proceeding was not substantially justified, the court shall award the taxpayer a judgment for reasonable attorney fees, reasonable expenses of expert witnesses in connection with the proceeding and reasonable costs of any study, analysis, engineering report, test or project which is found by the court to be necessary for the preparation of the taxpayer's case.

(c) This section shall afford a legal remedy and right of action in any state or federal court having jurisdiction of the parties and the subject matter. It shall be construed to provide a legal remedy in the state or federal courts by action at law only in cases where the taxes complained of are claimed to be an unlawful burden on interstate commerce, or the collection thereof violative of any Congressional Act or provision of the Federal Constitution, or in cases where jurisdiction is vested in any of the Courts of the United States. In all actions brought hereunder service of process upon the Chairman of the Tax Commission shall be sufficient service, and the Tax Commission shall be the sole, necessary and proper party defendant in any such suit, and the State Treasurer shall not be a necessary or proper party thereto.

(d) Upon request of any taxpayer and upon proper showing that the principle of law involved in the assessment of any tax is already pending before the courts for judicial determination, the taxpayer, upon agreement to abide by the decision of the court, may pay the tax so assessed under protest, but need not file a suit. Added by Laws 1965, c. 414, § 2, emerg. eff. July 7, 1965. Amended by Laws 1978, c. 211, § 2, emerg. eff. April 19, 1978; Laws 1989, c. 249, § 13, eff. §68-227. Erroneous payments - Claims for refund - Demand for hearing.

A. Except as provided in subsection B of Section 1361.2 and subsection D of Section 1364.1 of this title, any taxpayer who has paid to the State of Oklahoma, through error of fact, or computation, or misinterpretation of law, any tax collected by the Tax Commission may, as hereinafter provided, be refunded the amount of such tax so erroneously paid, without interest.

B. 1. Except as otherwise provided by paragraph 2 of this subsection, any taxpayer who has so paid any such tax may, within three (3) years from the date of payment thereof file with the Tax Commission a verified claim for refund of such tax so erroneously paid. The Tax Commission may accept an amended withholding tax or other report or return as a verified claim for refund if the amended report or return establishes a liability less than the original report or return previously filed.

2. Upon August 26, 2016, with respect to the sales tax imposed by Section 1354 of this title and with respect to the use tax imposed by Section 1402 of this title, any taxpayer who has so paid such sales or use tax may, within two (2) years from the date of payment thereof file with the Tax Commission a verified claim for refund of such tax so erroneously paid. The Tax Commission may accept an amended sales or use tax report or return as a verified claim for refund if the amended report or return establishes a liability less than the original report or return previously filed.

C. The claim so filed with the Tax Commission, except for an amended report or return, shall specify the name of the taxpayer, the time when and period for which the tax was paid, the nature and kind of tax so paid, the amount of the tax which the taxpayer claimed was erroneously paid, the grounds upon which a refund is sought, and such other information or data relative to such payment as may be necessary to an adjustment thereof by the Tax Commission. It shall be the duty of the Commission to determine what amount of refund, if any, is due as soon as practicable after such claim has been filed and advise the taxpayer about the correctness of his claim and the claim for refund shall be approved or denied by written notice to the taxpayer.

D. If the claim for refund is denied, the taxpayer may file a demand for hearing with the Commission. The demand for hearing must be filed on or before the sixtieth day after the date indicated on the notice of denial. If the taxpayer fails to file a demand for hearing, the claim for refund shall be barred.

E. Upon the taxpayer's timely filing of a demand for hearing, the Commission shall set a date for hearing upon the claim for refund which date shall not be later than sixty (60) days from the date the demand for hearing was mailed. The taxpayer shall be notified of the time and place of the hearing. The hearing may be held after the sixty-day period provided by this subsection upon agreement of the taxpayer.

F. The provisions of this section shall not apply:

1. To refunds of income tax erroneously paid, refunds of which tax shall be payable out of the income tax adjustment fund as provided by law;

2. To estate tax because the payment of such tax is covered by an order of the Tax Commission and the estate and interested parties are given notice that Commission's position and computation of the tax will become final unless they protest and resist the payment thereof as provided by statute; nor

3. In any case where the tax was paid after an assessment thereof was made by the Tax Commission which assessment became final under the law.

§68-227.1. Illegal or invalid state tax laws - Process for obtaining refund of amounts paid.

A. Notwithstanding the provisions of any state tax law relating to or providing for the refund of taxes erroneously paid, no taxpayer shall be entitled to nor be allowed any refund of taxes, penalties or interest paid pursuant to a state tax law subsequently determined by a final decision of a court of competent jurisdiction to be illegal or invalid under the Constitution or laws of this state or of the United States, unless such taxpayer shall have timely availed himself or herself of the remedies and procedures provided by Section 207, 221, 226 or 815 of Title 68 of the Oklahoma Statutes to protest or challenge such tax, or, where the remedies provided by such sections are unavailable because the tax has not yet been assessed or proposed against such taxpayer, such taxpayer shall have brought an action for declaratory judgment in the district court to declare such tax or tax law illegal or invalid.

B. The provisions of this section shall apply to all state taxes, and shall also apply to the refund of any tax imposed by any municipality or county of this state where, under applicable law, such tax is collected by the Oklahoma Tax Commission.

Added by Laws 1994, c. 278, § 36, eff. Sept. 1, 1994.

§68-228. Hearings on claims for refunds.

(a) If, upon the hearing as required by Section 227 of this title, the Tax Commission finds that such tax was erroneously paid through mistake of fact, or computation or misinterpretation of law, it shall enter its written order allowing said claim for refund, which refund may be paid to the taxpayer as provided by law, or

credited against any taxes due or to become due by the taxpayer as the case may be; otherwise, the Tax Commission shall deny said claim. The taxpayer shall have the right of appeal to the Supreme Court from a decision of the Commission denying said claim for refund as provided in Section 225 of this article.

(b) Any order entered by the Tax Commission, disallowing a claim for refund, shall become final within thirty-one (31) days from the date it is entered, unless an appeal is prosecuted therefrom, in which event said order shall not become final until the appeal shall have been determined. In the event the Tax Commission allows said claim for refund, it shall pay the claimant the amount of refund, so allowed out of funds in the official depository clearing account of the Tax Commission, derived from collections in said fund from the same source from which the overpayment occurred; and an appropriation of so much of said fund as is necessary to pay said claims for refund erroneously paid or collected is hereby made; provided, that in the case of refunds due hereunder to taxpayers who are required to remit taxes to the Tax Commission on a monthly or quarterly basis, the Commission may, in lieu of a refund of the tax erroneously paid, credit the account of the taxpayer for such amount.

Laws 1965, c. 414, § 2; Laws 1978, c. 211, § 4, emerg. eff. April 19, 1978.

§68-228.1. Payment of refunds.

Except as otherwise provided by law, claims for refunds which are required to be paid by the Oklahoma Tax Commission shall be paid from funds in the official depository clearing account of the Tax Commission, derived from collections from the same source from which the overpayment occurred. Provided, in the case of refunds due to taxpayers who are required to remit taxes to the Tax Commission on a monthly or quarterly basis, the Tax Commission may, in lieu of such refund, credit the account of the taxpayer for such amount. If current collections from the same source are insufficient to pay refunds, available cash funds from the unclassified taxes account may be used for such purpose.

Added by Laws 1999, c. 390, § 4, emerg. eff. June 8, 1999. Amended by Laws 2011, c. 348, § 1.

§68-229. Refunds - Interest.

In case of any judgment rendered under any provision of law for the filing of a suit and recovery of taxes erroneously paid, in which judgment interest is allowed the taxpayer, said interest may be paid from the appropriation herein made where there is no other provision of law for paying same.

Laws 1965, c. 414, § 2.

§68-230. Certificate of indebtedness to state - Recording and indexing - Lien status.

The Oklahoma Tax Commission may issue to the county clerk of any county of the state a certificate certifying that the person therein named is indebted to the state for a specified state tax in the amount stated. The county clerk shall immediately record and index such certificate using the name of the delinquent taxpayer, the amount certified as being due, a short name of the tax, and the date and time of the filing for record. Such recording shall have the same force and effect as a judgment and shall constitute and be evidence and notice of the state's lien upon the title to any interest in any real property of the taxpayer named in such certificate. Such lien shall be in addition to any and all other liens existing in favor of the state to secure the payment of such unpaid tax, penalty, interest and costs, and such lien shall be paramount and superior to all other liens of whatsoever kind or character attaching to any of said property subsequent to the date of such recording and shall be in addition to any lien provided by Section 234 of this title. Such lien is hereby released and extinguished upon the payment of the tax, penalty, interest and costs, or, except as otherwise provided herein, upon the expiration of ten (10) years after the date upon which such certificate was recorded and indexed by the county clerk; provided, the Tax Commission may, prior to the release and extinguishment of such lien, reissue the certificate of indebtedness to the county clerk. A certificate so reissued shall continue the lien until payment of the tax, penalty, interest and costs, or upon the expiration of ten (10) years after the date upon which the certificate was re-recorded and indexed by the county clerk. All active liens evidenced by a certificate of indebtedness filed with a county clerk's office prior to November 1, 1989, shall be released and extinguished if the certificate of indebtedness is not refiled prior to November 1, 2001.

Added by Laws 1965, c. 414, § 2, emerg. eff. July 7, 1965. Amended by Laws 1979, c. 148, § 2, eff. Oct. 1, 1979; Laws 1992, c. 66, § 1, eff. July 1, 1992; Laws 1999, c. 407, § 2, eff. Nov. 1, 1999; Laws 2001, c. 358, § 9, eff. July 1, 2001.

§68-231. Warrant for sale of property to pay delinquent taxes, interest and penalties - Recording and indexing - Lien status - Execution - Costs and expenses.

A. If any tax, imposed or levied by any state tax law, or any portion of such tax, is not paid before the same becomes delinquent, the Oklahoma Tax Commission may immediately issue a warrant under its official seal. A tax warrant directed to the sheriff of any county of the state shall command the sheriff to levy upon and sell without any appraisal or valuation any real or personal property

of the taxpayer found within the county for the payment of the delinquent tax, interest and penalties, and the cost of executing the warrant, and to return such warrant to the Tax Commission, and to pay to it any monies collected by virtue thereof, by a time to be therein specified, not more than sixty (60) days from the date of the warrant.

B. The Tax Commission shall, immediately upon issuance of the warrant, file with the county clerk of the county for which the warrant was issued a copy thereof, and thereupon the county clerk shall record and index such warrant in the same manner as judgments using the name of the taxpayer named in the warrant, a short name for the tax, the amount of the tax or portion thereof, and interest and penalties for which the warrant was issued, and the date and time when such copy was filed. The Tax Commission shall file the warrant in the appropriate office of the county clerk by electronic means. The filing of the warrant in the office of the county clerk of the county, shall constitute and be evidence and notice of the state's lien upon any interest in any real property of the taxpayer against whom such warrant is issued, until such tax, penalty and interest accruing thereon is paid. Such lien shall be in addition to any and all other liens existing in favor of the state to secure the payment of the unpaid tax, penalty, interest and costs, and such lien shall be paramount and superior to all other liens of whatsoever kind or character, attaching to any of said property subsequent to the date and time of such filing and shall be in addition to any lien provided by Section 234 of this title. The Tax Commission shall, immediately upon issuance of the warrant, mail, by regular mail, a copy of the warrant to the last-known address of the delinquent taxpayer. Such lien is hereby released and extinguished upon the payment of such tax, penalty, interest and costs, or, except as otherwise provided herein, upon the expiration of ten (10) years after the date upon which the warrant was filed with the county clerk; provided, the Tax Commission may, prior to the release and extinguishment of such lien, refile the warrant in the office of the county clerk. A warrant so refiled shall continue the lien until payment of the tax, penalty, interest and costs, or upon the expiration of ten (10) years after the date upon which the warrant was refiled and indexed by the county clerk. All active liens evidenced by a warrant filed with a county clerk's office prior to November 1, 1989, shall be released and extinguished if the warrant is not refiled prior to November 1, 2001.

C. Except as otherwise provided in subsection D of this section, the Tax Commission shall forward the filed warrant to the sheriff of the county in which the warrant was filed. Upon receipt of the warrant, such sheriff shall thereupon proceed to execute the tax warrant in the same manner prescribed by law for executions against property upon judgment of a court of record; and such

sheriff shall execute and deliver to the purchaser a bill of sale or deed, as the case may be.

D. The Tax Commission shall not direct or forward to the sheriff of any county any tax warrant issued pursuant to collection by the Tax Commission. The Tax Commission shall promulgate rules pertaining to tax warrants issued under this section.

E. The Tax Commission may levy upon and sell without any appraisement or valuation any real or personal property of any taxpayer identified by a filed tax warrant. The Tax Commission may execute the tax warrant in the same manner prescribed by law for executions against property upon judgment of a court of record and may execute and deliver to the purchaser a bill of sale or deed, as the case may be.

F. Any purchaser, other than the State of Oklahoma, shall be entitled, upon application to the court having jurisdiction of the property, to have confirmation, the procedure for which shall be the same as is now provided for the confirmation of a sale of property under execution, of such sale prior to the issuance of a bill of sale or deed. The State of Oklahoma shall be authorized to make bids at any such sale to the amount of tax, penalty and costs accrued. In the event such bid is successful, the sheriff shall issue proper muniment of title to the Tax Commission which shall hold such title for the use and benefit of the State of Oklahoma; and any taxpayer, or transferee of such taxpayer, shall have the right, at any time within one (1) year from the date of such sale, to redeem such property, upon the payment of all taxes, penalties and costs accrued to the date of redemption. Such applicant shall not be entitled to a credit upon such taxes, penalties and costs, by reason of revenue that might have accrued to the State of Oklahoma or other purchaser under sale, prior to such redemption. After the expiration of the period of redemption herein provided, the Tax Commission acting for the State of Oklahoma may sell such property at public auction, upon giving thirty (30) days' notice, published in a newspaper of general circulation in the county where such property is located, to the highest and best bidder for cash; and upon a sale had thereof, or when a redemption is made, the Tax Commission, for and on behalf of the State of Oklahoma, shall issue its bill of sale or quit claim deed, as the case may be, to the successful bidder or to the redemptioner. Such muniment of title shall be executed by the Tax Commission, and attested by its secretary, with the seal of the Tax Commission affixed. The sheriff shall be entitled to the same fee for services in executing the warrant, as the sheriff would be entitled to receive if he or she were executing an execution issued by the court clerk of the county upon a judgment of a court of record.

G. If any sheriff shall refuse or neglect to levy upon and sell any real or personal property of any taxpayer as directed by any

warrant issued by the Tax Commission, or shall refuse or neglect, on demand, to pay over to the Tax Commission, its agents or attorneys, all monies collected or received under any warrant issued by the Tax Commission, at any time after collecting or receiving the same, such sheriff or other officer shall, upon motion of the Tax Commission in court, and after thirty (30) days' notice thereof, in writing, be amerced in the amount for which any such warrant was issued by the Tax Commission, together with all penalties and costs and with an additional penalty of ten percent (10%) thereon, to and for the use of the State of Oklahoma. Every surety of any sheriff or officer shall be made a party to the judgment rendered as aforesaid against the sheriff or other officer.

H. The Tax Commission may expend funds from the Oklahoma Tax Commission Fund in the State Treasury to reimburse the sheriff for travel and administrative costs actually and necessarily incurred while performing duties required by this section. Such costs shall be assessed against the delinquent taxpayer, shall be added to the amount necessary to satisfy the tax warrant, and upon collection thereof shall be deposited in the Oklahoma Tax Commission Fund.

I. A tax warrant issued and filed under authority of this section shall:

1. Constitute and be evidence and notice of the state's lien upon real property; and

2. Not be subject to the provisions of any dormancy statute which would limit the enforceability, effect or operation of the lien, except as otherwise provided in this section.

J. After July 1, 1993, the Tax Commission shall not issue any certificates of indebtedness pursuant to the provisions of Section 230 of this title.

K. When a tax warrant has been issued and filed as provided in this section, the Tax Commission shall have all of the remedies and may take all of the proceedings thereon for the collection thereof which may be had or taken upon a judgment of the district court.

The Tax Commission shall withdraw or adjust the garnishment for wages upon proof to the satisfaction of the Tax Commission that the delinquent tax, interest and penalty referred to in the notice have been paid or the taxpayer can show the wages subject to garnishment are exempt pursuant to state or federal law.

The contract shall only authorize the debt collection agency to collect tax liabilities which are already established and the Tax Commission shall not refer accounts to the debt collection agency unless the Tax Commission has notified the taxpayer, by first class mail, of the liability and has made additional efforts to collect the debt. Provided, if a sales tax permit holder fails to file two or more sales tax returns, as required under Section 1365 of this title, or a taxpayer required to remit withholding taxes fails to file two or more withholding tax returns, as required under Section 2385.3 of this title, the Tax Commission may refer the accounts to the debt collection agency prior to the establishment of the tax liability, but only after the Commission has notified the taxpayer as required under this subsection.

B. If an account has been referred to a debt collection agency, the Tax Commission shall review all payments posted by the collection agency prior to commencing any further collection activity against the taxpayer. Further, the collection agency shall review all payments posted by the Tax Commission prior to commencing any collection activity. The Tax Commission or the collection agency shall, within ten (10) business days, provide the taxpayer with a written confirmation of all payments received and any balance

due. In addition, the contract shall not authorize the debt collection agency to conduct audits or examine the books and records of a taxpayer in any manner. The Tax Commission may also enter into a contract with a person doing business in the State of Oklahoma or in any other state for the purpose of identifying and locating the assets of such delinquent taxpayer. Such contracts authorized by this section shall be subject to the provisions of the Oklahoma Central Purchasing Act.

No costs shall be reimbursed unless authorized in the contract. Each contract entered into between the Tax Commission and a debt collection agency shall provide for the payment of fees for such services, reimbursements or other remuneration not in excess of thirty-five percent (35%) of the total amount of delinquent taxes, penalty and interest actually collected. The debt collection agency contract fee shall be added to the amount of the delinquent taxes, accrued penalties and interest collected from the taxpayer. The total amount of the delinquent tax, accrued penalties and interest, and the debt collection agency contract fee shall be owed and collected from the taxpayer.

F. Each contract entered into by the Tax Commission with a person for the purpose of identifying and locating assets of delinquent taxpayers shall specify the amount of money to be paid for the performance of such services. No costs shall be reimbursed unless authorized in the contract.

G. All such funds collected by a debt collection agency, including the fees for collection services as provided for in such contract, shall be remitted to the Tax Commission within fifteen (15) days from the date of collection from a taxpayer. The Tax Commission shall pay from such remitted fees the amount of fees to

which such debt collecting agency is entitled for services performed pursuant to the provisions of such contract. All assets of such delinquent taxpayers which are identified and located shall be reported to the Tax Commission within fifteen (15) days from the date of identification and location. Forms to be used for such remittances and reports shall be prescribed by the Tax Commission.

H. A debt collection agency entering into a contract with the Tax Commission or a person entering into a contract with the Tax Commission for asset location purposes pursuant to this section shall agree that it is receiving income from sources within this state or doing business in this state for purposes of the Oklahoma tax laws. Debt collection agency employees and/or their agents shall not disclose confidential tax information except as authorized by Section 205 of this title, subject to the penalties contained therein.

§68-305. Stamps required - Seizure.

A. Every wholesaler doing business within this state and required to secure a license as provided under Section 304 of this title shall, upon withdrawal from storage, and before making any sale or distribution of cigarettes for consumption thereof, affix or cause the same to have affixed thereto the stamp or stamps as required by Section 301 et seq. of this title. It shall be the duty of the wholesaler to supply the necessary stamps to cover any and all drop shipments of cigarettes billed to the retailer or consumer by the wholesaler; and the wholesaler shall be liable to the

Oklahoma Tax Commission to perform this service. Wholesalers may apply stamps only to cigarette packages that they have received directly from a manufacturer or importer of cigarettes who possesses a valid and current permit under Section 5712 of Title 26 of the United States Code.

B. Every retailer who has received unstamped cigarettes from a manufacturer or wholesaler not required to secure a license as provided for under Section 304 of this title, or to affix stamps as required under subsection A of this section, shall, within seventy-two (72) hours, excluding Sundays and holidays, from the time such cigarettes come into the retailer's possession, and before making any sale or distribution for consumption thereof, affix stamps upon all cigarette packages in the proper denomination and amount, as required by Section 302 of this title.

C. It shall be unlawful for any person to sell or consume cigarettes on which the tax, as levied by Section 301 et seq. of this title, has not been paid, and which are not contained in packages to which are securely affixed the stamps evidencing payment of the tax imposed by Section 301 et seq. of this title.

D. If, upon examination of invoices or from other investigations, the Tax Commission finds that cigarettes have been sold without stamps affixed as required by Section 301 et seq. of this title, the Tax Commission shall have the power to require such person to pay to the Tax Commission a sum equal to twice the amount of the tax due. If, under the same circumstances, a person is unable to furnish evidence to the Tax Commission of sufficient stamp purchases to cover unstamped cigarettes purchased, the prima facie presumption shall arise that such cigarettes were sold without proper stamps being affixed thereto.

E. 1. All contraband cigarettes upon which taxes are imposed by Section 301 et seq. of this title and all cigarettes stamped, sold, offered for sale or imported into this state in violation of the provisions of Section 305.1 of this title which shall be found in the possession, custody or control of any person, for the purpose of being consumed, sold or transported from one place to another in this state, for the purpose of evading or violating the provisions of Section 301 et seq. of this title, or with intent to avoid payment of the tax imposed hereunder, and any automobile, truck, conveyance or other vehicle whatsoever used in the transportation of such cigarettes, and all paraphernalia, equipment or other tangible personal property incident to the use of such purposes, found in the place, building, vehicle or vehicles, where such cigarettes are found, may be seized by any authorized agent of the Tax Commission, or any sheriff, deputy sheriff, constable or other peace officer within the state, without process. The same shall be, from the time of such seizure, forfeited to the State of Oklahoma, and a proper

proceeding filed to maintain such seizure and prosecute the forfeiture as herein provided.

2. All such cigarettes so seized shall first be listed and appraised by the officer making such seizure and turned over to the Tax Commission and a receipt therefor taken. The person making such seizure shall immediately make and file a written report thereof, showing the name of the person making such seizure, the place where and the person from whom such property was seized, and an inventory and appraisement thereof, at the usual and ordinary retail price of such articles received, to the Tax Commission, and the Attorney General, in the case of cigarettes stamped, sold, offered for sale or imported into this state in violation of the provisions of Section 305.1 of this title. Within sixty (60) days of seizure, the person from whom the property was seized may file a request for hearing with the Tax Commission or the Attorney General to show why the seized property should not be forfeited and destroyed. If a hearing is requested, the owner of the cigarettes shall be given at least ten (10) days' notice of the hearing. If no request for hearing is filed within the time provided, the property seized will be forfeited and destroyed.

3. Any and all such vehicles and property so seized shall first be listed and appraised by the officer making such seizure and turned over to the county sheriff of the county in which the seizure is made and a receipt therefor taken. The person making such seizure shall immediately make and file a written report thereof, showing the name of the person making such seizure, the place where and the person from whom such property was seized, and an inventory and appraisement thereof, at the usual and ordinary retail price of such articles received, to the Tax Commission. The district attorney of the county in which the seizures are made shall, at the request of the Tax Commission or Attorney General, file in the district court forfeiture proceedings in the name of the State of Oklahoma, as plaintiff, and in the name of the owner or person in possession, as defendant, if known, and if unknown in the name of the property seized. The clerk of the court shall issue summons to the owner or person in whose possession such property was found, directing the owner or person to answer within ten (10) days. If the property is declared forfeited and ordered sold, notice of the sale shall be posted in five public places in the county not less than ten (10) days before the date of sale. The proceeds of the sale shall be deposited with the clerk of the court, who shall after deducting costs, including the costs of sale, pay the balance to the Tax Commission as cigarette tax collected, or in the case of vehicles and property seized in connection with cigarettes seized as being in violation of the provisions of Section 305.1 of this title, to the Attorney General. The Attorney General shall remit the amount of cigarette tax, if any be due, including all penalties and

interest due, to the Tax Commission as cigarette tax collected and shall deposit the remainder to the revolving fund created in Section 305.2 of this title.

4. The seizure of cigarettes shall not relieve the person from whom such cigarettes were seized from any prosecution or the payment of any penalties provided for under Section 301 et seq. of this title.

5. The forfeiture provisions of Section 301 et seq. of this title shall only apply to persons having possession of or transporting cigarettes with intent to barter, sell or give away the same; provided, that such possession of cigarettes in any quantity of five or more cartons of ten packages each shall be prima facie evidence of intent to barter, sell or give away such cigarettes in violation of the provisions of Section 301 et seq. of this title.

F. Any person, including distributing agents, wholesalers, carriers, retailers and consumers, having possession of unstamped cigarettes in this state shall be liable for the tax on such cigarettes in case the same are lost, stolen or unaccounted for, in transit, storage or otherwise, and in such event a presumption shall exist for the purposes of taxation, that such cigarettes were used and consumed in Oklahoma.

4. The packaging of which has been modified or altered by a person other than the manufacturer or person specifically authorized by the manufacturer, including, but not limited to, the placement of a sticker or label to cover information on the package or container.

Possession of more than one thousand cigarettes in packages or containers bearing Oklahoma stamps in violation of this subsection by a person other than an employee of this state or the federal government performing official duties relating to enforcement of the provisions of Section 301 et seq. of this title shall constitute prima facie evidence of a violation of the provisions of this subsection.

The Commission may require of the manufacturer from whom it purchases such stamps a bond in an amount to be determined by the Commission, containing such conditions as the Commission may deem necessary in order to protect the state against loss. The Commission shall be responsible for the custody and sale of the stamps, and for the disposition of the proceeds thereof. It shall be the duty of the Tax Commission to manufacture or contract for revenue stamps required by this article; provided, that if such stamps are contracted for, the manufacture thereof shall be within the jurisdiction of the criminal and civil courts of this state, unless such stamps cannot be obtained in this state at a fair price or of acceptable quality. If stamps are manufactured outside of the state, then the Commission shall keep a reliable agent at the place of manufacture during the period of manufacture and such agent shall be authorized and instructed to take any and all precautions necessary to safeguard the state against forgery and misdelivery of any stamps. The Commission shall, in contracting for manufacture,

consider the safeguarding of stamps to be of paramount importance and shall provide therefor in a manner commensurate with the monetary value of such stamps.

§68-332. Sales by a wholesaler to a wholesaler.

When one wholesaler sells cigarettes and tobacco products to any other wholesaler, the former shall not be required to include in his selling price to the latter "cost to the wholesaler", as provided by Section 4 of this act, but the latter wholesaler, upon resale to a retailer, shall be subject to the provisions of said section:

Provided further, that manufacturer's representatives, manufacturer's salesmen, or any other person not coming under the definition of a wholesaler, shall not be eligible to purchase cigarettes or tobacco products under the provisions of this Section. Sales by manufacturer's representatives, manufacturer's salesmen, or any other person selling cigarettes and tobacco products to retailers or consumers, as the case may be, shall be required to sell at prices no lower than the prices of the wholesaler to the retailer or of the retailer to the consumer, as the case may be.

tobacco products, at a combined price, and in all advertisements, offers for sale, or sales, involving the giving of any gift or concession of any kind whatsoever (whether it be coupons or otherwise), the retailer's or wholesaler's combined selling price shall not be below the "cost to the retailer" or the "cost to the wholesaler", respectively, of the total of all articles, products, commodities, gifts, and concessions included in such transactions. §68-335. Advertising of certain sales; good faith.

a. Any retailer may advertise, offer to sell, or sell cigarettes and tobacco products at a price made in good faith to meet the price of a competitor who is selling the same article at cost to him as a retailer. Any wholesaler may advertise, offer to sell, or sell cigarettes and tobacco products at a price made in good faith to meet the price of a competitor who is rendering the same type of service and is selling the same article at cost to him as a wholesaler. The price of cigarettes and tobacco products advertised, offered for sale, or sold under the exceptions specified in Section 9 shall not be considered the price of a competitor and shall not be used as a basis for establishing prices below cost, nor shall the price established at a bankrupt sale be considered the price of a competitor within the purview of this Section.

b. In the absence of proof of the "price of a competitor", under this Section, the "lowest cost to the retailer", or the "lowest cost to the wholesaler", as the case may be determined by any "cost survey", made pursuant to Section 14 of this act, may be deemed the "price of a competitor" within the meaning of this Section.

a. Where a cost survey, pursuant to recognized statistical and cost accounting practices, has been made for the trading area in which the offense is committed, to establish the lowest "cost to the retailer" and the lowest "cost to the wholesaler", said cost survey shall be deemed competent evidence to be used in proving the cost to the person complained against, within the provisions of this act.

b. Any defendant, or any witness, in any civil action brought under the provisions of this act, may be required to testify, and the books, records, invoices, and all other documents of any such defendant, may be brought into court and introduced as evidence, but no defendant, or any witness in any such civil action, shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he may testify or produce evidence, documentary or otherwise, and no testimony given or produced shall be received against him upon any criminal proceeding or investigation.

§68-343. Violations - Injunctions - Damages.

A. The Commission or any person injured by any violation, or who would suffer injury from any threatened violation of Sections 326 through 345 of Title 68 of the Oklahoma Statutes, may maintain an action in any court of equitable jurisdiction to prevent, restrain or enjoin such violation or threatened violation. If in such action a violation or threatened violation of Sections 326 through 345 of Title 68 of the Oklahoma Statutes shall be established, the court shall enjoin and restrain, or otherwise prohibit, such violation or threatened violation, and, in addition thereto, the court shall assess in favor of the plaintiff and against the defendant the costs of suit including reasonable attorney's fees. In such action it shall not be necessary that actual damages to the plaintiff be alleged or proved, but where alleged and proved, the plaintiff in the action, in addition to such injunctive relief and cost of suit, including reasonable attorney's fees shall be entitled to recover from the defendant the actual damages sustained by him.

B. In the event that no injunctive relief is sought or required, any person injured by a violation of Sections 326 through 345 of Title 68 of the Oklahoma Statutes may maintain an action for damages and costs of suit in any court of general jurisdiction. The Commission is hereby empowered to and may from time to time undertake and make or cause to be made one or more cost surveys for the state or such trading area or areas as it shall define and when such cost survey shall have been made by or approved by it, it shall be permissible to use such cost survey as provided in Section 337 of Title 68 of the Oklahoma Statutes. Whenever any person fails to comply with any provision of Sections 326 through 345 of Title 68 of the Oklahoma Statutes or any rule or regulation of the Commission promulgated thereunder, the Commission upon hearing, after giving said person ten (10) days' notice in writing specifying the time and place of the hearing and requiring him to show cause why his license or licenses should not be revoked, may revoke or suspend the license held by the person.

After the effective date of this act, no person shall engage in or conduct the business of purchasing for resale or selling cigarettes without having first obtained the appropriate license for that purpose.

All such licenses shall be issued by the Commission which shall make rules and regulations respecting applications therefor and issuance thereof.

A wholesaler or retailer who sells or intends to sell cigarettes at one, two or more places of business shall be required to obtain a separate license for each place of business.

Laws 1981, c. 211, § 5, emerg. eff. June 1, 1981.

§68-346. Legislative findings - Intent of Legislature - Cigarette and tobacco products tax compacts - Audits.

A. The Legislature finds that:

1. Federal law recognizes the right of Indian tribes or nations to engage in sales of cigarettes and tobacco products to their members free of state taxation;

2. The doctrine of tribal sovereign immunity prohibits the State of Oklahoma from bringing a lawsuit against an Indian tribe or nation to compel the tribe or nation to collect state taxes on sales made in Indian country to either members or nonmembers of the tribe or nation without a waiver of immunity by the tribe or nation or congressional abrogation of the doctrine; and

3. The Supreme Court of the United States, in "Oklahoma Tax Commission v. Citizen Band Pottawatomie Indian Tribe of Oklahoma", suggested that a state may provide other methods of collection of state taxes on sales of cigarettes and tobacco products made by Indian tribes or nations to persons who are not members of the tribe or nation, such as entering into mutually satisfactory agreements with Indian tribes or nations.

B. It is the intent of the Legislature to establish a system of state taxation of sales of cigarettes and tobacco products made by federally recognized Indian tribes or nations or their licensees, other than such tribes or nations which have entered into a compact with the State of Oklahoma pursuant to the provisions of subsection C of this section, under which the rate of payments in lieu of state taxes is less than the rate of state taxes on other sales of cigarettes and tobacco products in order to allow such tribes or nations or their licensees to make sales of cigarettes and tobacco products to tribal members free of state taxation.

C. The Governor is authorized by this enactment to enter into cigarette and tobacco products tax compacts on behalf of the State of Oklahoma with the federally recognized Indian tribes or nations of this state. The compacts shall set forth the terms of agreement between the sovereign parties regulating sale of cigarettes and tobacco products by the tribes or nations or their licensees in Indian country. All sales in Indian country by those compacting tribes or nations and their licensees shall be exempt from the taxes levied pursuant to the provisions of Section 301 et seq., Section 401 et seq. and Section 1350 et seq. of Title 68 of the Oklahoma Statutes and Sections 349 and 425 of this title, subject to the following terms and conditions:

1. A payment in lieu of state sales and excise taxes, as provided for in said compact, shall be paid to the State of Oklahoma by the tribes or nations, their licensees or their wholesalers upon purchase of all cigarettes and tobacco products intended for resale in Indian country by the tribes or nations or their licensees;

2. All cigarettes and tobacco products sold or held for sale to the public, without distinction between member and nonmember sales, shall bear a payment in lieu of tax stamp evidencing that payment in lieu of state taxes has been paid to the state. State and tribal officials may provide for use of a single joint stamp evidencing payment of both the payment in lieu of tax as specified in a compact pursuant to the provisions of this section and any tax levied by a tribe or nation;

3. In the event that a compacting tribe or nation fails to comply with all terms and conditions of the compact including, but not limited to, requirements to include all state taxes required by the terms of the compact to be collected by the tribe or nation in the price of its cigarettes or tobacco products, the tribe or nation shall not be eligible to receive any payment due from the state pursuant to the terms of the compact for the tax-reporting period during which the noncompliance occurred;

4. Records of all sales of cigarettes and tobacco products to the tribes or nations and their licensees shall be kept by all wholesalers doing business in the State of Oklahoma and shall be made available for inspection by state officials on a timely basis. Copies of all invoices of wholesale sales of cigarettes or tobacco products to tribally owned or licensed retail stores shall be forwarded by the wholesaler to the Oklahoma Tax Commission; and

5. For purposes of a compact pursuant to the provisions of this section, the term "tribal licensee" shall only extend to:

- a. members of the tribe or nation, and
- b. business entities in which the tribe or nation or tribal members have a majority ownership interest.

D. In addition to any other authority granted by law, the Tax Commission shall regularly conduct an audit of wholesalers, distributors, jobbers and warehousemen selling cigarettes or tobacco products to a federally recognized Indian tribe or nation or a tribally owned or licensed store to determine if the correct amount of tax payable under this act has been collected and to determine compliance with any and all compacts.

Added by Laws 1992, c. 339, § 1, emerg. eff. May 28, 1992. Amended by Laws 2004, c. 322, § 8, eff. Dec. 1, 2004 (State Question No. 713, Legislative Referendum No. 336, adopted at election held Nov. 2, 2004).

§68-346.1. Tribal-State agreements — Supplemental terms.

A. The Legislature finds that:

1. As codified in Section 1221 of Title 74 of the Oklahoma Statutes, Oklahoma's standing policy is to work in a spirit of cooperation with all federally recognized Indian tribes in furtherance of federal policy for the benefit of both the State of Oklahoma and Tribal governments;

2. Oklahoma has benefited from its implementation of this policy through, among other things, the formation and entry of intergovernmental agreements or compacts with Tribal nations on a variety of subjects; and

3. As authorized by Section 346 of Title 68 of the Oklahoma Statutes, Oklahoma entered numerous compacts with Tribal nations relating to taxation of tobacco product sales, which agreements have benefited all parties by reducing intergovernmental disputes, increasing Oklahoma tax revenues, and providing a stable environment for Tribal and non-Tribal economic activity.

B. Consistent with the Legislature's intent declared in subsection B of Section 346 of Title 68 of the Oklahoma Statutes, the State of Oklahoma offers the following supplemental term to any Tribe that is party to a State-Tribal tobacco products sales tax compact entered pursuant to Section 346 of Title 68 of the Oklahoma Statutes or otherwise which was in effect on January 1, 2023, but is set to expire prior to December 31, 2024:

SUPPLEMENTAL TERM TO
TOBACCO PRODUCTS EXCISE TAX COMPACT
Between the [NAME OF TRIBE]
and the STATE OF OKLAHOMA

The tobacco products excise tax compact between the [NAME OF TRIBE] and the STATE OF OKLAHOMA is hereby affirmed and shall be deemed in effect until December 31, 2024, and restored, and any action to unilaterally terminate the compact prior to that date shall be null and void.

C. Further and also consistent with such intent, the State of Oklahoma offers the following restoration of and supplemental term to any Tribe that is party to a State-Tribal tobacco products excise tax compact entered pursuant to Section 346 of Title 68 of the Oklahoma Statutes or otherwise and which was in effect as of January 1, 2019, but which expired prior to the effective date of this act:

RESTORATION OF AND SUPPLEMENTAL TERM TO
TOBACCO PRODUCTS EXCISE TAX COMPACT TERM
Between the [NAME OF TRIBE]
and the STATE OF OKLAHOMA

Notwithstanding its expiration prior to the effective date of this act, the tobacco products excise tax compact between the [NAME OF TRIBE] and the STATE OF OKLAHOMA in effect on January 1, 2019, is hereby affirmed and restored to effect as of July 1, 2023, and shall remain in effect until December 31, 2024, and any action to unilaterally terminate the compact prior to that date shall be null and void.

D. Tribal acceptance of an offer codified in either subsection B or C of this section shall be indicated by letter from the Tribal party's governing body or official reciting the terms set forth

above and delivered to the Oklahoma Tax Commission. Such letter shall then be filed with the Secretary of State.

Added by Laws 2023, 1st Ex. Sess., c. 52, § 1.

§68-347. Inapplicability of certain provision to certain tribes or nations or their licensees.

The provisions of Sections 3 through 6 of this act shall not apply to a federally recognized Indian tribe or nation which has entered into a compact with the State of Oklahoma pursuant to the provisions of subsection C of Section 1 of this act or to a licensee of such a tribe or nation during the period that such compact is effective.

Added by Laws 1992, c. 339, § 2, eff. Jan. 1, 1993.

§68-349. Repealed by Laws 2009, c. 434, § 23, eff. Jan. 1, 2010.

§68-349.1. Tobacco taxes on noncompacting tribes or nations - Conditions for exception - Native American tax free stamps.

A. Sales of cigarettes and other tobacco products by retailers licensed by noncompacting federally recognized Indian tribes or nations (hereinafter "tribe or nation") shall be subject to the

cigarette excise tax imposed by Section 302 et seq. of this title and the excise tax on other tobacco products imposed by Section 402 et seq. of this title.

B. 1. Members of noncompacting federally recognized Indian tribes or nations may purchase cigarettes and other tobacco products, without payment of Oklahoma cigarette excise tax or Oklahoma other tobacco products excise tax, subject to the following conditions:

- a. the member of the noncompacting federally recognized Indian tribe (hereinafter "purchaser") is purchasing for his or her personal use, and not for sale, transfer or other disposition to another person or entity,
- b. the purchaser is purchasing from a retailer licensed by the federally recognized Indian tribe or nation of which the purchaser is a member,
- c. the licensed retailer of purchaser's federally recognized Indian tribe or nation is located upon "Indian country" of that licensing tribe or nation, as that term is defined by 18 USC Section 1151(a) and paragraph 3 of Section 348 of this title.

2. Members of noncompacting federally recognized tribes or nations are not entitled to purchase cigarettes or other tobacco products, free of Oklahoma excise tax, from retailers licensed by any other tribe or nation, compacting or not, but have a right to purchase cigarettes and other tobacco products, free of Oklahoma excise tax, upon the "Indian country" of the tribe or nation of which the purchaser is a member, per the United States Supreme Court decision "Oklahoma Tax Commission v. Citizen Band Potawatomi Indian Tribe of Oklahoma", 498 U.S. 505 (1991).

C. Cigarettes held for sale to members of a noncompacting tribe or nation by licensed retailers of that tribe or nation, which are located on the "Indian country" of that tribe or nation, as defined by 18 USC Section 1151(a) and paragraph 3 of Section 348 of this title, must bear a stamp issued by the Oklahoma Tax Commission evidencing that cigarettes are purchased free of Oklahoma cigarette excise tax. The following procedures shall apply to said stamps (hereafter, "Native American tax free stamps"):

1. The probable demand for Native American tax free stamps for each noncompacting tribe or nation shall be determined by the Tax Commission by ascertaining the total membership in Oklahoma of the tribe or nation from the Bureau of Indian Affairs or other reliable source of public information regarding such membership, and multiplying that number by the percentage of smokers in Oklahoma or in the United States, whichever is greater, based on the most recent data available from the State Department of Health and/or other reliable source of public information. The product of that

calculation shall be multiplied by the average yearly consumption of cigarettes by smokers in Oklahoma or the United States, whichever is greater, based on the most recent data available from the State Department of Health and/or other reliable source of public information. The resulting number shall be deemed to constitute the probable demand for Native American tax free stamps of such noncompacting tribe or nation for a calendar year.

2. A preliminary determination of probable demand shall be furnished to the governing authorities of each noncompacting tribe or nation which may submit, for consideration by the Tax Commission, any verifiable information in its possession regarding such probable demand, including, but not limited to, a verifiable record of previous sales to tribal members or other statistical evidence.

3. After consideration of all verifiable information furnished by a noncompacting tribe or nation pursuant to paragraph 2 of this subsection, the Tax Commission shall make its final determination of probable demand, and furnish such determination to the subject noncompacting tribe or nation and to all Oklahoma-licensed cigarette wholesalers.

4. Each calendar year, the Tax Commission shall establish, as to any and all Oklahoma-licensed cigarette wholesalers supplying cigarettes to tribally licensed or owned retailers of each noncompacting tribe or nation an allocation of the probable demand for such tribe or nation, based upon each wholesaler's previous year's reported sales of cigarettes to the tribally licensed or owned retailers of such tribe or nation. In making such allocation, the Tax Commission shall consider such other verifiable information as may be submitted by a licensed wholesaler or such tribe or nation. Upon reaching a final determination of allocation, the Tax Commission shall advise the affected wholesaler and the tribe or nation.

5. Oklahoma-licensed wholesalers may request and receive from the Tax Commission, at the beginning of each quarter of the year, their allocated share of Native American tax free stamps for the tribally licensed or owned retailers of each noncompacting tribe or nation. Once a wholesaler has received its allocated share of Native American tax free stamps for the tribally licensed or owned retailers of a noncompacting tribe or nation for the quarter, that wholesaler may not receive any further Native American tax free stamps for tribally licensed or owned retailers of that tribe or nation during the quarter, absent good cause shown by verifiable information submitted by the wholesaler and/or that tribe or nation, which shall be considered and determined by the Tax Commission on a case-by-case basis.

6. The Tax Commission is empowered and authorized to promulgate such rules and regulations as, in its discretion, shall be deemed necessary to implement and enforce the provisions of this section.

7. The sale of cigarettes bearing the Native American tax-free stamp to a nonmember of the tribe or nation which licensed the tribally owned or licensed retailer shall, in accordance with the United States Supreme Court decision "Oklahoma Tax Commission v. Citizen Band Potawatomi Indian Tribe of Oklahoma", 498 U.S. 505 (1991), obligate that tribal retailer for payment of the applicable Oklahoma cigarette excise tax, together with the costs and attorney fees associated with any civil action brought to collect the unpaid Oklahoma cigarette excise tax. Such actions may be instituted in the district court in and for the county in which the tribal retailer is located.

D. The Oklahoma excise tax on all tobacco products other than cigarettes (hereafter "other tobacco products") held for sale by Oklahoma-licensed wholesalers shall be paid by the wholesaler and stamps affixed thereto by the wholesaler pursuant to Section 403 of this title, including those other tobacco products which may be purchased by members of noncompacting tribes and nations on the "Indian country" of such tribe or nation from a retailer licensed or owned by such tribe or nation. The following procedures shall apply to the tax-free sale of other tobacco products:

1. The probable demand for the tax-free consumption of other tobacco products by members of each noncompacting tribe or nation shall be determined by the Tax Commission by ascertaining the total membership in Oklahoma of the tribe or nation from the Bureau of Indian Affairs or other reliable source of public information regarding such membership, and multiplying that number by the percentage of users of such other tobacco products in Oklahoma or the United States, whichever is greater, based on the most recent data available from the State Department of Health and/or other reliable source of public information. The product of that calculation shall be multiplied by the average yearly consumption of users of such other tobacco products in Oklahoma or the United States, whichever is greater, based on the most recent data available from the State Department of Health and/or other reliable source of public information. The resulting number shall be deemed to constitute the probable demand for the tax-free consumption of other tobacco products by members of such noncompacting tribes or nations for a calendar year.

2. A preliminary determination of probable demand shall be furnished to the governing authorities of each noncompacting tribe or nation, which may submit, for consideration by the Tax Commission, any verifiable information in its possession regarding such probable demand, including, but not limited to, a verifiable record of previous sales to tribal members or other statistical evidence.

3. After consideration of all verifiable information furnished by a noncompacting tribe or nation pursuant to paragraph 2 of this

subsection, the Tax Commission shall make its final determination of probable demand and furnish such determination to the subject noncompacting tribe or nation and to all Oklahoma-licensed other tobacco product wholesalers.

4. Each calendar year, the Tax Commission shall establish, as to any and all Oklahoma-licensed other tobacco product wholesalers supplying other tobacco products to the tribally licensed or owned retailers of each noncompacting tribe or nation an allocation of the probable demand for such tribe or nation, based upon each wholesaler's previous year's reported sales of other tobacco products to the tribally licensed or owned retailers of such tribe or nation. In making such allocation, the Tax Commission shall consider such other verifiable information as may be submitted by a licensed wholesaler or such tribe or nation. Upon reaching a final determination of allocation, the Tax Commission shall advise the affected wholesaler and the tribe or nation.

5. Oklahoma-licensed wholesalers may request and receive from the Tax Commission, on the 30th of each month, a refund and/or credit for the previous month's tax-free sales of other tobacco products, equal to the lesser of: one twelfth (1/12) of their allocated share of tax-free sales of other tobacco products to the tribally licensed or owned retailers of each noncompacting tribe or nation or verifiable tax-free sales to the licensed or owned tribal retailers of such tribe or nation. Once a wholesaler has received such refund and/or credit for a previous month's tax-free sales to the tribally licensed or owned retailers of each noncompacting tribe or nation, that wholesaler may not receive any further refund and/or credit for said previous month, absent good cause shown by verifiable information submitted by the wholesaler and/or the noncompacting tribe or nation, which shall be considered and determined by the Tax Commission on a case-by-case basis.

6. The Tax Commission is empowered and authorized to promulgate such rules and regulations as, in its discretion, shall be deemed necessary to implement and enforce the provisions of this section.

7. The tax-free sale of other tobacco products to a nonmember of the noncompacting tribe or nation which licenses the tribally owned or licensed retailer shall, in accordance with the United States Supreme Court decision "Oklahoma Tax Commission v. Citizen Potawatomi Indian Tribe of Oklahoma", 498 U.S. 505 (1991), obligate that tribal retailer for payment of the applicable Oklahoma other tobacco product excise tax, together with the costs and attorney fees associated with any civil action brought to collect the unpaid Oklahoma other tobacco product excise tax. Such actions may be instituted in the district court in and for the county in which the tribal retailer is located.

E. The provisions of this section are intended to, and shall be construed to apply only to, sales of cigarettes and other tobacco

products on the "Indian country" of noncompacting federally recognized Indian tribes or nations to the members of such tribes or nations. In the event that a noncompacting tribe or nation enters into an agreement with the State of Oklahoma, pursuant to Section 346 of this title, the terms of such compact shall take precedence over the provisions of this section, which shall have no application to any tribe or nation, while any compact between the State of Oklahoma and that tribe or nation is in force and effect.

F. All cigarettes which are sold or held for sale at tribally owned or licensed stores shall have affixed thereto a stamp or stamps evidencing payment or nonpayment of the Oklahoma cigarette excise tax, as required by the provisions in this section.

G. It shall be unlawful for any person knowingly to ship, transport, receive, possess, sell, distribute or purchase contraband cigarettes. Any person who engages in shipping, transporting, receiving, possessing, selling, distributing or purchasing contraband cigarettes shall, upon conviction, be guilty of a misdemeanor punishable by a fine of not more than One Thousand Dollars (\$1,000.00). Any person convicted of a second or subsequent violation hereof shall be guilty of a Class D3 felony offense and shall be punished by a fine of not more than Five Thousand Dollars (\$5,000.00), by a term of imprisonment as provided for in subsections B through F of Section 20P of Title 21 of the Oklahoma Statutes, or by both such fine and imprisonment.

H. Any person who knowingly engages in shipping, transporting, receiving, processing, selling, distributing or purchasing contraband cigarettes shall be subject to the forfeiture of property as is provided by Section 305 of this title and assessment of penalty as provided thereby and assessment for any delinquent taxes found to be owing.

I. Pursuant to 25 C.F.R., Section 140.17, no trader shall sell tobacco, cigars or cigarettes to any Indian or other person under eighteen (18) years of age.

A. Every wholesaler, jobber or warehouseman doing business within this state and required to secure a license as provided in Section 304 of Title 68 of the Oklahoma Statutes may sell cigarettes to tribally owned or licensed stores in this state. It shall be the duty of the wholesaler, jobber or warehouseman to affix the tax stamp required by Section 4 of this act to cigarette inventory sold to a tribally owned or licensed store.

If a wholesaler timely accepts documentation as prescribed by the Oklahoma Tax Commission from a person claiming that the cigarettes will be sold at a tribally owned or licensed store, the wholesaler shall be relieved of any liability for any additional tax due or required to be collected should it later be determined that the cigarettes were not purchased for sale at a tribally owned or licensed store.

Added by Laws 1993, c. 146, § 13. Amended by Laws 2009, c. 434, § 10, eff. Jan. 1, 2010.

B. Any peace officer of this state, including but not limited to officers of the Department of Public Safety or the Oklahoma State Bureau of Investigation, any sheriff, any salaried deputy sheriff or any municipal police officer is authorized to stop any vehicle upon any road or highway of this state in order to inspect the bill of lading or to take such action as may be necessary to determine if unstamped cigarettes are being sold or shipped in violation of the provisions of this section. 6. In the case of a nonparticipating manufacturer located outside of the United States, the certification shall further certify that the nonparticipating manufacturer has provided a declaration from each of its importers into the United States of any of its brand families to be sold in Oklahoma. The declaration shall be on a form prescribed by the Attorney General and shall state that such importer accepts joint and several liability with the nonparticipating manufacturer for all escrow deposits due, for all penalties assessed and for payment of all costs and attorney fees imposed in accordance with Sections 600.21 through 600.23 of Title 37 of the Oklahoma Statutes. Such declaration shall appoint for the declaration a resident agent for service of process in Oklahoma in accordance with Section 360.5 of this title.

8. Nothing in this section shall be construed as limiting or otherwise affecting the right of this state to maintain that a brand family constitutes cigarettes of a different tobacco product manufacturer for purposes of calculating payments under the Master Settlement Agreement or for purposes of Sections 600.21 through 600.23 of Title 37 of the Oklahoma Statutes.

9. Tobacco product manufacturers shall maintain all invoices and documentation of sales and other information relied upon for the certification for a period of five (5) years, unless otherwise required by law to maintain them for a greater period of time.

10. At the time a manufacturer submits a yearly written certification pursuant to this section, the manufacturer shall pay to the Office of the Attorney General a fee of One Thousand Dollars (\$1,000.00). All fees collected pursuant to this paragraph shall be deposited in the Attorney General's Revolving Fund.

B. 1. Not later than ninety (90) calendar days after this act takes effect, the Attorney General shall develop and publish on its website a directory listing all tobacco product manufacturers that

have provided current and accurate certifications conforming to the requirements of subparagraph a of paragraph 4 of subsection A of this section and all brand families that are listed in the certifications, except as otherwise provided in this section.

2. The Attorney General shall not include or retain in the directory the name or brand families of any nonparticipating manufacturer that has failed to provide the required certification or whose certification the Attorney General determines is not in compliance with paragraphs 3, 4, and 5 of subsection A of this section, unless the Attorney General has determined that a violation has been cured to the satisfaction of the Attorney General.

3. Neither a tobacco product manufacturer nor brand family shall be included or retained in the directory if the Attorney General concludes, in the case of a nonparticipating manufacturer, that:

- a. any escrow payment required pursuant to Section 600.23 of Title 37 of the Oklahoma Statutes for any period for any brand family, whether or not listed by the nonparticipating manufacturer, has not been fully paid into a qualified escrow fund governed by a qualified escrow agreement that has been approved by the Attorney General,
- b. any outstanding final judgment, including interest thereon, for a violation of the provisions of Sections 600.21 through 600.23 of Title 37 of the Oklahoma Statutes has not been fully satisfied for the brand family or manufacturer, or
- c. the nonparticipating manufacturer or such tobacco product manufacturer fails to provide reasonable assurance that it will comply with the requirements of this section or Sections 600.21 through 600.23 of Title 37 of the Oklahoma Statutes, or the manufacturer has knowingly failed to disclose any material information required or knowingly made any material false statement in the certification of any supporting information or documentation provided. As used in this subparagraph, reasonable assurances may include information and documentation establishing to the satisfaction of the Attorney General that a failure to pay in Oklahoma or elsewhere was the result of a good-faith dispute over the payment obligation.

4. The Attorney General shall update the directory as necessary in order to correct mistakes and to add or remove a tobacco product manufacturer or brand family to keep the directory in conformity with the requirements of the Master Settlement Agreement Complementary Act.

5. Every stamping agent shall provide and update, as necessary, an electronic mail address to the Oklahoma Tax Commission and the Attorney General for the purpose of receiving any notifications as may be required by the Master Settlement Agreement Complementary Act.

6. Any nonparticipating manufacturer may request, by facsimile transmission or other means to the Attorney General's Tobacco Enforcement Unit, information regarding its current compliance status pursuant to this act and to Sections 600.21 through 600.23 of Title 37 of the Oklahoma Statutes. Upon receipt of such request, the Attorney General shall inform the requesting nonparticipating manufacturer of its current compliance status before close of business within three (3) business days.

C. It shall be unlawful for any person to:

1. Affix a stamp to a package or other container of cigarettes of a tobacco product manufacturer or brand family not included in the directory; and

2. Sell, offer, or possess for sale, in this state, or import for personal consumption in this state, cigarettes of a tobacco product manufacturer or brand family not included in the directory. Added by Laws 2004, c. 266, § 4, emerg. eff. May 6, 2004. Amended by Laws 2009, c. 434, § 11, eff. Jan. 1, 2010.

§68-360.5. Nonresident or foreign nonparticipating manufacturers - Appointment of agent - Appointment of Secretary of State.

A. Any nonresident or foreign nonparticipating manufacturer that has not registered to do business in this state as a foreign corporation or business entity shall appoint and continually engage without interruption, as a condition precedent to having its brand families included or retained in the directory, the services of an agent in this state to act as agent for the service of process on whom all process, and any action or proceeding against it concerning or arising out of the enforcement of the Master Settlement Agreement Complementary Act and Sections 600.21 through 600.23 of Title 37 of the Oklahoma Statutes, may be served in any manner authorized by law. The service shall constitute legal and valid service of process on the nonparticipating manufacturer. The nonparticipating manufacturer shall provide the name, address, phone number, and proof of the appointment and availability of the agent to perform the duties of an agent pursuant to the Master Settlement Agreement Complementary Act and to the satisfaction of the Oklahoma Tax Commission and the Attorney General. Any nonparticipating manufacturer located outside of the United States shall, as an additional condition precedent to having its brand families listed or retained in the Directory, cause each of its importers into the United States of any of its brand families to be sold in Oklahoma to appoint and continuously engage without interruption the services of

an agent in the State of Oklahoma in accordance with the provisions of this act. All obligations of a nonparticipating manufacturer imposed by this act with respect to appointment of its agent shall likewise apply to such importers with respect to appointment of their agents.

B. The nonparticipating manufacturer shall provide notice to the Oklahoma Tax Commission and Attorney General thirty (30) calendar days prior to termination of the authority of an agent and shall further provide proof to the satisfaction of the Attorney General of the appointment of a new agent no less than five (5) calendar days prior to the termination of an existing agent appointment. If an agent terminates an agency appointment, the nonparticipating manufacturer shall notify the Oklahoma Tax Commission and Attorney General of the termination within five (5) calendar days and shall include proof to the satisfaction of the Attorney General of the appointment of a new agent.

C. Any nonparticipating manufacturer whose cigarettes are sold in this state, who has not appointed and engaged an agent as required by this section, shall be deemed to have appointed the Secretary of State as its agent and may be proceeded against in courts of this state by service of process upon the Secretary of State. However, the appointment of the Secretary of State as the agent shall not satisfy the condition precedent for having the brand families of the nonparticipating manufacturer included or retained in the directory.

Added by Laws 2004, c. 266, § 5, emerg. eff. May 6, 2004. Amended by Laws 2009, c. 434, § 12, eff. Jan. 1, 2010.

§68-360.5-1. Joint and several liability of importers of nonparticipating manufacturer's brand families.

For each nonparticipating manufacturer located outside the United States, each importer into the United States of any such nonparticipating manufacturer's brand families that are sold in Oklahoma shall bear joint and several liability with such nonparticipating manufacturer for deposit of all escrow due, payment of all penalties imposed and payment of all costs and attorney fees imposed under Sections 600.21 through 600.23 of Title 37 of the Oklahoma Statutes and the Master Settlement Agreement.

Added by Laws 2009, c. 434, § 13, eff. Jan. 1, 2010.

§68-360.6. Submission of information by stamping agents - Escrow deposits.

A. Not later than twenty (20) calendar days after the end of each calendar month, and more frequently if so directed by the Oklahoma Tax Commission, each stamping agent shall submit any information the Oklahoma Tax Commission requires to facilitate compliance with the Master Settlement Agreement Complementary Act,

including, but not limited to, a list by brand families of the total number of cigarettes, or in the case of roll-your-own tobacco, the equivalent stick count, for which the stamping agent affixed stamps during the previous calendar month or otherwise paid the tax due for such cigarettes. The stamping agent shall maintain, and make available to the Oklahoma Tax Commission and the Attorney General, all invoices and documentation of sales of all nonparticipating manufacturer cigarettes and any other information relied upon in reporting to the Oklahoma Tax Commission for a period of five (5) years.

B. The Oklahoma Tax Commission may disclose to the Attorney General any information received under the Master Settlement Agreement Complementary Act and requested by the Attorney General for purposes of determining compliance with and enforcing the provisions of the act. The Oklahoma Tax Commission and Attorney General shall share with each other the information received under the Master Settlement Agreement Complementary Act and may share the information with other federal, state, or local agencies only for purposes of enforcement or litigation of the act, the provisions of Sections 600.21 through 600.23 of Title 37 of the Oklahoma Statutes, corresponding laws of other states, and the Master Settlement Agreement.

C. The Attorney General may require at any time from a nonparticipating manufacturer proof, from the financial institution in which the nonparticipating manufacturer has established a qualified escrow fund for the purpose of compliance with the provisions of Sections 600.21 through 600.23 of Title 37 of the Oklahoma Statutes, of the amount of money in the fund, exclusive of interest, the amount and date of each deposit to the fund, and the amount and date of each withdrawal from the fund.

D. In addition to the information required to be submitted pursuant to the Oklahoma Tax Commission, the Attorney General may require a stamping agent or tobacco product manufacturer to submit any additional information including, but not limited to, samples of the packaging or labeling of each brand family, and proof of compliance with laws and regulations regarding the manufacture, labeling, importation, and exportation of cigarettes, as is necessary to enable the Attorney General to determine whether a tobacco product manufacturer is in compliance with the Master Settlement Agreement Complementary Act. The Oklahoma Tax Commission and the Attorney General may require production of information sufficient to enable the Attorney General to determine the adequacy of the amount of the installment deposit.

E. To promote compliance with the Master Settlement Agreement Complementary Act, the Oklahoma Tax Commission, at the request of the Attorney General, may promulgate rules requiring a tobacco product manufacturer subject to the requirements of paragraph 2 of

subsection A of Section 600.23 of Title 37 of the Oklahoma Statutes to make the escrow deposits required in quarterly installments during the year in which the sales covered by the deposits are made. Added by Laws 2004, c. 266, § 6, emerg. eff. May 6, 2004.

§68-360.7. Violations - Revocation or suspension of license - Civil penalties - Contraband - Seizure and forfeiture - Injunction.

A. In addition to or in lieu of any other civil or criminal remedy provided by law, upon a determination that a stamping agent has violated Section 360.6 of this title or any rule promulgated pursuant to the Master Settlement Agreement Complementary Act, the Oklahoma Tax Commission may revoke or suspend the license of the stamping agent. Each stamp affixed and each sale or offer to sell cigarettes in violation of the Master Settlement Agreement Complementary Act shall constitute a separate violation. For each violation, the Oklahoma Tax Commission may also impose a civil penalty in an amount not to exceed the greater of five hundred percent (500%) of the retail value of the cigarettes or Five Thousand Dollars (\$5,000.00) upon a determination of violation of the Master Settlement Agreement Complementary Act or any rules promulgated pursuant thereto.

B. Any cigarettes that have been sold, offered for sale, or possessed for sale in this state or imported for personal consumption in this state, in violation of the Master Settlement Agreement Complementary Act, shall be deemed contraband pursuant to the Master Settlement Agreement Complementary Act. Those cigarettes shall be subject to seizure and forfeiture as provided by this section and all cigarettes so seized and forfeited shall be destroyed as provided by this section and not resold.

C. 1. Cigarettes or tobacco product distributors and wholesalers licensed by the Oklahoma Tax Commission, pursuant to Section 304 or 415 of this title, who also distribute cigarettes in a state bordering Oklahoma may store in their Oklahoma warehouse cigarettes made contraband under this section if, and only if, they have the tax stamp of another state affixed to each package of cigarettes.

2. Cigarettes or roll-your-own tobacco products made contraband pursuant to this section, without being subject to seizure or forfeiture, may be transported in, into, or through the state either:

- a. on a commercial carrier with a proper bill of lading with an out-of-state destination,
- b. when the tax stamp of another state is affixed to each pack of cigarettes or tobacco product transported, or
- c. on a commercial carrier with a proper bill of lading to a tobacco product distributor or wholesaler licensed by the Oklahoma Tax Commission, pursuant to

Section 304 or 415 of this title, who also distributes cigarettes in a state bordering Oklahoma if, and only if, the packing slip accompanying the shipment indicates the shipment is for sale in another state and indicates which state, and the invoice for the shipment also indicates the shipment is for sale in a state other than Oklahoma and identifies the state in which the shipment is to be sold. The time of delivery of the shipments shall be indicated on the bill of lading of the common carrier when delivery is completed. The receiving Oklahoma distributor or wholesaler must, within twenty-four (24) hours of receiving the delivery, affix or cause to be affixed to each package of cigarettes the stamp of the state in which they are to be sold.

3. All such cigarettes and tobacco products so seized shall first be listed and appraised by the officer making such seizure and turned over to the Tax Commission and a receipt therefor taken. The person making such seizure shall immediately make and file a written report thereof, showing the name of the person making such seizure, the place where and the person from whom such property was seized, and an inventory and appraisal thereof, at the usual and ordinary retail price of such articles received, to the Tax Commission, and the Attorney General, in the case of cigarettes stamped, sold, offered for sale, or imported into this state in violation of the provisions of Section 305.1 of this title and tobacco made contraband by this section. Within sixty (60) days of seizure, the person from whom the property was seized may file a request for hearing with the Tax Commission or the Attorney General to show why the seized property should not be forfeited and destroyed. If a hearing is requested, the owner of the cigarettes and tobacco products shall be given at least ten (10) days' notice of the hearing. If no request for hearing is filed within the time provided, the property seized will be forfeited and destroyed.

4. Any and all vehicles and property so seized shall be listed and appraised by the officer making the seizure and turned over to the county sheriff of the county in which the seizure is made and a receipt therefor taken. The person making the seizure shall immediately make a written report of the seizure, showing the name of the person making the seizure, the location of the seizure, the person from whom the property was seized, and an inventory and appraisal of the property at the usual and ordinary retail price of the articles received. The report shall be filed with the Oklahoma Tax Commission and the Attorney General. 1. It was not listed in the Oklahoma Tobacco Directory, hereinafter referred to as the Directory, during the four (4) consecutive calendar quarters preceding its application to be on the Directory;

2. It had been previously listed in the Directory, but was involuntarily removed or denied recertification for noncompliance with the Master Settlement Agreement Complementary Act or the Prevention of Youth Access to Tobacco Act, unless the removal was determined to have been erroneous or illegal; or

3. The Attorney General reasonably determines that the nonparticipating manufacturer who has filed a certification pursuant to Section 360.4 of this title poses an elevated risk for noncompliance with the Master Settlement Agreement Complementary Act or with the Prevention of Youth Access to Tobacco Act. A reasonable risk of noncompliance with this section or the Prevention of Youth Access to Tobacco Act includes, but is not limited to, the following circumstances and a nonparticipating manufacturer shall be deemed to pose an elevated risk for noncompliance if:

- a. any state has removed the manufacturer or its brand or brand families or an affiliate or any of the affiliate's brands or brand families from the tobacco directory of the state or placed the manufacturer or its brand or brand families or an affiliate or any of the affiliate's brands on a list of noncompliant companies, brands or brand families for noncompliance with the state law at any time during the calendar year or within the past five (5) consecutive calendar years, unless it submits proof that its brands, or the brands of an affiliate were erroneously or illegally removed from a tobacco directory of a state,
- b. any state, or the federal government, has filed litigation against or has an unsatisfied judgment against the manufacturer or any affiliate thereof for escrow or for penalties, costs, or attorney fees related to noncompliance with state escrow laws or complementary legislation, or
- c. the nonparticipating manufacturer or any affiliate has been charged, entered a plea or has been convicted of violating the Contraband Cigarette Trafficking Act, the Jenkins Act or the PACT Act.

B. For purposes of this section, an affiliate is an entity or individual that either controls or is controlled by the nonparticipating manufacturer, regardless of whether the control being exercised is direct or indirect.

2. The manufacturer and importer, if any, have:

- a. registered to do business within the state with the Secretary of State,
- b. maintained a registered service agent within the State of Oklahoma, and
- c. agreed that the Secretary of State will act as service agent if the registered service agent dies, resigns or otherwise is unavailable to accept service on behalf of the nonparticipating manufacturer or importer; and

3. The manufacturer and importer, if any, consent to be sued in the district courts of the State of Oklahoma for purposes of the state enforcing any provision of the Prevention of Youth Access to Tobacco Act, the Master Settlement Agreement Complementary Act and Oklahoma cigarette excise tax statutes.

D. The bond shall be posted by corporate surety located within the United States in an amount equal to the greater of Fifty Thousand Dollars (\$50,000.00) or fifty percent (50%) of the required escrow that the manufacturer in either its current or predecessor form was required to deposit as a result of its sales in Oklahoma during the last full calendar year it was listed in the Directory. The bond shall be written in favor of the State of Oklahoma and shall be conditioned on the performance by the nonparticipating manufacturer, or its United States importer that undertakes joint and several liability for the performance of the manufacturer in accordance with Section 360.5-1 of this title, of all of its duties and obligations under the Prevention of Youth Access to Tobacco Act and the Master Settlement Agreement Complementary Act during the year in which the certification is filed and the next succeeding calendar year.

E. Any manufacturer or importer required to post a bond in accordance with this section shall do so for three (3) consecutive years, or longer if the Attorney General determines the manufacturer or importer poses an elevated risk at the end of the three-year period.

F. If a nonparticipating manufacturer fails to make or have made in its behalf deposits equal to the full amount owed for a

quarter within fifteen (15) days of the due date of the quarter, the State of Oklahoma may execute on the bond in the amount of the remaining escrow deposit due. Escrow amounts collected from the bond shall be used to reduce the amount of escrow due from and penalties assessed against that nonparticipating manufacturer and unpaid escrow that exceeds the amount covered by the bond remains due from the nonparticipating manufacturer and any importer that is jointly and severally liable for its cigarette sales into the state.

G. In addition to the grounds contained in paragraph 3 of subsection B of Section 360.4 of this title, the Attorney General has the authority to not retain or not to include in the Directory any nonparticipating manufacturer, its brands and brand families if the manufacturer:

1. Does not certify it is subject to, without any immunity, the Master Settlement Agreement Complementary Act and the Prevention of Youth Access to Tobacco Act;

2. Fails to disclose that a state or the federal government has brought an action in compliance with any state or federal law, regulating the sale and or distribution of tobacco products, including the escrow statute of another state; or

§68-500.1. Short title.

Sections 1 through 63 of this act shall be known and may be cited as the "Motor Fuel Tax Code".

Added by Laws 1996, c. 345, § 1, eff. Oct. 1, 1996.

§68-500.2. Legislative intent and purpose.

A. It is the intent of this act to amend, revise, incorporate and recodify established revenue raising procedures applied to motor fuels for the construction and maintenance of safe public highways and bridges in this state. It is the intent of the Legislature that the taxes imposed on motor fuel have always been and continue to be declared and conclusively presumed to be a direct tax on the ultimate or retail consumer. When the taxes are paid by any person other than the ultimate or retail consumer, the payment shall be considered as precollected and as an advance payment for the purpose of convenience and facility to the consumer and shall thereafter be added to the price of the motor fuel and recovered from the ultimate or retail consumer, regardless of where or how the taxable fuel is ultimately consumed.

B. In order to promote and protect the public safety, health and welfare of this state, it is also the intent of this act to establish a modern, efficient and effective motor fuel tax collection and enforcement system adequate to substantially deter motor fuel tax evasion emanating from sources within and outside this state. In order to achieve the purpose and intent of this act, the Legislature finds it necessary to increase conformity with federal law concerning the imposition of tax on motor fuels and increased reliance on highway enforcement systems. This act is intended to conform the method in this state of imposing an excise tax on motor fuel with the method imposed in the Internal Revenue Code and the regulations issued pursuant thereto.

C. It is also the intent of the Legislature that the recodification of the tax levied by this act shall not be considered and construed to be a new tax or change in the motor fuel tax, but a clarification of the motor fuel tax as it existed prior to the effective date of this act. The purpose of this recodification is a result of the interpretation of the motor fuel tax code of this state by the federal courts, specifically the decision by the Supreme Court of the United States in "Oklahoma Tax Commission v. Chickasaw Nation", 115 S. Ct. 2214 (1995).

Added by Laws 1996, c. 345, § 2, eff. Oct. 1, 1996.

- d. the name and address of the ultimate vendor from whom the motor fuel was purchased,

- e. the federal employer identification number of the purchasing entity, and
- f. a statement that the purchasing entity understands that the fraudulent use of the certificate to obtain fuel without paying the tax levied pursuant to Section 500.1 et seq. of this title shall result in the purchaser paying the tax, with penalties and interest, as well as such other penalties provided in Section 500.1 et seq. of this title;

2. The ultimate vendor, having obtained from the purchasing entity the certificate, which the ultimate vendor shall retain for a period of not less than three (3) years, shall execute an ultimate vendor certificate which shall contain the following information:

- a. the name and address of the ultimate vendor,
- b. the federal employment identification number of the ultimate vendor,
- c. the quantity of motor fuel sold and the date of the sale,
- d. a certification that the ultimate vendor sold motor fuel to the purchasing entity for the exempt purpose,
- e. that the ultimate vendor has the necessary records to support the sale of the motor fuel, and
- f. that the ultimate vendor understands and agrees that the fraudulent use of the certificate to obtain fuel without paying the tax levied pursuant to Section 500.1 et seq. of this title, or paying a refund of the tax, whether for the ultimate vendor or others, shall result in the payment of the tax by the ultimate vendor, with penalties and interest, as well as such other penalties provided in Section 500.1 et seq. of this title;

3. The ultimate vendor shall give the executed ultimate vendor certificate to the supplier who, having made reasonable commercial inquiries into the accuracy of the information in the certificate, shall be eligible to claim a credit against the tax liability on the ensuing monthly report of the supplier. As a condition of obtaining the credit, the supplier shall credit or refund the tax to the ultimate vendor who made the sale to the purchasing entity. If there is an intermediate vendor, or vendors, in the distribution chain between the supplier and the ultimate vendor, each vendor shall endorse the certificate, subject to rules promulgated by the Oklahoma Tax Commission, and transmit the certificate to the supplier and remit the credit, once received, to the customer of the intermediate vendor. The supplier and all vendors, if they accept the certificate in good faith and make a reasonable inquiry as to the accuracy of the information contained in the certificate, shall

be held harmless if the purchasing entity has made a fraudulent claim; and

4. If the sale of motor fuel to the purchasing entity occurs at a fixed retail pump available to the general public, the ultimate vendor, having made the sale to the purchasing entity without the tax, may apply for a refund from the Tax Commission by submitting the application and supporting documentation as the Tax Commission shall reasonably prescribe by regulation. However, if the purchase is charged to a fleet or government fueling credit card, or to an oil company credit card issued to the purchasing entity, the ultimate vendor may bill the purchasing entity without the tax and seek a refund, or utilize the provisions of paragraph 1, 2, or 3 of this section if the issuer of the card is a supplier.

as to which the tax imposed by this act had been previously paid and no refund previously issued.

1. A supplier or tank wagon importer shall take a deduction against motor fuel shown on the monthly report for those gallons of diesel fuel removed from a terminal or refinery destined for delivery to a point in this state as shown on the shipping papers, as to which dye was added in a manner which conforms to federal requirements established by the Internal Revenue Code and regulations issued thereunder; or

2. An importer shall take a deduction against tax owed under Section 18 of this act for dyed diesel fuel if such diesel fuel would have met the requirements of paragraph 1 of this section.

§68-500.16. Procedures for claiming refund - Investigations - Credit in lieu of refund.

The claim shall not be transferred or assigned and shall be filed not more than three (3) years after the date the motor fuel was purchased. The statement shall show that payment for the purchase has been made and the amount of tax paid on the purchase has been remitted.

B. The Commission may make any investigations it considers necessary before refunding the motor fuel tax to a person and may

investigate a refund after the refund has been issued and within the time frame for making adjustments to the tax under this act.

C. In any case where a refund would be payable to a supplier under this act, the supplier may claim a credit in lieu of such refund.

Added by Laws 1996, c. 345, § 16, eff. Oct. 1, 1996.

§68-500.17. Interest on refund.

§68-500.18. Payment of tax by licensed occasional importers and licensed bonded importers.

Except as otherwise provided in the Motor Fuel Tax Code, the tax imposed by Sections 500.4 and 500.4B of this title on motor fuel measured by gallons imported from another state shall be paid by the:

1. Licensed occasional importer who has imported the nonexempt motor fuel within three (3) business days of the earlier of the time that the nonexempt motor fuel was entered into the state, or the time that a valid import verification number required by subsection F of Section 500.33 of this title was assigned by the Commission, under such rules and procedures as the Commission may provide; or

2. Licensed bonded importer who has imported the nonexempt motor fuel during a month on or before the twentieth day of the following month unless such day falls upon a weekend or state or banking holiday, in which case the liability would be due the next succeeding business day.

However, if the supplier has made a blanket election to precollect tax under Section 500.19 of this title, then the supplier shall become jointly liable with the importer for the tax and shall remit the tax to the Commission on behalf of the importer under the same terms as a supplier payment under Section 500.20 of this title, and no import verification number shall be required.

Added by Laws 1996, c. 345, § 18, eff. Oct. 1, 1996. Amended by Laws 2019, c. 169, § 1, eff. Nov. 1, 2019.

§68-500.19. Election regarding fuel removals from out-of-state terminals.

A. Any licensed supplier or licensed permissive supplier may make a blanket election with the Commission to treat all removals from all of its out-of-state terminals with a destination in this state as shown on the terminal-issued shipping paper as if the

removals were removed across the rack by the supplier from a terminal in this state for all purposes.

B. The election provided by this section shall be made by filing a "notice of election" with the Commission.

C. The Commission shall release a list of electing suppliers under this section upon request by any person.

D. The absence of an election by a supplier under this section shall in no way relieve the supplier of responsibility for remitting the tax imposed by this act upon the removal from an out-of-state terminal for import into this state by the supplier.

E. Any supplier which makes the election provided by this section shall precollect the tax imposed by this act on all removals from a qualified terminal on its account as a position holder, or as a person receiving fuel from a position holder pursuant to a two-party exchange agreement without regard to the license status of the person acquiring the fuel from the supplier, except deliveries from out-of-state terminals to licensed bonded importers, the point or terms of sale, or the character of delivery.

F. Each supplier who elects to precollect tax under this act agrees to waive any defense that the state lacks jurisdiction to require collection on all out-of-state sales by such person as to which the person had knowledge that the shipments were destined for this state and that this state imposes the requirement pursuant to this subsection under its general police powers to regulate the movement of motor fuels.

G. Each supplier who elects to precollect tax pursuant to this act shall not be subject to any civil penalties or interest imposed pursuant to this act for any corrections resulting from a diversion of the motor fuel from the original destination as represented by the purchaser or the agent of the purchaser. However, the supplier and exporter under this subsection may, by mutual agreement, permit the supplier to assume the liability of the exporter and adjust the taxes of the exporter payable to the supplier.

Added by Laws 1996, c. 345, § 19, eff. Oct. 1, 1996.

B. The supplier, and each reseller, shall list the amount of tax as a separate line item on all invoices or billings.

C. All tax to be paid by a supplier with respect to gallons removed on the account of the supplier during a calendar month shall be due and payable on or before the twentieth day of the following

month unless such day falls upon a weekend or state or banking holiday in which case the liability would be due the next succeeding business day.

D. A supplier shall remit any late taxes remitted to the supplier by an eligible purchaser and shall timely notify the Commission of any late remittances if that supplier has previously given notice to the Commission of an uncollectible tax amount pursuant to subsection B of Section 500.24 of this title. For the purposes of reporting a payment received on previously claimed uncollectible taxes, any payments made to a supplier on a debt or account shall be applied first proportionally to the gallons sold and the tax thereon, and secondly to interest, service charges, and any other charges.

Added by Laws 1996, c. 345, § 20, eff. Oct. 1, 1996. Amended by Laws 2003, c. 472, § 9; Laws 2019, c. 169, § 2, eff. Nov. 1, 2019.

1. The supplier, with respect to the motor fuel, is a person other than the terminal operator and is not a licensed supplier. However, the terminal operator shall be relieved of liability if the terminal operator establishes all of the following:

- a. the terminal operator has a valid terminal operator's license issued for the facility from which the motor fuel is withdrawn,
- b. the terminal operator has an unexpired notification certificate from the supplier as required by the Commission or the Internal Revenue Service, and
- c. the terminal operator has no reason to believe that any information on the certificate is false; or

2. In connection with the removal of diesel fuel that is not dyed and marked in accordance with Internal Revenue Service requirements, the terminal operator provides any person with any bill of lading, shipping paper, or similar document indicating that the diesel fuel is dyed and marked in accordance with Internal Revenue Service requirements.

Added by Laws 1996, c. 345, § 21, eff. Oct. 1, 1996.

§68-500.22. Election by eligible purchasers to defer motor fuel tax remittances.

Each supplier and bonded importer who sells motor fuel shall precollect and remit on behalf of and from the purchaser the motor fuel tax imposed under Section 500.4 of this title. At the election

of an eligible purchaser, which notice shall be evidenced by a written statement from the Commission as to the purchaser eligibility status as determined under Section 500.23 of this title, the seller shall not require a payment of motor fuel tax on transport truck loads from the purchaser sooner than two (2) business days prior to the date on which the tax is required to be remitted by the supplier or bonded importer under Section 500.20 of this title. This election shall be subject to a condition that the remittances by the eligible purchaser of all amounts of tax due the seller shall be paid on the basis of:

A. Each purchaser that desires to make an election under Section 500.22 of this title shall submit a request to the Oklahoma Tax Commission for approval, setting forth such information as the Tax Commission may require.

B. The Tax Commission may require a purchaser which pays the tax to a supplier to file with the Tax Commission a surety bond payable to the state, upon which the purchaser is the obligor or other financial security, in an amount satisfactory to the Tax Commission. The Tax Commission may require that the bond indemnify the Tax Commission against uncollectible tax credits claimed by the supplier under Section 500.24 of this title.

C. The Tax Commission shall have the authority to rescind a purchaser's eligibility and election to defer motor fuel tax remittances after a hearing and upon a showing of good cause, including failure to make timely tax-deferred payment of tax to a supplier under Section 500.22 of this title, by sending written notice to all suppliers or publishing notice of the revocation pursuant to regulations. The Tax Commission may require further assurance of the financial responsibility of the purchaser, or may

increase the bond requirement for that purchaser, or any other action that the Tax Commission may require to ensure remittance of the motor fuel tax. The Tax Commission shall follow the cancellation procedures as provided in Section 212 of this title in rescinding eligible purchaser status.

Added by Laws 1996, c. 345, § 23, eff. Oct. 1, 1996. Amended by Laws 2005, c. 479, § 9, eff. July 1, 2005.

B. The supplier shall provide notice to the Commission of a failure to collect tax within ten (10) business days following the date on which the supplier was earliest entitled to collect the tax from the eligible purchaser under Section 22 of this act.

C. The Commission shall adopt rules establishing the evidence a supplier must provide to receive the credit.

D. The credit shall be claimed on the first return following the expiration of the ten-day period as provided in this section if the payment remains unpaid as of the filing date of that return or the credit shall be disallowed.

E. The claim for credit shall identify the defaulting eligible purchaser and any tax liability that remains unpaid.

F. If an eligible purchaser fails to make a timely payment of the amount of tax due, the credit of the supplier shall be limited to the amount due from the purchaser, plus any tax that accrues from that purchaser for a period of ten (10) days following the date of failure to pay.

G. No additional credit shall be allowed to a supplier under this section until the Commission has authorized the purchaser to make a new election under Section 23 of this act.

However, a supplier may take a credit for diversions directed by that supplier for the account of the supplier. Additionally, the exporter may, by mutual agreement with the supplier, assign the claim of the exporter to the supplier for which the supplier may take a credit.

- c. comply with the payment requirements under Section 500.18 of this title, whichever is applicable.

5. The importers' licenses issued pursuant to this section shall be specific to each source of supply state, and in the event that the other terminal source of supply state shall have adopted reciprocal legislation, or a multi-state compact, providing for collection of destination state tax by the terminal supplier in accordance with terminal-issued shipping papers designating the intended state of destination, then the importer shall be ineligible for a license to import motor fuel outside the bulk transfer system from the other state, and any license to so import from the other state shall be rendered invalid.

G. Each person who is an importer of motor fuel into this state by a tank wagon operating out of or controlling a bulk plant in another state, if the destination of that tank wagon is within twenty-five (25) miles of the border of this state, shall make application for and obtain a license from the Commission prior to engaging in such importation activities. However, registration as a tank wagon operator-importer shall not constitute authorization of such persons to acquire nonexempt motor fuel free of the tax imposed by this act at a terminal either within this state or without this state for direct delivery to a location in this state. Any person who possesses a valid importer's license shall be eligible as a tank wagon operator-importer without issuance of a separate license provided the importer also operates one or more bulk plants outside this state. Operators of a tank wagon delivering a product into this state more than twenty-five (25) miles from the border shall be required to apply for an importer's license under subsection F of this section.

H. 1. Each person who engages in the business of selling motor fuel, compressed natural gas, or liquefied natural gas at wholesale or retail, or storing or distributing motor fuel, compressed natural gas, or liquefied natural gas for resale within this state, shall first obtain a fuel vendor license which shall be operative for all locations controlled or operated by that licensee in this state or in any other state from which the person removes fuel for delivery and use in this state.

2. Each fuel vendor shall maintain detailed records of all purchases and sales for a period of not less than three (3) years.

3. All fuel vendor records shall be maintained in English and Arabic numerals or language acceptable to electronic formats.

4. The Commission may, in its discretion, exempt from paragraph 1 of this subsection any or all classes of persons who possess a valid supplier, terminal operator, carrier, importer, tank wagon operator or exporter license.

§68-500.34. License application process.

A. Each application for a license under this act shall be made upon a form prepared and furnished by the Commission. It shall be subscribed to by the applicant and shall contain the information as the Commission may reasonably require for the administration of this act, including the applicant's federal identification number and, with respect to the applicant for an exporter's license, a copy of the applicant's license to purchase or handle motor fuel tax free in the specified destination state or states for which the export license is to be issued.

B. The Commission shall investigate each applicant for a license under this act. No license shall be issued if the Commission determines that any one of the following exists:

1. The application is not filed in good faith;
2. The applicant is not the real party in interest;
3. The license of the real party in interest has been revoked for cause;
4. Any good cause the Commission may determine;
5. With respect to an exporter's license, the applicant is not licensed in the intended specific state(s) of destination; or
6. The applicant has a prior conviction for motor fuel tax evasion.

C. Applicants, including corporate officers, partners, and individuals, for a license issued by the Commission may be required to submit their fingerprints to the Commission at the time of applying. Officers of publicly held corporations and their subsidiaries shall be exempt from this fingerprinting provision. Persons, other than applicants for an importer's license, who possessed licenses issued under a predecessor statute continuously for three (3) years prior to the effective date of this act shall also be exempt from this provision. Fingerprints required by this section must be submitted on forms prescribed by the Commission. The Commission may forward to the Federal Bureau of Investigation or any other agency for processing all fingerprints submitted by license applicants. The receiving agency shall issue its findings to the Commission. The Commission, or another state agency, may maintain a file of fingerprints.

§68-500.35. Bond - Alternative proof of financial responsibility - Qualifications of bond - Financial statements and inquiry - New bond required - Release of existing bond.

A. 1. Terminal operators shall be required to post a bond of not less than three (3) months potential tax liability based on the number of gallons handled as estimated by the Commission, but in no event shall the bond be more than Five Hundred Thousand Dollars (\$500,000.00).

2. Exporters shall be required to post a bond of not less than three (3) months potential tax liability based on the number of gallons handled as estimated by the Commission, but in no event shall the bond be more than One Million Dollars (\$1,000,000.00).

3. Transporters shall be required to post a bond of not less than three (3) months potential tax liability based on the number of gallons handled as estimated by the Commission, but in no event shall the bond be more than One Hundred Thousand Dollars (\$100,000.00).

4. Tank wagon importers shall be required to post a bond of not less than three (3) months potential tax liability based on the number of gallons handled as estimated by the Commission, but in no event shall the bond be more than Fifty Thousand Dollars (\$50,000.00).

B. Suppliers and bonded importers shall be required to post a bond of not less than three (3) months potential tax liability based on the number of gallons handled as estimated by the Commission, but in no event shall the bond be less than One Hundred Thousand Dollars (\$100,000.00) nor more than Two Million Dollars (\$2,000,000.00). An applicant may alternatively show proof of financial responsibility in the following amounts in lieu of posting of bond or in lieu of posting of the full amount of bond, which shall constitute evidence of financial responsibility in the absence of circumstances indicating the Commission is otherwise at risk with respect to collection of taxes from the applicant:

1. Proof of Five Million Dollars (\$5,000,000.00) net worth shall constitute evidence of financial responsibility in lieu of posting of bond;

2. Proof of Two Million Five Hundred Thousand Dollars (\$2,500,000.00) net worth shall constitute financial responsibility in lieu of posting one-half (1/2) of the bond; and

3. Proof of One Million Two Hundred Fifty Thousand Dollars (\$1,250,000.00) net worth shall constitute financial responsibility in lieu of posting one-fourth (1/4) of the bond.

C. If the applicant files a bond, the bond shall:

1. Be with a surety company approved by the Commission which may be an affiliate in the business of assuring such obligations;

2. Name the applicant as the principal and the state as the obliged; and

3. Be on forms prescribed by the Commission.

D. The Commission may, at the reasonable discretion of the Commission, require a licensee, or an applicant, to furnish current

verified, financial statements. The Commission may make independent inquiry into the financial condition of the applicant and, in any case, is not required to accept as accurate financial statements which have not been certified or independently audited. If the Commission determines that a financial condition of a licensee warrants an increase in the bond or cash deposit, the Commission may require the licensee to furnish an increased bond or cash deposit.

E. 1. The Commission may require a licensee to file a new bond with a satisfactory surety in the same form and amount if:

- a. liability upon the previous bond is discharged or reduced by a judgment rendered, payment made, or otherwise disposed of, or
- b. in the opinion of the Commission, any surety on the previous bond becomes unsatisfactory.

If the new bond is unsatisfactory, the Commission shall cancel the license. If the new bond is satisfactorily furnished, the Commission shall release in writing the surety on the previous bond from any liability accruing after the effective date of the new bond.

2. If a licensee has a cash deposit with the Commission and the deposit is reduced by a judgment rendered, payment made, or otherwise disposed of, the Commission may require the licensee to make a new deposit equal to the amount of the reduction.

F. 1. If the Commission reasonably determines that the amount of the existing bond or cash deposit is insufficient to ensure payment to the state of the tax and any penalty and interest for which the licensee is or may become liable, the licensee shall, upon written demand of the Commission, file a new bond or increase the cash deposit. The Commission shall allow the licensee at least fifteen (15) days to secure the increased bond or cash deposit.

2. The new bond or cash deposit shall meet the requirements set forth in this act.

3. If the new bond or cash deposit required under this section is unsatisfactory, the Commission shall cancel the license.

G. 1. Sixty (60) days after making a written request for release to the Commission, the surety of a bond furnished by a licensee shall be released from any liability to the state accruing on the bond after the sixty-day period. The release does not affect any liability accruing before the expiration of the sixty-day period.

2. The Commission shall promptly notify the licensee furnishing the bond that a release has been requested. Unless the licensee obtains a new bond that meets the requirements of this act and files with the Commission the new bond within the sixty-day period, the Commission shall cancel the license.

3. Sixty (60) days after making a written request for release to the Commission, the cash deposit provided by a licensee shall be

canceled as security for any obligation accruing after the expiration of the sixty-day period. However, the Commission may retain all or part of the cash deposit for up to three (3) years and one (1) day as security for any obligations accruing before the effective date of the cancellation. Any part of the deposit not retained by the Commission shall be released to the licensee. Before the expiration of the sixty-day period, the licensee shall provide the Commission with a bond that satisfies the requirements of this act or the Commission shall cancel the license.

4. Any licensee who has filed a bond or other security under this act is entitled, on request, to have the Commission return, refund, or release the bond or security if, in the judgment of the Commission, the licensee has continuously complied with the provisions of this act for the previous three (3) consecutive years. However, if the Commission determines that the revenues of the state would be jeopardized by the return, refund or release of bond or security, the Commission may elect to retain the bond or security, or having released such, may reimpose a requirement for bond or security to protect the revenues of this state. The decision of the Commission to not release a bond or security may be reviewed, after application by the licensee, pursuant to the Administrative Procedures Act.

H. In the event any applicant for a license applies for more than one license pursuant to this act, the applicant shall not be required to post a bond for each license, but shall be required to post the bond for the license which requires the greatest amount of bond.

Added by Laws 1996, c. 345, § 35, eff. Oct. 1, 1996.

§68-500.36. Issuance of licenses - Duration - Nontransferability - Display - Surrender - Notice of discontinuance, sale or transfer of business.

A. If the applicant and bond are approved, the Commission shall issue a license and as many copies as the licensee has places of business for which a license is required.

B. A license is valid until suspended, revoked for cause, or canceled.

C. No license is transferable to another person or to another place of business. For purposes of this section, a transfer of a majority interest in a business association, other than a publicly held association, including corporations, partnerships, trusts, joint ventures and any other business association shall be deemed to be a transfer of any license held by the business association to another person. Any substantial change in ownership of a business association, other than a publicly held business association, shall be reported to the Commission pursuant to rules promulgated by the Commission.

D. Each license shall be preserved and conspicuously displayed at the place of business for which it is issued. The Commission shall have authority to waive this requirement for any class of licensee in its discretion.

E. Upon the discontinuance or relocation of the business, the license issued for the location shall be immediately surrendered to the Commission.

F. Whenever any person licensed to do business under this act discontinues, sells, or transfers the business, the licensee shall immediately notify the Commission in writing of the discontinuance, sale, or transfer. The notice shall give the date of discontinuance, sale, or transfer and in the event of the sale or transfer of the business, the name and address of the purchaser or transferee. The licensee shall be liable for all taxes, interest, and penalties that accrue or may be owing and any criminal liability for misuse of the license that occurs prior to issuance of the notice.

Added by Laws 1996, c. 345, § 36, eff. Oct. 1, 1996.

§68-500.37. Supplier reports.

A. For the purpose of determining the amount of precollected motor fuel tax due, every supplier shall file with the Commission, on forms prescribed and furnished by the Commission, a verified statement. The Commission may require the reporting of any information reasonably necessary to determine the amount of precollected motor fuel tax due.

B. The reports required by this section shall be filed with respect to information for the preceding calendar month on or before the twenty-seventh day of the current month.

C. The supplier report required by this section shall include the following information with respect to billed gallons of motor fuel, for all products in the aggregate provided the supplier shall identify if billed gallon is net or gross:

10. Removal of gallons of diesel fuel or heating oil from a terminal in another state by the reporting supplier, for import or for sale for import into this state, as to which dye has been added in accordance with paragraph 16 of Section 10 of this act;

11. Total removals from out-of-state terminals with this state as the state of destination;

12. Corrections made by the supplier pursuant to Section 17 of this act for changes in destination state which affect the tax liability of the supplier or the customer of the supplier to this state; and

13. Such other information which the Commission in its discretion determines is reasonably required to determine tax liability under this act.

D. Every licensed supplier or permissive supplier shall separately disclose and identify, in a written statement to the Commission with the supplier or permissive supplier report, any removal and sale from the bulk transfer/terminal system in another state by that supplier to a person other than a licensed supplier, permissive supplier or importer of gallons of motor fuel, other than diesel fuel dyed in accordance with paragraph 16 of Section 10 of this act, and which gallons are destined for this state, as shown by the terminal-issued shipping paper, and as to which gallons the tax imposed by this act has not been collected or accrued by the supplier upon the removal. Any person who knowingly violates or knowingly aids or abets another to violate this provision shall be guilty of a misdemeanor and shall, upon conviction, be fined not more than One Thousand Dollars (\$1,000.00), or shall be sentenced to

4. Such other information with respect to the source and means of transportation of nonexempt motor fuel as the Commission in its discretion may require on forms prescribed and furnished by the Commission. However, the Commission may waive any portion or all of the reporting requirements if it determines that border states have adopted and implemented reciprocal terminal report requirements adequate to assure the Commission that it receives complete information in respect of motor fuel removed by and on behalf of suppliers from terminals in border states which is destined for this state.

B. Each licensed tank wagon importer shall file with the Commission by the twenty-fifth day of each month a verified sworn statement of operations within this state and such other information in respect of the source and means of transportation of nonexempt motor fuel as the Commission in its discretion may require on forms prescribed and furnished by the Commission.

C. A person who knowingly violates or knowingly aids and abets another to violate this section shall be guilty of a misdemeanor and shall, upon conviction, be fined not more than One Thousand Dollars (\$1,000.00), or shall be sentenced to a term of not more than one (1) year in the county jail, or shall be punishable by both such fine and imprisonment.

A terminal operator may manually prepare shipping papers if the terminal does not have the ability to prepare automated shipping papers or as a result of extraordinary unforeseen circumstances, including acts of God, which temporarily interfere with the ability of the terminal operator to issue automated machine-generated shipping papers. However, the terminal operator shall, prior to manually preparing the papers, provide, in the case of a terminal not having the ability to prepare automated shipping papers, written notice to the Commission, or in the case of extraordinary circumstances, telephonic notice to the Commission and obtain a service interruption authorization number which the employees of the terminal operator shall add to the manually prepared papers prior to removal of each effected transport load from the terminal. The service interruption authorization number shall be valid for use by the terminal operator for a period not to exceed twenty-four (24) hours. An operator of a bulk plant in this state shall not be required to identify net gallons on the shipping documents as provided by this section.

D. A terminal operator may load motor or diesel fuel, a portion of which fuel is destined for sale or use in this state and a portion of which fuel is destined for sale or use in another state or states. However, such split loads removed shall be documented by the terminal operator by issuing shipping papers designating the state of destination for each portion of the fuel.

- b. receives from the Commission a verification number authorizing the diversion, and
- c. writes on the shipping document the change in destination state and the verification number for the diversion;

4. Provide a copy of the shipping document to the distributor or other person who controls the facility to which the motor fuel is delivered;

5. Meet such other conditions as the Commission may reasonably require for the enforcement of this act.

The Commission shall provide by regulation for handwritten designations and alternative procedures for operators of tank wagons that have received motor fuel at a bulk plant for delivery within or without this state.

B. Every person transporting motor fuel in vehicles upon the public highways of this state shall provide the original or a copy of the terminal-issued shipping document accompanying the shipment to the operator of the retail outlet, bulk plant or bulk end user bulk storage facility to which delivery of the shipment was made.

C. Each operator of a motor fuel retail outlet, bulk plant or bulk end user bulk storage facility shall receive, examine, and retain for a period of thirty (30) days at the delivery location the terminal-issued shipping document received from the transporter for every shipment of motor fuel that is delivered to that location with record retention of the shipping paper of three (3) years required off-site. If the delivery location is an unattended location, the operator may retain the shipping documents at the normal billing address of the operator.

D. No retail dealer, bulk plant operator, wholesale distributor or bulk end user shall knowingly accept delivery of motor fuel into bulk storage facilities in this state if that delivery is not accompanied by a shipping paper issued by the terminal operator, or bulk plant operator as provided by regulations, that sets out on its face this state as the state of destination of the motor fuel or a diversion verification number pursuant to Section 46 of this act, and such other information as is required under Sections 49 and 50 of this act.

However, all fuel vendors and bulk purchasers of fuel shall make available to the Commission necessary records with respect to such transaction(s) which the Commission is attempting to verify during normal business hours at the physical location of the person in this state, or at the offices of the Commission if the location at which the records are located is outside of this state, within three (3) business days after request.

C. §68-500.63. Sale of motor fuels by Indian tribes.

A. The Legislature hereby finds:

1. Some Indian tribes within the State of Oklahoma are engaged in the retail sales of motor fuels at locations within their sovereign territories;

2. Both Indian tribes and the government of the State of Oklahoma impose motor fuel taxes;

3. By reason of the ruling of the United States Supreme Court in "Oklahoma Tax Commission v. Chickasaw Nation", 115 S.Ct. 2214 (1995), the State of Oklahoma does not now collect state motor fuel taxes on sales made by Indian tribes. The Legislature hereby acknowledges that, as a matter of federal law, the existing law of the state may not be used to levy or enforce taxes on certain sales of motor fuel made by Indian tribes;

4. It is mutually beneficial to the State of Oklahoma and the federally recognized Indian tribes of this state, exercising their sovereign powers, to enter into contracts as set forth in subsection B of this section, for the purpose of limiting litigation on the issue of state government taxation of motor fuel sales made by Indian tribes. It is in the interest of this state to resolve disputes between the state and federally recognized Indian tribes on this issue by entering into contracts under which the Indian tribes are in part compensated for any tribal motor fuel tax revenues the Indian tribes might lose by reason of the adoption and enforcement of this act. Such mutually beneficial agreements allow both the

State of Oklahoma and the Indian tribes to benefit from tax revenues from sales of motor fuel on Indian country.

B. In lieu of the refund procedure provided in subsection E of Section 14 of this act for the exemption provided for sales of motor fuels by an Indian tribe to its tribal members as provided in paragraph 10 of Section 10 of this act, an Indian tribe, on its behalf and on behalf of its members, may elect to enter into a contract with the State of Oklahoma as provided in subsection C of this section.

C. The State of Oklahoma hereby makes the following offer to all federally recognized Indian tribes within this state which, if accepted, will constitute a contract between this state and the accepting tribe or tribes:

1. The accepting tribe shall agree that it will not challenge the constitutionality of this act or the application of this act to motor fuel sales on Indian country in any court or tribunal and shall include all state motor fuel taxes and assessments in the price of its motor fuel sales, including but not limited to sales to tribal members on tribal land. The accepting tribe shall agree as a material term of its agreement to abide with all parts of this act in its entirety and shall agree not to procure, or attempt to procure, motor fuel for sale in Indian country on which the tax imposed by this act has not been precollected as provided for herein;

2. In consideration of this agreement by the tribe or tribes, the State of Oklahoma, through the Oklahoma Tax Commission, shall withhold a percentage of its motor fuel tax revenues, as specified in paragraph 3 of this subsection, which shall be apportioned quarterly to the accepting Indian tribes. The funds apportioned as provided herein are deemed to be in lieu of tribal tax revenues that the tribes would otherwise have collected on sales of motor fuels. The first such apportionment shall be made not later than February 1, 1997, which shall be for motor fuels taxes received by the Tax Commission during the last calendar quarter of 1996, and subsequent apportionments shall be made no later than thirty (30) days after the end of each calendar quarter thereafter. The first such apportionment shall be made to all tribes which have elected and accepted the terms of the contract specified in this subsection before October 1, 1996. Any tribe electing and accepting the terms of the contract specified in this subsection on or after October 1, 1996, shall be eligible to receive quarterly apportionments beginning with the calendar quarter following such election;

3. The percentage of state motor fuel tax and assessment revenues collected pursuant to the provisions of this act which shall be withheld monthly and apportioned quarterly to accepting Indian tribes shall be as follows:

- a. for the portion of the fiscal year beginning July 1, 1996, for which this act is effective, three percent (3%),
- b. for the fiscal year beginning July 1, 1997, four percent (4%), and
- c. for the fiscal year beginning July 1, 1998, and for each fiscal year thereafter, four and one-half percent (4 1/2%);

4. The funds withheld by the Oklahoma Tax Commission pursuant to paragraph 3 of this subsection shall be apportioned quarterly to each accepting Indian tribe as follows:

- a. each accepting Indian tribe shall receive a base quarterly sum of Six Thousand Two Hundred Fifty Dollars (\$6,250.00). If the gross state motor fuel tax revenues collected do not exceed One Hundred Million Dollars (\$100,000,000.00) in any fiscal year, the provisions of this subparagraph shall not be applicable,
- b. to those tribes who were engaged in the sales of motor fuels during the fourth calendar quarter of the calendar year 1996:
 - (1) for the fiscal year beginning July 1, 1996, an amount equal to ten cents (\$0.10) per gallon of motor fuels sold by such tribe during the fourth calendar quarter of 1996,
 - (2) for the fiscal year beginning July 1, 1997, an amount equal to eight cents (\$0.08) per gallon of motor fuels sold by such tribe during the fourth calendar quarter of 1996,
 - (3) for the fiscal year beginning July 1, 1998, an amount equal to six cents (\$0.06) per gallon of motor fuels sold by such tribe during the fourth calendar quarter of 1996,
 - (4) for the fiscal year beginning July 1, 1999, an amount equal to four cents (\$0.04) per gallon of motor fuels sold by such tribe during the fourth calendar quarter of 1996, and
 - (5) for the fiscal year beginning July 1, 2000, and thereafter for the duration of the contract, an amount equal to two cents (\$0.02) per gallon of motor fuels sold by such tribe during the fourth calendar quarter of 1996, and
- c. after determination of amounts to be apportioned pursuant to subparagraphs a and b of this paragraph, the remainder shall be apportioned according to the proportion the accepting Indian tribe's total Oklahoma

resident membership bears to the total Oklahoma tribal
resident membership of all accepting Indian tribes;

5. The funds withheld by the Oklahoma Tax Commission and apportioned quarterly pursuant to the provisions of this section shall be used by the accepting tribe exclusively for tribal government programs limited to highway and bridge construction, health, education, corrections, and law enforcement;

6. In the event, at any time during a calendar quarter, an accepting tribe selling motor fuel fails to procure, for whatever reason, motor fuel for sale in Indian country on which the tax imposed by this act has been precollected as provided in this act, or fails, for whatever reason, to include all state motor fuel taxes and assessments in the price of its motor fuels sales including, but not limited to, sales to tribal members on Indian country, the tribe shall not be eligible to receive an apportionment under this section for that calendar quarter. In such instances, the Tax Commission shall notify the tribe that its apportionment shall be withheld and the reasons therefor. The tribe shall have six (6) months from the date of issuance of the notice under this paragraph to file a legal action contesting the decision of the state to withhold its apportionment. The amount withheld from the tribe pursuant to the provisions of this paragraph shall not be apportioned and shall be withheld from all tribes until the expiration of the six-month limitation period and during the pendency of any legal action filed pursuant to this paragraph.

7. Each tribe shall provide to the Oklahoma Tax Commission an audit of its tribal membership or citizenship rolls certified by a certified public accountant showing the correct number of its respective tribal members by blood, excluding members of bands, tribal towns and other tribes or affiliates which may be included on its rolls but who are ineligible for tribal services and benefits. Only tribal members who reside within the State of Oklahoma shall be included in the audit. Citizens of tribal towns, bands of Indians and tribes who are also counted in the audits as members of another tribe participating in the contract provided for in this section and eligible to receive services from the tribe shall not be eligible to also participate under this section. Any tribal member who is also a member of another tribe may only be counted once for purposes of determining tribal membership. Those tribes who were engaged in the sales of motor fuels during the fourth calendar quarter of calendar year 1996 shall also provide certified audited reports on or before January 10, 1997, showing the quantity of motor fuels sold by them during that period. For all tribes electing to accept the terms of the contract specified in this subsection before October 1, 1996, the membership audit report shall be submitted on or before October 1, 1996, and not later than July 1 of each year thereafter. The information provided shall be the basis from which the Oklahoma Tax

Commission shall calculate the distribution of the funds withheld pursuant to the provisions of this section. The State of Oklahoma shall be absolved of any liability if the information submitted pursuant to the provisions of this section is not correct. If such information is not submitted by an accepting or participating tribe by October 1, 1996, or in subsequent years by July 1, the Tax Commission shall calculate the distribution of the funds on the basis of the information previously submitted by that tribe. Notwithstanding the provisions of Section 205 of Title 68 of the Oklahoma Statutes, copies of the audits and reports shall be made available to any requesting participating tribes;

8. Acceptance of the offer contained in this section shall be made in writing to the Oklahoma Tax Commission, signed by the chief executive officer of the tribal government, stating that the tribe accepts, without condition, the terms of this section, and for the sole purpose of resolving disputes arising out of a contract entered into pursuant to the provisions of this section, the tribe waives its immunity from suit and liability in state and federal court. In addition, proof of adoption of an ordinance or resolution by the governing body of the tribe accepting without condition the terms of this section, and an effective waiver of its immunity, as specified herein, shall be required. Notwithstanding the enactment of any future legislation on this topic, the term of the contract created by the acceptance of this offer shall extend through and include fiscal year 2016 and shall be renewed for successive ten-year terms unless a tribe notifies the State of Oklahoma of its intention not to participate further or the State of Oklahoma notifies the tribe of its intent not to participate further. Notification by the tribe shall be made in the same manner as required by this paragraph for acceptance of the offer to participate in the contract. Notification by the state shall be made by the Governor in writing to the tribe, and such notification shall be filed with the Secretary of State;

By entering into this proposed intergovernmental contractual relationship, neither the state nor the tribe has, in any way, caused the other's sovereignty to be diminished;

11. Members of accepting tribes shall not be individually eligible for the exemption provided in paragraph 10 of Section 10 of this act. Apportionment of funds to accepting tribes pursuant to the provisions of paragraph 4 of this subsection are in part in lieu

A tribe accepting the offer contained in this section agrees to hold the state harmless from suit by its individual tribal members and further agrees that, if a final judgment is rendered against the state pursuant to such a suit, that the tribe will reimburse the state for the amount of any such judgment paid and any costs incurred by the state pursuant to such suit. If a tribe fails to make such reimbursement within ninety (90) days of demand by the Oklahoma Tax Commission, the state shall withhold such amount from the apportionment of funds to the tribe pursuant to the provisions of paragraph 4 of this subsection; and

13. A tribe accepting the offer contained in this section agrees not to license or otherwise authorize an individual tribal member or other person or entity to make sales of motor fuel in violation of the terms of the contract.

§68-509.2. Exempt diesel fuel - Fuel used for purposes other than to operate motor vehicles on public highways.

A. The tax levied by this act shall not apply to diesel fuel used exclusively for purposes other than to operate motor vehicles on the public highways of this state. Provided that distributors shall execute on monthly reports, certification that the purchasers represented to the seller that the diesel fuel was to be used exclusively for purposes other than to operate motor vehicles on the public highways.

B. Every person, firm, corporation, partnership or limited liability company claiming an exemption under the provisions of this section shall first obtain an annual fuel tax exemption permit from

the Tax Commission by filing a verified application on a form furnished by the Tax Commission. Each fuel tax exemption permit holder must furnish a copy of the permit to a supplier prior to purchasing diesel fuel. Suppliers selling to permit holders must maintain a record of each sale to a permit holder and shall report the total gallons of tax-exempt diesel fuel sold during a calendar month on a form prescribed by the Tax Commission. Said form will include a listing of the total gallons sold to each permit holder, by name and exemption number. The supplier shall furnish each permit holder a copy of its tax-exempt sales for the calendar month. The supplier and permit holder shall maintain these records for three (3) years. Any supplier selling diesel fuel that is exempt under this section may deduct the number of gallons of such diesel fuel from the total gallonage required to be reported to the Tax Commission only if prescribed forms listing the tax-exempt sales are attached to the report required by the Tax Commission. A supplier shall not deduct from the required report the sale of diesel fuel made by any other distributor. All fuel tax exemption permits expire on the 30th day of June of each year and no exemption shall be allowed to the holder thereof after September 30 of that year. Provided, the Tax Commission may exempt such purchases after September 30 upon verifying that the fuel was actually used in accordance with the exemption provisions of this section.

C. Any person who places diesel fuel that was purchased under an exemption permit authorized by this section into the fuel tank of a motor vehicle for use in operating the motor vehicle on the public highways shall be liable for the taxes levied under Sections 502.1, 502.3, 502.5, 502.7 and 522.1 of this title. Further, the permit issued shall be subject to cancellation and if so canceled shall not be reissued for a period of at least one (1) year. Such person shall also be guilty of a misdemeanor and shall, upon conviction, be fined not more than One Thousand Dollars (\$1,000.00), or shall be sentenced to a term of not more than one (1) year in the county jail.

The Tax Commission shall conduct field audits and investigate the uses for which the holder of an off-road exemption permit has made of diesel fuel acquired by him under his permit. Upon a determination that the permit holder has improperly used the diesel fuel purchased, the Tax Commission shall issue a proposed assessment against the permit holder, in accordance with Section 221 of this title, for the diesel fuel taxes levied under this article.

D. The tax levied by Sections 502.1 and 522.1 of this title shall not apply to diesel fuel used exclusively in road machinery and equipment built for and being used on location in the construction, repair or maintenance of public highways, roads and bridges by road contractors and by counties, cities and towns of this state. However, this exemption shall not apply to automobiles

or truck-type vehicles such as dump trucks, flatbed trucks and pickup trucks.

E. The tax levied by Sections 502.1 and 522.1 of this title shall not apply to diesel fuel used exclusively in passenger motor buses or coaches, having a seating capacity of ten or more persons, when such fuel is purchased by and used exclusively in public transit systems operated by any county, city or town of this state, or by any public trust created under the laws of this state of which a county, city or town of this state is the sole beneficiary thereof. Provided this exemption shall be allowed only when supported by a certificate executed by such city or trust on forms prescribed and furnished by the Oklahoma Tax Commission.

F. The tax levied by Sections 502.1 and 522.1 of this title shall not apply to diesel fuel purchased by any county, city or town for use as fuel to propel motor vehicles on the public roads and highways of this state, when said vehicles are being operated for the sole benefit of said county, city or town; provided that if the diesel fuel is placed directly into the fuel supply tank or tanks of the motor vehicle by the supplier, certification must be made on the invoice and all such sales must be reported by the supplier on forms furnished by the Oklahoma Tax Commission.

§68-603. Levy of tax - Retention of portion for proper remission.

A. In consideration of the use of the highways of this state, and in addition to all other taxes levied for such purposes, all persons who import gasoline and diesel fuel into this state in the fuel supply tank or tanks of motor vehicles or in any other containers for use in propelling such vehicles on the highways for commercial purposes, shall report and pay to the Corporation Commission a tax for such use of the highways as provided in this section. The tax shall be levied and imposed as follows:

1. Gasoline: a tax equal to the rate otherwise applicable at the time under the Motor Fuel Tax Code upon a gallon of gasoline used or consumed in the state; and

2. Diesel fuel: a tax equal to the rate otherwise applicable at the time under the Motor Fuel Tax Code upon a gallon of diesel fuel used or consumed in the state.

The tax levied and imposed shall be measured and determined by the number of gallons of gasoline and diesel fuel so imported and actually used on the highways of this state. No gasoline or diesel fuel on which the tax levied by the Motor Fuel Tax Code has been paid to this state shall be used in computing the tax imposed by this section. In the event the tax levied by this section can be more accurately determined on a mileage basis, that is, by determining and using the total number of miles traveled in Oklahoma, or in case it is practicable to so determine the tax, the

Corporation Commission is authorized to accept and approve such basis.

B. Each person licensed pursuant to Section 607 of this title who properly remits the tax pursuant to this act shall be entitled to retain one and twenty-five one-hundredths percent (1.25%) of the tax imposed on gasoline by this section and remitted by that licensee and one and fifty-four one-hundredths percent (1.54%) of the tax imposed on diesel fuel by this section and remitted by the licensee to cover the costs of administration imposed by this act including record keeping, report filing, and remitting of the tax. The retention of a percentage of the tax permitted by this section shall not be allowed by a licensee if any report or the tax remittance is delinquent.

2. Any person operating a motor vehicle or combination of vehicles used, designed, or maintained for transportation of persons

or property, and a gross vehicle weight of less than twenty-six thousand (26,000) pounds;

3. Persons importing livestock and farm products in the raw state, including cotton, whether in the seed or ginned, and including cottonseed and baled hay, when such commodities are moved from farm to market, or from market to farm on a vehicle or on vehicles owned and operated by a bona fide farmer not engaged in motor vehicle transportation on a commercial scale;

4. Motor fuel or diesel fuel used in vehicles owned by the United States of America; and

5. Persons importing motor fuel/diesel fuel for use into this state having applied for and received a temporary fuel permit from the Corporation Commission.

The liability for the tax imposed by this article shall arise and accrue against the person operating a motor vehicle, the operation of which is subject to said tax, at the time and place said motor vehicle shall enter upon the highways of this state. Provided, however, a lessor who is engaged in the business of leasing for compensation motor vehicles and equipment he owns without drivers to carriers or other lessees for interstate operation may be deemed to be the Motor Fuel/Diesel Importer for Use when he supplies or pays for the motor fuel or diesel fuel consumed in such vehicles, and such lessor may be issued Motor Fuel/Diesel Fuel Importer for Use license. Any lessee may exclude motor vehicles of which he is lessee from his reports and liabilities, but only if the motor vehicles in question have been leased from a lessor holding a valid Motor Fuel/Diesel Fuel Importer for Use License.

§68-607. Importer for use licenses - Temporary permits - Cooperative compacts or agreements with other states to collect taxes.

A. Before any person imports gasoline or diesel fuel into the state in the fuel supply tank or tanks of any motor vehicle, or in any other container for use on the highways of this state, such person shall file application for and obtain a Motor Fuel/Diesel Fuel Importer for Use License. Such requirement shall be complied with notwithstanding the tax levied by the Motor Fuel Tax Code has been paid on such gasoline or diesel fuel. However, persons exempted by Section 605 of this title from the tax levied pursuant to Section 603 of this title shall not be required to obtain such license. The application required by this section shall be verified and filed on a form prescribed and furnished by the Corporation Commission showing the name and address and kind of business of the applicant, a designation of the principal place of business and such other information as the Corporation Commission may require. Such application must also contain, as a condition to the issuance of the license, an agreement by the applicant to comply with the requirements of Section 601 et seq. of this title and the rules of the Corporation Commission.

B. Before any such application may be approved by the Corporation Commission, the applicant must fully comply with the contribution requirements pursuant to Section 607.2 of this title. In addition, prior to the approval, the Corporation Commission may require the applicant to file a bond payable to the State of Oklahoma conditioned upon compliance with the provisions of Section 601 et seq. of this title and the rules of the Corporation Commission in a sum of not more than Ten Thousand Dollars (\$10,000.00), the amount thereof to be fixed by an order of the Corporation Commission. During the license year, the amount of any such bond required may be increased or reduced by the Corporation Commission at its discretion, and the Corporation Commission may in its discretion, waive the filing of a bond by any person who regularly purchases sufficient gasoline or diesel fuel on which the motor fuel or diesel fuel excise tax has been paid to this state when the tax equals or exceeds the amount of the tax levied against such person under Section 601 et seq. of this title.

C. Upon approval of such application and bond, the Corporation Commission shall issue to the applicant a nontransferable Motor Fuel/Diesel Fuel Importer for Use License bearing a distinctive number, at no charge to the applicant. The license shall be issued on an annual basis and shall remain in full force and effect until surrendered, suspended, or canceled in the manner provided by law. Each license shall be valid only for the operation of motor vehicles on the highways of this state by the person to whom it is issued including motor vehicles transporting persons or property in furtherance of the business of the licensee under a lease, a contract or any other arrangement, whether permanent or temporary in nature. The Corporation Commission may issue one (1) license

credential to evidence the compliance of the applicant with the provisions of this section and the provisions of Section 1120 of Title 47 of the Oklahoma Statutes.

D. In consideration of the use of the highways of this state, and in addition to all other taxes levied for such purposes, all persons who import motor fuel/diesel fuel into the state in the fuel supply tank or tanks of motor vehicles for use in propelling the vehicles on the highways for commercial purposes may receive a temporary motor fuel/diesel fuel permit from the Corporation Commission. This permit shall be recognized in lieu of licensing requirements in this state. The permit shall indicate the time and date of its issuance and shall be valid for a period not to exceed one hundred twenty (120) hours from such indicated time.

(a) Before any person uses any special fuel in this state, within the meanings of the word "use" as defined herein, such person shall file an application for and obtain the license (a special fuel dealer's license or a special fuel user's license) required herein to cover such use. Provided, however, that persons exempted from the payment of the tax herein imposed shall not be required to obtain a license. The application required by this section shall be verified by affidavit and filed on a form prescribed and furnished by the Tax Commission showing the name and address and kind of business of the applicant, the type of license desired, a designation of the principal place of business and such other information as the Tax Commission may require. Such application must also contain as a condition to the issuance of the license, an agreement by the applicant to comply with the requirements of this act and the rules and regulations of the Tax Commission.

(b) Before any such application may be approved by the Tax Commission, the applicant must file a bond payable to the State of Oklahoma conditioned upon compliance with the provisions of this act and the rules and regulations of the Tax Commission in the sum of not more than Twenty-five Thousand Dollars (\$25,000.00), the amount

Provided, however, that one bond in an amount fixed by the Tax Commission of not more than Fifty Thousand Dollars (\$50,000.00) may be made to secure the payment of the tax due the State of Oklahoma under the provisions of this act, and the other motor fuel tax laws.

(c) Upon approval of such application and bond, the Tax Commission shall issue to the applicant a nontransferable special fuel dealer's license or special fuel user's license, as the case may be, bearing a distinctive number. Such license shall remain in full force until surrendered, suspended or canceled in the manner provided by law. The license of each special fuel dealer shall be valid only for the use of special fuel by the person to whom it is issued and shall be displayed conspicuously in the principal place of business of the holder thereof. The license issued to a special fuel user shall be valid only for the use of special fuel in the operation of motor vehicles on the highways of this state by the person to whom it is issued, including motor vehicles, transporting persons or property in furtherance of the business of said licensee under a lease, a contract or any other arrangement, whether permanent or temporary in nature.

(d) Each special fuel dealer or special fuel user must make application for and secure a duplicate of his license for each station or location operated by such dealer or user at which special fuel is placed into the fuel tanks of motor vehicles. The application must be made on a form prescribed and furnished by the Tax Commission, showing the name, address and license number of the applicant, the location of the station or storage for which the duplicate is applied, and such other information as the Tax Commission may require. Upon approval of such application, the Tax Commission shall issue to the applicant a nontransferable duplicate of such special fuel dealer's or special fuel user's license. Each duplicate license shall continue in full force and effect until surrendered by the person holding such license, or until canceled by the Tax Commission. There shall be displayed at each station or location, where special fuel is placed into fuel supply tanks of motor vehicles, the duplicate special fuel dealer's or special fuel user's license under which it is operated. Such license shall be clearly visible from the driver's seat of any vehicle being serviced.

(e) It shall be unlawful for any person, notwithstanding that such person holds a valid license as a distributor or importer-user of motor fuel or gasoline, to act or carry on any operation as a special fuel dealer or a special fuel user in this state unless such person is the holder of an uncanceled special fuel dealer's license or a special fuel user's license, as the case may be, as herein

required, issued to him by the Oklahoma Tax Commission. A license issued under the provisions of other motor fuel or gasoline tax laws shall not authorize the holder thereof to use special fuel. Any retail outlet as defined herein may, at its option, pay to the supplier, for the benefit of the state, all taxes due on all special fuels purchased from suppliers or may report all special fuels sales and make payment of all taxes due as provided in Section 710 of this act.

§68-710. Reports by dealers and users - Payment of tax.

(a) Every special fuel dealer and special fuel user must on or before the twentieth day of each calendar month, file with the Tax Commission a verified report, on a form prescribed and furnished by the Tax Commission showing the total number of gallons of special fuel used within this state during the preceding calendar month.

(b) The monthly reports of every special fuel dealer must show the following information on special fuels: The number of gallons on hand at the beginning and end of each month; the number of gallons received from any and all sources supported by detailed schedules and receipts and purchases; the number of gallons sold and delivered to any other licensed special fuel dealer on which the special fuel tax is assumed by such other licensed dealer, giving full details of each sale, including the date thereof, invoice number and O.T.C. license number of the seller and purchaser; number of gallons delivered into the fuel supply tanks of motor vehicles and such other information as the Tax Commission may require.

(c) The monthly report of every special fuel user must show the following information on special fuels: The total miles traveled; miles traveled in Oklahoma by each motor vehicle using special fuel; the total gallonage of special fuel consumed; the number of gallons of special fuel purchased or received in this state; the date of each purchase or receipt; the name and address of the seller; the delivery invoice number of each purchase or receipt; and the number of gallons of special fuel imported into and used in this state. The report must also include the amount of special fuel on hand at the beginning and close of the month as shown by the physical inventory, if storage is maintained in Oklahoma, and a complete record of all receipts into and withdrawals from said storage. The number of gallons of special fuel shown to have been purchased tax paid from a licensed special fuel dealer in Oklahoma shall be deducted from the total number of gallons of special fuel used in Oklahoma by such special fuel user to determine the number of gallons of special fuel upon which the tax levied by this act is to be computed and paid. The requirement of this section shall not apply to receipts and

inventory control date covering separate bulk storage from which only wholesale distribution of special fuel is made.

(d) Each special fuel dealer and special fuel user at the time of filing each monthly report must pay to the Tax Commission the full amount of tax due for the preceding calendar month at the rate provided for in this act. Such tax is due and payable on the first day of each month and if not paid is delinquent from and after the twentieth day of such month. Motor fuel taxes collected by a distributor on behalf of a licensed retailer of the distributor or collected on behalf of a nonlicensed purchaser of motor fuel that are subsequently determined to be uncollectible by the distributor may be credited against subsequent motor fuel tax liability imposed by law upon such distributor. For purposes of this subsection, motor fuel taxes collected on behalf of a licensed retailer of the distributor or collected on behalf of a nonlicensed purchaser shall be deemed uncollectible if such taxes are deducted for purposes of calculating the federal income tax liability of the distributor. The method for crediting uncollectible motor fuel taxes as provided by this subsection shall be prescribed in rules and regulations of the Oklahoma Tax Commission.

(e) The license of any person using special fuel who is delinquent in the payment of the tax levied by this act may be canceled by the Tax Commission in the manner provided by law. Amended by Laws 1988, c. 14, § 10, operative July 1, 1988.

An application for registration of each motor vehicle required to be registered must be on a form prescribed and furnished by the Tax Commission showing the name, address and special fuel user's or special fuel dealer's license number of the owner or operator of such vehicle, a complete description of the motor vehicle, including the make, model, year made, motor number, license tag number, kind of special fuel used by such motor vehicle and such other information as the Tax Commission may require.

(b) No vehicle used for the transportation of any liquefied gas, including butane or propane, shall be allowed to use, for the operation of said vehicle, gas directly from the cargo tank of said vehicle or any trailer attached thereto; and any connection of a fuel line between the motor of such vehicle and any tank other than the regularly installed fuel tank of such vehicle, direct or

indirect, and any valve or outlet for such a connection, is hereby prohibited.

(c) Upon approval of said application, the Tax Commission shall register such vehicle and issue a nontransferable special fuel use vehicle permit therefor bearing a distinctive number and showing that the vehicle described is registered with the Commission by a licensed special fuel dealer or user who has complied with the provisions of this act. Such permits shall remain in force until surrendered, suspended or canceled in the manner provided by law.

(d) Every person operating a motor vehicle on the highways of this state as a special fuel dealer or a special fuel user must at all times during such operation have displayed in the cab of such motor vehicle a special fuel use vehicle permit which shall be subject to inspection at all times by representatives of the Tax Commission and peace officers.

Upon obtaining a special fuel user's license and proper vehicle permits and filing a report showing all of the operations of such person subject to the

§68-714. Accrual of liability for tax - Liability of lessees.

The liability for the tax imposed by this act shall arise and accrue on the first use of special fuels in this state either against the special fuel dealer at the time of delivery of special fuel into the supply tank or tanks of a motor vehicle or against a special fuel user operating a motor vehicle upon the highways of this state, the operation of which is subject to and liable for the payment of said tax. The liability for said tax shall accrue against a special fuel user importing special fuel into this state in the supply tank or tanks of a motor vehicle using Oklahoma highways for commercial purposes at the time and place such motor vehicle shall enter upon a public highway of this state.

Any special fuel dealer or special fuel user who as lessee, in furtherance of his business enters into a lease for one or more trips or a contract or other arrangement, with another person for the operation of a motor vehicle, the operation of which vehicle is or will be subject to the tax herein imposed, shall be deemed to be the operator of said vehicle or vehicles, and shall report and pay the tax accruing by reason of such use under said lease, or contract. Provided that this provision shall not be construed as relieving any lessor or person acting as a special fuel user from the payment of the tax herein imposed in cases where the lessee, with whom such lessor has entered into a lease or contract has not obtained a special fuel dealer's or user's license under this act. Provided further, nothing herein shall be construed as requiring the filing of more than one report covering a given special fuel use operation or as requiring the payment of the tax herein imposed more than once on the same special fuel.

Each such invoice must be made in duplicate, be identified by consecutive numbers printed thereon, and each special fuel dealer must furnish said invoices and retain one copy thereof and be able to account for each numbered delivery invoice and each copy thereof.

The invoices required by this section must be demanded by every person purchasing and receiving a delivery of special fuel into the supply tank of a motor vehicle in Oklahoma at the time of such delivery and such person shall carry any such invoice with the vehicle until the fuel covered by same is consumed. If the special fuel is delivered by a licensed dealer or user into the supply tank or tanks of his own vehicles, a notation or proper record of same shall be made on the invoice.

§68-721. Lien of tax.

The tax levied by this act is hereby declared to be a lien upon any motor vehicle owned or operated in Oklahoma by any person: (1) who is delinquent in the payment of the tax levied by this act; or, (2) who imports special fuel into this state in the supply tank or tanks of a motor vehicle, the use of which special fuel is subject to the tax levied by this act, when such person has not obtained a special fuel user's license.

Any motor vehicle subject to such lien, or being operated on the highways of Oklahoma in violation of any of the provisions of this act, may be seized by any authorized agent of the Oklahoma Tax Commission or any highway patrolman, sheriff, deputy sheriff, or other peace officer within this state, and disposed of or sold under said lien to satisfy payment of any tax due from the owner or operator of such vehicle under this act. Such seizure and sale shall be in the manner and form as provided by law.

Laws 1953, p. 337, § 21; Laws 1965, c. 215, § 1.

§68-722. Tax credit on special fuels consumed outside State - Application and procedure.

Any person licensed as a special fuel dealer or special fuel user shall be entitled to a credit equivalent to the tax rate per gallon on all special fuels upon which the Oklahoma special fuel tax has been paid and which has thereafter been consumed in motor vehicles outside the State of Oklahoma. When the amount of credit herein provided to which the dealer or user is entitled for any calendar month exceeds the amount of tax for which such dealer or user is liable for special fuels consumed in Oklahoma in such vehicles during the same month, such excess shall, under regulations promulgated by the Oklahoma Tax Commission, be allowed as a credit

against the tax for which such dealer or user would be otherwise liable for any of the succeeding months; or, upon claim filed with the Oklahoma Tax Commission within one (1) year from the first day of any calendar month in which said special fuel was used, such excess may be refunded. Application for refund must be supported by evidence of the mileage traveled and the gallonage consumed and satisfactory evidence of the tax-paid purchases. Refund vouchers shall be paid from current collections derived from the tax levied under which the tax refund claims have been allowed, and a portion of such current collections as are necessary to pay such refund is hereby appropriated.

Laws 1968, c. 80, § 1, emerg. eff. March 26, 1968.

§68-723. Fee in lieu of tax.

A. In lieu of the special fuel tax imposed by Sections 703, 705, 707.1, 707.2 and 707.3 of this title, there is hereby levied a flat fee of Fifty Dollars (\$50.00) on each passenger automobile, and on each pickup truck or van not exceeding one (1) ton in capacity, using liquefied petroleum gas or natural gas as fuel, except that no such fee shall be levied on any vehicle which is the subject of an exemption pursuant to Section 708 of this title. Provided that, should the passenger automobile, pickup truck or van have been acquired or should the liquefied petroleum gas or natural gas system be installed on or after July 1, the flat fee shall be Twenty-five Dollars (\$25.00) for the remainder of the calendar year, except as hereinafter provided.

B. Beginning January 1, 1991, in lieu of the special fuel tax imposed by Sections 703, 705, 707.1, 707.2 and 707.3 of this title, there is hereby levied a flat fee of One Hundred Dollars (\$100.00) on each passenger automobile, and on each pickup truck or van not exceeding one (1) ton in capacity, using methanol or "M-85" which is a mixture of methanol and gasoline containing at least eighty-five percent (85%) methanol as fuel, except that no such fee shall be levied on any vehicle which is the subject of an exemption pursuant to Section 708 of this title. Provided that, should the passenger automobile, pickup truck or van have been acquired or should methanol or "M-85" system be installed on or after July 1, the flat fee shall be Fifty Dollars (\$50.00) for the remainder of the calendar year, except as hereinafter provided.

C. In lieu of the special fuel tax imposed by Sections 703, 705, 707.1, 707.2 and 707.3 of this title, there is hereby levied a flat fee of One Hundred Fifty Dollars (\$150.00) on each vehicle exceeding one (1) ton in capacity, using liquefied petroleum gas, methanol or "M-85" as fuel, except that no such fee shall be levied on any vehicle which is the subject of an exemption pursuant to Section 708 of this title. Provided that, should the vehicle be acquired or should the methanol or "M-85" system be installed on or

after July 1, the flat fee shall be Seventy-five Dollars (\$75.00) for the remainder of the calendar year, except as hereinafter provided.

D. Every person operating a vehicle using liquefied petroleum gas, methanol or "M-85" as fuel shall make application for and obtain a decal to be issued on a yearly basis by the Oklahoma Tax Commission on forms prescribed and furnished by the Tax Commission.

E. Every person required to make application for and receive a decal under this section shall, at the time of making said application, remit to the Tax Commission the total amount of the fee due.

F. Each decal issued by the Tax Commission pursuant to the provisions of this section, shall expire on December 31 of every year, and in addition thereto said decals shall be displayed in the lower right hand corner of the front windshield of said vehicle. Upon receipt of satisfactory proof by the Tax Commission that it has become necessary to replace the windshield of the vehicle for which the decal was issued, another decal shall be issued by the Tax Commission as a replacement for a fee of One Dollar (\$1.00).

G. When any vehicle using liquefied petroleum gas, methanol or "M-85" as fuel and displaying a current decal as provided in this section is sold, such decal shall remain with the vehicle sold, unless the equipment installed to enable the vehicle to use liquefied petroleum gas, methanol or "M-85" has been removed from the vehicle before the sale.

H. When the aforementioned equipment has been removed before the sale, the seller of the vehicle shall also remove the decal required of vehicles using liquefied petroleum gas, methanol or "M-85". The removed decal, a receipt from the Oklahoma Tax Commission showing that the fee required has been paid for the current year, and the payment of a one-dollar fee for duplicate decal shall entitle the seller to make application for and obtain a new decal to be used for the remainder of the year on any vehicle using liquefied petroleum gas, methanol or "M-85" in accordance with the provisions of this section.

I. Provisions contained in Sections 701 through 721 of this title shall not apply to any vehicle using liquefied petroleum gas, methanol or "M-85".

J. All funds derived from the fee imposed by subsection A of this section shall be deposited annually in the General Revenue Fund of the State Treasury by the Tax Commission. When any person fails to obtain a current decal within thirty (30) days of the date said decal is required as provided in this section, there shall become due and payable a penalty of twenty percent (20%) of the fee in addition to the fee. Said penalty to be deposited in the same manner as the fee pursuant to this subsection.

K. All funds derived from the fee imposed by subsections B and C of this section shall be collected by the Oklahoma Tax Commission and apportioned annually to the State Transportation Fund. When any person fails to obtain a current decal within thirty (30) days of the date such decal is required as provided in this section, there shall become due and payable a penalty of twenty percent (20%) of the fee in addition to the fee. Such penalty shall be deposited in the same manner as the fee pursuant to this subsection.

§68-1001. Gross production tax on asphalt, ores, oil and gas, and royalty interests - Exemptions.

A. There is hereby levied upon the production of asphalt, ores bearing lead, zinc, jack and copper a tax equal to three-fourths of one percent ($3/4$ of 1%) on the gross value thereof.

B. On or after the effective date of this act and except as provided by paragraph 4 of this subsection, there shall be levied a tax on the gross value of the production of oil and gas as follows:

1. Upon the production of oil a tax equal to seven percent (7%) of the gross value of the production of oil based on a per barrel measurement of forty-two (42) U.S. gallons of two hundred thirty-one (231) cubic inches per gallon, computed at a temperature of sixty (60) degrees Fahrenheit;

2. Upon the production of gas a tax equal to seven percent (7%) of the gross value of the production of gas;

3. Notwithstanding the levies in paragraphs 1 and 2 of this subsection, the production of oil, gas, or oil and gas from wells spudded prior to the effective date of this act, and on or after the effective date of this act, shall be taxed at a rate of five percent (5%) commencing with the month of first production for a period of thirty-six (36) months. Thereafter, the production shall be taxed as provided in paragraphs 1 and 2 of this subsection; and

4. If the provisions of Article XIII-C of the Oklahoma Constitution are approved by the people pursuant to adoption of State Question No. 795, the rate of gross production tax imposed by paragraph 3 of this subsection shall be reduced to two percent (2%) for the first thirty-six (36) months of production and thereafter the rate of taxation shall be seven percent (7%).

C. The taxes hereby levied shall also attach to, and are levied on, what is known as the royalty interest, and the amount of such tax shall be a lien on such interest.

D. 1. Except as otherwise provided in this section, for secondary and tertiary recovery projects approved or having an initial project start date on or after July 1, 2022, all production which results from such secondary and tertiary recovery projects shall be exempt from the gross production tax levied pursuant to this section for a period not to exceed five (5) years from the initial project start date or for a period ending upon the termination of the secondary and tertiary recovery process, whichever occurs first.

2. For purposes of this subsection, "project start date" means the date on which the injection of liquids, gases, or other matter begins on an enhanced recovery project.

3. For new secondary and tertiary recovery projects approved by the Oklahoma Corporation Commission on or after July 1, 2022, such approval shall constitute qualification for an exemption.

4. For all production exempted pursuant to this subsection, a refund against gross production taxes shall be issued as provided in subsection F of this section.

5. Except as otherwise provided in this section, any production which results from a recovery project from a well on the Corporation Commission's orphaned well list shall receive a fifty-percent reduction from the gross production tax levied pursuant to paragraph 3 of subsection B of this section from the project beginning date for a period of thirty-six (36) months, after which the rate shall increase to the full rate of tax prescribed by paragraph 3 of subsection B of this section. Furthermore, before any production from a recovery project under this paragraph occurs the producer overseeing the project shall file a corporate surety bond, letter of credit from a banking institution, cash, or a certificate of deposit with the Secretary of State in the sum of Twenty-five Thousand Dollars (\$25,000.00), per well transferred from the Corporation Commission's orphaned well list, conditioned upon recovery under this project for thirty-six (36) months. The Secretary of State shall hold such corporate surety bond, letter of credit from a banking institution, cash, or certificate of deposit for the benefit of the Corporation Commission Plugging Fund if such well is abandoned by the producer and returns to the Corporation Commission's orphaned well list.

E. Except as otherwise provided by this section, the production of oil, gas, or oil and gas from wells drilled but not completed as of July 1, 2021, which are completed with the use of recycled water on or after July 1, 2022, shall earn an exemption from the gross production tax levied from the date of first sales for a period of twenty-four (24) months. The exemption provided in this subsection shall be proportional to the percentage of the total amount of water used to complete the well that is recycled water. For all production exempted pursuant to this subsection, a refund against gross production taxes shall be issued as provided in subsection F of this section. For purposes of this subsection, "recycled water" means oil and gas produced water and waste that has been reconditioned or treated by mechanical or chemical processes into a reusable form.

F. On or after July 1, 2022, for all oil and gas production exempt from gross production taxes pursuant to subsections D and E of this section during a given fiscal year, a refund of gross production taxes shall be issued to the well operator or a designee in the amount of such exempted gross production taxes paid during such period, subject to the following provisions:

1. A refund shall not be claimed until after the end of the fiscal year. As used in this subsection, a fiscal year shall be deemed to begin on July 1 of one calendar year and shall end on June 30 of the subsequent calendar year;

2. Unless otherwise specified, no claims for refunds pursuant to the provisions of this subsection shall be filed more than eighteen (18) months after the first day of the fiscal year in which the refund is first available;

3. Any person claiming a refund pursuant to the exemption provided in subsections D and E of this section shall file an application with the Tax Commission which, upon determination of qualification by the Corporation Commission, shall approve the application for such exemption;

4. The Tax Commission may require any person claiming a refund pursuant to the exemptions provided in subsections D and E of this section to furnish information or records concerning the exemption as is deemed necessary by the Tax Commission;

5. No claims for refunds pursuant to the provisions of this subsection shall be filed by or on behalf of persons other than the operator or a working interest owner of record at the time of production;

6. No entity, including subsidiaries of the entity, shall be authorized to receive refunds claimed pursuant to the exemption provided in subsection D of this section that exceed twenty percent (20%) of the limitation provided in paragraph 7 of this subsection; and

7. The total amount of refunds authorized shall not exceed Fifteen Million Dollars (\$15,000,000.00) pursuant to the exemption provided in subsection D of this section and Ten Million Dollars (\$10,000,000.00) pursuant to the exemption provided in subsection E of this section for any fiscal year. If the amount of claims for refunds exceed the limits provided in this paragraph, the Tax Commission shall determine the percentage of the refund which establishes the proportionate share of the refund which may be claimed by any taxpayer so that the maximum amounts authorized by this paragraph are not exceeded.

G. On or after July 1, 2022, all persons shall only be entitled to either the exemption granted pursuant to subsection D or E of this section for each oil, gas, or oil and gas well drilled or recompleted in this state. However, any person who qualifies for the exemption granted pursuant to subsection E of this section shall not be prohibited from qualification for the exemption granted pursuant to subsection D of this section if the exemption granted pursuant to subsection E of this section has expired.

H. The Tax Commission shall have the power to require any such person engaged in mining or the production or the purchase of such asphalt, mineral ores aforesaid, oil, or gas, or the owner of any royalty interest therein to furnish any additional information by it deemed to be necessary for the purpose of correctly computing the amount of the tax; and to examine the books, records and files of such person; and shall have power to conduct hearings and compel the

attendance of witnesses, and the production of books, records and papers of any person.

I. Any person or any member of any firm or association, or any officer, official, agent or employee of any corporation who shall fail or refuse to testify; or who shall fail or refuse to produce any books, records or papers which the Tax Commission shall require; or who shall fail or refuse to furnish any other evidence or information which the Tax Commission may require; or who shall fail or refuse to answer any competent questions which may be put to him or her by the Tax Commission, touching the business, property, assets or effects of any such person relating to the gross production tax imposed by this article or exemption authorized pursuant to this section or other laws, shall be guilty of a misdemeanor, and, upon conviction thereof, shall be punished by a fine of not more than Five Hundred Dollars (\$500.00), or imprisonment in the jail of the county where such offense shall have been committed, for not more than one (1) year, or by both such fine and imprisonment; and each day of such refusal on the part of such person shall constitute a separate and distinct offense.

J. The Tax Commission shall have the power and authority to ascertain and determine whether or not any report herein required to be filed with it is a true and correct report of the gross products, and of the value thereof, of such person engaged in the mining or production or purchase of asphalt and ores bearing minerals aforesaid and of oil and gas. If any person has made an untrue or incorrect report of the gross production or value or volume thereof, or shall have failed or refused to make such report, the Tax Commission shall, under the rules prescribed by it, ascertain the correct amount of either, and compute the tax.

K. The payment of the taxes herein levied shall be in full, and in lieu of all taxes by the state, counties, cities, towns, school districts and other municipalities upon any property rights attached to or inherent in the right to the minerals, upon producing leases for the mining of asphalt and ores bearing lead, zinc, jack or copper, or for oil, or for gas, upon the mineral rights and privileges for the minerals aforesaid belonging or appertaining to land, upon the machinery, appliances and equipment used in and around any well producing oil, or gas, or any mine producing asphalt or any of the mineral ores aforesaid and actually used in the operation of such well or mine. The payment of gross production tax shall also be in lieu of all taxes upon the oil, gas, asphalt or ores bearing minerals hereinbefore mentioned during the tax year in which the same is produced, and upon any investment in any of the leases, rights, privileges, minerals or other property described herein. Any interest in the land, other than that herein enumerated, and oil in storage, asphalt and ores bearing minerals hereinbefore named, mined, produced and on hand at the date as of

which property is assessed for general and ad valorem taxation for any subsequent tax year, shall be assessed and taxed as other property within the taxing district in which such property is situated at the time.

L. No equipment, material or property shall be exempt from the payment of ad valorem tax by reason of the payment of the gross production tax except such equipment, machinery, tools, material or property as is actually necessary and being used and in use in the production of asphalt or of ores bearing lead, zinc, jack or copper or of oil or gas. Provided, the exemption shall include the wellbore and non-recoverable down-hole material, including casing, actually used in the disposal of waste materials produced with such oil or gas. It is expressly declared that no ice plants, hospitals, office buildings, garages, residences, gasoline extraction or absorption plants, water systems, fuel systems, rooming houses and other buildings, nor any equipment or material used in connection therewith, shall be exempt from ad valorem tax.

2. On or after January 1, 2015, and before January 1, 2022, "economically at-risk oil or gas lease" means any oil or gas lease with one or more producing wells with an average production volume per well of ten (10) barrels of oil or sixty (60) MCF of natural gas per day or less operated at a net loss or at a net profit which is less than the total gross production tax remitted for such lease during the previous calendar year;

3. For calendar year 2022 and subsequent calendar years, "economically at-risk oil or gas lease" means any oil or gas lease with one or more producing wells with an average production volume per well of ten (10) barrels of oil or sixty (60) MCF or less of natural gas per day operated at a net loss or at a net profit which is less than the total gross production tax remitted for such lease during the previous calendar year, and any oil lease operating while the gross value of the production of oil is less than Fifty Dollars (\$50.00), on an average monthly basis, based on a per-barrel measurement of forty-two (42) U.S. gallons of two hundred thirty-one (231) cubic inches per gallon, computed at a temperature of sixty (60) degrees Fahrenheit or gas lease operating while the gross value of the production of gas is less than Three Dollars and fifty cents (\$3.50), on an average monthly basis, based on a measurement of one million (1,000,000) British thermal units (MMBtu); and

The Tax Commission may require any such pipeline or transportation company to install suitable measuring devices to enable such company to include in such reports the quantity of oil or gas transported within, into, out of, or across the State of Oklahoma.

(b) It shall be the duty of every person engaged in the operation of a refinery for the processing of oil or gas in the State of Oklahoma to furnish monthly to the Tax Commission, upon forms prescribed by it, any and all information relative to the amount of oil or gas subject to gross production tax that has been processed by it during such monthly period, and oil on hand at the close of such period, that may be required to properly enforce the provisions of this article.

Such penalty may be recovered at the suit of the state, on relation of the Tax Commission and shall be apportioned as other gross production tax penalties.

§68-1008. Refund of overpayments, duplicate payments and erroneous payments - Rebuttable presumptions.

A. Except as set forth in subsection B of this section, in all cases of overpayment, duplicate payment or payment made in error on account of the production being derived from restricted Indian lands and lands owned by the United States, the state, counties, cities, towns and school districts, and therefore exempt from taxation, the Oklahoma Tax Commission is authorized to refund any such over-paid duplicate or erroneously paid gross production taxes, where an application for such refund is made within three (3) years from the date of the payment thereof, out of any undistributed gross production tax collections in the depository account of the Oklahoma Tax Commission, from the same county from which the original tax was derived. Provided, however, this exemption shall apply only to the interest in such production owned by the restricted Indian or exempt governmental entity. A determination made by the federal government

or any agency thereof in allowing a refund or recovery of overpayment, duplicate payment or erroneous payment of taxes arising out of the same circumstances under which a claim has been submitted to the Oklahoma Tax Commission for a refund may create a presumption that the evidence upon which the federal government or agency thereof relied in allowing a refund or recovery is correct. The Oklahoma Tax Commission shall not, however, be bound by such presumption of correctness, but may if it deems the circumstances to warrant present evidence in rebuttal thereof.

B. Notwithstanding the provisions of subsection A of this section, the Oklahoma Tax Commission is authorized to refund directly to the Commissioners of the Land Office any gross production tax paid to the Tax Commission in error after January 1, 1978, on any oil and gas royalty interest of the Commissioners of the Land Office out of any undistributed gross production tax collections in the depository account of the Oklahoma Tax Commission, from the same county from which the original tax was derived.

Said refund shall only be issued as the result of a determination by the Commissioners of the Land Office that said erroneous payment of such gross production tax has been made to the Tax Commission during the period after January 1, 1978. Such determination by the Commissioners of the Land Office may create a presumption that the evidence upon which the Commissioners of the Land Office relied in reaching the determination of erroneous payment is correct. The Tax Commission shall not, however, be bound by the presumption of correctness, but may if it deems the circumstances to warrant, present evidence in rebuttal thereof. §68-1008a. Refund of payments to Commissioners of the Land Office.

A. If any person responsible for paying oil or gas royalty to the Commissioners of the Land Office has, after January 1, 1978, paid or caused to be paid, or pays, or causes to be paid, to the Oklahoma Tax Commission, gross production tax pursuant to Section 1001 of Title 68 of the Oklahoma Statutes, petroleum excise tax pursuant to Section 1102 of Title 68 of the Oklahoma Statutes, or conservation excise tax pursuant to Section 1108 of Title 68 of the Oklahoma Statutes, on such royalty, the Commissioners of the Land Office shall recover the taxes so paid directly from the Oklahoma Tax Commission. For the purposes of this act, the Commissioners of the Land Office shall not be subject to the time limitations for refunds of Section 227 or Section 1008 of Title 68 of the Oklahoma Statutes. Notwithstanding any other provision of the Oklahoma

Statutes, the Oklahoma Tax Commission shall not be required to pay interest or penalties on such taxes to the Commissioners of the Land Office.

B. Upon written request and proper documentation provided by the Commissioners of the Land Office, the Oklahoma Tax Commission shall pay to the Commissioners of the Land Office any gross production tax pursuant to Section 1001 of Title 68 of the Oklahoma Statutes, petroleum excise tax pursuant to Section 1101 of Title 68 of the Oklahoma Statutes, excise tax on gas, pursuant to Section 1102 of Title 68 of the Oklahoma Statutes, or conservation excise tax pursuant to Section 1108 of Title 68 of the Oklahoma Statutes paid on oil or gas royalty due to the Commissioners of the Land Office. Said written request shall only be issued as the result of a determination by the Commissioners of the Land Office that erroneous payment of such gross production tax pursuant to Section 1001 of Title 68 of the Oklahoma Statutes, excise tax on gas pursuant to Section 1102 of Title 68 of the Oklahoma Statutes, or conservation excise tax pursuant to Section 1108 of Title 68 of the Oklahoma Statutes has been made to the Oklahoma Tax Commission after January 1, 1978. Such determination by the Commissioners of the Land Office may create a presumption that the evidence upon which the Commissioners of the Land Office relied in reaching the determination of erroneous payment is correct. The Oklahoma Tax Commission shall not, however, be bound by the presumption of correctness but may, if the Oklahoma Tax Commission deems the circumstances to warrant, present evidence in rebuttal thereof.

C. Any person responsible for paying oil or gas royalty to the Commissioners of the Land Office who has, after January 1, 1978, and before January 1, 1989, paid or caused to be paid, or pays, or causes to be paid, to the Oklahoma Tax Commission, gross production tax pursuant to Section 1001 of Title 68 of the Oklahoma Statutes, petroleum excise tax pursuant to Section 1101 of Title 68 of the Oklahoma Statutes, excise tax on gas pursuant to Section 1103 of Title 68 of the Oklahoma Statutes, or conservation excise tax pursuant to Section 1108 of Title 68 of the Oklahoma Statutes, on said royalty, shall be liable to the Commissioners of the Land Office for interest thereon, pursuant to the Oklahoma Statutes. Notwithstanding any other provision of the Oklahoma Statutes, such person shall not be liable to the Commissioners of the Land Office for penalties thereon.

D. Any person responsible for paying oil or gas royalty to the Commissioners of the Land Office who has, on or after January 1, 1989, paid or caused to be paid, or pays or causes to be paid, to the Oklahoma Tax Commission, gross production tax pursuant to Section 1001 of Title 68 of the Oklahoma Statutes, petroleum excise tax pursuant to Section 1101 of Title 68 of the Oklahoma Statutes, excise tax on gas pursuant to Section 1103 of Title 68 of the

Oklahoma Statutes, or conservation excise tax pursuant to Section 1108 of Title 68 of the Oklahoma Statutes, on said royalty, shall be liable to the Commissioners of the Land Office for interest and penalties thereon, pursuant to the Oklahoma Statutes.

E. The Oklahoma Tax Commission is hereby authorized to make refund payments to the Commissioners of the Land Office pursuant to the provisions of this act as though the Commissioners of the Land Office were a taxpayer or tax remitter.

F. Nothing in this act shall preclude the Commissioners of the Land Office from collecting royalty payments directly from their lessees or the designees of their lessees, other than as specified in this act.

Added by Laws 1992, c. 392, § 3, emerg. eff. June 9, 1992.

§68-1009. Payment of tax - Due date - Delinquent taxes - Persons liable for tax - Election to report and pay tax - Payment upon basis of prevailing price - Payment pursuant to contract or agreement.

A. The gross production tax on asphalt and on ores bearing lead, zinc, jack, gold, silver or copper, and on petroleum oil, tank bottoms, pit oil, and liquid hydrocarbons from which petroleum oil is extracted, and on gas shall be paid on a monthly basis in accordance with this article.

B. The gross production tax shall become due on the first day of each calendar month on all lead, zinc, jack, gold, silver or copper, petroleum oil, tank bottoms, pit oil, and liquid hydrocarbons from which petroleum oil is extracted, natural gas or casinghead gas produced in and saved during the preceding monthly period, and, if the tax is not paid on or before the twenty-fifth day of the second calendar month following the month of production, the tax shall become delinquent and shall be collected in the manner provided by law for the collection of delinquent gross production taxes. The provisions of this subsection shall apply to payment of gross production taxes irrespective of any other statute relating thereto.

C. On all petroleum oil extracted from tank bottoms, pit oil, or liquid hydrocarbons, the gross production tax shall be paid by the operator of the reclaiming plant, unless the tax levied by this article has already been paid thereon.

D. On oil and gas sold at the time of production, the gross production tax shall be paid by the purchaser of such products, and such purchaser shall, and is hereby authorized to deduct in making settlements with the producer and/or royalty owner, the amount of tax so paid. In the event oil is not sold at the time of production but is retained by the producer, producers may elect to report and pay the gross production tax on such oil in accordance with the provisions of this section. This election shall require prior written notice to the Oklahoma Tax Commission and producers may be

required to submit reports to the Commission that reconcile production transferred off the lease. The purchaser of such oil shall not be liable for the gross production tax and shall not be required to obtain a purchaser's reporting number for such oil. The obligations outlined in this subsection shall not be controlled by any contractual provisions between the producer and the purchaser; provided, that in settlement with the royalty owner such producer shall have the right to deduct the amount of such tax so paid on royalty oil or to deduct therefrom royalty oil equivalent in value at the time such tax becomes due with the amount of the tax paid. The gross production tax upon asphalt, or on ores bearing lead, zinc, jack, gold, silver or copper shall be paid by the producer for himself or herself, including the royalty interest; provided, that in settlement with the royalty owner such producer shall have the right to deduct the amount of such tax so paid on royalty asphalt, or on ores bearing lead, zinc, jack, gold, silver or copper, or to deduct therefrom royalty asphalt, or ores bearing lead, zinc, jack, gold, silver or copper, equivalent in value at the time such tax became due, to the amount of tax paid.

E. 1. Producers, either as operators of producing wells or as nonoperating working interest owners who take gas in kind at the wellhead at the time of production, may elect to report and pay the gross production tax on such gas in accordance with the provisions of this section, if the first sale of such gas by the producer is to a final consumer or user of the gas. This election shall not be available to a producer if the first sale of such gas is to a purchaser who is approved and bonded to remit gross production taxes or unless prior approval of the Oklahoma Tax Commission is obtained by the producer. This election shall not be controlled by any contractual provisions between the producer and the purchaser. This election shall be made only by the producer upon forms prescribed therefor.

Upon exercise of the election to report and pay the gross production tax by a producer, the purchaser of such gas shall not be liable for the gross production tax and shall not be required to obtain a purchaser's reporting number for such gas.

2. Gas when produced and utilized in any manner, except when used in the operation of the lease or premises in the production of oil or gas, or for repressuring, shall be considered for the purpose of this article, as to the amount utilized, as gas actually produced and saved.

F. 1. In case oil or gas is sold under circumstances where the sale price does not represent the cash price prevailing for oil or gas of like kind, character or quality in the field from which such product is produced, the Tax Commission may require the tax to be paid upon the basis of the prevailing price then being paid at the

time of production for sales in the field for oil or gas of like kind, quality and character and on no other basis.

2. In the case where the sale of oil or gas is between related entities, the taxpayer shall have the burden of proving with evidence of arm's-length sales between unrelated parties that the sales price represents the cash price prevailing for oil or gas of like kind, character or quality for sales in the field from which such product is produced. In the absence of such proof, the prevailing price shall be presumed to be the average price of oil or gas produced for sales in the county from which the product is produced, as determined by the Tax Commission from monthly tax reports filed pursuant to Section 1010 of this title. In determining the average price, the Tax Commission shall not include the sales of oil or gas under review and shall not include prices from other sales that have been previously adjusted by the Tax Commission pursuant to this subsection.

3. For the purposes of this subsection, an entity is related to another entity if:

- a. the two entities have significant common purposes and substantial common membership,
- b. the two entities have direct or indirect substantial common direction or control, or
- c. either entity owns, directly or through one or more entities, a fifty percent (50%) or greater interest in the capital or profits of the other entity.

G. Pursuant to the provisions of a gas purchase contract or agreement, if the first purchaser makes payments to the producer as a result of the failure or refusal of such purchaser to take gas, such payments, for purposes of this article, are hereby deemed to be part of the gross value of gas taken according to such contract or agreement. The gross production tax shall be calculated upon the gross value, including such payments, in accordance with the provisions of this article. Gas on which the gross production tax has been paid in this manner when taken by the purchaser shall be reported as gas on which the tax has been paid. If such gas, which corresponds to such payments, is not taken but payments therefor are retained by the producer, then such payments are hereby deemed to be a premium on gas which was taken under such contract or agreement.

A. The tax provided for in Section 1001 et seq. of this title shall be paid to the Oklahoma Tax Commission.

B. Except as otherwise provided in subsection G of this section, every person responsible for paying or remitting the tax levied by Section 1001 et seq. of this title on the production from any lease shall file with the Tax Commission a monthly report on each lease, under oath, on forms prescribed by the Tax Commission, giving, with other information required, the following:

1. The Tax Commission assigned production unit number, subnumber and merge number, or, with the consent of the Tax Commission, the full description of the property by lease name, subdivision of quarter section, section, township, and range, from which the oil or gas was produced, or both, as may be required by the Tax Commission;

2. The Tax Commission assigned company reporting numbers of the producer and purchaser, or with the consent of the Tax Commission, the company name;

3. The gross amount of asphalt, ores bearing lead, zinc, jack or copper, oil or gas produced or purchased;

4. The kind of mineral, oil, gas, or casinghead gas produced or purchased;

5. The total value of the mineral oil, gas, or casinghead gas, at the time and place of production, including any and all premiums paid for the sale thereof, at the price paid, if purchased at the time of production;

6. If requested by the Tax Commission, the prevailing market price of oil not sold at the time of production; and

7. The amount of royalty payable on the production from the lease, if the royalty is claimed to be exempt from taxation by law, and the facts on which such claim of exemption is based and such other information pertaining to the claim as the Tax Commission may require.

Each report required by the provisions of this section shall be filed on separate forms as to product and county.

C. No person shall engage in the mining or production within this state of asphalt, ores bearing lead, zinc, jack or copper, oil or gas, prior to obtaining from the Tax Commission a Tax Commission assigned producer reporting number and a Tax Commission assigned production unit number, subnumber and merge number for each producing lease. No person shall engage in the purchase of asphalt, ores bearing lead, zinc, jack or copper, oil or gas from a producing lease prior to obtaining from the Tax Commission a Tax Commission assigned purchaser reporting number and the Tax Commission assigned

production unit number, subnumber and merge number, of the lease from which the production is to be purchased.

1. Every producer and purchaser shall make application, upon forms prescribed by the Tax Commission, for a Tax Commission assigned producer or purchaser reporting number prior to producing or purchasing production. Every producer shall obtain, by making application upon forms prescribed by the Tax Commission, a Tax Commission assigned production unit number, subnumber and merge number for each lease from which lease production will be sold or disposed before disposing of production from any lease in the state.

Provided, however, the Tax Commission shall not approve any application for a Tax Commission assigned producer or purchaser reporting number without proper confirmation that the applicant has posted the requisite surety documents with the Corporation Commission pursuant to Section 318.1 of Title 52 of the Oklahoma Statutes.

2. Every producer or purchaser shall notify the Tax Commission within thirty (30) days of any changes of any producing lease in the state as may be required by the Tax Commission. Provided, the Tax Commission may relieve producers and purchasers of their duty to file the notification required by this paragraph if the Tax Commission determines that the notification is not necessary.

3. Gross production tax reports from either the purchaser or producer shall become due on the first day of each calendar month on all products subject to the tax levied by Section 1001 et seq. of this title produced in and saved during the preceding monthly period. If such reports are not received by the Tax Commission on or before the twenty-fifth day of the second calendar month following the month of production, the reports shall become delinquent. Any requested or required amended report or any requested information submitted in response to written demand for information which is not received by the Tax Commission on or before thirty (30) days after the mailing of the request or demand by the Tax Commission or any of its employees shall be delinquent.

D. Every person required to file such forms or reports or who has been requested to file an amended report to provide information by written demand, or who has purchased oil or gas from a lease prior to being authorized by the Tax Commission to purchase production from such lease, will be subject to and may be assessed the following penalties for each delinquency:

1. Five Dollars (\$5.00) per day for each Tax Commission assigned production unit number or subnumber or merge number or product code, upon which a form, report, amended report, or for which requested information in response to written demand is delinquent and for each day from the date a purchaser buys production from a lease from which it is not authorized to purchase to the date the Tax Commission approves the purchaser to buy from

such lease; provided, such penalty shall not be assessed for an amount in excess of One Thousand Five Hundred Dollars (\$1,500.00). The penalties may be waived by the Tax Commission or its designee for good cause shown; and

2. If within twelve (12) months after a previous assessment of penalties as provided for by this section a subsequent delinquency occurs, penalties may be assessed at the rate of Ten Dollars (\$10.00) per day for each Tax Commission assigned production unit number or subnumber or merge number, or product code; provided such penalty shall not be assessed for an amount in excess of One Thousand Five Hundred Dollars (\$1,500.00). The penalty thereon may be waived, in whole or in part, by the Tax Commission, for good cause shown.

The penalties prescribed herein shall be in addition to other penalties assessable by the Tax Commission pursuant to the laws of this state. The penalties prescribed by this section may be collected and shall be apportioned to the General Revenue Fund.

E. Gross production tax forms reports, amended reports, or requested information in response to written demands which are received by the Tax Commission on or after the time fixed for delinquency, but which were mailed prior to the time fixed for delinquency, shall be deemed to have been received by the Tax Commission before becoming delinquent. Postmark or registry or certified receipt showing deposit in the U.S. mails shall be conclusive evidence of the date of mailing. Provided all remittances due under such reports or amended reports must be received by the Tax Commission on or before the date specified by law regardless of when mailed.

F. In the event a person required to remit the tax levied by the provisions of Section 1001 et seq. of this title becomes delinquent in reporting or remitting the tax, or upon a determination by the Tax Commission that the state may lose tax revenues due to the difficulty of collecting same, the Tax Commission may require any person required to remit the tax to furnish a sufficient cash deposit, bond, or other security in an amount as will protect the tax revenues of this state.

G. In lieu of monthly reporting, a royalty owner taking gas in kind for the royalty owner's own consumption who is responsible for remitting the tax levied by Section 1001 et seq. of this title may file semiannual reports and remit taxes due thereunder to the Tax Commission on or before the first day of January and July of each year for the preceding six-month period. If not received on or before the last day of such month, the report and tax shall be delinquent.

A. On or before November 25, 2004, all persons who have received a gross production tax purchaser reporting number or have otherwise been approved to remit gross production taxes, shall remit a one-time payment of gross production tax in an amount equal to the lesser of the average monthly remittance due from the tax remitter for the period from September 1, 2003, through August 31, 2004, or the average monthly remittance for the period from March 1, 2004, through August 31, 2004. Provided, a tax remitter may apply to the Oklahoma Tax Commission to reduce its remittance because the average monthly remittance computed under this paragraph is not reflective of the current volumes of production reported by the tax remitter. The application to remit a lesser amount must be filed with the Tax Commission on or before October 1, 2004. The decision of the Tax Commission on the application shall be final and no right of appeal to any court may be taken from such decision.

B. The Tax Commission shall reduce the amount of the bond required by the Tax Commission by the amount of the one-time payment. If the bond posted is equal to or less than the amount of the payment, the tax remitter shall be relieved from the bond requirement, upon request. The tax remitter shall neither deduct nor otherwise collect all or any portion of the one-time payment from any person or entity entitled to the proceeds of production from an oil or gas lease in the State of Oklahoma.

C. If the tax is not paid on or before November 25, 2004, the tax shall become delinquent and shall be collected in the manner provided by law for the collection of delinquent gross production taxes.

D. The amount of tax due on the final return of a tax remitter shall be reduced by the amount of the payment made pursuant to this section. If the amount due is less than the amount of the payment required by this section, the Tax Commission shall refund the balance of the payment to the tax remitter.

§68-1012. Lien for tax - Liability not released by provision for payment.

The tax herein referred to shall, at all times, be and constitute a first and paramount lien against the purchaser's or producer's property as the case may be, both real and personal; and the provisions hereof, making the purchaser liable to pay such tax, and the provisions requiring the producer to pay the royalty owner's tax, in no wise releases the producer or purchaser from liability to pay same, in all cases where such tax is not paid. Laws 1963, c. 365, § 2; Laws 1965, c. 215, § 2.

§68-1013. Rules and regulations - Bond - Licenses and permits - Reports - Logs, invoices and load tickets - Stops and inspections.

The Tax Commission, at its option and discretion, may require a sufficient bond from any person charged with the making and filing of reports and the payment of the taxes levied pursuant to the provisions of this article. Said bond shall run to the State of Oklahoma and shall be conditioned upon the making and filing of reports as required by law, upon compliance with the rules and regulations of the Tax Commission, and for the prompt payment of all taxes due the state by virtue of the provisions of this article.

B. 1. Every person engaged in the transportation or hauling of petroleum oil, tank bottoms, pit oil, condensate, distillate, or other liquid hydrocarbons from which petroleum crude oil or other product subject to gross production tax is extracted, except where the transportation is by railroad tank car or by pipeline, shall secure a license and permit before engaging in such activity and shall post a surety bond with the Tax Commission. Said bond shall run to the State of Oklahoma and shall be conditioned upon compliance with the provisions of this article, the rules and regulations of the Tax Commission promulgated thereto. The fee for issuance of such permit or renewal thereof shall be determined by the Commission but shall not exceed One Hundred Fifty Dollars (\$150.00). A permit issued prior to the effective date of this act shall be valid until it expires.

The application for and acceptance of the permit required by this section and any renewal thereof shall be conclusively deemed consent by the applicant for the stopping of the vehicle transporting said hydrocarbons, and the inspection of the load ticket and the cargo pursuant to Section 152.6 of Title 74 of the Oklahoma Statutes.

2. Every person operating a tank truck or other conveyance except railroad tank cars or pipelines transporting any of the products described in paragraph 1 of this subsection shall have in his possession at all times during such transportation an invoice or load ticket showing, in addition to other information thereon, the following:

5. A member of the Oklahoma State Bureau of Investigation or the Oklahoma Highway Patrol, any sheriff, any salaried deputy sheriff, any Oklahoma Corporation Commission inspector or enforcement officer, shall have the authority to stop and inspect any invoices or load tickets at all times during transit of any such product. If a person transporting or hauling petroleum oil, tank bottoms, pit oil, condensate, distillate, or other liquid hydrocarbons from which petroleum crude oil or any other product

subject to gross production tax is extracted, fails to produce the invoice or load ticket as required pursuant to the provisions of this section upon proper request therefor, or if the invoice or load ticket does not contain the required information, the product being transported, together with the tank truck or other conveyance, may be seized and held until a proper invoice or load ticket is furnished and the information thereon is verified by the seizing authority.

In the event a proper invoice or load ticket is not furnished the seizing authority within forty-eight (48) hours after such seizure, the seizing authority shall then deliver possession of such seized property to the sheriff of the county in which it was seized, who shall issue his receipt therefor, and inform the Tax Commission which shall declare the gross production tax, together with the amount due pursuant to the provisions of Section 1003 of this article, due immediately on the product so seized, and shall assess the same together with a penalty equal to the amount of said tax due. §68-1020. Application of Sections 1017 to 1020.

A gross production tax equal to five percent (5%) of the gross value of all ores bearing uranium, as that term is defined in the preceding section, that are mined or produced in this state, is hereby levied.

(a) The tax hereby levied shall apply and attach immediately upon ore bearing uranium being mined or produced, provided the ore is mined or produced for the purpose of obtaining uranium or is in fact so used. The tax shall be measured by the gross value of the ore at the time and place same is mined or produced.

(b) The payment of the taxes herein imposed shall be in full, and in lieu of all taxes by the state, counties, cities, towns, school districts and other municipalities upon any property rights attached to or inherent in the right to ore upon producing leases for the mining ores bearing uranium, upon the uranium rights and privileges to the uranium aforesaid belonging or appertaining to land, upon the machinery, appliances and equipment used in and around any mine producing ore and actually used in the operation of such mine; and also upon the ores bearing uranium hereinbefore mentioned during the tax year in which the same is produced, and upon any investment in any of the leases, rights, privileges, minerals or other property hereinbefore in this paragraph mentioned or described; and any interest in the land, other than that herein enumerated, and ores bearing uranium which are mined, (produced) and on hand at the date as of which property is assessed for general and ad valorem taxation for any subsequent tax year, shall be assessed and taxed as other property within the taxing district in which such property is situated at the time.

(c) No equipment, material or property shall be exempt from the payment of ad valorem tax by reason of the payment of ad valorem tax by reason of the payment of the gross production tax as herein provided except such equipment, machinery, tools, materials or property as is actually necessary and being used and in use in the production of ores bearing uranium; and it is expressly declared that no ice plants, hospitals, office buildings, garages, residences, gasoline extractions or absorption plants, water systems, fuel systems, rooming houses and other buildings, nor any equipment or material used in connection therewith shall be exempt from ad valorem tax.

(d) The State Board of Equalization, upon its own initiative, may, and upon complaint of any person who claims that he is taxed too great a rate hereunder shall, take testimony to determine whether the taxes herein imposed are greater, or less, than the general ad valorem tax for all purposes would be on the property of such producer subject to taxation in the district or districts where the same is situated and also the value of ore, or of the mining ore rights, the machinery, equipment or appliances used in the actual operation of in and around any such mine, the value of the ore produced and any other element of value in lieu of which the tax herein is levied. The said Board shall have power and it shall be its duty to raise or lower the rate herein imposed to conform thereto. An appeal may be had from the decision of the State Board of Equalization thereon, by any person aggrieved to the Supreme Court, in like manner and with like effect as provided by law in other appeals from said Board to said Court; provided, that after such tax has been collected and distributed or paid without protest, no complaint with reference to rate thereof shall be heard or considered.

§68-1021. Reports and collection - Apportionment.

The gross production tax levied by the preceding section shall be reported to and collected by the Tax Commission at the same time and in the same manner as is now provided by law for the collection of gross production tax on ore. Upon being collected the taxes shall be apportioned precisely like taxes collected under Sections 1001-1016 of this Code. On ores sold at the time of production, the tax thereon shall be paid by the producer, who is hereby authorized to deduct in making settlement with the producer and/or royalty owner the amount of tax so paid; provided, that in the event ore on which such tax becomes due is not sold at the time of production, but is retained by the producer, the tax on such ore not so sold shall be paid by the producer for himself, including the tax due on royalty ore not sold; provided, further, that in settlement with the royalty owner, such producer shall have the right to deduct the amount of tax so paid on royalty ore, or to deduct therefrom royalty ore equivalent in value at the time such tax becomes due with the amount of tax paid.

§68-1022. Conditional increase in value of natural gas - Handling and distribution of tax levied thereon.

When an increase in the gross value of petroleum or other crude or mineral oil, natural gas, casinghead gas or liquids extracted therefrom sold by a producer is subject to the approval of an agency of the United States of America or a court of competent jurisdiction

adjudicating an appeal from said agency, the gross production tax provided for in this article on any such proposed increase in gross value when collected by a producer shall be separately reported and conditionally paid, subject to and pending the final outcome of any proceeding by such agency or court relating to a determination of the amount of such increase in gross value; provided, however that nothing herein shall be construed to impose any duty upon a producer to collect any proposed increase in gross value; and provided further, that "gross value" or "increase in gross value" as used in this section shall mean the amount a producer is collecting for the sale of any petroleum or other crude or mineral oil, natural gas, casinghead gas or liquids extracted therefrom sold which is subject to the jurisdiction of such agency or court. All monies so conditionally collected by the Tax Commission under the provisions of this section shall be accounted for in the following manner:

(a) At least once each month the Tax Commission shall deposit such collections in a special account in a bank or banks approved as a depository for monies of the State of Oklahoma. Each bank in which such monies are deposited shall credit the account at the end of each calendar quarter with the highest rate of interest then being paid by such bank for deposited monies of the State of Oklahoma, calculated on the total daily average balance on deposit during such calendar quarter.

(b) When a producer or purchaser gives written notice to the Tax Commission that such agency or court has, by final order, disapproved, in whole or in part, the proposed increase in gross value, then the Tax Commission shall, within thirty (30) days after receipt of such notice, withdraw from the bank holding such monies an amount of money equal to the tax conditionally paid on the proposed increase in gross value which has been disapproved, together with the interest earned on such money, and remit it to the person, firm, association or corporation which conditionally paid such tax.

(c) When such agency or court approves, by final order, the proposed increase in gross value, in whole or in part, the producer or purchaser involved having paid the tax conditionally shall immediately give written notice of such approval to the Tax Commission and it shall promptly withdraw from the bank holding such monies an amount of money equal to said tax conditionally paid on the proposed increase in gross value which has been approved, together with the interest earned on such money, and shall distribute the same as provided by the law then in force for the distribution of gross production taxes.

§68-1023. Downward adjustment of value of oil and gas - Refund of excess tax.

In the event the gross value of petroleum or other crude or mineral oil, natural gas, casinghead gas or liquids extracted therefrom is adjusted downward by any agency of the United States of America or a court of competent jurisdiction adjudicating an appeal from said agency, then the amount of the tax paid in excess of the tax due on the adjusted gross value shall be considered excess tax. Within one (1) year following the final determination of the gross value, any producer or purchaser who has paid any such excess tax may apply for a refund, and the Tax Commission, upon proper finding, shall have the authority to refund the amount of excess tax paid. Any refund may, at the discretion of the Tax Commission, be made in the form of a credit against future tax payments.

Such penalty shall be collected and apportioned in the same manner as is the tax itself. In such event, or if a form is not filed, as required by subsection D of Section 1210 of this title by a corporation, association or organization exempt from the tax pursuant to subsection B of Section 1205 of this title, the Tax Commission may enter an order directing the suspension of the charter or other instrument of organization, under which the corporation, association or organization may be organized, and the forfeiture of all corporate or other rights inuring thereunder. However, no such order of the Tax Commission shall be issued nor effective as to any corporation, association or organization the charter or certificate of authority of which is issued by the State Banking Board or State Banking Commissioner rather than the Secretary of State and the Tax Commission shall only notify the registered agents or managing officer of the corporation, association, or organization and shall notify the State Banking Board or State Banking Commissioner of the amount of unpaid tax.

In any suit against such corporation, association or organization on a cause of action arising before such forfeiture, no affirmative relief shall be granted to such corporation, association or organization unless its right to do business in this state shall be reinstated as provided herein. D. The Tax Commission, shall immediately upon entering an order suspending and forfeiting any such charter or other instrument of organization, transmit the name of each such corporation, association or organization named therein to the Secretary of State or the county clerk of the county in which the instrument under which it may be organized is filed, and the Secretary of State or county clerk, as the case may be, shall immediately record the same and such record shall constitute notice to the public. The

F. After the issuance of such order of suspension and forfeiture by the Tax Commission, the charter or other instrument of organization may only be revived and reinstated upon the payment of the accrued fees and penalties and a reinstatement fee in the amount of One Hundred Fifty Dollars (\$150.00), and a showing by the corporation, association or organization of a full compliance with the laws of this state. §68-1354.8. Streamlined Sales Tax System Act - Legislative findings.

The Legislature finds that:

1. State and local tax systems should treat transactions in a competitively neutral manner;

2. A simplified sales and use tax system that treats all transactions in a competitively neutral manner will strengthen and preserve the sales and use tax as vital state and local revenue sources and preserve state fiscal sovereignty;

3. Remote sellers should not receive preferential tax treatment at the expense of local "Main Street" merchants, nor should such vendors be burdened with special, discriminatory or multiple taxes;

4. The state should simplify sales and use taxes to reduce the administrative burden of collection; and

5. While states have the sovereign right to set their own tax policies, states working together have the opportunity to develop a more simple, uniform and fair system of state sales and use taxation without federal government mandates or interference.

§68-1354.9. Streamlined Sales Tax System Act - Multi-state discussions - Tax exempt status.

The Oklahoma Tax Commission shall enter into discussions with states regarding development of a multi-state, voluntary, streamlined system for sales and use tax collection and administration. These discussions shall focus on a system that would have the capability to determine whether the transaction is taxable or tax exempt, the appropriate tax rate applied to the transaction, and the total tax due on the transaction, and shall provide a method for collecting and remitting sales and use taxes to the state. Such system may provide compensation for the costs of collecting and remitting sales and use taxes. Discussions between

the Tax Commission and other states may include, but are not limited to:

1. The development of a "Joint Request for Information" from potential public and private parties governing the specifications for such system;
2. The mechanism for compensating parties for the development and operation of such system;
3. Establishment of minimum statutory simplification measures necessary for state participation in such system; and
4. Measures to preserve confidentiality of taxpayer information and privacy rights of consumers.

Following these discussions, the Tax Commission may proceed to issue a Joint Request for Information.

§68-1354.10. Streamlined Sales Tax System Act - Sales tax pilot project.

The Oklahoma Tax Commission is authorized to participate in a sales tax pilot project with other states and selected businesses to test means for simplifying sales and use tax administration and may enter into joint agreements for that purpose.

Agreements to participate in the test shall establish provisions for the administration, imposition and collection of sales and use taxes resulting in revenues paid that are the same as would be paid under existing law.

Parties to the agreements are excused from complying with the provisions of the Oklahoma Sales Tax Code or the Oklahoma Use Tax Code to the extent a different procedure is required by the agreements, except for confidentiality of taxpayer information as detailed in Section 12 of this act.

Agreements authorized under this section shall terminate no later than December 31, 2001.

Disclosure of confidential taxpayer information necessary under Sections 10 and 11 of this act shall be pursuant to a written agreement between the Oklahoma Tax Commission and the party or parties. Such party or parties shall be bound by the same requirements of confidentiality as the Tax Commission pursuant to the provisions of Section 205 of Title 68 of the Oklahoma Statutes.

- a. the sourcing of transactions to taxing jurisdictions,

- b. the administration of exempt sales, and
- c. sales and use tax returns and remittances;

3. Central Registration. The Agreement must provide a central, electronic registration system that allows a seller to register to collect and remit sales and use taxes for all signatory states;

4. No Nexus Attribution. The Agreement must provide that registration with the central registration system and the collection of sales and use taxes in the signatory states will not be used as a factor in determining whether the seller has nexus with a state for any tax;

5. Local Sales and Use Taxes. The Agreement must provide for reduction of the burdens of complying with local sales and use taxes through the following:

- a. restricting variances between the state and local tax bases,
- b. requiring states to administer any sales and use taxes levied by local jurisdictions within the state so that sellers collecting and remitting these taxes will not have to register or file returns with, remit funds to, or be subject to independent audits from local taxing jurisdictions,

Added by Laws 2001, c. 272, § 8, eff. Nov. 1, 2001.

§68-1354.22. Simplified Sales and Use Tax Administration Act - Persons benefitted by Agreement.

A. The Agreement authorized by this act binds and inures only to the benefit of this state and the other member states. No person, other than a member state, is an intended beneficiary of the Agreement. Any benefit to a person other than a state is established by the law of this state and the other member states and not by the terms of the Agreement.

B. Consistent with subsection A of this section, no person shall have any cause of action or defense under the Agreement or by virtue of this state's approval of the Agreement. No person may challenge, in any action brought under any provision of law, any action or inaction by any department, agency, or other instrumentality of this state, or any political subdivision of this state on the ground that the action or inaction is inconsistent with the Agreement.

A. A certified service provider is the agent of a seller, with whom the certified service provider has contracted, for the collection and remittance of sales and use taxes. As the seller's agent, the certified service provider is liable for sales and use tax due each member state on all sales transactions it processes for the seller except as set out in this section.

A seller that contracts with a certified service provider is not liable to the state for sales or use tax due on transactions processed by the certified service provider unless the seller misrepresented the type of items it sells or committed fraud. In the absence of probable cause to believe that the seller has

committed fraud or made a material misrepresentation, the seller is not subject to audit on the transactions processed by the certified service provider. A seller is subject to audit for transactions not processed by the certified service provider. The member states acting jointly may perform a system check of the seller and review the seller's procedures to determine if the certified service provider's system is functioning properly and the extent to which the seller's transactions are being processed by the certified service provider.

B. A person that provides a certified automated system is responsible for the proper functioning of that system and is liable to the state for underpayments of tax attributable to errors in the functioning of the certified automated system. A seller that uses a certified automated system remains responsible and is liable to the state for reporting and remitting tax.

C. A seller that has a proprietary system for determining the amount of tax due on transactions and has signed an agreement establishing a performance standard for that system is liable for the failure of the system to meet the performance standard.

A. If the Oklahoma Tax Commission enters into the Streamlined Sales and Use Tax Agreement under Section 1354.18 of Title 68 of the Oklahoma Statutes and subject to the limitations in this section:

1. Amnesty shall be granted for uncollected or unpaid sales or use taxes to a seller who registers to pay or to collect and remit applicable sales or use taxes on sales made to purchasers in this state in accordance with the terms of the Streamlined Sales and Use Tax Agreement, provided that the seller was not registered in this state in the twelve-month period preceding the effective date of this state's participation in the Agreement; and

2. The amnesty will preclude assessment for uncollected or unpaid sales or use tax together with penalty or interest for sales made during the period the seller was not registered in this state, provided registration occurs within twelve (12) months of the effective date of this state's participation in the Agreement.

B. The amnesty is not available to a seller with respect to any matter or matters for which the seller received notice of the commencement of an audit and which audit is not yet finally resolved including any related administrative and judicial processes.

C. The amnesty is not available for sales or use taxes already paid or remitted to the state or to taxes collected by the seller.

D. The amnesty is fully effective, absent the seller's fraud or intentional misrepresentation of a material fact, as long as the seller continues registration and continues payment or collection and remittance of applicable sales or use taxes for a period of at

least thirty-six (36) months. The statute of limitations applicable to asserting a tax liability during this thirty-six-month period shall be tolled.

E. The amnesty is applicable only to sales or use taxes due from a seller in its capacity as a seller and not to sales or use taxes due from a seller in its capacity as a buyer.

Added by Laws 2003, c. 413, § 17, eff. Nov. 1, 2003.

Added by Laws 2003, c. 413, § 18, eff. Nov. 1, 2003.

§68-1354.26. Refund of incorrectly paid sales or use taxes.

A. A consumer may seek a refund of incorrectly paid sales or use taxes directly from the state or it may seek a refund from its vendor.

B. These refund procedures provide the first course of remedy available to purchasers seeking a return of over-collected sales or use taxes from the seller. A cause of action against the seller for the over-collected sales or use taxes does not accrue until a purchaser has provided written notice to a seller and the seller has had sixty (60) days to respond. Such notice to the seller must contain the information necessary to determine the validity of the request.

C. In connection with a purchaser's request from a seller of over-collected sales or use taxes, a seller shall be presumed to have a reasonable business practice, if in the collection of such sales or use taxes, the seller uses either a certified service provider or a certified automated system, including a proprietary system, that is certified by the Oklahoma Tax Commission and has remitted to the state all taxes collected less any deductions, credits, or collection allowances.

D. Nothing in this section shall operate to extend any person's time to seek a refund of sales or use taxes collected or remitted in error.

A. The retail sale, excluding lease or rental, of a product shall be sourced as follows:

1. When the product is received by the purchaser at a business location of the seller, the sale is sourced to that business location;

2. When the product is not received by the purchaser at a business location of the seller, the sale is sourced to the location where receipt by the purchaser, or the purchaser's donee, designated as such by the purchaser, occurs, including the location indicated by instructions for delivery to the purchaser or donee, known to the seller. Provided, this subsection shall not apply to florists. All sales by florists shall be sourced to its business location;

3. When the provisions of paragraphs 1 and 2 of this subsection do not apply, the sale is sourced to the location indicated by an address for the purchaser that is available from the business records of the seller that are maintained in the ordinary course of the seller's business when use of this address does not constitute bad faith;

4. When the provisions of paragraphs 1, 2 and 3 of this subsection do not apply, the sale is sourced to the location indicated by an address for the purchaser obtained during the consummation of the sale, including the address of a purchaser's payment instrument, if no other address is available, when use of this address does not constitute bad faith; and

5. When none of the previous rules of paragraphs 1, 2, 3 and 4 of this subsection apply, including the circumstance in which the seller is without sufficient information to apply the previous rules, then the location will be determined by the address from which tangible personal property was shipped, from which the digital good or the computer software delivered electronically was first available for transmission by the seller, or from which the service was provided, disregarding for these purposes any location that merely provided the digital transfer of the product sold. In the case of a sale of mobile telecommunications service that is a prepaid telecommunications service, the location will be that which is associated with the mobile telephone number.

B. The lease or rental of tangible personal property, other than property identified in subsection C or D of this section, shall be sourced as follows:

The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. The property location shall not be altered by intermittent use at

different locations, such as use of business property that accompanies employees on business trips and service calls; and

2. For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subsection A of this section.

This subsection does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis, or on the acquisition of property for lease.

C. The lease or rental of motor vehicles, trailers, semitrailers, or aircraft that do not qualify as transportation equipment, as defined in subsection D of this section, shall be sourced as follows:

1. For a lease or rental that requires recurring periodic payments, each periodic payment is sourced to the primary property location. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. This location shall not be altered by intermittent use at different locations; and

2. For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subsection A of this section.

This subsection does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis, or on the acquisition of property for lease.

D. The retail sale, including lease or rental, of transportation equipment shall be sourced the same as a retail sale in accordance with the provisions of subsection A of this section, notwithstanding the exclusion of lease or rental in subsection A of this section. "Transportation equipment" means any of the following:

Upon receipt of the Direct Mail Form, the seller is relieved of all obligations to collect, pay or remit the applicable tax and the purchaser is obligated to pay or remit the applicable tax on a direct pay basis. A Direct Mail Form shall remain in effect for all future sales of direct mail by the seller to the purchaser until it is revoked in writing.

Upon receipt of information from the purchaser showing the jurisdictions to which the direct mail is delivered to recipients, the seller shall collect the tax according to the delivery information provided by the purchaser. In the absence of bad faith, the seller is relieved of any further obligation to collect tax on any transaction where the seller has collected tax pursuant to the delivery information provided by the purchaser.

B. If the purchaser of direct mail does not have a direct pay permit and does not provide the seller with either a Direct Mail Form or delivery information, as required by subsection A of this section, the seller shall collect the tax according to paragraph 5 of subsection A of Section 20 of this act. Nothing in this

subsection shall limit a purchaser's obligation for sales or use tax to any state to which the direct mail is delivered.

C. If a purchaser of direct mail provides the seller with documentation of direct pay authority, the purchaser shall not be required to provide a Direct Mail Form or delivery information to the seller.

13. "Private communication service" means a telecommunication service that entitles the customer to exclusive or priority use of a communications channel or group of channels between or among termination points, regardless of the manner in which such channel or channels are connected, and includes switching capacity, extension lines, stations, and any other associated services that are provided in connection with the use of such channel or channels; and

§68-1354.31. Entry into Streamlined Sales and Use Tax Agreement - Monetary allowance from taxes collected - Compensation for start-up costs.

A. If the Oklahoma Tax Commission enters into the Streamlined Sales and Use Tax Agreement under Section 1354.18 of this title, the Tax Commission is authorized to provide a monetary allowance from the taxes collected to each of the following:

1. A certified service provider, in accordance with the agreement and under the terms of the contract signed with the provider;

2. Any vendor registered under the agreement that selects a certified automated system to perform part of its sales or use tax functions; and

3. Any vendor registered under the agreement that uses a proprietary system to calculate taxes due and has entered into a performance agreement with states that are members to the Streamlined Sales and Use Tax Agreement.

B. The monetary allowance provided for in paragraph 2 or 3 of subsection A of this section shall be given to the vendor for the period established by, and at the rate set in, the Streamlined Sales and Use Tax Agreement entered into under Section 1354.18 of Title 68 of the Oklahoma Statutes if the Tax Commission determines that such terms are reasonable and provide adequate incentive for such vendors.

C. Any vendor that is a remote seller that initially contracts with a certified service provider for the collection and remittance of sales and use taxes to this state on or after October 1, 2010, and before July 1, 2011, shall be allowed compensation for the start-up costs associated with utilizing a certified service provider as provided in this subsection. The seller shall be allowed to retain twenty percent (20%) of the sales and use taxes collected by such seller, for a period of up to six (6) months, beginning with the first month such taxes are remitted by the certified service provider. The total amount retained by the seller as compensation may not exceed the sum of Five Hundred Dollars

(\$500.00). A seller which retains such compensation shall be required to continue to collect and remit applicable sales and use taxes for a period of at least thirty-six (36) months. A seller which does not continue to collect and remit applicable sales and use taxes for a period of at least thirty-six (36) months shall be required to forfeit and repay all compensation to this state that it had retained pursuant to this subsection.

D. On or after October 1, 2010, in addition to any compensation provided pursuant to subsection C of this section, and in lieu of the deduction provided by subsections A, B, C and D of Section 1367.1 of this title, a remote seller that collects and remits sales and use taxes to this state shall be eligible, at the option of the seller, for either the compensation in the amounts, and subject to the limitations provided in the Streamlined Sales and Use Tax Agreement, or for the Oklahoma Tax Commission to assume the direct cost of contracting with a certified service provider. In the event the Streamlined Sales and Use Tax Agreement has not adopted provisions for vendor compensation, a remote seller shall be eligible, at the option of the seller, for the deductions provided by Section 1367.1 of this title or for the Oklahoma Tax Commission to assume the direct cost of contracting with a certified service provider.

E. For purposes of this section, the term "remote seller" shall mean a seller that would not register to collect sales and use taxes in this state but for the ability of this state to require such remote seller to collect sales or use tax under federal authority. Added by Laws 2003, c. 413, § 24, eff. Nov. 1, 2003. Amended by Laws 2010, c. 412, § 13, eff. July 1, 2010.

§68-1354.32. Database describing boundary changes for taxing jurisdictions.

The Oklahoma Tax Commission shall:

1. Provide and maintain a database that describes boundary changes for all taxing jurisdictions within this state for sales and use tax purposes. This database shall include a description of the change and the effective date of the change for sales and use tax purposes;

2. Provide and maintain a database of all sales and use tax rates for all of the jurisdictions levying taxes within the state. For the identification of the state, counties, and cities, codes corresponding to the rates must be provided according to Federal Information Processing Standards (FIPS) as developed by the National Institute of Standards and Technology;

3. Provide and maintain a database that assigns each five-digit and nine-digit zip code within the state to the proper tax rates and jurisdictions. The lowest combined tax rate imposed in the zip code area shall apply if the area includes more than one tax rate in any

level of taxing jurisdictions. The collections from an area that includes more than one jurisdiction in a level shall be allocated between the jurisdictions according to the pro rata population of each jurisdiction in the area. If a nine-digit zip code designation is not available for a street address or if a seller or certified service provider (CSP) is unable to determine the nine-digit zip code designation applicable to a purchaser after exercising due diligence to determine the designation, the seller or CSP may apply the rate for the five-digit zip code area. For the purposes of this section, there is a rebuttable presumption that a seller has exercised due diligence if the seller or CSP has attempted to determine the nine-digit zip code designation by utilizing software approved by the Tax Commission that makes this designation from the street address and the five-digit zip code applicable to the purchaser;

4. Have the option of providing address-based database records for assigning taxing jurisdictions and their associated rates which shall be in addition to the requirements of paragraph 3 of this section. The database records must be in the same approved format as the database records pursuant to paragraph 3 of this section and must meet the requirements developed pursuant to the federal Mobile Telecommunications Sourcing Act, 4 U.S.C. Sec. 119(a). If the Tax Commission develops and adopts address-based assignment database records pursuant to the Agreement, a seller or CSP may use those database records in place of the five- and nine-digit zip code database records provided for in paragraph 3 of this section. If a seller or CSP is unable to determine the applicable rate and jurisdiction using an address-based database record after exercising due diligence, the seller or CSP may apply the nine-digit zip code designation applicable to a purchase. If a nine-digit zip code designation is not available for a street address or if a seller or CSP is unable to determine the nine-digit zip code designation applicable to a purchase after exercising due diligence to determine the designation, the seller or CSP may apply the rate for the five-digit zip code area. For the purposes of this section, there is a rebuttable presumption that a seller or CSP has exercised due diligence if the seller or CSP has attempted to determine the tax rate and jurisdiction by utilizing software approved by the governing board that makes this assignment from the address and zip code information applicable to the purchase;

5. Have the option, upon meeting the requirements of paragraph 4 of this section, to certify vendor provided address-based databases for assigning tax rates and jurisdictions. The databases must be in the same approved format as the database records pursuant to paragraph 4 of this section and must meet the requirements developed pursuant to the federal Mobile Telecommunications Sourcing Act, 4 U.S.C.A., Sec. 119(a). If the Tax Commission certifies a

vendor address-based database, a seller or CSP may use that database in place of the database provided for in paragraph 3 or 4 of this section;

6. Review software submitted for certification as a certified automated system (CAS). The review shall include a review to determine that the program adequately classifies that state's product-based exemptions. The Tax Commission shall certify its acceptance of the classifications made by the system;

7. Relieve vendors and certified service providers from liability for having charged and collected the incorrect amount of sales or use tax resulting from the seller of the certified service provider relying on erroneous data provided by the Tax Commission on tax rates, boundaries, or taxing jurisdiction assignments. Provided, the vendor or certified service provider shall not be relieved from liability for errors resulting from the reliance on the information provided pursuant to paragraph 3 of this section if the Tax Commission has provided or certified an address-based system pursuant to paragraph 4 or 5 of this section;

8. Be authorized to provide relief from liability to vendors and certified service providers who are participating with the Tax Commission in the use of a sales and use tax collection system that incorporates one or more databases provided or certified by the Tax Commission under this section if the Tax Commission has reviewed and approved such sales and use tax collection system; and

9. Relieve CSPs and Model 2 sellers from liability for not collecting sales or use taxes resulting from the CSP or Model 2 seller relying on the certification provided by the Tax Commission pursuant to paragraph 6 of this section. If the Tax Commission determines that an item or transaction is incorrectly classified as to its taxability, it shall notify the CSP or Model 2 seller of the incorrect classification. The CSP or Model 2 seller shall have ten (10) days to revise the classification after receipt of notice from the Tax Commission of the determination.

2. The term "personally identifiable information" means information that identifies a person; and

3. The term "anonymous data" means information that does not identify a person.

C. The fundamental precept in Model 1 is to preserve the privacy of consumers by protecting their anonymity. With very limited exceptions, a certified service provider shall perform its tax calculation, remittance, and reporting functions without retaining the personally identifiable information of consumers.

D. The Tax Commission shall provide public notification to consumers, including their exempt purchasers, of the state's practices relating to the collection, use and retention of personally identifiable information.

E. When any personally identifiable information that has been collected and retained is no longer required for the purposes of verifying the validity of an exemption, such information shall no longer be retained by the Tax Commission.

F. When personally identifiable information regarding an individual is retained, the Tax Commission shall provide reasonable access by such individual to his or her own information in the state's possession and a right to correct any inaccurately recorded information.

G. If anyone other than the state, or a person authorized by this state's law or the Agreement, seeks to discover personally identifiable information, a reasonable and timely effort to notify the individual of such request shall be made.

H. This privacy policy is subject to enforcement in the same manner as set out in Section 205 of Title 68 of the Oklahoma Statutes.

I. All laws and other rules regarding the collection, use, and maintenance of confidential taxpayer information remain fully applicable and binding.

Added by Laws 2003, c. 413, § 26, eff. Nov. 1, 2003.

§68-1354.34. Taxability matrix - Relief from liability.

A. The Tax Commission shall complete a taxability matrix as required under the Streamlined Sales and Use Tax Agreement to verify application of terms defined within the Library of Definitions in the Agreement.

B. Sellers and certified service providers shall be relieved from liability for having charged and collected the incorrect amount of sales or use tax resulting from the seller or certified service provider relying on erroneous data provided in the taxability matrix.

Added by Laws 2003, c. 413, § 27, eff. Nov. 1, 2003.

§68-1354.35. Tax on bundled transactions.

The total gross receipts or sales price of a "bundled transaction", as the term is defined in Section 1352 of Title 68 of the Oklahoma Statutes, shall be subject to the tax levied by Section 1350 et seq. of Title 68 of the Oklahoma Statutes, without any deduction for the value of the nontaxable products or service.

Added by Laws 2007, c. 155, § 10, eff. Nov. 1, 2007.

§68-1354.36. One-subject requirement for sales tax levies submitted to county voters.

After January 1, 2016, every sales tax levy submitted to county voters for approval shall embrace but one subject, which shall be clearly expressed on the ballot. For purposes of this section, "one subject" shall mean a ballot proposition with only one sales tax levy for a specified purpose but may include multiple projects for that purpose. Nothing in this section shall be interpreted as prohibiting a one-subject proposition from residing upon the same paper voting ballot as other one-subject propositions.

Added by Laws 2015, c. 254, § 1, eff. Nov. 1, 2015. Amended by Laws 2016, c. 179, § 1, eff. Nov. 1, 2016.

This exemption shall only be granted and extended where the purchaser of feed that is to be used and in fact is used for a purpose that would bring about an exemption hereunder executes an invoice or sales ticket in duplicate on a form to be prescribed by the Oklahoma Tax Commission. Any person making purchases on behalf of the agricultural permit holder shall certify, in writing, on the copy of the invoice or sales ticket to be retained by the vendor that the purchases are made for and on behalf of such permit holder and set out the name and permit number of such holder. §68-1358.1. Exemptions - Agriculture - Proof of eligibility.

A. In order to qualify for any exemption authorized by Section 1358 of this title, at the time of sale, the person to whom the sale is made shall be required to furnish the vendor proof of eligibility for the exemption as required by this section.

B. All vendors shall honor the proof of eligibility for sales tax exemption as authorized by this section and sales to a person providing such proof shall be exempt from the tax levied by this article, Section 1350 et seq. of this title.

C. The agricultural exemption permit, the size and design of which shall be prescribed by the Oklahoma Tax Commission, shall constitute proof of eligibility for sales tax exemptions authorized by Section 1358 of this title. The permit shall be obtained by listing personal property used in farming or ranching by the person with the county assessor each year as provided by law. If the assessor determines that the personal property is correctly listed and assessed for ad valorem taxation and the county treasurer certifies whether the person has delinquent accounts appearing on the personal property tax lien docket in the county treasurer's office, the assessor shall certify the assessment upon a form prescribed by the Oklahoma Tax Commission. One copy shall be retained by the assessor, one copy shall be forwarded to the Oklahoma Tax Commission and one copy shall be given to the person listing the personal property. Upon verification that the applicant qualifies for the exemptions authorized by Section 1358 of this title and that the applicant has no delinquent accounts appearing on the personal property tax lien docket in the office of the county treasurer, a permit shall be issued as prescribed by this section. The permit shall be renewable every three (3) years in the manner provided by this section.

D. A person who does not otherwise qualify for a permit pursuant to subsection C of this section, except as provided in subsection E of this section, shall file with the Oklahoma Tax Commission an application for an agricultural exemption permit constituting proof of eligibility for the sales tax exemptions authorized by Section 1358 of this title, setting forth such information as the Tax Commission may require. The application shall be certified by the applicant that the applicant is engaged in custom farming operations or in the business of farming or ranching. If the applicant is a corporation, the application shall be certified by a legally constituted officer thereof.

The Oklahoma Tax Commission shall accept any of the following as proof of eligibility for the exemptions authorized by this section or pursuant to Section 1358 of this title.

1. A copy of IRS Schedule F, a copy of IRS form 1065 or a copy of IRS form 4835, or any equivalent form prescribed by the Internal Revenue Service, with respect to a federal income tax return;

2. A one-page business description form provided by the Oklahoma Tax Commission;

3. Farm Service Agency form 156EZ; or

4. Other documents at the discretion of the Oklahoma Tax Commission that verify active agriculture production.

E. Except as provided in this subsection, for a person who is a resident of another state and who is engaged in custom farming operations in this state, the person shall provide the vendor proof of residency, the name, address and telephone number of the person engaging the custom farmer and certification on the face of the invoice, under the penalty of perjury, that the property purchased shall be used in agricultural production as proof of eligibility for the sales tax exemption authorized by Section 1358 of this title. Any person who is a resident of another state and who is engaged in custom farming operations in this state and who owns property in this state, shall obtain proof of eligibility as provided in subsection C or D of this section.

F. If an agricultural exemption permit holder purchases tangible personal property from a vendor on a regular basis, the permit holder may furnish the vendor proof of eligibility as provided for in subsections C and D of this section and the vendor may subsequently make sales of tangible personal property to the permit holder without requiring proof of eligibility for each subsequent sale. Provided, the permit holder shall notify the vendor of all purchases which are not exempt from sales tax under the provisions of Section 1358 of this title and remit the applicable amount of tax thereon. If the permit holder fails to notify the vendor of purchases not exempt from sales tax, then sufficient grounds shall exist for the Oklahoma Tax Commission to cancel the agricultural exemption permit of the permit holder who so failed to notify the vendor.

G. If an out-of-state agricultural exemption permit holder purchases tangible personal property from a vendor within this state who is not in the business of shipping the tangible personal property purchased, then the out-of-state agricultural exemption permit holder is responsible for providing an export bill of lading or other documentation to the vendor from whom the tangible personal property was purchased showing that the point of delivery of such goods for use and consumption is outside this state.

H. A purchaser who uses an agricultural exemption permit or provides proof of eligibility pursuant to subsection E of this

section to purchase, exempt from sales tax, items not authorized for exemption under Section 1358 of this title shall be subject to a penalty in the amount of Five Hundred Dollars (\$500.00).

§68-1359.1. Manufacturers - Refund of certain state and local sales taxes.

A. In order to administer the exemption for sales to a qualified manufacturer or distributor as provided by Section 1359 of this title, there shall be made a sales tax refund for state and local sales taxes paid by qualified manufacturers or distributors for tangible personal property purchased to be consumed or incorporated in the construction of a new manufacturing or distribution facility or to expand an existing manufacturing or distribution facility in the state from the account created by this section. Provided, no claim for a refund shall be filed by a distributor pursuant to subparagraph d of paragraph 7 of Section 1359 of this title before July 1, 2006.

B. The Oklahoma Tax Commission shall transfer each month from sales tax collected the amount which the Commission estimates to be necessary to make the sales tax refund provided by this section to an account designated as the Commission determines.

C. Any refund shall be paid from the account prescribed by this section at the time the claim for refund is approved by the Tax Commission. The amount of the refund shall not exceed the total state and local sales taxes paid together with accrued interest upon such total. The amount of interest paid to a qualified manufacturer or distributor upon the principal amount of any refund made to such manufacturer or distributor for purposes of administering the exemption provided by Section 1359 of this title shall be determined according to the amount earned as invested by the State Treasurer's Office. The interest rate shall accrue upon the amount transferred to the account.

D. For purposes of this section, state and local sales taxes paid by a contractor or subcontractor for tangible personal property purchased by that contractor or subcontractor to be consumed or incorporated in the construction of a new or expanded manufacturing facility pursuant to a contract with a qualified manufacturer or distributor shall, upon proper showing, be refunded to the qualified manufacturer or distributor.

E. The qualified manufacturer or distributor shall file with the Tax Commission the following documentation for any refund claimed:

1. Invoices indicating the amount of state and local sales tax billed;

2. Affidavit of each vendor that state and local sales tax billed has not been audited, rebated, or refunded to the qualified manufacturer but rather the sales tax charged has been collected by the vendor and remitted to the Tax Commission; and

3. All additional documentation required to be submitted pursuant to rules promulgated by the Tax Commission.

F. In the event that state and local sales tax was paid by a contractor or subcontractor, the qualified manufacturer or distributor shall file with the Tax Commission all documentation required in subsection E of this section but in lieu of the affidavit of each vendor the qualified manufacturer or distributor shall file, for any refund claimed, an affidavit from the contractor or subcontractor stating that the sales tax refund of the qualified manufacturer or distributor is based on state and local sales tax paid by the contractor or subcontractor on tangible personal property purchased to be consumed or incorporated in the construction of a new or expanded business activity and that the amount of state and local sales tax claimed was paid to the vendor and no credit, refund, or rebate has been claimed by the contractor or subcontractor.

G. Only sales of tangible personal property made after June 1, 1988, shall be eligible for the refund established by this section.

H. The qualified manufacturer or distributor shall file, within thirty-six (36) months of the date of the first purchase which is

exempt from taxation pursuant to the provisions of paragraph 7 of Section 1359 of this title, with the Tax Commission a certification issued by the Employment Security Commission in order to qualify for the refund authorized by this section.

I. Notwithstanding the provisions of any state tax law, the amount refunded under this section shall be assessed if the number of full-time-equivalent employees drops below the number prescribed in paragraph 7 of Section 1359 of this title, at any time within thirty-six (36) months of the date certification is issued by the Oklahoma Employment Security Commission.

All vendors shall honor the proof of eligibility for sales tax exemption as authorized under this section, and sales to a person providing such proof shall be exempt from the tax levied by Section 1350 et seq. of Title 68 of the Oklahoma Statutes.

B. Each resident manufacturer wishing to claim the exemption authorized in paragraph 1 of Section 1359 of Title 68 of the Oklahoma Statutes shall be required to secure from the Oklahoma Tax Commission a manufacturer exemption permit, the size and design of which shall be prescribed by the Tax Commission. This permit shall constitute proof of eligibility for the exemption provided in paragraph 1 of Section 1359 of Title 68 of the Oklahoma Statutes. Each such manufacturer shall file with the Tax Commission an application for an exemption permit, setting forth such information as the Tax Commission may require. The application shall be signed by the owner of the business or representative of the business entity and as a natural person, and, in the case of a corporation, as a legally constituted officer thereof.

C. Each manufacturer exemption permit issued shall be valid for a period of three (3) years from the date of issuance. If a manufacturer applying for a manufacturer exemption permit is already the holder of a manufacturer's sales tax permit issued under Section 1364 of Title 68 of the Oklahoma Statutes at the time of initial application, the manufacturer exemption permit shall be issued with an expiration date which corresponds with the expiration date of the manufacturer's sales tax permit. Thereafter, the Tax Commission shall issue the exemption permits at the same time of issuance or

renewal of the manufacturer's sales tax permit issued under Section 1364 of Title 68 of the Oklahoma Statutes.

D. The Tax Commission shall honor all manufacturer's limited exemption certificates issued prior to the effective date of this act. However, holders of such certificates shall apply for a manufacturer exemption permit pursuant to the provisions of this section at the same time they apply for issuance or renewal of a manufacturer's sales tax permit.

Except as otherwise provided by subsection C of this section, each and every vendor in this state shall collect from the consumer or user the full amount of the tax levied by Section 1350 et seq. of this title, or an amount equal as nearly as possible or practicable to the average equivalent thereof. Every person required to collect any tax imposed by Section 1350 et seq. of this title shall be personally liable for the tax.

2. However, the Oklahoma Tax Commission shall relieve sellers or certified service providers that follow the requirements of this section from the tax otherwise applicable if it is determined that the purchaser improperly claimed an exemption and to hold the purchaser liable for the nonpayment of tax. This relief from liability does not apply to:

The Tax Commission shall relieve a seller or CSP of the tax otherwise applicable if it obtains a blanket exemption certificate for a purchaser with which the seller has a recurring business relationship. The Tax Commission shall not request from the seller or CSP renewal of blanket certificates or updates of exemption certificate information or data elements when there is a recurring business relationship between the buyer and seller. For purposes of this section, a recurring business relationship exists when a period of no more than twelve (12) months elapses between sales transactions.

4. Upon the granting of relief from liability to the vendor as provided in this section, the purchaser shall be liable for the remittance of the tax, interest and penalty due thereon and the Tax Commission shall pursue collection thereof from the purchaser in any manner in which sales tax may be collected from a vendor.

B. Except as otherwise provided by subsection C of this section, vendors shall add the tax imposed by Section 1350 et seq. of this title, or the average equivalent thereof, to the sales price, charge, consideration, gross receipts or gross proceeds of the sale of tangible personal property or services taxed by Section 1350 et seq. of this title, and when added such tax shall constitute a part of such price or charge, shall be a debt from the consumer or user to vendor until paid, and shall be recoverable at law in the same manner as other debts.

A person who has obtained a direct payment permit as provided in Section 1364.1 of this title shall accrue all taxes imposed pursuant to Section 1354 or 1402 of this title on all purchases made by the person pursuant to the permit at the time the purchased items are first used or consumed in a taxable manner and

pay the accrued tax directly to the Oklahoma Tax Commission on reports as required by Section 1365 of this title.

D. Except as otherwise provided by subsection C of this section, a vendor who willfully or intentionally fails, neglects or refuses to collect the full amount of the tax levied by Section 1350 et seq. of this title, or willfully or intentionally fails, neglects or refuses to comply with the provisions of Section 1350 et seq. of this title, or remits or rebates to a consumer or user, either directly or indirectly, and by whatsoever means, all or any part of the tax levied by Section 1350 et seq. of this title, or makes in any form of advertising, verbally or otherwise, any statement which implies that the vendor is absorbing the tax, or paying the tax for the consumer or user by an adjustment of prices or at a price including the tax, or in any manner whatsoever, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined not more than Five Hundred Dollars (\$500.00), and upon conviction for a second or other subsequent offense shall be fined not more than One Thousand Dollars (\$1,000.00), or incarcerated for not more than sixty (60) days, or both. Provided, sales by vending machines may be made at a stated price which includes state and any municipal sales tax.

F. Any sum or sums collected or accrued or required to be collected or accrued in Section 1350 et seq. of this title shall be deemed to be held in trust for the State of Oklahoma, and, as trustee, the collecting vendor or holder of a direct payment permit as provided for in Section 1364.1 of this title shall have a fiduciary duty to the State of Oklahoma in regards to such sums and shall be subject to the trust laws of this state.

G. Notwithstanding the provisions of this section, the sales tax associated with the purchase of a motor vehicle shall be paid by the consumer in the same manner and time as the motor vehicle excise tax for said motor vehicle is due.

§68-1361.1. Consumer exempt from tax - Liability of vendor - Confidentiality.

A. If a vendor, in good faith, timely accepts from a consumer properly completed documentation certified by the Oklahoma Tax Commission that such consumer is exempt from the taxes levied by the Oklahoma Sales Tax Code, the vendor shall be relieved of any liability for any sales tax or the duty to collect any sales tax imposed by the provisions of Section 1361 of this title upon such vendor with respect to such sale.

B. A vendor who has actual knowledge that a consumer is entitled to an exemption under paragraph 34 of Section 1357 of this title and who willfully or intentionally refuses to honor the exemption shall be punished by an administrative fine of Five Hundred Dollars (\$500.00) per offense. A second or subsequent violation of this subsection shall be unlawful and constitute a misdemeanor offense punishable by a fine of not more than Five Hundred Dollars (\$500.00) per such offense, in addition to any administrative fine. For the purposes of this subsection, "vendor" means any individual most responsible for supervising, and the conduct of, any employee who intentionally refuses to honor the exemption including, but not limited to, a manager, owner, partner or corporate officer.

C. All vendors shall honor the proof of eligibility for sales tax exemption and sales for the benefit of the disabled veteran to a person providing such proof shall be exempt from the tax levied pursuant to the Oklahoma Sales Tax Code.

B. A claim for refund of sales taxes erroneously paid may only be made if a vendor refuses to honor the proof of eligibility issued by the Tax Commission for the exemption authorized pursuant to paragraph 34 of Section 1357 of this title and the person eligible for the exemption submits to the Tax Commission a signed notification of the vendor's denial of exemption on a form prescribed by the Commission.

The applicable percentage shall equal the combination of the state and any applicable municipal and county sales tax rates. In computing the tax to be collected or remitted as the result of any transaction, the tax amount must be carried to the third decimal place when the tax amount is expressed in dollars. The tax must be rounded to a whole cent using a method that rounds up to the next cent whenever the third decimal place is greater than four. The vendor or direct payment permit holder may elect to compute the tax due on transactions on an item or invoice basis.

C. For the convenience of the vendor or direct payment permit holder, the Tax Commission is hereby authorized to establish and revise, when necessary, bracket system guidelines to be followed in collecting the tax levied pursuant to the provisions of the Oklahoma Sales Tax Code, any municipal sales tax, or county sales tax.

The use of bracket system guidelines does not relieve the vendor or direct payment permit holder from the duty and liability to remit to the Tax Commission, an amount equal to the applicable percentage

of the gross receipts or gross proceeds derived from all sales during the taxable period as provided by Section 1354 of this title.

D. §68-1364. Permits to do business.

Permits to do business.

A. Every person desiring to engage in a business within this state who would be designated as a Group One or Group Three vendor, pursuant to Section 1363 of this title, shall be required to secure from the Oklahoma Tax Commission every three (3) years a written permit for a fee of Twenty Dollars (\$20.00) prior to engaging in such business in this state. Each such person shall file with the Tax Commission an application for a permit to engage in or transact business in this state, setting forth such information as the Tax Commission may require. The application shall be signed by the owner of the business or representative of the business entity and as a natural person, and, in the case of a corporation, as a legally constituted officer thereof. To obtain a sales tax permit, an individual or sole proprietor must be at least eighteen (18) years

of age. A parent or legal guardian may apply for a permit on behalf of an individual or sole proprietor who is not at least eighteen (18) years of age, provided the parent or legal guardian will be considered the authorized user responsible for remitting state tax.

B. Upon receipt of an initial application, the Tax Commission may issue a probationary permit effective for six (6) months which will automatically renew for an additional thirty (30) months unless the applicant receives written notification of the refusal of the Commission to renew the permit. Within twenty (20) days of the date of the written notification of the notice of refusal, the applicant may request a hearing to show cause why the permit should be renewed. Upon receipt of a request for a hearing, the Tax Commission shall set the matter for hearing and give ten (10) days' notice in writing of the time and place of the hearing. At the hearing, the applicant shall set forth the qualifications of the applicant for a permit and proof of compliance with all state tax laws.

C. Holders of a probationary permit as provided in subsection B of this section shall not be permitted to present the permit to obtain a commercial license plate for their motor vehicle as provided in Section 1133.1 of Title 47 of the Oklahoma Statutes.

D. Upon verification that the applicant is a Group Three vendor, the Tax Commission may require such applicant to furnish a surety bond or other security as the Commission may deem necessary to secure payment of taxes under this article, prior to issuance of a permit for the place of business set forth in the application for permit. Provided, the Tax Commission is hereby authorized to set guidelines, by adoption of regulations, for the issuance of sales tax permits. Pursuant to the guidelines the Tax Commission may refuse to issue permits to any Group Three vendors, or any class of vendors included in the whole classification of Group Three vendors, if the Tax Commission determines that it is likely this state will lose tax revenue due to the difficulty of enforcing this article for any reasons stated in paragraph 21 of Section 1354 of this title.

E. A separate permit for each additional place of business to be operated must be obtained from the Tax Commission for a fee of Ten Dollars (\$10.00). Such permit shall be good for a period of three (3) years. The Tax Commission shall grant and issue to each applicant a separate permit for each place of business in this state, upon proper application therefor and verification thereof by the Tax Commission.

F. A permit is not assignable and shall be valid only for the person in whose name it is issued and for the transaction of business at the place designated therein. The permit shall at all times be conspicuously displayed at the place of business for which issued in a position where it can be easily seen. The permit shall be in addition to all other permits required by the laws of this

state. Provided, if the location of the business is changed, such person shall file with the Tax Commission an application for a permit to engage in or transact business at the new location. Upon issuance of the permit to the new location of such business, no additional permit fee shall be due until the expiration of the permit issued to the previous location of such business.

G. It shall be unlawful for any person coming within the class designated as Group One or the class designated as Group Three to engage in or transact a business of reselling tangible personal property or services within this state unless a written permit or permits shall have been issued to such person. Any person who engages in a business subject to the provisions of this section without a permit or permits, or after a permit has been suspended, upon conviction, shall be guilty of a misdemeanor punishable by a fine of not more than One Thousand Dollars (\$1,000.00). Any person convicted of a second or subsequent violation hereof shall be guilty of a Class D3 felony offense punishable by a fine of not more than Five Thousand Dollars (\$5,000.00), or by a term of imprisonment as provided for in subsections B through F of Section 20P of Title 21 of the Oklahoma Statutes, or both such fine and imprisonment.

H. Any person operating under a permit as provided in this article shall, upon discontinuance of business by sale or otherwise, return such permit to the Tax Commission for cancellation, together with a remittance for any unpaid or accrued taxes. Failure to surrender a permit and pay any and all accrued taxes will be sufficient cause for the Tax Commission to refuse to issue a permit subsequently to such person to engage in or transact any other business in this state. In the case of a sale of any business, the tax shall be deemed to be due on the sale of the fixtures and equipment, and the Tax Commission shall not issue a permit to continue or conduct the business to the purchaser until all tax claims due this state have been settled.

I. All permits issued under the provisions of this article shall expire three (3) years from the date of issuance at the close of business at each place or location of the business within this state. No refund of the fee shall be made if the business is terminated prior to the expiration of the permit. Whenever the sales tax reports required to be filed by Section 1365 of this title indicate there is no business activity at a place of business for a period of twelve (12) months, the Tax Commission, after giving twenty (20) days' notice to the permit holder in writing of the time and place of hearing to show cause why the sales tax permit for that place of business should not be revoked, may revoke or suspend the permit pursuant to an order of the Tax Commission after failure to show cause or failure to appear by the permit holder.

J. Whenever a holder of a permit fails to comply with any provisions of this article, the Tax Commission, after giving twenty

(20) days' notice in writing of the time and place of hearing to show cause why the permit should not be revoked, may revoke or suspend the permit pursuant to an order of the Tax Commission after failure to show cause or failure to appear by the permit holder, the permit to be renewed upon removal of cause or causes of revocation or suspension. However, if a holder of a permit becomes delinquent for a period of three (3) months or more in reporting or paying of any tax due under this article, any duly authorized agent of the Tax Commission may remove the permit from the taxpayer's premises and it shall be returned or renewed only upon the filing of proper reports and payment of all taxes due under this article.

K. Permits are not required of persons coming within the classification designated as Group Two. The Oklahoma Tax Commission shall issue a limited permit to Group Five vendors. The permit shall be in such form as the Tax Commission may prescribe.

L. Nothing in this article shall be construed to allow a permit holder to purchase, tax exempt, anything for resale that the permit holder is not regularly in the business of reselling.

M. All monies received pursuant to issuance of such permits to do business shall be paid to the State Treasurer and placed to the credit of the General Revenue Fund of the State Treasury.

N. Notwithstanding the provisions of Section 205 of this title, the Oklahoma Tax Commission is authorized to release the following information contained in the Master Sales and Use Tax File to vendors:

1. Permit number;
2. Name in which permit is issued;
3. Name of business operation if different from ownership (DBA);
4. Mailing address;
5. Business address;
6. Business class, North American Industry Classification System (NAICS), or Standard Industrial Classification (SIC); and
7. Effective date and expiration or cancellation date of permit.

Release of such information shall be limited to tax remitters for the express purpose of determining the validity of sales permits presented as evidence of purchasers' sales tax resale status under this Oklahoma Tax Code.

The provisions of this subsection shall be strictly interpreted and shall not be construed as permitting the disclosure of any other information contained in the records and files of the Tax Commission relating to sales tax or to any other taxes.

This information may be provided on a subscription basis, with periodic updates, and sufficient fee charged, not to exceed One Hundred Fifty Dollars (\$150.00) per year, to offset the administrative costs of providing the list. All revenue received by

the Oklahoma Tax Commission from such fees shall be deposited to the credit of the Oklahoma Tax Commission Fund. No liability whatsoever, civil or criminal, shall attach to any member of the Tax Commission or any employee thereof for any error or omission in the disclosure of information pursuant to this subsection.

O. If the Tax Commission enters into the Streamlined Sales and Use Tax Agreement under Section 1354.18 of this title, the Tax Commission is authorized to participate in its online sales and use tax registration system and shall not require the payment of the registration fees or other charges provided in this section from a vendor who registers within the online system if the vendor has no legal requirement to register.

§68-1364.1. Direct payment permits.

A. Every person who qualifies pursuant to subsection B of this section and desires to directly remit the taxes due under Section 1350 et seq. of this title or Section 1401 et seq. of this title to the Oklahoma Tax Commission rather than remit such taxes to the vendor may apply to the Tax Commission for a direct payment permit. The permit shall be valid for three (3) years. Each such person shall file with the Tax Commission an application for a direct payment permit, setting forth such information as the Tax Commission may require, including but not limited to:

1. An agreement that is signed by the owner of the business or representative of the business entity and as a natural person, and, in the case of a corporation, as a legally constituted officer thereof, that provides that the applicant agrees to:

- a. accrue and remit all taxes imposed by Section 1350 et seq. of this title or Section 1401 et seq. of this title on the sale or use of all taxable personal property or services sold to or leased or rented by

the applicant. Provided, no tax shall be due from the holder of a direct payment permit on tangible personal property intended solely for use in other states, but which is stored in Oklahoma pending shipment to such other states or which is temporarily retained in Oklahoma for the purpose of fabrication, repair, testing, alteration, maintenance, or other service,

- b. pay such taxes as required by Section 1365 of this title. Provided, in lieu of monthly reports, persons qualifying pursuant to paragraph 2 of subsection B of this section owing an average per month of Five Hundred Dollars (\$500.00) or less may file quarterly reports and remit taxes due thereunder to the Tax Commission on or before the twentieth day of the month following the calendar quarter. If not paid on or before the twentieth day of such month, the tax shall be delinquent,
- c. waive the discount permitted by Section 1367.1 of this title on the payment of all taxes remitted directly to the Tax Commission; and

2. A description of the accounting method by which the applicant proposes to differentiate between taxable and exempt transactions.

Upon verification that the applicant is eligible to receive a direct payment permit, the Tax Commission shall issue a direct payment permit for the place of business set forth in the application for the permit. The Tax Commission shall be the sole judge of the applicant's qualifications and may refuse to issue a direct payment permit to an applicant. An applicant who has been denied the issuance of a permit may submit an amended application or may submit a new application after a reasonable period of time after the denial of the original application.

B. The following persons shall qualify for a direct payment permit as provided in subsection A of this section:

1. Every person who makes purchases of Eight Hundred Thousand Dollars (\$800,000.00) or more annually in taxable items for use in Oklahoma enterprises; or

2. Every person who makes purchases of drugs for the treatment of human beings, medical appliances, medical devices and other medical equipment including but not limited to corrective eyeglasses, contact lenses, hearing aids, prosthetic devices, durable medical equipment, and mobility-enhancing equipment for administration or distribution by a practitioner, as defined in subsection B of Section 1357.6 of this title, who is authorized by law to administer or distribute such items and the cost of such items will be reimbursed under the Medicare or Medicaid program.

C. For exempt purchases made by persons that have been issued a permit under paragraph 2 of subsection B of this section, the Tax Commission shall accept the following information, maintained separate from confidential patient records, as an acceptable accounting method by which the applicant documents the purchase of items exempt under Section 1357.6 of this title:

1. Patient case number or account number;
2. Type of insurance; and
3. Item description or product number.

D. Persons may only file a claim for refund of sales/use tax erroneously paid on purchases of items exempted pursuant to Section 1357.6 of this title if the person presented the seller a direct pay permit issued pursuant to paragraph 2 of subsection B of this section at the time of purchase of the items for which the refund is claimed.

D. Unless otherwise provided in this section, special event vendors shall collect sales tax from purchasers of tangible personal property and services taxable under Section 1350 et seq. of this title and shall remit the tax, along with a sales tax report, to the promoter or organizer.

E. Within fifteen (15) days following the conclusion of the special event, the organizer or promoter shall forward all reports

and payments to the Tax Commission along with a completed sales tax report. If not filed on or before the fifteenth day, the tax shall be delinquent from such date. Within fifteen (15) days following the conclusion of the special event, the organizer or promoter shall also submit a list of vendors who actually attended each event. 2. Providing report forms to special event vendors as provided in subsection C of this section; and

3. Within fifteen (15) days following the conclusion of the special event, submitting a list of special event vendors at each event, including the vendor's name, address, and telephone number.

Such requests may be denied by the Tax Commission for reasons including, but not limited to, failure by the promoter to comply with the requirements of this section or failure by vendors of the promoter's previous special events to comply with the provisions of subsection I of this section.

I. Special event vendors of special events that are approved under subsection H of this section shall remit the tax along with a sales tax report directly to the Tax Commission within fifteen (15) days following the conclusion of the special event. If not filed on or before the fifteenth day, the tax shall be delinquent from such date. Reports timely mailed shall be considered timely filed. If a report is not timely filed, interest shall be charged from the date the report should have been filed until the report is actually filed.

For sales from the first day through the fifteenth day of each month, the tax shall be due and payable on the twentieth day of such month and remitted to the Tax Commission by electronic funds transfer. A taxpayer will be considered to have complied with the reporting requirements of this paragraph if, on or before the twentieth day of such month, the taxpayer paid at least ninety

percent (90%) of the liability for that fifteen-day period or at least fifty percent (50%) of the taxpayer's liability in the immediate preceding calendar year for the same month as the month in which the fifteen-day period occurs; and

2. For sales from the sixteenth day through the end of each month, the tax shall be due and payable on the twentieth day of the following month and remitted to the Tax Commission by electronic funds transfer.

Every person required to remit the tax due pursuant to this subsection shall file its monthly sales tax report in accordance with the Tax Commission's electronic data interchange program on the twentieth day of the month following the month the sales occurred. Provided, persons primarily engaged in selling lumber and other building materials, including cement and concrete, except for home centers classified under Industry No. 444110 of the North American Industrial Classification System (NAICS) Manual, shall remit and report as required in subsection A of this section.

Taxes not paid on or before the due dates specified in this subsection shall be delinquent from such dates.

E. In lieu of monthly reports, tax remitters or taxpayers who are classified as Group Three vendors in Section 1350 et seq. of this title or tax remitters or taxpayers whose total amount of tax liability for any one month does not exceed Fifty Dollars (\$50.00) may file semiannual reports and remit taxes due thereunder to the Tax Commission on or before the twentieth day of January and July of each year for the preceding six-month period. If not paid on or before the twentieth day of such month, the tax shall be delinquent.

F. It shall be the duty of every tax remitter required to make a sales tax report and pay any tax under Section 1350 et seq. of this title to keep and preserve suitable records of the gross daily sales together with invoices of purchases and sales, bills of lading, bills of sale and other pertinent records and documents which may be necessary to determine the amount of tax due hereunder and such other records of goods, wares and merchandise, and other subjects of taxation under Section 1350 et seq. of this title as will substantiate and prove the accuracy of such returns. It shall also be the duty of every person who makes sales for resale to keep records of such sales which shall be subject to examination by the Tax Commission or any authorized employee thereof while engaged in checking or auditing the records of any person required to make a report under the terms of Section 1350 et seq. of this title. All such records shall remain in Oklahoma and be preserved for a period of three (3) years, unless the Tax Commission, in writing, has authorized their destruction or disposal at an earlier date, and shall be open to examination at any time by the Tax Commission or by any of its duly authorized agents. The burden of proving that a

sale was not a taxable sale shall be upon the person who made the sale.

G. The purchaser must provide the vendor with the purchaser's sales tax permit number, the direct payment permit number or a copy of the direct payment permit if the sale is made within Oklahoma. In addition to furnishing the sales tax permit number to the vendor, the purchaser must certify in writing to the vendor that the purchaser is engaged in the business of reselling the articles purchased. Failure to so certify, or to falsely certify with the knowledge that the items purchased are not for resale, shall be sufficient grounds upon which the Tax Commission may cause the purchaser's sales tax permit to be canceled. Certification may be made on the bill, invoice or sales slip retained by the vendor or by furnishing a certification letter to the seller which contains the following:

1. The name and address of the purchaser;
2. The sales tax permit number of the permit issued to the purchaser;
3. A statement that the purchaser is engaged in the business of reselling the articles purchased, if applicable;
4. A statement that the articles purchased are purchased for resale, if applicable; and
5. The signature of the purchaser or a person authorized to legally bind the purchaser.

H. If a sales tax permit holder purchases goods, wares and merchandise from a vendor on a regular basis, then the permit holder may furnish the certification letter described in subsection G of this section to the vendor and the vendor may subsequently make sales of tangible personal property to the permit holder without requiring a certification letter or certification statement for each subsequent sale. The permit holder must notify the seller of all purchases which are not for resale and remit the applicable amount of tax thereon. If the permit holder fails to notify the vendor of purchases not intended for resale, then sufficient grounds shall exist for the Tax Commission to cancel the sales tax permit of the permit holder who so failed to notify the vendor.

I. In lieu of filing reports as required in subsection A of this section, tax remitters or taxpayers who agree to participate in the Tax Commission's electronic funds transfer and electronic data interchange programs may file according to the following schedule:

1. For sales from the first day through the fifteenth day of each month, the tax shall be due and payable on the twentieth day of such month and remitted to the Tax Commission by electronic funds transfer. A taxpayer will be considered to have complied with the reporting requirements of this paragraph if, on or before the twentieth day of such month, the taxpayer paid at least ninety percent (90%) of the liability for that fifteen-day period or at

least fifty percent (50%) of the taxpayer's liability in the immediate preceding calendar year for the same month as the month in which the fifteen-day period occurs; and

2. For sales from the sixteenth day through the end of each month, the tax shall be due and payable on the twentieth day of the following month and remitted to the Tax Commission by electronic funds transfer.

Every person required to remit the tax due pursuant to this subsection shall file its monthly sales tax report in accordance with the Tax Commission's electronic data interchange program on the twentieth day of the month following the month the sales occurred.

Taxes not paid on or before the due dates specified in this subsection shall be delinquent from such dates.

§68-1365.1. Model 1, Model 2, or Model 3 seller - Streamlined Sales and Use Tax Agreement - Returns in simplified format - Additional informational returns.

A. The Oklahoma Tax Commission shall allow any Model 1, Model 2 or Model 3 seller, as defined in Section 1354.15 of Title 68 of the Oklahoma Statutes, to submit its sales and use tax returns in a simplified format. The Tax Commission shall promulgate rules providing for the format in accordance with the Streamlined Sales and Use Tax Agreement. The Tax Commission is further authorized to promulgate rules requiring these sellers to file additional informational returns. Provided, the informational returns may not be required more frequently than every six (6) months.

B. All remittances from sellers under Models 1, 2 and 3 shall be remitted electronically.

C. Any seller that is registered under the Agreement, which does not have a legal requirement to register in this state, and is not a Model 1, Model 2 or Model 3 seller, shall submit its sales and use tax returns as follows:

1. Upon registration, the Tax Commission shall provide to the seller the returns required by this state;

2. The seller shall file a return within one year of the month of initial registration, and on an annual basis in succeeding years; and

3. In addition to the returns required in paragraph 2 of this subsection, a seller shall submit returns in the month following any month in which the seller has accumulated state and local tax funds for the state in the amount of One Thousand Dollars (\$1,000.00) or more.

D. The Tax Commission shall participate with other states which are members of the Agreement in developing a more uniform sales and use tax return that, when completed, would be available to all sellers.

Added by Laws 2003, c. 413, § 14, eff. Nov. 1, 2003.

§68-1366. Deduction from taxable sales for bad debts.

A. There is herein provided a deduction to the vendor from taxable sales for bad debts. Any deduction taken that is attributed to bad debts shall not include interest.

B. The federal definition of "bad debt" in 26 U.S.C., Section 166 shall be the basis for calculating bad debt recovery. However, the amount calculated pursuant to 26 U.S.C., Section 166, shall be adjusted to exclude:

1. Financing charges or interest;
2. Sales or use taxes charged on the purchase price;
3. Uncollectible amounts on property that remain in the possession of the seller until the full purchase price is paid; and
4. Expenses incurred in attempting to collect any debt and repossessed property.

C. Bad debts may be deducted on the return for the period during which the bad debt is written off as uncollectible in the claimant's books and records and is eligible to be deducted for federal income tax purposes if the taxpayer kept accounts on a cash basis or could be eligible to be claimed if the taxpayer kept accounts on an accrual basis. For purposes of this subsection, a claimant who is not required to file federal income tax returns may deduct a bad debt on a return filed for the period in which the bad debt is written off as uncollectible in the claimant's books and records and would be eligible for a bad debt deduction for federal income tax purposes if the claimant was required to file a federal income tax return.

D. If a deduction is taken for a bad debt and the debt is subsequently collected in whole or in part, the tax on the amount so collected must be paid and reported on the return filed for the period in which the collection is made.

E. When the amount of bad debt exceeds the amount of taxable sales for the period during which the bad debt is written off, a refund claim may be filed within the statute of limitations for

refund claims provided in Section 227 of this title; however, the statute of limitations shall be measured from the due date of the return on which the bad debt could first be claimed.

F. Where filing responsibilities have been assumed by a certified service provider, the certified service provider may claim, on behalf of the seller, any bad debt allowance provided by this section. The certified service provider must credit or refund the full amount of any bad debt allowance or refund received to the seller.

G. For the purposes of reporting a payment received on a previously claimed bad debt, any payments made on a debt or account are applied first proportionally to the taxable price of the property or service and the sales tax thereon, and secondly to interest, service charges, and any other charges.

H. In situations where the books and records of the party claiming the bad debt allowance support an allocation of the bad debts among the states which are members of the Streamlined Sales and Use Tax Agreement, the allocation will be permitted.

§68-1368. Bond or security.

Bond or Security.

(A) The Tax Commission may require every person who holds a sales tax permit pursuant to the provisions of the Oklahoma Sales Tax Code and is delinquent or becomes delinquent in the reporting or paying any taxes levied under this article or penalties or interest thereon to furnish to the Commission a cash bond, bond from a surety company chartered or authorized to do business in this state, certificates of deposits, certificates of savings or U.S. Treasury bonds, an assignment of negotiable stocks or bonds or such other security as the Commission may deem necessary to secure payment of taxes under this article. Any surety bond furnished under this section shall be a continuing instrument and shall constitute a new and separate obligation in the sum stated therein for each calendar year or a portion thereof while such bond is in force. Such bond shall remain in effect until the surety or sureties are released and discharged by the Tax Commission. The Tax Commission shall fix the amount of such bond or other security required in each case after considering the tax liability expected to accrue, not to exceed three times the amount of the average quarterly tax liability. Provided, any taxpayer who reports and remits taxes hereunder on a

semiannual basis and is or becomes delinquent in reporting or paying may be required to provide a bond or other security in an amount not to exceed three times the amount of the average semiannual tax liability. Any bond or other security furnished shall be such as will protect this state against failure of the taxpayer to pay the tax levied by this article.

(B) If any vendor fails or refuses to furnish a bond or other security as required by the Tax Commission within ten (10) days after mailing of notice thereof to said vendor, any authorized agent of the Tax Commission may remove the permit issued under this article from the taxpayer's premises and cause the same to be revoked. The forfeiture or cancellation of such bond or security, for any reason whatsoever, shall automatically revoke the permit issued pursuant to the provisions of the Oklahoma Sales Tax Code.

(C) All persons doing business in this state, classified as Group Three vendors under this article, shall make a sufficient cash deposit or sufficient bond with the Tax Commission as the Tax Commission may deem necessary to secure payment of the semiannual tax liability before doing business in this state or before receiving a permit to do business in this state as provided in this article.

§68-1368.3. Noncompliant taxpayer - Delinquency - Business closure.

A. As used in this section, "noncompliant taxpayer" means any taxpayer operating under a sales tax permit who, within any consecutive twenty-four-month period, has failed to file two reports or remit tax due for any two (2) months, as required under the provisions of any tax law. Provided, a taxpayer shall not be deemed noncompliant for nonpayment of income taxes.

B. In addition to all other remedies provided by law for the collection of unpaid taxes, the Oklahoma Tax Commission may close the business of a noncompliant taxpayer, subject to the administrative and judicial appeal procedures provided in this section, if the noncompliant taxpayer, within any consecutive twenty-four-month period, fails to file three reports or remit tax due for any three (3) months, as required under the provisions of any tax law.

C. 1. The Tax Commission shall give notice to a noncompliant taxpayer that the third delinquency in reporting or remitting tax in any consecutive twenty-four-month period will result in the closure of the business. The notice must be in writing and delivered to the noncompliant taxpayer by the United States Postal Service or by hand delivery.

2. If the noncompliant taxpayer has a third delinquency in reporting or remitting tax in any consecutive twenty-four-month period after the issuance of the notice provided in paragraph 1 of this subsection, the Tax Commission shall notify the noncompliant taxpayer by certified mail or by hand delivery that the business will be closed within five (5) business days from the date of the delivery or attempted delivery of the notice unless the noncompliant taxpayer makes arrangements with the Tax Commission to satisfy the tax delinquency. When the fifth day falls on a Saturday, Sunday, or legal holiday, the performance of the act is considered timely if it is performed on the next succeeding business day that is not a Saturday, Sunday, or legal holiday.

D. A noncompliant taxpayer may avoid closure of the business by:

1. Filing all delinquent reports and remitting the delinquent tax including any interest and penalty; or

2. Entering into a payment agreement approved by the Tax Commission to satisfy the tax delinquency.

E. The decision to close the business of a noncompliant taxpayer will be final and absolute if the noncompliant taxpayer fails to request an administrative hearing as provided in subsection F of this section.

F. 1. A noncompliant taxpayer may request an administrative hearing concerning the decision of the Tax Commission to close the business of a noncompliant taxpayer by filing with the Tax Commission a written protest, signed by the noncompliant taxpayer or the authorized agent of the noncompliant taxpayer, stating the reasons for opposing the closure of the business and requesting an administrative hearing. The protest shall be timely if filed within five (5) business days after the delivery or attempted delivery of the notice required by paragraph 2 of subsection C of this section.

2. A noncompliant taxpayer may request that an administrative hearing be held in person, by telephone, upon written documents furnished by the noncompliant taxpayer, or upon written documents and any evidence produced by the noncompliant taxpayer at an administrative hearing. The Tax Commission shall have the discretion to determine whether an administrative hearing at which testimony is to be presented will be conducted in person or by telephone. A noncompliant taxpayer who requests an administrative hearing based upon written documents is not entitled to any other administrative hearing prior to the date a decision is rendered by the hearing officer.

3. The administrative hearing will be conducted by a hearing officer appointed by the Tax Commission. The hearing officer will set the time and place for a hearing and will give the noncompliant taxpayer notice of the hearing. The noncompliant taxpayer may be

represented by an authorized representative and may present evidence in support of the position of the noncompliant taxpayer.

4. The administrative hearing will be held within fourteen (14) calendar days of receipt by the Tax Commission of the request for hearing, as required in paragraph 1 of this subsection. The Tax Commission shall give the noncompliant taxpayer at least five (5) days' notice of the hearing.

G. The defense or defenses to the closure of a business under this section include written proof that the noncompliant taxpayer:

1. Filed all delinquent returns and paid the delinquent tax due including interest and penalty; or

2. Has entered into a written payment agreement, approved by the Tax Commission prior to the hearing, to satisfy the tax delinquency.

H. 1. The decision of the hearing officer must be rendered in writing with copies delivered to the noncompliant taxpayer by the United States Postal Service or by hand delivery.

2. If the decision of the hearing officer is to affirm the closure of the business, the decision shall be submitted in writing and delivered by the United States Postal Service or by hand to the noncompliant taxpayer.

3. The noncompliant taxpayer may seek judicial relief from the decision of a hearing officer as provided in Section 225 of Title 68 of the Oklahoma Statutes for relief from a final order of the Tax Commission.

I. The procedures established by this section are the sole methods for seeking relief from a written decision to close the business of a noncompliant taxpayer.

J. After being given notice of an order of closure of a business pursuant to this section, it shall be unlawful for any person to continue to operate the business. If a person continues or threatens to continue the unlawful operation of the business after having received proper notice of the closure, upon complaint of the Tax Commission, the person shall be enjoined from further operating or conducting the unlawful business. In all cases where injunction proceedings are brought under this subsection, the Tax Commission shall not be required to furnish bond. Where notice of closure has been given in accordance with the provisions of this section, no further notice shall be required before the issuance of a temporary restraining order.

K. If a noncompliant taxpayer fails to timely seek administrative or judicial review of a business closure decision pursuant to this section, or if the business closure decision is affirmed after administrative or judicial review, the Tax Commission shall affix a written notice to all entrances of the business that:

1. Identifies the business as being subject to a business closure order; and

2. States that the business is prohibited from further operation.

§68-1369. Collection of Delinquent Taxes - Political Subdivisions Failing to Pay.

(A) All taxes levied in this article which are delinquent together with any penalty and interest thereon may be collected in the same manner as any other taxes imposed by law in addition to any remedies or penalties set out in this article.

(B) All delinquent taxes levied in this article or penalties or interest shall at all times constitute a lien upon the property of any person liable for the payment thereof, which shall be prior, superior and paramount as against the claims of unsecured creditors.

(C) In case any city, town, county or other political subdivision of this state shall fail or refuse to pay the tax, or any part thereof, becoming due the state under the terms and provisions of this article from such city, town, county or other political subdivision, when due, the Tax Commission shall issue a warrant for the amount of the tax, penalty and interest, due just as in the case of delinquency of any other delinquent taxpayer who fails or refuses to pay the said tax; and the sheriff shall serve such warrant upon the county treasurer of the county in which such delinquent taxpayer is located and from the date of such service the same shall constitute and be a lien upon all ad valorem tax penalties collected by said treasurer for and on account of such delinquent taxpayer until the amount of such delinquent tax due by such taxpayer is paid; and the county treasurer upon whom such tax warrant is served is hereby directed and required to remit the amount of all such ad valorem tax penalty when collected by him to the Tax Commission until the amount due the state by the taxpayer, against whom such warrant was issued, is paid.

§68-1370. County sales tax - Notice of rate change - Exemptions - Duration - Voting and elections for a levy.

A. In accordance with the provisions of Section 1 of this act, any county of this state may levy a sales tax of not to exceed two percent (2%) upon the gross proceeds or gross receipts derived from all sales or services in the county upon which a consumer's sales tax is levied by this state. Before a sales tax may be levied by the county, the imposition of the tax shall first be approved by a majority of the registered voters of the county voting thereon at a special election called by the board of county commissioners or by initiative petition signed by not less than five percent (5%) of the registered voters of the county who were registered at the time of

the last general election. However, if a majority of the registered voters of a county voting fail to approve such a tax, the board of county commissioners shall not call another special election for such purpose for six (6) months. Any sales tax approved by the registered voters of a county shall be applicable only when the point of sale is within the territorial limits of such county. Any sales tax levied or any change in the rate of a sales tax levied pursuant to the provisions of this section shall become effective on the first day of the calendar quarter following approval by the voters of the county unless another effective date, which shall also be on the first day of a calendar quarter, is specified in the ordinance or resolution levying the sales tax or changing the rate of sales tax.

B. The Oklahoma Tax Commission shall give notice to all vendors of a rate change at least sixty (60) days prior to the effective date of the rate change. Provided, for purchases from printed catalogs wherein the purchaser computed the tax based upon local tax rates published in the catalog, the rate change shall not be effective until the first day of a calendar quarter after a minimum of one hundred twenty (120) days' notice to vendors. Failure to give notice as required by this section shall delay the effective date of the rate change to the first day of the next calendar quarter.

C. Initiative petitions calling for a special election concerning county sales tax proposals shall be in accordance with Sections 2, 3, 3.1, 6, 18 and 24 of Title 34 of the Oklahoma Statutes. Petitions shall be submitted to the office of county clerk for approval as to form prior to circulation. Following approval, the petitioner shall have ninety (90) days to secure the required signatures. After securing the requisite number of signatures, the petitioner shall submit the petition and signatures to the county clerk. Following the verification of signatures, the county clerk shall present the petition to the board of county commissioners. The special election shall be held within sixty (60) days of receiving the petition. The ballot title presented to the voters at the special election shall be identical to the ballot as presented in the initiative petition.

D. Subject to the provisions of Section 1357.10 of this title, all items that are exempt from the state sales tax shall be exempt from any sales tax levied by a county.

E. Any sales tax which may be levied by a county shall be designated for a particular purpose. Such purposes may include, but are not limited to, projects owned by the state, any agency or instrumentality thereof, the county and/or any political subdivision located in whole or in part within such county, regional development, economic development, common education, general operations, capital improvements, county roads, weather modification

or any other purpose deemed, by a majority vote of the county commissioners or as stated by initiative petition, to be necessary to promote safety, security and the general well-being of the people, including any authorized purpose pursuant to the Oklahoma Community Economic Development Pooled Finance Act. The county shall identify the purpose of the sales tax when it is presented to the voters pursuant to the provisions of subsection A of this section. Except as otherwise provided in this section and except as required by the Oklahoma Community Economic Development Pooled Finance Act, the proceeds of any sales tax levied by a county shall be deposited in the general revenue or sales tax revolving fund of the county and shall be used only for the purpose for which such sales tax was designated. If the proceeds of any sales tax levied by a county pursuant to this section are pledged for the purpose of retiring indebtedness incurred for the specific purpose for which the sales tax is imposed, the sales tax shall not be repealed until such time as the indebtedness is retired. However, in no event shall the life of the tax be extended beyond the duration approved by the voters of the county.

F. 1. Notwithstanding any other provisions of law, any county that has approved a sales tax for the construction, support or operation of a county hospital may continue to collect such tax if such hospital is subsequently sold. Such collection shall only continue if the county remains indebted for the past construction, support or operation of such hospital. The collection may continue only until the debt is repaid or for the stated term of the sales tax, whichever period is shorter.

2. If the construction, support or operation of a hospital is funded through the levy of a county sales tax pursuant to this section and such hospital is subsequently sold, the county levying the tax may dissolve the governing board of such hospital following the sale. Upon the sale of the hospital and dissolution of any governing board, the county is relieved of any future liability for the operation of such hospital.

G. Proceeds from any sales tax levied that is designated to be used solely by the sheriff for the operation of the office of sheriff shall be placed in the special revenue account of the sheriff.

H. The life of the tax could be limited or unlimited in duration. The county shall identify the duration of the tax when it is presented to the voters pursuant to the provisions of subsections A and C of this section. The maximum duration of a levy imposed pursuant to Section 891.14 of Title 62 of the Oklahoma Statutes shall be no longer than allowed pursuant to the Oklahoma Community Economic Development Pooled Finance Act.

I. Except for the levies imposed pursuant to Section 891.14 of Title 62 of the Oklahoma Statutes, there are hereby created one or

more county sales tax revolving funds in each county which levies a sales tax under this section if any or all of the proceeds of such tax are not to be deposited in the general revenue fund of the county or comply with the provisions of subsection G of this section. Each such revolving fund shall be designated for a particular purpose and shall consist of all monies generated by such sales tax which are designated for such purpose. Monies in such funds shall only be expended for the purposes specifically designated as required by this section. A county sales tax revolving fund shall be a continuing fund not subject to fiscal year limitations.

J. In the case of a levy submitted for voter approval pursuant to Section 891.14 of Title 62 of the Oklahoma Statutes, taxes levied by a county shall not become valid until the ordinance or resolution setting the rate of the levy shall have been approved by a majority vote of the registered voters of each such county voting on such question at a special election. Elections conducted pursuant to questions submitted pursuant to Section 891.14 of Title 62 of the Oklahoma Statutes shall be conducted on the same date or in a sequence that provides that the last vote required for approval by all participating counties or municipalities occurs not later than thirty (30) days after the date upon which the first vote occurs. Notwithstanding the provisions of Section 1370 of this title and in accordance with the provisions of Section 1 of this act, any county of this state with a population of more than three hundred thousand (300,000) according to the latest Federal Decennial Census may levy a sales tax of not to exceed one-half of one percent (1/2 of 1%) upon the gross proceeds or gross receipts derived from all sales or services in the county upon which a consumer's sales tax is levied by the state subject to the following conditions:

1. The proceeds of such sales tax shall be used solely for the purpose of constructing and equipping county jail facilities or capital improvements for jail facilities only;

2. Before a sales tax may be levied by the county, the imposition of the tax shall first be approved by a majority of the registered voters of the county voting thereon at a special election called by resolution of the board of county commissioners;

3. Such sales tax can only be imposed for a period not to exceed three (3) years; and

Each retailer or vendor shall list with the Tax Commission the name and address of all the retailer's or vendor's agents operating in this state and location of any and all distribution or sales houses or offices or other places of business in this state. state that is not required to collect use tax, shall provide notification on its retail Internet website or retail catalog and invoices provided to its customers that use tax is imposed and must be paid by the purchaser, unless otherwise exempt, on the storage, use, or other consumption of the tangible personal property in this state. The notification shall be readily visible. It is further provided that no retailer shall advertise on its retail Internet website or retail catalog that there is no tax due on purchases made from the retailer for use in this state. The provisions of this section, except for notification on invoices, shall apply to online auction websites. The Oklahoma Tax Commission is hereby authorized and directed to define the term "online auction websites" through the promulgation of a rule. The rule shall include an exception for websites with sales below a threshold to be set by the Tax Commission.

The statement must contain language substantially similar to the following:

"YOU MAY OWE OKLAHOMA USE TAX ON PURCHASES YOU MADE FROM US DURING THE PREVIOUS TAX YEAR. THE AMOUNT OF TAX YOU MAY OWE IS BASED ON THE TOTAL SALES PRICE OF [INSERT TOTAL SALES PRICE] THAT MUST BE REPORTED AND PAID WHEN YOU FILE YOUR OKLAHOMA INCOME TAX RETURN UNLESS YOU HAVE ALREADY PAID THE TAX."

The statement must not contain any other information that would indicate, imply or identify the class, type, description or name of the products purchased. Any information that would indicate, imply or identify the class, type, description or name of the products purchased is strictly confidential.

B. The statement may be provided by first-class mail, email or other electronic communication.

§68-1407. Collection of tax by retailer or vendor not maintaining place of business within State or both within and without State - Permits.

The Tax Commission may in its discretion, upon application, authorize the collection of the tax herein levied by any retailer or vendor not maintaining a place of business within this state but who makes sales of tangible personal property for use in this state and by the out-of-state place of business of any retailer or vendor maintaining places of business both within and without Oklahoma and making sales of tangible personal property at such out-of-state place of business for use in this state. Such retailer or vendor shall be issued, without charge, a permit to collect such taxes, in such manner and subject to such regulations and agreements as the Tax Commission shall prescribe. When so authorized, it shall be the duty of such retailer or vendor to collect the tax upon all tangible personal property sold to his knowledge for use within this state. Such authority and permit may be canceled when at any time the Tax Commission considers that such tax can more effectively be collected from the person using such property in this state. Provided, however, that in all instances where such sales are made or completed by delivery to the purchaser within this state by the retailer or vendor in such retailer's or vendor's vehicle, whether owned or leased (not by common carrier), such sales or transactions shall continue to be subject to applicable state and any local sales tax at the point of delivery and the tax shall be collected and reported under taxpayer's sales tax permit number accordingly. §68-1407.1. Tax paid on worthless or uncollectible gross receipts - Credit.

Any taxes paid by vendors pursuant to Sections 1406 and 1407 of Title 68 of the Oklahoma Statutes on gross receipts represented by accounts receivable which, on or after December 31, 1990, are found to be worthless or uncollectible and that are eligible to be claimed if the taxpayer kept accounts on a cash basis or could be eligible to be claimed if the taxpayer kept accounts on an accrual basis, as a deduction pursuant to Section 166 of the Internal Revenue Code, or the unpaid portion of any account at the time repossession is accomplished under the terms of a conditional sales contract, may be credited upon subsequent reports and remittances of the tax levied in this article, in accordance with the rules and regulations of the Tax Commission. If such accounts are thereafter collected, the same shall be reported and the tax shall be paid upon the amount so collected.

§68-1407.2. Retailer Compliance Initiative.

A. For the purpose of registration, collection, and remittance of sales and use taxes owed to this state pursuant to the Oklahoma Retail Protection Act of 2016, the Oklahoma Tax Commission is hereby authorized and directed to establish an initiative for out-of-state retailers, as provided in this section.

B. 1. The Tax Commission shall not seek payment of uncollected use taxes from an out-of-state retailer who registers to collect and remit applicable sales and use taxes on sales made to purchasers in this state prior to registration under the initiative, provided that the retailer was not registered in this state in the twelve-month period preceding the effective date of this section.

2. The provisions of this subsection will preclude assessment for uncollected sales and use taxes together with penalty or interest for sales made during the period the retailer was not registered in this state, provided registration occurs prior to May 1, 2017.

3. The relief provided herein shall not be available to a retailer with respect to any matter or matters for which the retailer received notice of the commencement of an audit and which audit is not yet finally resolved including any related administrative and judicial processes and is not available for use taxes already paid or remitted to the state or taxes collected, but not remitted, by the retailer.

4. The relief provided herein is fully effective, absent the retailer's fraud or intentional misrepresentation of a material fact, as long as the retailer continues registration and continues collection and remittance of applicable use taxes for a period of at least thirty-six (36) months. The statute of limitations applicable to asserting a tax liability during this thirty-six-month period shall be tolled.

5. The relief provided herein is applicable only to sales and use taxes due from a retailer in its capacity as a retailer and not to sales and use taxes due from a retailer in its capacity as a buyer.

C. The Tax Commission shall promulgate rules detailing the terms and other conditions of this program.

Added by Laws 2010, c. 412, § 3, eff. July 1, 2010. Amended by Laws 2016, c. 311, § 5, eff. Nov. 1, 2016.

§68-1407.3. Oklahoma Tax Commission - Internet and other out-of-state retailers outreach program.

In an effort to improve compliance by Internet and other out-of-state retailers maintaining a place of business in this state for the collection of use tax on their sales to Oklahoma residents, the Oklahoma Tax Commission shall implement an outreach program. The program shall include contacting retailers for a review of their

business activities to determine if such activities may require the registration and collection of Oklahoma use taxes and the providing of information regarding the provisions of the Retail Protection Act of 2016.

Added by Laws 2010, c. 412, § 4, eff. July 1, 2010. Amended by Laws 2016, c. 311, § 6, eff. Nov. 1, 2016.

§68-1407.4. Consumer Compliance Initiative.

A. For the purpose of encouraging the voluntary disclosure and payment of use taxes owed to this state, the Oklahoma Tax Commission is hereby authorized and directed to establish a Consumer Compliance Initiative for consumers liable for payment of use taxes, as provided in this section. A taxpayer shall be entitled to a waiver of penalty, interest and other collection fees due if the taxpayer voluntarily files delinquent tax returns and pays the taxes due during the initiative.

B. No assessment of use tax levied under the provisions of Section 1401 et seq. of Title 68 of the Oklahoma Statutes shall be made for more than one (1) year prior to the date the consumer registers to pay applicable use taxes under this initiative.

C. The relief provided herein shall not be available to a consumer with respect to any matter or matters for which the consumer received notice of the commencement of an audit and which audit is not yet finally resolved including any related administrative and judicial processes and is not available for use taxes already paid or remitted to the state.

D. The Tax Commission shall promulgate rules detailing the terms and other conditions of this program.

E. The Tax Commission shall develop and distribute a fact sheet explaining responsibilities regarding the reporting and payment of use taxes and how business entities can examine their records to establish the use tax due on purchases from out-of-state sellers. The Tax Commission shall make the fact sheet available on the Oklahoma Tax Commission's website, mail to targeted industries, existing licensees, and all Tax Commission license applicants.

F. The Tax Commission is authorized to expend necessary available funds, including contracting with third parties, to publicly advertise the Consumer Compliance Initiative and shall be exempt from the provisions of Section 85.7 of Title 74 of the Oklahoma Statutes for the purpose of implementing this section.

G. To assist consumers in remitting use taxes due, the Tax Commission shall develop and maintain an option for consumers to remit use taxes through an Internet-based portal.

Added by Laws 2010, c. 412, § 5, eff. July 1, 2010.

§68-1407.5. Legislative findings - Sales and use tax system.

A. It is hereby declared to be the intent of the Oklahoma Legislature to specifically include within the use tax levied by this article all storage, use or other consumption of tangible personal property purchased or brought into this state through the continuous, regular or systematic solicitation in the Oklahoma consumer market by out-of-state retailers through the Internet, mail order and catalog publications.

B. The Oklahoma Legislature finds that out-of-state retailers purposefully direct their activities through the Internet and other media at Oklahoma residents, that the magnitude of those contacts are more than sufficient for due process purposes, and that the use tax is related to the benefits the out-of-state retailers receive from access to the state. The consumers of these retail sales are not paying use taxes when the out-of-state retailer does not collect the tax as provided in this article. The failure of these out-of-state retailers to collect the use tax due and owing to the State of Oklahoma and its jurisdictions is detrimental to the ability of the state and local governments to provide the services and benefits bestowed upon the out-of-state retailer and their Oklahoma consumers.

C. The Oklahoma Legislature finds that the sales and use tax system established under Oklahoma law does not pose an undue burden on out-of-state retailers and provides sufficient simplification to warrant the collection and remittance of use taxes by out-of-state retailers that are due and owing to the State of Oklahoma and its local jurisdictions. In support of this finding:

1. The state is a member of the Streamlined Sales and Use Tax Agreement and has amended its laws to be in full compliance with its terms;

2. The state provides state level administration of sales and use taxes levied by its cities, counties and other local jurisdictions by contracting with these entities. All cities, counties and other local jurisdictions levying sales and use taxes shall continue to contract with the Oklahoma Tax Commission for administration of its sales and use taxes so that sellers collecting and remitting these taxes will not have to register or file returns with, remit funds to, or be subject to independent audits from the local taxing jurisdictions;

3. The state provides and maintains a database that describes boundary changes for all taxing jurisdictions within this state for sales and use tax purposes and the sales and use tax rates for all of the jurisdictions levying taxes within the state;

4. The state provides a deduction of the tax due to all retailers, including out-of-state retailers, to compensate them for recordkeeping, filing reports, collecting and remitting the tax in a timely manner;

5. The state provides a mechanism for the electronic submission of sales and use tax reports and payments;

6. The state provides liability relief to sellers for collecting an incorrect amount of tax as a result of relying on erroneous data provided by the Tax Commission on rates, boundaries or taxing jurisdiction assignments;

7. The state participates in a central registration system that allows out-of-state retailers to register one time in one place for multiple states;

8. All local jurisdictions have the same tax base as the state for sales and use taxes, except as permitted under the Streamlined Sales and Use Tax Agreement;

9. The state does not require the payment of a registration fee from an out-of-state retailer which does not have a legal requirement to register;

10. The state requires the Oklahoma Tax Commission to give notice to vendors of local rate changes and boundary changes at least sixty (60) days prior to the effective date of the change;

11. The state has the same tax rate for every taxable item;

12. The state only requires the filing of a single tax return to cover all taxing jurisdictions with the state;

13. The Oklahoma Tax Commission provides, free of charge, business tax workshops for sellers designed to provide information and answer questions regarding the Oklahoma sales and use tax system;

14. The state allows electronic payments to be made by either ACH credit or by ACH debit;

15. The state allows a deduction from taxable sales for bad debts;

16. The state provides a taxability matrix which gives information on the taxability of a wide variety of items including all items defined in the Streamlined Sales and Use Tax Agreement; and

17. The state pays the direct cost of a certified service provider to perform all of an out-of-state seller's sales and use tax functions other than the seller's obligation to remit taxes on its own purchases.

Added by Laws 2010, c. 412, § 8, eff. July 1, 2010.

§68-1408. Revoking permits.

Whenever any retailer or vendor not maintaining a place of business in this state, or both within and without this state, and authorized to collect the tax herein levied, fails to comply with any of the provisions of this article or any order, rules or regulations of the Commission, prescribed and adopted under this article, the Tax Commission may, upon notice and hearing as hereinafter provided, by order revoke the use tax permit, if any,

issued to such retailer or vendor, and if any such retailer or vendor is a corporation authorized to do business in this state may, after notice and hearing as herein provided, cancel said corporation's license to do business in this state and shall issue a new license only when such corporation has complied with the obligations under this article. No order authorized in this section shall be made until the retailer or vendor is given an opportunity to be heard and to show cause why such order should not be made and he shall be given ten (10) days' notice by mail of the time, place and purpose of such hearing.

Laws 1963, c. 368, § 2; Laws 1965, c. 215, § 2; Laws 1968, c. 112, § 4, eff. July 1, 1968.

§68-1409. Reciprocal agreements with other states in administration of Sales and Use Tax Laws.

For the purpose of providing for the efficient administration of the Oklahoma Sales and Use Tax Laws the Oklahoma Tax Commission, when in its judgment it is necessary or beneficial in order to secure the collection of sales or use taxes, penalty and interest thereon, due or to become due under the Sales and Use Tax Codes of this state, is authorized to enter into reciprocal agreements with the tax departments of other states in respect to the collection, payment and enforcement of such taxes on sales of tangible personal property to residents of Oklahoma by vendors and retailers maintaining places of business in such other states.

In consideration of such an agreement by the tax departments or administrators of such other states, the Tax Commission is authorized to make similar agreements for the collection, payment and enforcement of sales and use taxes imposed by such other states on sales of tangible personal property to residents of the other states by vendors or retailers maintaining places of business in Oklahoma.

The administration of this act is vested in the Oklahoma Tax Commission and it is hereby authorized to make and enforce such rules and regulations as it may deem necessary to carry out the provisions and purpose of this act.

§68-1410.1. Repealed by Laws 2017, c. 326, § 2, eff. July 1, 2017.

§68-1411. Additional excise tax on storage, use or other consumption of tangible personal property.

The board of county commissioners of a county levying a county sales tax or the governing body of a municipality levying a municipal sales tax may levy an additional excise tax, at a rate

that equals the county or municipal sales tax rate of such county or municipality, whichever is applicable, on the storage, use or other consumption of tangible personal property used, stored or consumed within the county or municipality. This authorization to levy and impose a county or municipal use tax shall be in addition to the tax levied by Section 1402 of this title. Such tax shall be paid by every person storing, using or otherwise consuming, within the county or municipality, tangible personal property purchased or brought into the county or municipality.

The tax levy permitted in this section shall not be levied against tangible personal property intended solely for use outside the county or municipality, but which is stored in the county or municipality pending shipment outside the county or municipality or which is temporarily retained in the county or municipality for the purpose of fabrication, repair, testing, alteration, maintenance or other service.

The additional tax levied pursuant to this section shall be paid at the time of importation or storage of the property within the county or municipality. This tax shall be assessed to only property purchased outside Oklahoma.

Any person liable for payment of the tax authorized pursuant to this section, may deduct from such tax any local, county, or municipal sales tax previously paid on such goods or services. However, the amount deducted shall not exceed the amount that would have been due if the taxes imposed by the county or municipality had been levied on the sale of such goods or services.

§68-1503. Amount of fee - In lieu of sales tax - Special decal.

A. Every person who owns and has available to any of the public for operation, or who permits to be operated in or on his place of business, coin-operated devices shall pay for such privilege an annual fee. A fee shall be required for each machine, regardless of the number of coin slots, if the machine, upon insertion of a coin,

token or similar object, provides music, amusement or entertainment or dispenses one or more products separate and apart from any other provider of music, amusement or entertainment or dispenser of one or more products. The test to determine whether the machine can operate separate and apart from any other shall be whether the provider or dispenser can still function if separated from the others to which it is attached. When multiple machines are placed on a single stand, a decal shall be required for each machine as provided in Section 1501 et seq. of this title. The annual fee required shall be as follows:

1. For each coin-operated music device or coin-operated amusement device, Seventy-five Dollars (\$75.00);

2. For each coin-operated vending device requiring a coin or thing of value of twenty-five cents (\$0.25) or more, Seventy-five Dollars (\$75.00);

For each coin-operated bulk vending device which vends one or more products through more than one but not more than five distribution mechanisms, requiring a coin or thing of value of twenty-five cents (\$0.25) or more, Fifteen Dollars (\$15.00). For each coin-operated bulk vending device which vends one or more products through six or more distribution mechanisms, the appropriate number of fifteen-dollar decals will be required. The number of decals required shall be determined by dividing the number of distribution mechanisms by five and rounding to the next highest whole number; and

6. For each coin-operated bulk vending device requiring a coin or thing of value less than twenty-five cents (\$0.25), Two Dollars (\$2.00).

B. The annual fee required by this section shall be in lieu of sales tax levied pursuant to Sections 1350 through 1372 of this title.

C. In those instances where it is shown to the satisfaction of the Tax Commission that a coin-operated device, upon which an annual fee is imposed, will be placed available for use by the public for a definite but limited period of time less than one (1) year, such as where displayed in connection with fairs, carnivals, and places of amusement that operate only during certain seasons of the year, the Commission may issue a special decal therefor. Such special decal may be issued for any number of calendar months less than a full year, and shall indicate that it is a special decal; and shall be

for one or more calendar months and shall state the precise months for which issued and shall not be transferred from one machine to another. The fee shall be computed and paid on the basis of one-tenth (1/10) of the annual rate for the type of device operated, for each calendar month for which such special decal is issued. In the event the mechanical device is made available to the public for a period beyond that for which the special decal is issued, then a full year's fee and penalty, as set out in Section 1506 of this title, shall be due.

or fee levied and imposed by Section 1904 of this title unless it creates or secures a new or further indebtedness or obligation other than the principal indebtedness or obligation secured by or which under any contingency may be secured by the recorded primary mortgage, in which case a tax is levied on such new or further indebtedness or obligation as heretofore provided in Section 1904 of this title, and shall be paid to the county treasurer before the time such instrument or additional mortgage is recorded. If, at the time of recording such instrument, or additional mortgage, any exemption is claimed under this section, there shall be filed with the county treasurer and preserved in the office of the county treasurer a statement under oath of the facts on which such claim for exemption is based. §68-1906. Mortgages for indefinite amounts - Procedure.

If the principal indebtedness secured or which by any contingency may be secured by a mortgage is not determinable from the terms of the mortgage, or if a mortgage is given to secure the performance by the mortgagor, or of any other person of a contract obligation other than the payment of a specific sum of money and the maximum amount secured or which by any contingency may be secured by the mortgage is not expressed therein, such mortgage shall be taxable upon the value of the property covered by the mortgage, which shall be determined by the county treasurer to whom such mortgage is presented for taxation, unless at the time of presenting such mortgage for taxation the owner thereof shall file with the county treasurer a sworn statement of the maximum amount secured by the mortgage. If such maximum amount is expressed in the mortgage or in a sworn statement filed as required by this section, such amount shall be the basis for assessing the tax levied by this article. The statement filed by the owner of a mortgage pursuant to this section shall thereafter at all times be binding upon and conclusive against such owner, the holders of any bonds or obligations secured by such mortgage and all persons claiming through the mortgagee any interest in the mortgage or the mortgaged premises. If the maximum amount secured or which by any contingency may be secured by the mortgage is not expressed in the mortgage or in a sworn statement so authorized by this section, the county treasurer at the time such mortgage is offered for taxation may require the mortgagor or mortgagee to furnish him with proofs as to such facts as he deems necessary for the purpose of computing the value of the property covered by the mortgage, and such proofs shall

be preserved in his office. His determination as to the basis for computing the tax on such mortgage shall be subject to review on appeal to the district court under the same procedure as cases appealed from the county commissioners to the district court. Laws 1965, c. 31, § 2.

§68-1907. Payment prerequisite to recording, use as evidence.

No mortgage of real property shall be recorded by any county clerk unless there shall be paid the tax imposed by and as in this article provided. No mortgage of real property which is subject to the taxes levied by this article shall be released, discharged of record or received in evidence in any action or proceeding, nor shall any agreement extending any such mortgage be recorded unless the taxes levied thereon by this article shall have been paid as provided in this article. No judgment or final order in any action or proceeding shall be made for the foreclosure or enforcement of any mortgage which is subject to the taxes levied by this article or of any debt or obligation secured by or which secures any such mortgage unless the taxes levied by this article shall have been paid as provided in this article.

§68-1908. Corporate mortgages - Further loans - Additional tax.

In the case of mortgages made by corporations in trust to secure payments of bonds or obligations issued or to be issued thereafter, if the total amount of principal indebtedness which under any contingency may be advanced or accrued, or which may become secured by any such mortgage which is subject to this article has not been advanced or secured thereon or become secured thereby before such mortgage is recorded, it may contain at the end thereof a statement of the amount which at the time of the execution and delivery thereof has been advanced or accrued thereon or which is then secured by such mortgage; thereupon the tax payable on the recording of the mortgage shall be computed on the basis of the amount so stated to have been so advanced or accrued thereon, or which is stated to be secured thereby. Such statement shall thereafter at all times be binding upon and conclusive against the mortgagee, the holders of any bonds or obligations secured by such mortgage and all persons claiming through the mortgagee any interest in the mortgage or in the mortgaged premises. Whenever a further amount is to be advanced under the original mortgage, or shall accrue thereon or become secured thereby, the corporation making such mortgage shall, at or before the time when such amount is to be advanced, accrues or becomes secured, file in the office of the county treasurer in the county where such mortgage has been or is first recorded, a statement, verified by the secretary, treasurer or other proper

officer of said corporation of the amount of principal indebtedness to be so advanced, accruing or becoming secured, and the tax on such amount shall become due and payable at the time of filing such statement. Such additional tax shall be paid to the county treasurer in the county where such mortgage has been or is first recorded and a receipt therefor shall be noted in the margin of the record of such mortgage and if requested a duplicate receipt for such payment shall also be given to the party paying such tax and the note of such payment or additional payment or such receipt shall have the same force and effect as the record of receipt of the tax which under this article is payable at or before the recording of the mortgage. If such additional tax is not paid as required by this section, the trust mortgagee shall not certify any bond or other obligation issued on account thereof, and the district attorney of the county in which such mortgage has been or is first recorded may maintain an action against the corporation making such mortgage to recover the amount of such tax, with interest at the rate of one percent (1%) per month from the date when the same became due, and upon recovering such tax and interest such district attorney shall pay the same to the county treasurer of such county in satisfaction of such tax. The corporation making such mortgage or the owner of the property which secures the mortgage debt shall annually within thirty (30) days after July 1st, until the maximum amount of principal indebtedness secured by such mortgage has been advanced, has accrued or become secured and the tax thereon paid, file in the office of the county treasurer in the county where such mortgage has been or is first recorded, a statement, verified by the secretary, treasurer or other proper

officer of said corporation, of the total amount of principal indebtedness that has been advanced or has accrued on such mortgage, or has become secured thereby, prior to the first day of July preceding the filing of such statement. A failure to file any statement required by this section within the time required shall subject the corporation making such mortgage to a penalty of One Hundred Dollars (\$100.00) per day for each day such failure continues, recoverable by the district attorney of the county in which such mortgage has been or is first recorded. Provided, however, that where a mortgage, or deed of trust, is executed to secure the payment of bonds issued by any domestic railroad, transportation, transmission or industrial corporation and the money derived from the sale of said bonds so secured by said mortgage, or deed of trust, is to be used for the creation, construction, building, improving and erecting of property that will be subject to an ad valorem tax in the county where same is situated, there shall be paid a recording fee on said mortgage, or deed of trust, so executed for recording said mortgage, or deed of trust, the sum of twenty-five cents (\$0.25) for first folio and ten cents (\$0.10) for

each additional folio and fifty cents (\$0.50) for indexing and recorder's certificate instead of the fees designated in this article, and on payment of same shall not be subject to the penalties prescribed in this article.

Laws 1965, c. 31, § 2.

§68-1909. Property in more than one county - Apportionment.

When property is in more than one county, or when the real property covered by a mortgage is assessed in more than one county, it shall be the duty of the county treasurer of the county where said mortgage is offered for taxation to ascertain the assessed value of the property in each county and to apportion the amount upon which the tax shall be paid to the county treasurer in each of the said counties upon the basis of the relative assessments. Where the mortgage is a first lien upon the real property situate in another county, it shall be his duty to apportion the amount of the tax property to be credited to said county by ascertaining the valuation of each parcel as appears from the last preceding assessment roll of the county in which such parcel is located, after deducting therefrom the taxable amount of any prior lien. If, however, the whole or a part of the property covered by the mortgage in a county is not assessed in the last preceding assessment roll or rolls of said county in which it is located, or is assessed as a part of a larger tract in such a manner that the assessed value cannot be determined from the assessment rolls or roll, or improvements have been made upon the property so assessed, the county treasurer may determine the value of the property covered by the mortgage and for such purpose may require the mortgagor or mortgagee to furnish him with proofs as to such facts as he deems necessary for the purpose of computing such value, and the value so determined shall be deemed to be the assessed value for the purpose of such apportionment. When the real property covered by a mortgage is located partly within the state and partly without the state, it shall be the duty of the county treasurer to whom said mortgage is offered for taxation to determine what proportion shall be taxable under this article by determining the relative value of the mortgaged property within this state as compared to the total value of the entire mortgaged property, taking into consideration in so doing the amount of all prior encumbrances upon such property or any portion thereof. If a mortgage covering property located partly within the state and partly without the state is presented for taxation before such determination has been made, then there may be presented to the recording officers, with such mortgage, or at the time when the first advance is made on prior advance mortgage as provided in Section 1911 of this article, a statement in duplicate verified by the mortgagor or an officer or a duly authorized agent or attorney of the mortgagor, specifying the value of the property

covered by the mortgage within the state and the property covered by the mortgage without the state, stated separately. Such statements shall be filed with the county treasurer. The tax payable under this article shall be computed upon such properties of the principal indebtedness secured by the mortgage or of the sum advanced thereon, as the case may be, as the value of the mortgaged property within the state shall bear to the total value of the entire mortgaged property, as set forth in such statement. In determining the separate values of the property covered by any such mortgage within and without the state for the purpose of ascertaining the proportion of the principal indebtedness secured by the mortgage which is taxable under this Article, the county treasurer shall consider only the value of the tangible property covered by each mortgage, taking into consideration in so doing the amount of all prior encumbrances thereon. For the purpose of determining such value the county treasurer may require the mortgagor or mortgagee to furnish him by affidavit or verified report such information or data as he deems needed for the purpose, or he may take the testimony of the mortgagor or any other person in relation thereto, and if any person whose testimony is desired can be found within the state, may require him by subpoena to attend before him at a specified time and place for the purpose of testifying in relation to the value of said property. He may also determine at the same time the proportion of the tax which shall be paid by the county treasurer who has received the same to the several county treasurers of the respective counties in the state in which parts of the mortgaged property are situated. When such county treasurer shall pay any portion of such tax to the county treasurer of any other county, he shall at the same time file in the office of the county clerk of such county a brief description of the mortgage on which such tax is paid sufficient to identify the same, together with a statement of the payment of such tax, and the amount thereof, and the county clerk of such other county shall note on the margin of the record of such mortgage the fact of such payment, attested by his signature.

The payment of the taxes herein imposed shall be in full and in lieu of all taxes by the state, counties, cities, towns, townships, school districts and other municipalities upon any property rights attached to or inherent in the property of the said textile manufactory, and upon any buildings, machinery, engines, spindles, weaving machines, and upon any and all other machinery and appliances and equipments used in and around such textile manufactory producing any manufactured product from lint cotton, wool, or synthetic fibers in the raw state in this state, and actually used in the operation of such textile mill and upon any investment whatever in such property; but the land exclusive of the buildings and such other property than that herein enumerated, and any raw cotton, wool, or synthetic fibers not purchased for and intended to be manufactured on the ad valorem taxing date and thereafter manufactured in said textile mill or mills, shall be assessed and taxed ad valorem as other property within the taxing district in which such property was situated at the time.

Any person, firm, or corporation who claims that he is erroneously or excessively taxed under this act shall have a right to make complaint before the board of county commissioners in the county in which the textile mill is located, and the said board shall have a right to hear and determine the said complaint as in other cases for the equalization of taxes, and the said property so engaged and devoted to the textile manufacture shall not be subject to ad valorem tax or any other taxes than are herein provided for. Of each dollar penalty collected pursuant to this subsection:

- a. fifty cents (\$0.50) shall be apportioned as provided in Section 1104 of this title, and

E. Despite any other definitions of the terms "new vehicle" and "used vehicle", to the contrary, contained in any other law, the term "new vehicle" as used in this section shall also include any vehicle of the latest manufactured model which is owned or acquired by a licensed used motor vehicle dealer which has not previously been registered in this state and upon which the motor vehicle excise tax as set forth in this section has not been paid. However, upon the sale or transfer by a licensed used motor vehicle dealer located in this state of any such vehicle which is the latest manufactured model, the vehicle shall be considered a used vehicle for purposes of determining excise tax.

The Commission shall have the power and it shall be its duty to lower the rate herein imposed to conform to the facts disclosed at said hearing.

In order to determine the amount of tax such companies would pay, said Commission may value all cars of any company as a unit and allocate to Oklahoma that proportion of the total value which the Oklahoma car mileage bears to the total car mileage of the cars of any such company during the twelve-month period ending on December 31 of any year, and may then apply to such value so ascertained the average ad valorem tax rate applied to property throughout the state for that calendar year.

§68-2354. Optional transitional deduction.

A. If a taxpayer (including a partnership) shall have been required to report his taxable income to the State of Oklahoma for years prior to the effective date of this act, in a manner different than he has been required to report his federal income for the same period of time, and, as a consequence of the differences in reporting income during that period of time, has a different basis of assets for gain or loss through the taking of different amounts for depletion, depreciation or amortization, or shall have a different amount of some prepaid income or deferred expense or other similar balance sheet item, such taxpayer shall be entitled, at his option, to a transitional deduction. The determination of the amount of the deduction shall be made as though an application to change accounting method had been granted and shall include all items subject to adjustment, whether resulting in an increase or decrease in the transitional deduction. Items subject to adjustment shall be only those which:

1. Have been treated differently in determining amounts subject to tax under Oklahoma and federal income tax laws which were applicable in a prior period;

2. Have been an element in determining Oklahoma income subject to tax in periods with respect to which Oklahoma income tax was paid; and

3. Except for the required change in reporting income, would have produced in a subsequent taxable period an adjustment to income subject to tax on account of the differences in federal and Oklahoma tax reporting.

Items subject to adjustment may consist of deductions taken or not taken in prior years, or amounts of income required to be included or excluded in such years, but such items shall be disregarded to the extent it can be shown that the prior treatment of such items had no actual effect on the amount of Oklahoma income tax paid; in making such showing, no items other than the items subject to this transitional adjustment shall be considered.

No net addition to Oklahoma taxable income shall be required by reason of this section, but, at the election of the taxpayer, a deduction in the amount of such net adjustment shall be available as provided below.

B. An affirmative election to use the optional transitional deduction shall be made on the income tax return filed for the first taxable period in which a deduction under this section is allowable, on or before the due date of the return including any extension of time granted in which to file said return or on an amended return. Failure to claim such deduction within three (3) years shall be deemed an election not to claim the optional transitional deduction.

C. The net deduction allowable under this section shall be deductible only in equal amounts of one-third (1/3) each over the first three taxable periods ending after the effective date of this act except that if such net deduction is less than Twenty-five Thousand Dollars (\$25,000.00) the deduction shall be allowable in full in the first taxable period after the effective date hereof to the extent of the taxpayer's taxable income and to the second and third taxable period thereafter to the extent not previously taken in the earliest successive taxable year. In no event shall the deduction allowed under this section be carried back or applied against income for years prior to the effective date of this act or carried forward to any taxable year subsequent to the third full taxable year following the effective date hereof.

Added by Laws 1971, c. 137, § 4. Amended by Laws 1971, p. 1042, H.J.R. No. 1026, § 2A2, emerg. eff. June 22, 1971.
