Fiscal Summary

Fiscal Analyst: Nicole Barnes

The CCS for HB 3393, also known as the "Lindsey Nicole Henry Special Education Scholarship Act," contains multiple provisions related to scholarships for children with disabilities for whom an Individualized Education Program (IEP) has been developed. Provisions include scholarship eligibility requirements for students, eligibility requirements for participating private schools, participant compliance requirements, scholarship amount calculations and payments. Scholarships are to be available beginning with the 2010-2011 school year.

Fiscal Analysis

As provisions of the measure do not require additional appropriations, there is no impact to the state. The measure does allow, however, for existing funds that would have otherwise been utilized by the local school district to educate the student in fulfillment of the IEP to be utilized elsewhere. The total scholarship amount is to be the lesser of either the calculation described or the amount of tuition and fees at the private school.

Long Term Fiscal Considerations

None
