Fiscal Summary

Fiscal Analyst: Nicole Barnes

SB 2199 requires school districts to request national criminal history record checks to be performed for any person seeking employment with the school.

Fiscal Analysis

School districts were previously authorized to request such searches, but they were not mandatory. Any search required payment of \$50 by the employee or prospective employee to the Oklahoma State Bureau of Investigation, then the district reimbursed the employee pending search results. As the search fee remains at \$50, this would represent the cost to districts for any future search.
