Bill No.:	HB 1952
Version:	FA2
Request Number:	
Author:	McNeil
Date:	3/13/2012
Impact:	\$0

Research Analysis

The amendment provides that no state or local law enforcement authority or enforcement officer of the Corporation Commission is allowed to issue a traffic citation for load size, weight or safety requirement violations to a person if the person was issued a citation for load size, weight or safety requirement violations in the preceding 12 hours. Provides an effective date of July 1 for this provision. Adds an emergency clause.

Fiscal Analysis

FA2 for HB 1952 prohibits certain citations from being written. Officials at the Corporation Commission state they do not write tickets for offenses that have already been cited and therefore there would be no fiscal impact to the floor amendment.
