Research Analysis

The first amendment to floor amendment 1 to House Bill 2139 makes the State Board of Education a 12 member board. One member to the board would be elected from each of the five congressional districts in the state. The Governor will continue to appoint six members of the board and the Superintendent of Public Instruction will continue to serve as chairperson of the board.

Five members will be elected at the next general election after the effective date of the act. Members from the first and second congressional districts will serve an initial term of two years. After that, members from the first and second districts will serve four year terms. Members elected from the third and fourth district will serve initial terms of four years and four years thereafter. The member elected from the fifth district will serve an initial term of six years and four year terms thereafter. Persons serving as members of the board on the effective date of the act will serve until the terms for which they were appointed expire or until the next general election, whichever comes first.
