Fiscal Analysis

PCS1 for HB 2165 allows the Corporation Commission to set rules on telecommunications companies who receive reimbursements from participating in the Lifeline program. The CS allows for the Commission to also set, by rule, fines and penalties for companies who violate Lifeline program provisions. According to Commission officials, the rules would be set in the 2014 fiscal year and they anticipate no more than \$10,000 annually in revenue from these fines and penalties.
