Research Analysis

HB 2730 prohibits public schools and districts from being a member of any school athletic association unless the association has adopted a written policy that adheres to the Oklahoma Open Records Act and the Oklahoma Open Meetings Act. The measure requires an annual financial and compliance audit be conducted by the association in accordance with the standards in the Oklahoma Public School Audit Law. Lastly, a performance audit must be conducted by December 31, 2014, and by December 31 every five years thereafter.

The SA to HB 2730 removes language regarding the purpose of the measure and removes the requirement that a school athletic association comply with the Administrative Procedures Act.
