Author:	Rep. Cockroft, Sen. Loveless
Date:	4/29/2014
Impact:	Not Required

Research Analysis

HB 2954 creates a Revolving Fund for the circuit engineering districts to pay for converting fleet vehicles to compressed natural gas. The legislature would appropriate monies to the fund, which would be divided equally among the 77 counties. Counties, municipalities, and school boards would apply with their circuit engineering district to request vehicles to be converted. All vehicles and equipment purchased with these funds must be new and meet all applicable federal and Oklahoma safety regulations.
