

BILL SUMMARY
1st Session of the 54th Legislature

Bill No.:	SB 965
Version:	CCS
Request Number:	1890
Author:	Jackson
Date:	5/22/2013
Impact:	No impact

Research Analysis

The conference committee substitute for SB 965 modifies the composition of the Oklahoma Water Resources Board of Directors to represent nine regions, based on county boundaries, rather than congressional districts. (See attached map.) The measure also adds “oil and gas production” to the list of required industries represented on the board.
