By: Marlatt

An Act relating to hazardous waste disposal; amending 27A O.S. 2011, Section 2-7-116, which relates to hazardous waste disposal permitting; authorizing temporary staging of hazardous waste in certain manner; and declaring an emergency.

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 27A O.S. 2011, Section 2-7-116, is amended to read as follows:

Section 2-7-116. A. Except for emergency permits issued in accordance with Section ~~2-7-113~~ or 2-7-113.1 of this title, no permit shall be issued except upon proper application, proof of sufficient liability insurance and financial responsibility, formal public meeting, if requested, and such other requirements as provided by the Oklahoma Hazardous Waste Management Act and the Environmental Quality Code.

B. Liability insurance shall be provided by the applicant and shall apply to sudden and nonsudden bodily injury or property damage on, below or above the surface, as required by the rules of the Board. Additional insurance shall be required as deemed necessary

1 by the Department to protect the property rights of owners or
2 leaseholders of underground resources such as oil, gas, water or
3 other mineral substances. Such insurance shall be maintained for
4 the period of operation of the facility and shall provide coverage
5 for damages resulting from operation of the facility during
6 operation and after closing. In lieu of liability insurance
7 required by this or any other section of the Oklahoma Hazardous
8 Waste Management Act, an equivalent amount of cash, securities or
9 alternate financial assurance of a type and in an amount acceptable
10 to the Department, may be substituted; provided, that such deposit
11 shall be maintained for a period of five (5) years after the date of
12 last operation of the facility.

13 C. Prior to the issuance of any permit, the applicant shall
14 post a bond or acceptable alternate financial assurance guaranteeing
15 proper closure and guaranteeing the performance of the maintenance
16 and monitoring functions set out in Section 2-7-124 of this title.

17 D. The Department shall require additional insurance and
18 security by the permittee upon an application for expansion of the
19 facility. Such increase in insurance and security shall be in a
20 sufficient amount to provide adequate coverage for damages resulting
21 from such expansion during operation of the facility and after
22 closing.

23 E. Prior to the issuance of any permit, the applicant shall,
24 upon request of the Department, produce evidence of the applicant's

1 financial status indicating that the applicant is financially able
2 to operate and maintain a hazardous waste facility as required by
3 the Oklahoma Hazardous Waste Management Act. If the applicant is
4 not financially able to operate and maintain a hazardous waste
5 facility, as required by the Oklahoma Hazardous Waste Management
6 Act, a permit shall be denied.

7 F. The operation of a hazardous waste facility shall be under
8 the supervision of a person meeting qualifications set by the Board
9 appropriate to the type of facility.

10 G. The Department is authorized and shall require the
11 construction of monitoring wells, pond liners, fencing, signs or
12 other equipment deemed necessary by the Department to ensure the
13 suitable operation of the facility.

14 H. Hazardous waste undergoing analysis to determine if it is
15 acceptable for disposal that is temporarily staged within the
16 confines of a permitted hazardous waste unit in a manner that will
17 prevent the waste, or any constituent thereof, from entering the
18 environment during such temporary staging shall not constitute
19 disposal of the hazardous waste.

20 I. 1. In any case where the owner or operator of a hazardous
21 waste facility is in bankruptcy, reorganization, or arrangement
22 pursuant to the Federal Bankruptcy Code or if jurisdiction in any
23 state court or any federal court cannot be obtained over an owner or
24 operator likely to be solvent at the time of judgment, any claim

1 arising from conduct for which evidence of financial responsibility
2 is required pursuant to the Oklahoma Hazardous Waste Management Act
3 may be asserted directly against the guarantor providing such
4 evidence of financial responsibility. In the case of any action
5 taken pursuant to this section, such guarantor shall be entitled to
6 claim all rights and defenses which would have been available to the
7 owner or operator if any action had been brought against the owner
8 or operator by the claimant and which would have been available to
9 the guarantor if any action had been brought against the guarantor
10 by the owner or operator.

11 2. The total liability of any guarantor shall be limited to the
12 aggregate amount which the guarantor has provided as evidence of
13 financial responsibility for the owner or operator pursuant to the
14 Oklahoma Hazardous Waste Management Act. Nothing in this subsection
15 shall be construed to limit any other state or federal statutory,
16 contractual or common law liability of a guarantor to its owner or
17 operator including, but not limited to, the liability of such
18 guarantor for bad faith either in negotiating or failing to
19 negotiate the settlement of any claim. Nothing in this subsection
20 shall be construed to diminish the liability of any person under the
21 Federal Comprehensive Environmental Response, Compensation and
22 Liability Act of 1980 or other applicable law.

23 SECTION 2. It being immediately necessary for the preservation
24 of the public peace, health and safety, an emergency is hereby

1 declared to exist, by reason whereof this act shall take effect and
2 be in full force from and after its passage and approval.
