Research Analysis

The CCS for HB 1124 requires licensed child care facilities opened prior to November 1, 2016 to have 35 square feet of floor area per infant in infant rooms and requires new construction or a remodel of an area not previously used for child care to have 40 square feet of floor area. The measure also requires facilities to follow the Child and Adult Care Food Program nutrition standards for infants; to provide children with opportunities for daily physical activity; and to eliminate screen time for children under 2 years of age.
