Fiscal Analysis

FA1 for HB 2182 requires incentive evaluations to be performed by the State Auditor and Inspector (SAI), and provides authorization for the SAI to contract with a private entity to assist in evaluations. Language regarding private contracts is permissive and therefore does not immediately impact state revenues, however, the amendment requires the Office of Management and Enterprise Services (OMES) to reimburse SAI for the cost of the evaluations. Such costs will depend on the scope of the evaluation and the rates charged by SAI.
