Fiscal Analysis

FA2 on HB 2962 directs OHCA to include applied behavior therapy in treatment of autism in children 0-9 with a cap of \$25,000 annually. This therapy is not currently provided under Soonercare. There are currently 1,998 children on Soonercare that would qualify. \$25,000 times the 1,998 is \$50,000,000. \$22 million of which would be the state share.
