

**BILL SUMMARY**  
2<sup>nd</sup> Session of the 55<sup>th</sup> Legislature

**Bill No.:** HB3159  
**Version:** CCR  
**Request Number:** 9947  
**Author:** Speaker  
**Date:** 5/16/2016  
**Impact:** Contingent upon the amt of people granted  
parole vs. serving 95% of their original sentence.

**Research Analysis**

The CCR to HB 3159 establishes that 60 days prior to the completion of an 85% sentence, the offender is to be placed on the first available parole docket of the Pardon and Parole Board. The measure allows persons serving an 85% sentence to receive and accumulate earned credits in an amount not to exceed 5% of the total number of days of the prison sentence. The measure prohibits the application of earned credits which results in the immediate discharge of the person from custody.

Prepared By: Brad Wolgamott

**Fiscal Analysis**

The CCR to HB3159 better defines how much time an inmate must serve while in the custody of the State.

The cost of daily incarceration is listed below. The daily cost of monitoring a parolee is approximately 3.37 per day.

| Cost of incarceration with the DOC |              |
|------------------------------------|--------------|
| <u>Type</u>                        | <u>Daily</u> |
| Maximum                            | 87.20        |
| Medium                             | 42.83        |
| Minimum                            | 41.75        |
| Community                          | 47.07        |
| Work Center                        | 42.35        |
