Research Analysis

SB 1130 would authorize the Legislature to amend any previously adopted or proposed agency rule by joint resolution. The measure authorizes the Legislature to establish a new agency rule directly through the enactment of a joint resolution. The measure requires an agency exempt from the APA to publish its exempt rules on its website. The measure requires an agency submitting rules to transmit one electronic copy of the complete text of all proposed permanent rules and the notice to all members of the Legislature. The measure requires agency rules to be submitted by February 1, unless the rules are subject to federal requirements.
