2nd Session of the 55th Legislature

Bill No.:	SB 1316
Version:	CS
Request Number:	9777
Author:	Rep. Martin
Date:	4/20/2016
Impact:	\$0

Research Analysis

Please see previous summary of this measure.

Prepared By: Marcia Goff

Fiscal Analysis

The measure, the Oklahoma Public and Private Facilities and Infrastructure Act, provides a framework for qualifying contracting entities to develop or operates a qualifying project (facility, building or infrastructure and improvements thereto) when approved by a responsible governmental entity. The general proposal process and requirements by the contracting entity and the governmental entity are set forth, along with authorization for a governmental entity to contract with a contracting entity for service delivery in exchange for payments and other consideration as deemed appropriate.

No specific projects, contracts or other arrangements are provided in the measure. Any fiscal considerations would result only upon specific proposals and projects that may arise as a result of the provisions of the measure.
