Fiscal Analysis

According to officials with the Department of Public Safety, “the bill requires that \$10 from each REAL ID compliant license be deposited in the Department of Public Safety Revolving Fund.”

Additionally, “it provides that the department or motor license agent will collect \$4 to be deducted from the total collected for the license card, which will be deposited in the Department of Public Safety Revolving Fund or used for the motor license agents operating expenses, respectively.”

Finally, “the bill also calls for an increase on all DL/ID cards by \$15.00 to be deposited in the DPS revolving fund. This would generate approximately \$16,500,000 per year.”

DPS states that there will be a onetime cost of approximately \$1,685,664.00, and an annual cost of approximately \$11,376,065.00. However, the \$16,500,000 in revenue will offset those costs and bring in approximately \$5,123,935.
