16 BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

17 SECTION 1. AMENDATORY 68 O.S. 2011, Section 2358, as  
18 last amended by Section 1, Chapter 138, O.S.L. 2014 (68 O.S. Supp.  
19 2014, Section 2358), is amended to read as follows:

20 Section 2358. For all tax years beginning after December 31,  
21 1981, taxable income and adjusted gross income shall be adjusted to  
22 arrive at Oklahoma taxable income and Oklahoma adjusted gross income  
23 as required by this section.  
24

1       A. The taxable income of any taxpayer shall be adjusted to  
2 arrive at Oklahoma taxable income for corporations and Oklahoma  
3 adjusted gross income for individuals, as follows:

4       1. There shall be added interest income on obligations of any  
5 state or political subdivision thereto which is not otherwise  
6 exempted pursuant to other laws of this state, to the extent that  
7 such interest is not included in taxable income and adjusted gross  
8 income.

9       2. There shall be deducted amounts included in such income that  
10 the state is prohibited from taxing because of the provisions of the  
11 Federal Constitution, the State Constitution, federal laws or laws  
12 of Oklahoma.

13       3. The amount of any federal net operating loss deduction shall  
14 be adjusted as follows:

15       a. For carryovers and carrybacks to taxable years  
16 beginning before January 1, 1981, the amount of any  
17 net operating loss deduction allowed to a taxpayer for  
18 federal income tax purposes shall be reduced to an  
19 amount which is the same portion thereof as the loss  
20 from sources within this state, as determined pursuant  
21 to this section and Section 2362 of this title, for  
22 the taxable year in which such loss is sustained is of  
23 the total loss for such year;  
24

b. For carryovers and carrybacks to taxable years beginning after December 31, 1980, the amount of any net operating loss deduction allowed for the taxable year shall be an amount equal to the aggregate of the Oklahoma net operating loss carryovers and carrybacks to such year. Oklahoma net operating losses shall be separately determined by reference to Section 172 of the Internal Revenue Code, 26 U.S.C., Section 172, as modified by the Oklahoma Income Tax Act, Section 2351 et seq. of this title, and shall be allowed without regard to the existence of a federal net operating loss. For tax years beginning after December 31, 2000, and ending before January 1, 2008, the years to which such losses may be carried shall be determined solely by reference to Section 172 of the Internal Revenue Code, 26 U.S.C., Section 172, with the exception that the terms "net operating loss" and "taxable income" shall be replaced with "Oklahoma net operating loss" and "Oklahoma taxable income". For tax years beginning after December 31, 2007, and ending before January 1, 2009, years to which such losses may be carried back shall be limited to two (2) years. For tax years beginning after December 31, 2008, the years to which such losses may be carried

1 back shall be determined solely by reference to  
2 Section 172 of the Internal Revenue Code, 26 U.S.C.,  
3 Section 172, with the exception that the terms "net  
4 operating loss" and "taxable income" shall be replaced  
5 with "Oklahoma net operating loss" and "Oklahoma  
6 taxable income".

7 4. Items of the following nature shall be allocated as  
8 indicated. Allowable deductions attributable to items separately  
9 allocable in subparagraphs a, b and c of this paragraph, whether or  
10 not such items of income were actually received, shall be allocated  
11 on the same basis as those items:

12 a. Income from real and tangible personal property, such  
13 as rents, oil and mining production or royalties, and  
14 gains or losses from sales of such property, shall be  
15 allocated in accordance with the situs of such  
16 property;

17 b. Income from intangible personal property, such as  
18 interest, dividends, patent or copyright royalties,  
19 and gains or losses from sales of such property, shall  
20 be allocated in accordance with the domiciliary situs  
21 of the taxpayer, except that:

22 (1) where such property has acquired a nonunitary  
23 business or commercial situs apart from the  
24 domicile of the taxpayer such income shall be

1 allocated in accordance with such business or  
2 commercial situs; interest income from  
3 investments held to generate working capital for  
4 a unitary business enterprise shall be included  
5 in apportionable income; a resident trust or  
6 resident estate shall be treated as having a  
7 separate commercial or business situs insofar as  
8 undistributed income is concerned, but shall not  
9 be treated as having a separate commercial or  
10 business situs insofar as distributed income is  
11 concerned,

- 12 (2) for taxable years beginning after December 31,  
13 2003, capital or ordinary gains or losses from  
14 the sale of an ownership interest in a publicly  
15 traded partnership, as defined by Section 7704(b)  
16 of the Internal Revenue Code of 1986, as amended,  
17 shall be allocated to this state in the ratio of  
18 the original cost of such partnership's tangible  
19 property in this state to the original cost of  
20 such partnership's tangible property everywhere,  
21 as determined at the time of the sale; if more  
22 than fifty percent (50%) of the value of the  
23 partnership's assets consists of intangible  
24 assets, capital or ordinary gains or losses from

1 the sale of an ownership interest in the  
2 partnership shall be allocated to this state in  
3 accordance with the sales factor of the  
4 partnership for its first full tax period  
5 immediately preceding its tax period during which  
6 the ownership interest in the partnership was  
7 sold; the provisions of this division shall only  
8 apply if the capital or ordinary gains or losses  
9 from the sale of an ownership interest in a  
10 partnership do not constitute qualifying gain  
11 receiving capital treatment as defined in  
12 subparagraph a of paragraph 2 of subsection F of  
13 this section,

14 (3) income from such property which is required to be  
15 allocated pursuant to the provisions of paragraph  
16 5 of this subsection shall be allocated as herein  
17 provided;

18 c. Net income or loss from a business activity which is  
19 not a part of business carried on within or without  
20 the state of a unitary character shall be separately  
21 allocated to the state in which such activity is  
22 conducted;  
23  
24

1           d.    In the case of a manufacturing or processing  
2               enterprise the business of which in Oklahoma consists  
3               solely of marketing its products by:

4           (1)   sales having a situs without this state, shipped  
5               directly to a point from without the state to a  
6               purchaser within the state, commonly known as  
7               interstate sales,

8           (2)   sales of the product stored in public warehouses  
9               within the state pursuant to "in transit"  
10              tariffs, as prescribed and allowed by the  
11              Interstate Commerce Commission, to a purchaser  
12              within the state,

13           (3)   sales of the product stored in public warehouses  
14               within the state where the shipment to such  
15               warehouses is not covered by "in transit"  
16               tariffs, as prescribed and allowed by the  
17               Interstate Commerce Commission, to a purchaser  
18               within or without the state,

19           the Oklahoma net income shall, at the option of the  
20           taxpayer, be that portion of the total net income of  
21           the taxpayer for federal income tax purposes derived  
22           from the manufacture and/or processing and sales  
23           everywhere as determined by the ratio of the sales  
24           defined in this section made to the purchaser within

1 the state to the total sales everywhere. The term  
2 "public warehouse" as used in this subparagraph means  
3 a licensed public warehouse, the principal business of  
4 which is warehousing merchandise for the public;

5 e. In the case of insurance companies, Oklahoma taxable  
6 income shall be taxable income of the taxpayer for  
7 federal tax purposes, as adjusted for the adjustments  
8 provided pursuant to the provisions of paragraphs 1  
9 and 2 of this subsection, apportioned as follows:

10 (1) except as otherwise provided by division (2) of  
11 this subparagraph, taxable income of an insurance  
12 company for a taxable year shall be apportioned  
13 to this state by multiplying such income by a  
14 fraction, the numerator of which is the direct  
15 premiums written for insurance on property or  
16 risks in this state, and the denominator of which  
17 is the direct premiums written for insurance on  
18 property or risks everywhere. For purposes of  
19 this subsection, the term "direct premiums  
20 written" means the total amount of direct  
21 premiums written, assessments and annuity  
22 considerations as reported for the taxable year  
23 on the annual statement filed by the company with  
24 the Insurance Commissioner in the form approved

1 by the National Association of Insurance  
2 Commissioners, or such other form as may be  
3 prescribed in lieu thereof,

- 4 (2) if the principal source of premiums written by an  
5 insurance company consists of premiums for  
6 reinsurance accepted by it, the taxable income of  
7 such company shall be apportioned to this state  
8 by multiplying such income by a fraction, the  
9 numerator of which is the sum of (a) direct  
10 premiums written for insurance on property or  
11 risks in this state, plus (b) premiums written  
12 for reinsurance accepted in respect of property  
13 or risks in this state, and the denominator of  
14 which is the sum of (c) direct premiums written  
15 for insurance on property or risks everywhere,  
16 plus (d) premiums written for reinsurance  
17 accepted in respect of property or risks  
18 everywhere. For purposes of this paragraph,  
19 premiums written for reinsurance accepted in  
20 respect of property or risks in this state,  
21 whether or not otherwise determinable, may at the  
22 election of the company be determined on the  
23 basis of the proportion which premiums written  
24 for insurance accepted from companies

1                   commercially domiciled in Oklahoma bears to  
2                   premiums written for reinsurance accepted from  
3                   all sources, or alternatively in the proportion  
4                   which the sum of the direct premiums written for  
5                   insurance on property or risks in this state by  
6                   each ceding company from which reinsurance is  
7                   accepted bears to the sum of the total direct  
8                   premiums written by each such ceding company for  
9                   the taxable year.

10           5. The net income or loss remaining after the separate  
11 allocation in paragraph 4 of this subsection, being that which is  
12 derived from a unitary business enterprise, shall be apportioned to  
13 this state on the basis of the arithmetical average of three factors  
14 consisting of property, payroll and sales or gross revenue  
15 enumerated as subparagraphs a, b and c of this paragraph. Net  
16 income or loss as used in this paragraph includes that derived from  
17 patent or copyright royalties, purchase discounts, and interest on  
18 accounts receivable relating to or arising from a business activity,  
19 the income from which is apportioned pursuant to this subsection,  
20 including the sale or other disposition of such property and any  
21 other property used in the unitary enterprise. Deductions used in  
22 computing such net income or loss shall not include taxes based on  
23 or measured by income. Provided, for corporations whose property  
24 for purposes of the tax imposed by Section 2355 of this title has an

1 initial investment cost equaling or exceeding Two Hundred Million  
2 Dollars (\$200,000,000.00) and such investment is made on or after  
3 July 1, 1997, or for corporations which expand their property or  
4 facilities in this state and such expansion has an investment cost  
5 equaling or exceeding Two Hundred Million Dollars (\$200,000,000.00)  
6 over a period not to exceed three (3) years, and such expansion is  
7 commenced on or after January 1, 2000, the three factors shall be  
8 apportioned with property and payroll, each comprising twenty-five  
9 percent (25%) of the apportionment factor and sales comprising fifty  
10 percent (50%) of the apportionment factor. The apportionment  
11 factors shall be computed as follows:

12 a. The property factor is a fraction, the numerator of  
13 which is the average value of the taxpayer's real and  
14 tangible personal property owned or rented and used in  
15 this state during the tax period and the denominator  
16 of which is the average value of all the taxpayer's  
17 real and tangible personal property everywhere owned  
18 or rented and used during the tax period.

19 (1) Property, the income from which is separately  
20 allocated in paragraph 4 of this subsection,  
21 shall not be included in determining this  
22 fraction. The numerator of the fraction shall  
23 include a portion of the investment in  
24 transportation and other equipment having no

1 fixed situs, such as rolling stock, buses, trucks  
2 and trailers, including machinery and equipment  
3 carried thereon, salespersons'  
4 automobiles and other similar equipment, in the  
5 proportion that miles traveled in Oklahoma by  
6 such equipment bears to total miles traveled,

7 (2) Property owned by the taxpayer is valued at its  
8 original cost. Property rented by the taxpayer  
9 is valued at eight times the net annual rental  
10 rate. Net annual rental rate is the annual  
11 rental rate paid by the taxpayer, less any annual  
12 rental rate received by the taxpayer from  
13 subrentals,

14 (3) The average value of property shall be determined  
15 by averaging the values at the beginning and  
16 ending of the tax period but the Oklahoma Tax  
17 Commission may require the averaging of monthly  
18 values during the tax period if reasonably  
19 required to reflect properly the average value of  
20 the taxpayer's property;

21 b. The payroll factor is a fraction, the numerator of  
22 which is the total compensation for services rendered  
23 in the state during the tax period, and the  
24 denominator of which is the total compensation for

1 services rendered everywhere during the tax period.

2 "Compensation", as used in this subsection means those  
3 paid-for services to the extent related to the unitary  
4 business but does not include officers' salaries,  
5 wages and other compensation.

6 (1) In the case of a transportation enterprise, the  
7 numerator of the fraction shall include a portion  
8 of such expenditure in connection with employees  
9 operating equipment over a fixed route, such as  
10 railroad employees, airline pilots, or bus  
11 drivers, in this state only a part of the time,  
12 in the proportion that mileage traveled in  
13 Oklahoma bears to total mileage traveled by such  
14 employees,

15 (2) In any case the numerator of the fraction shall  
16 include a portion of such expenditures in  
17 connection with itinerant employees, such as  
18 traveling salespersons, in this state only a part  
19 of the time, in the proportion that time spent in  
20 Oklahoma bears to total time spent in furtherance  
21 of the enterprise by such employees;

22 c. The sales factor is a fraction, the numerator of which  
23 is the total sales or gross revenue of the taxpayer in  
24 this state during the tax period, and the denominator

1 of which is the total sales or gross revenue of the  
2 taxpayer everywhere during the tax period. "Sales",  
3 as used in this subsection does not include sales or  
4 gross revenue which are separately allocated in  
5 paragraph 4 of this subsection.

6 (1) Sales of tangible personal property have a situs  
7 in this state if the property is delivered or  
8 shipped to a purchaser other than the United  
9 States government, within this state regardless  
10 of the FOB point or other conditions of the sale;  
11 or the property is shipped from an office, store,  
12 warehouse, factory or other place of storage in  
13 this state and (a) the purchaser is the United  
14 States government or (b) the taxpayer is not  
15 doing business in the state of the destination of  
16 the shipment.

17 (2) In the case of a railroad or interurban railway  
18 enterprise, the numerator of the fraction shall  
19 not be less than the allocation of revenues to  
20 this state as shown in its annual report to the  
21 Corporation Commission.

22 (3) In the case of an airline, truck or bus  
23 enterprise or freight car, tank car, refrigerator  
24 car or other railroad equipment enterprise, the

1 numerator of the fraction shall include a portion  
2 of revenue from interstate transportation in the  
3 proportion that interstate mileage traveled in  
4 Oklahoma bears to total interstate mileage  
5 traveled.

6 (4) In the case of an oil, gasoline or gas pipeline  
7 enterprise, the numerator of the fraction shall  
8 be either the total of traffic units of the  
9 enterprise within Oklahoma or the revenue  
10 allocated to Oklahoma based upon miles moved, at  
11 the option of the taxpayer, and the denominator  
12 of which shall be the total of traffic units of  
13 the enterprise or the revenue of the enterprise  
14 everywhere as appropriate to the numerator. A  
15 "traffic unit" is hereby defined as the  
16 transportation for a distance of one (1) mile of  
17 one (1) barrel of oil, one (1) gallon of gasoline  
18 or one thousand (1,000) cubic feet of natural or  
19 casinghead gas, as the case may be.

20 (5) In the case of a telephone or telegraph or other  
21 communication enterprise, the numerator of the  
22 fraction shall include that portion of the  
23 interstate revenue as is allocated pursuant to  
24 the accounting procedures prescribed by the

1 Federal Communications Commission; provided that  
2 in respect to each corporation or business entity  
3 required by the Federal Communications Commission  
4 to keep its books and records in accordance with  
5 a uniform system of accounts prescribed by such  
6 Commission, the intrastate net income shall be  
7 determined separately in the manner provided by  
8 such uniform system of accounts and only the  
9 interstate income shall be subject to allocation  
10 pursuant to the provisions of this subsection.  
11 Provided further, that the gross revenue factors  
12 shall be those as are determined pursuant to the  
13 accounting procedures prescribed by the Federal  
14 Communications Commission.

15 In any case where the apportionment of the three factors  
16 prescribed in this paragraph attributes to Oklahoma a portion of net  
17 income of the enterprise out of all appropriate proportion to the  
18 property owned and/or business transacted within this state, because  
19 of the fact that one or more of the factors so prescribed are not  
20 employed to any appreciable extent in furtherance of the enterprise;  
21 or because one or more factors not so prescribed are employed to a  
22 considerable extent in furtherance of the enterprise; or because of  
23 other reasons, the Tax Commission is empowered to permit, after a  
24 showing by taxpayer that an excessive portion of net income has been

1 attributed to Oklahoma, or require, when in its judgment an  
2 insufficient portion of net income has been attributed to Oklahoma,  
3 the elimination, substitution, or use of additional factors, or  
4 reduction or increase in the weight of such prescribed factors.  
5 Provided, however, that any such variance from such prescribed  
6 factors which has the effect of increasing the portion of net income  
7 attributable to Oklahoma must not be inherently arbitrary, and  
8 application of the recomputed final apportionment to the net income  
9 of the enterprise must attribute to Oklahoma only a reasonable  
10 portion thereof.

11 6. For calendar years 1997 and 1998, the owner of a new or  
12 expanded agricultural commodity processing facility in this state  
13 may exclude from Oklahoma taxable income, or in the case of an  
14 individual, the Oklahoma adjusted gross income, fifteen percent  
15 (15%) of the investment by the owner in the new or expanded  
16 agricultural commodity processing facility. For calendar year 1999,  
17 and all subsequent years, the percentage, not to exceed fifteen  
18 percent (15%), available to the owner of a new or expanded  
19 agricultural commodity processing facility in this state claiming  
20 the exemption shall be adjusted annually so that the total estimated  
21 reduction in tax liability does not exceed One Million Dollars  
22 (\$1,000,000.00) annually. The Tax Commission shall promulgate rules  
23 for determining the percentage of the investment which each eligible  
24 taxpayer may exclude. The exclusion provided by this paragraph

1 shall be taken in the taxable year when the investment is made. In  
2 the event the total reduction in tax liability authorized by this  
3 paragraph exceeds One Million Dollars (\$1,000,000.00) in any  
4 calendar year, the Tax Commission shall permit any excess over One  
5 Million Dollars (\$1,000,000.00) and shall factor such excess into  
6 the percentage for subsequent years. Any amount of the exemption  
7 permitted to be excluded pursuant to the provisions of this  
8 paragraph but not used in any year may be carried forward as an  
9 exemption from income pursuant to the provisions of this paragraph  
10 for a period not exceeding six (6) years following the year in which  
11 the investment was originally made.

12 For purposes of this paragraph:

- 13 a. "Agricultural commodity processing facility" means  
14 building, structures, fixtures and improvements used  
15 or operated primarily for the processing or production  
16 of marketable products from agricultural commodities.  
17 The term shall also mean a dairy operation that  
18 requires a depreciable investment of at least Two  
19 Hundred Fifty Thousand Dollars (\$250,000.00) and which  
20 produces milk from dairy cows. The term does not  
21 include a facility that provides only, and nothing  
22 more than, storage, cleaning, drying or transportation  
23 of agricultural commodities, and  
24

1           b.    "Facility" means each part of the facility which is  
2                used in a process primarily for:

- 3                (1)   the processing of agricultural commodities,  
4                       including receiving or storing agricultural  
5                       commodities, or the production of milk at a dairy  
6                       operation,  
7                (2)   transporting the agricultural commodities or

12           7.   Despite any provision to the contrary in paragraph 3 of this

6 to 26 U.S.C.A., Section 45A, is allowed. For purposes of this  
7 paragraph, "qualified wages" means those wages used to calculate the  
8 federal credit pursuant to 26 U.S.C.A., Section 45A.

9        9. In taxable years beginning after December 31, 2005, an  
10 employer that is eligible for and utilizes the Safety Pays OSHA

24 the American Recovery and Reinvestment Act of 2009 (P.L. No. 111-5).

1       B. 1. The taxable income of any corporation shall be further  
2 adjusted to arrive at Oklahoma taxable income, except those

3 adjustment to taxable income is required in the first taxable year  
4 beginning after December 31, 1982, to reconcile the basis of such  
5 assets to the basis allowed in the Internal Revenue Code. The  
6 purpose of this adjustment is to equalize the basis and allowance  
7 for depreciation accounts between that reported to the Internal  
8 Revenue Service and that reported to Oklahoma.

9 2. For tax years beginning on or after January 1, 2009, and  
10 ending on or before December 31, 2009, there shall be added to

23 transferor corporation as a result of the technology transfer. Such  
24 exemption shall be allowed for a period not to exceed ten (10) years

5   taxable income of any corporation, estate or trust, shall be further  
6   adjusted for qualifying gains receiving capital treatment.  Such  
7   corporations, estates or trusts shall be allowed a deduction from  
8   Oklahoma taxable income for the amount of qualifying gains receiving  
9   capital treatment earned by the corporation, estate or trust during  
10   the taxable year and included in the federal taxable income of such  
11   corporation, estate or trust.

12           2.  As used in this subsection:

13           a.    "qualifying gains receiving capital treatment" means

14 qualifying gains receiving capital treatment.

15 (1) With respect to sales of real property or  
16 tangible personal property located within  
17 Oklahoma, the deduction described in this  
18 subsection shall not apply unless the pass-  
19 through entity that makes the sale has held the  
20 property for not less than five (5) uninterrupted  
21 years prior to the date of the transaction that  
22 created the capital gain, and each pass-through  
23 entity included in the chain of ownership has

20 deducted from taxable income.

21 c. Whenever the filing of a timely income tax return by a  
22 member of the Armed Forces of the United States is

4 without incurring liabilities for interest or penalties. Such  
5 extension may be granted only when in the judgment of the Tax  
6 Commission a good cause exists therefor and may be for a period in

21        b.    Federal taxes as described in subparagraph a of this  
22                paragraph shall be deductible by any individual  
23                taxpayer, whether resident or nonresident, only to the  
24                extent they relate to income subject to taxation

1           pursuant to the provisions of the Oklahoma Income Tax  
2           Act. The maximum amount allowable in the preceding  
3           paragraph shall be prorated on the ratio of the  
4           Oklahoma adjusted gross income to federal adjusted  
5           gross income.

6           c. For the purpose of this paragraph, "federal income  
7           taxes paid" shall mean federal income taxes, surtaxes  
8           imposed on incomes or excess profits taxes, as though  
9           the taxpayer was on the accrual basis. In determining  
10          the amount of deduction for federal income taxes for  
11          tax year 2001, the amount of the deduction shall not  
12          be adjusted by the amount of any accelerated ten  
13          percent (10%) tax rate bracket credit or advanced  
14          refund of the credit received during the tax year  
15          provided pursuant to the federal Economic Growth and

As used in this subsection:

- a. the term "real estate investment trust" or "REIT" means the meaning ascribed to such term in Section 856 of the Internal Revenue Code of 1986, as amended,

16 regularly traded on an established  
17 securities market, and
- 18 (e) the entity is organized in a country which  
19 has a tax treaty with the United States.
