18 or nation, shall be apportioned as provided in paragraph 3 of this  
19 subsection.

20       3. a. Prior to July 1, 2019, the resulting revenues as

15 as follows:

16        Section 1001. A. There is hereby levied upon the production of  
17 asphalt, ores bearing lead, zinc, jack and copper a tax equal to  
18 three-fourths of one percent ( $\frac{3}{4}$  of 1%) on the gross value thereof.

19        B. 1. Effective July 1, 2013, through June 30, 2015, except as  
20 otherwise exempted pursuant to subsections D, E, F, G, H, I and J of  
21 this section, there shall be levied upon the production of oil a tax  
22 equal to seven percent (7%) of the gross value of the production of  
23 oil based on a per barrel measurement of forty-two (42) U.S. gallons  
24

1 of two hundred thirty-one (231) cubic inches per gallon, computed at  
2 a temperature of sixty (60) degrees Fahrenheit.

3 2. Effective July 1, 2013, through June 30, 2015, except as  
4 otherwise exempted pursuant to subsections D, E, F, G, H, I and J of  
5 this section, there shall be levied a tax equal to seven percent

8 section, there shall be levied a tax on the gross value of the  
9 production of oil and gas as follows:

10 a. upon the production of oil a tax equal to seven  
11 percent (7%) of the gross value of the production of  
12 oil based on a per barrel measurement of forty-two  
13 (42) U.S. gallons of two hundred thirty-one (231)  
14 cubic inches per gallon, computed at a temperature of  
15 sixty (60) degrees Fahrenheit,

16 b. upon the production of gas a tax equal to seven  
17 percent (7%) of the gross value of the production of  
18 gas, ~~and~~

19 c. notwithstanding the levies in subparagraphs a and b of  
20 this paragraph, the production of oil, gas, or oil and  
21 gas from wells spudded on or after July 1, 2015, and  
22 prior to the effective date of this act, shall be  
23 taxed at a rate of two percent (2%) commencing with  
24 the month of first production for a period of thirty-

1           six (36) months; provided however, such production  
2           occurring on or after the effective date of this act  
3           for the remainder of such thirty-six-month period  
4           shall be taxed at a rate of four percent (4%).

5           Thereafter, the production shall be taxed as provided  
6           in subparagraphs a and b of this paragraph, and

7           d. notwithstanding the levies in subparagraphs a and b of  
8           this paragraph, the production of oil, gas or oil and  
9           gas from wells spudded on or after the effective date  
10           of this act shall be taxed at a rate of four percent  
11           (4%) commencing with the month of first production for  
12           a period of thirty-six (36) months. Thereafter, the  
13           production shall be taxed as provided in subparagraphs  
14           a and b of this paragraph.

15           C. The taxes hereby levied shall also attach to, and are levied  
16           on, what is known as the royalty interest, and the amount of such  
17           tax shall be a lien on such interest.

18           D. 1. Except as otherwise provided in this section, for  
19           secondary recovery projects approved or having an initial project  
20           beginning date on or after July 1, 2000, and before July 1, 2017,  
21           any incremental production attributable to the working interest  
22           owners which results from such secondary recovery projects shall be  
23           exempt from the gross production tax levied pursuant to this section  
24           for a period not to exceed five (5) years from the initial project

1 beginning date or for a period ending upon the termination of the  
2 secondary recovery process, whichever occurs first; provided  
3 however, that the exemption provided by this paragraph shall not  
4 apply to production occurring on or after July 1, 2017.

5       2. Except as otherwise provided in this section, for tertiary  
6 recovery projects approved and having a project beginning date on or  
7 after July 1, 1993, and before July 1, 2017, any incremental  
8 production attributable to the working interest owners which results  
9 from such tertiary recovery projects shall be exempt from the gross  
10 production tax levied pursuant to this section from the project  
11 beginning date until project payback is achieved, but not to exceed  
12 a period of ten (10) years; provided however, that the exemption  
13 provided by this paragraph shall not apply to production occurring  
14 on or after July 1, 2017. Project payback pursuant to this  
15 paragraph shall be determined by appropriate payback indicators  
16 which will provide for the recovery of capital expenses and  
17 operating expenses, excluding administrative expenses, in  
18 determining project payback. The capital expenses of pipelines  
19 constructed to transport carbon dioxide to a tertiary recovery  
20 project shall not be included in determining project payback  
21 pursuant to this paragraph.

22       3. The provisions of this subsection shall also not apply to  
23 any enhanced recovery project using fresh water as the primary  
24 injectant, except when using steam.

1       4. For purposes of this subsection:

- 2           a. "incremental production" means the amount of crude oil  
3           or other liquid hydrocarbons which is produced during  
4           an enhanced recovery project and which is in excess of  
5           the base production amount of crude oil or other  
6           liquid hydrocarbons. The base production amount shall  
7           be the average monthly amount of production for the  
8           twelve-month period immediately prior to the project  
9           beginning date minus the monthly rate of production  
10          decline for the project for each month beginning one  
11          hundred eighty (180) days prior to the project  
12          beginning date. The monthly rate of production  
13          decline shall be equal to the average extrapolated  
14          monthly decline rate for the twelve-month period  
15          immediately prior to the project beginning date as  
16          determined by the Corporation Commission based on the  
17          production history of the field, its current status,  
18          and sound reservoir engineering principles, and  
19          b. "project beginning date" means the date on which the  
20          injection of liquids, gases, or other matter begins on  
21          an enhanced recovery project.

22       5. The Corporation Commission shall promulgate rules for the  
23       qualification for this exemption which shall include, but not be  
24       limited to, procedures for determining incremental production as

1 defined in subparagraph a of paragraph 4 of this subsection, and the  
2 establishment of appropriate payback indicators as approved by the  
3 Tax Commission for the determination of project payback for each of  
4 the exemptions authorized by this subsection.

5 6. For new secondary recovery projects and tertiary recovery  
6 projects approved by the Corporation Commission on or after July 1,  
7 1993, and before July 1, 2017, such approval shall constitute  
8 qualification for an exemption.

9 7. Any person seeking an exemption shall file an application  
10 for such exemption with the Tax Commission which, upon determination  
11 of qualification by the Corporation Commission, shall approve the  
12 application for such exemption.

13 8. The Tax Commission may require any person requesting such  
14 exemption to furnish information or records concerning the exemption  
15 as is deemed necessary by the Tax Commission.

16 9. Upon the expiration of the exemption granted pursuant to  
17 this subsection, the Tax Commission shall collect the gross  
18 production tax levied pursuant to this section.

19 E. 1. Except as otherwise provided in this section, the  
20 production of oil, gas or oil and gas from a horizontally drilled  
21 well producing prior to July 1, 2011, which production commenced  
22 after July 1, 2002, shall be exempt from the gross production tax  
23 levied pursuant to subsection B of this section from the project  
24 beginning date until project payback is achieved but not to exceed a

1 period of forty-eight (48) months commencing with the month of  
2 initial production from the horizontally drilled well. For purposes  
3 of subsection D of this section and this subsection, project payback  
4 shall be determined as of the date of the completion of the well and  
5 shall not include any expenses beyond the completion date of the  
6 well, and subject to the approval of the Tax Commission.

7 2. Claims for refund for the production periods within the  
8 fiscal years ending June 30, 2010, and June 30, 2011, shall be filed  
9 and received by the Tax Commission no later than December 31, 2011.

10 3. For production commenced on or after July 1, 2011, and prior  
11 to July 1, 2015, the tax levied pursuant to the provisions of this  
12 section on the production of oil, gas or oil and gas from a  
13 horizontally drilled well shall be reduced to a rate of one percent  
14 (1%) for a period of forty-eight (48) months from the month of  
15 initial production; provided however, such production occurring on  
16 or after July 1, 2017, for the remainder of such forty-eight-month  
17 period shall be subject to a reduced rate of four percent (4%);  
18 further provided, any reduced rate provided by this paragraph shall  
19 not apply to production occurring during or after the first full  
20 month following the effective date of this act. The taxes collected  
21 from the production of oil shall be apportioned pursuant to the  
22 provisions of paragraph 7 of subsection B of Section 1004 of this  
23 title. The taxes collected from the production of gas shall be  
24

1 apportioned pursuant to the provisions of paragraph 3 of subsection  
2 B of Section 1004 of this title.

3 4. The production of oil, gas or oil and gas on or after July  
4 1, 2011, and prior to July 1, 2015, from these qualifying wells  
5 shall be taxed at a rate of one percent (1%) until the expiration of  
6 forty-eight (48) months commencing with the month of initial  
7 production.

8 5. As used in this subsection, "horizontally drilled well"  
9 shall mean an oil, gas or oil and gas well drilled or recompleted in  
10 a manner which encounters and subsequently produces from a  
11 geological formation at an angle in excess of seventy (70) degrees  
12 from vertical and which laterally penetrates a minimum of one  
13 hundred fifty (150) feet into the pay zone of the formation.

14 F. 1. Except as otherwise provided by this section, the  
15 severance or production of oil, gas or oil and gas from an inactive  
16 well shall be exempt from the gross production tax levied pursuant  
17 to subsection B of this section for a period of twenty-eight (28)  
18 months from the date upon which production is reestablished;  
19 provided however, that the exemption provided by this paragraph  
20 shall not apply to production occurring on or after July 1, 2017.  
21 This exemption shall take effect July 1, 1994, and shall apply to  
22 wells for which work to reestablish or enhance production began on  
23 or after July 1, 1994, and for which production is reestablished  
24 prior to July 1, 2017. For all such production, a refund against

1 gross production taxes shall be issued as provided in subsection L  
2 of this section.

3 2. As used in this subsection, for wells for which production  
4 is reestablished prior to July 1, 1997, "inactive well" means any  
5 well that has not produced oil, gas or oil and gas for a period of  
6 not less than two (2) years as evidenced by the appropriate forms on  
7 file with the Corporation Commission reflecting the well's status.  
8 As used in this subsection, for wells for which production is  
9 reestablished on or after July 1, 1997, and prior to July 1, 2017,  
10 "inactive well" means any well that has not produced oil, gas or oil  
11 and gas for a period of not less than one (1) year as evidenced by  
12 the appropriate forms on file with the Corporation Commission  
13 reflecting the well's status. Wells which experience mechanical  
14 failure or loss of mechanical integrity, as defined by the  
15 Corporation Commission, including but not limited to, casing leaks,  
16 collapse of casing or loss of equipment in a wellbore, or any  
17 similar event which causes cessation of production, shall also be  
18 considered inactive wells.

19 G. 1. ~~Except~~ On or after the effective date of this act,  
20 except as otherwise provided by this section, any incremental  
21 production which results from a production enhancement project shall  
22 be ~~exempt from the gross production tax levied pursuant to~~  
23 ~~subsection B of this section for a period of twenty eight (28)~~  
24 ~~months from the date of first sale after project completion of~~

1 subject to a reduced tax rate of four percent (4%) until the  
2 expiration of thirty-six (36) months commencing with the month of  
3 initial production from the production enhancement project; provided  
4 however, that the ~~exemption~~ rate reduction provided by this  
5 paragraph shall not apply to production occurring ~~on or after July~~  
6 1, 2017 prior to the effective date of this act. This ~~exemption~~  
7 ~~shall take effect July 1, 1994, and shall apply to production~~  
8 ~~enhancement projects having a project beginning date on or after~~  
9 ~~July 1, 1994, and prior to July 1, 2017. For all such production, a~~  
10 ~~refund against gross production taxes shall be issued as provided in~~  
11 ~~subsection I of this section.~~

12 2. As used in this subsection:

- 13 a. ~~for production enhancement projects having a project~~  
14 ~~beginning date on or after July 1, 1997, and prior to~~  
15 ~~July 1, 2017, "production enhancement project" means~~  
16 ~~any ~~workover~~ as defined in this paragraph,~~  
17 ~~recompletion as defined in this paragraph, reentry of~~  
18 ~~plugged and abandoned wellbores, or ~~addition of a well~~~~  
19 ~~or field compression~~ reestablishment of production  
20 from an inactive well as defined in this paragraph,  
21 b. "incremental production" means the amount of crude  
22 oil, natural gas or other hydrocarbons which are  
23 produced as a result of the production enhancement  
24 project in excess of the base production,

1 c. "base production" means the average monthly amount of  
2 production for the twelve-month period immediately  
3 prior to the commencement of the project or the  
4 average monthly amount of production for the twelve-  
5 month period immediately prior to the commencement of  
6 the project less the monthly rate of production  
7 decline for the project for each month beginning one  
8 hundred eighty (180) days prior to the commencement of  
9 the project. For instances where the production from  
10 a production enhancement project is not commingled  
11 with previously existing production within the well  
12 for which the project is being conducted, the base  
13 production amount as defined herein shall be  
14 considered to be zero. The monthly rate of production  
15 decline shall be equal to the average extrapolated  
16 monthly decline rate for the twelve-month period  
17 immediately prior to the commencement of the project  
18 based on the production history of the well. If the  
19 well or wells covered in the application had  
20 production for less than the full twelve-month period  
21 prior to the filing of the application for the  
22 production enhancement project, the base production  
23 shall be the average monthly production for the months  
24 during that period that the well or wells produced,

1           d.   ~~for production enhancement projects having a project~~  
2           ~~beginning date on or after July 1, 1997, and prior to~~  
3           ~~July 1, 2017, "recompletion" means any downhole~~

11          ~~or increase the production rate or ultimate recovery~~  
12          ~~in a geologic interval currently completed or~~  
13          ~~producing in the existing oil or gas well. For~~  
14          ~~production enhancement projects having a project~~

6            Dollars (\$30.00) per barrel calculated on an annual  
7            calendar year basis, as adjusted for inflation using  
8            the Consumer Price Index-All Urban Consumers (CPI-U)  
9            as published by the Bureau of Labor Statistics of the  
10           U.S. Department of Labor or its successor agency.  
11           Such adjustment shall be based on the most current

13           and shall be applied for the fiscal year which begins  
14           on the July 1 date immediately following the release  
15           of the CPI-U data by the Bureau of Statistics.

16       (1)   The "average annual index price" will be  
17            calculated by multiplying the West Texas  
18            Intermediate closing price by the "index price  
19            ratio". The index price ratio is defined as the  
20            immediate preceding three-year historical average  
21            ratio of the actual weighted average wellhead  
22            price to the West Texas Intermediate close price  
23            published on the last business day of each month.

1 (2) The average annual index price will be updated  
2 annually by the Oklahoma Tax Commission no later  
3 than March 31 of each year.

4 (3) If the West Texas Intermediate Crude price is  
5 unavailable for any reason, an industry benchmark  
6 price may be substituted and used for the  
7 calculation of the index price as determined by  
8 the Tax Commission,

14 determination by the Tax Commission that the average  
15 annual index price of Oklahoma gas exceeds Five  
16 Dollars (\$5.00) per thousand cubic feet (mcf)  
17 calculated on an annual calendar year basis as  
18 adjusted for inflation using the Consumer Price Index-  
19 All Urban Consumers (CPI-U) as published by the Bureau  
20 of Labor Statistics of the U.S. Department of Labor or  
21 its successor agency. Such adjustment shall be based  
22 on the most current data available for the preceding  
23 twelve-month period and shall be applied for the  
24 fiscal year which begins on the July 1 date

1 immediately following the release of the CPI-U data by  
2 the Bureau of Statistics.

3 (1) The "average annual index price" will be  
4 calculated by multiplying the Henry Hub 3-Day  
5 Average Close price by the "index price ratio".  
6 The index price ratio is defined as the immediate  
7 preceding three-year historical average ratio of  
8 the actual weighted average wellhead price to the  
9 Henry Hub 3-Day Average Close price published on  
10 the last business day of each month.

11 (2) The average annual index price will be updated  
12 annually by the Oklahoma Tax Commission no later  
13 than March 31 of each year.

14 (3) If the Henry Hub 3-Day Average Close price is  
15 unavailable for any reason, an industry benchmark  
16 price may be substituted and used for the  
17 calculation of the index price as determined by  
18 the Tax Commission.
