HOUSE OF REPRESENTATIVES
State of Oklahoma

SPEAKER:

CHAIR:

I move to amend HB1537 _____
Of the printed Bill
Page _____ Section _____ Lines _____
Of the Engrossed Bill

By striking the Title, the Enacting Clause, the entire bill, and by
inserting in lieu thereof the following language:

AMEND TITLE TO CONFORM TO AMENDMENTS

Amendment submitted by: Jason Dunnington

Adopted: _____

Reading Clerk

1 STATE OF OKLAHOMA

2 1st Session of the 56th Legislature (2017)

3 PROPOSED SUBCOMMITTEE
4 SUBSTITUTE
5 FOR
6 HOUSE BILL NO. 1537

By: Dunnington

7
8 PROPOSED SUBCOMMITTEE SUBSTITUTE

9 An Act relating to waters and water rights; making
10 legislative findings; imposing requirement on
11 municipalities with respect to inclined block rate
12 structures for water usage; providing for excessive
water usage surcharge; authorizing surcharge revenues
to be used for municipal water systems; providing for
codification; providing for noncodification; and
providing an effective date.

13
14
15
16 BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

17 SECTION 1. NEW LAW A new section of law not to be
18 codified in the Oklahoma Statutes reads as follows:

19 The Legislature finds that water is necessary for the residents
20 of the State of Oklahoma to enjoy a high quality of life. The
21 demand for drinking water and water for other household and
22 commercial uses is constantly increasing. Water conservation
23 measures are critical for the State of Oklahoma to maintain its
24 access to water and to sustain the lives of its citizens. The

1 Legislature finds that municipalities are an important means for the
2 delivery of water and that the price for water usage by
3 municipalities can have a positive impact on water conservation
4 efforts. To encourage municipalities to implement inclined block
5 rate structures for the delivery of water to persons and business
6 enterprises located within municipal boundaries, the Legislature
7 finds that a system which creates incentives for water conservation
8 is desirable state public policy and is in furtherance of an
9 essential state government function. Water and water quality, while
10 affected by actions of many persons and entities at the local level,
11 are both matters of statewide public concern.

12 SECTION 2. NEW LAW A new section of law to be codified
13 in the Oklahoma Statutes as Section 2001 of Title 82, unless there
14 is created a duplication in numbering, reads as follows:

15 A. Effective November 1, 2017, each municipality within the
16 state shall implement an inclined block rate structure for use of
17 municipal water by persons, business entities and other users. The
18 municipality may retain all revenues derived from the sale of water
19 to each user.

20 B. Municipalities that implement an inclined block rate
21 structure may impose surcharges for a municipal water user that uses
22 more than twenty-five thousand (25,000) gallons of water per month.
23 Water use surcharge revenues may be used by the municipality or an
24

1 entity having the municipality as its beneficiary for municipal
2 water systems and related infrastructure assets.

3 SECTION 3. This act shall become effective November 1, 2017.
