BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

Section 160.21. A. The owner of a wind energy facility shall submit notification of intent to build a facility to the Corporation Commission within six (6) months of the initial filing pertaining to

1 commencement of construction with the Federal Aviation
2 Administration (FAA) of an FAA Form 7460-1 (Notice of Proposed
3 Construction or Alteration) or any subsequent form required by the
4 FAA for evaluating the impact a proposed wind energy facility will
5 have on air commerce safety and the preservation of navigable
6 airspace. The Commission shall prescribe the form and submittal
7 requirements of the notification; provided, the information required
8 on the notification form shall include at least the same information
9 required on the FAA form. The owner of the wind energy facility
10 shall submit copies of the notification with the board of county
11 commissioners of every county in which all or a portion of the wind
12 energy facility is to be located within twenty-four (24) hours of
13 filing with the Commission. If all or a portion of the wind energy
14 facility is to be located within the incorporated area of a
15 municipality, copies of the notification shall also be submitted to
16 the governing body of the municipality within twenty-four (24) hours
17 of filing with the Commission.

18 B. Within six (6) months of submitting the notification with
19 the Commission as provided for in subsection A of this section, the
20 owner of the wind energy facility shall cause a copy of the
21 notification to be published in a newspaper of general circulation
22 in the county or counties in which all or a portion of the wind
23 energy facility is to be located. Proof of publication shall be
24 submitted to the Commission.

1 C. Within six (6) months of submitting the notification with
2 the Commission as provided in subsection A of this section, the
3 owner of the wind energy facility shall cause a copy of the
4 notification to be sent, by certified mail, to:

5 1. Any operator, as reflected in the records of the Corporation
6 Commission, who is conducting oil and gas operations upon all or any
7 part of the surface estate as to which the wind energy developer
8 intends the construction of the wind energy facility;

9 2. Any operator, as reflected in the records of the
10 Corporation Commission, of an unspaced unit, or a unit created by
11 order of the Corporation Commission, who is conducting oil and gas
12 operations for the unit where all or any part of the unit area is
13 within the geographical boundaries of the surface estate as to which
14 the wind energy developer intends the construction of the wind
15 energy facility; and

16 3. As to tracts of land not described in paragraphs 1 and 2 of
17 this subsection on which the wind energy developer intends to
18 construct a wind energy facility, all lessees of oil and gas leases
19 covering the mineral estate underlying any part of the tracts of
20 land that are filed of record with the county clerk in the county
21 where the tracts are located and whose primary term has not expired.

22 If the wind energy developer makes a search with reasonable
23 diligence and the whereabouts of a party entitled to any notice
24 described in this subsection cannot be ascertained or such notice

1 cannot be delivered, then an affidavit attesting to such diligent
2 search for the parties shall be placed in the records of the county
3 clerk in the county where the surface estate is actually located.

4 D. Within sixty (60) days of publishing the notification in a
5 newspaper as provided for in subsection B of this section, the owner
6 of the wind energy facility shall hold a public meeting. Notice of
7 the public meeting shall be published in a newspaper of general
8 circulation and submitted to the board of county commissioners in
9 the county or counties in which all or a portion of the wind energy
10 facility is to be located. The notice shall contain the place, date
11 and time of the public meeting. Proof of publication of the notice
12 shall be submitted to the Commission. The public meeting shall be
13 held in one of the counties in which all or a portion of the wind
14 energy facility is to be located.

15 E. With regard to the surface estate upon which the owner of a
16 wind energy facility intends to construct a wind energy facility, at
17 least sixty (60) days before entering upon the surface estate for
18 the purposes of commencement of construction of the wind energy
19 facility, the owner shall provide written notice, by certified mail,
20 of its intent to construct the wind energy facility to:

21 1. Any operator, as reflected in the records of the Corporation

13 where the tracts are located and whose primary term has not expired.

14 The notice shall contain a map or plat of the proposed location,
15 with sufficient specificity of all of the various elements of the
16 wind energy facility to be located on the governmental section which
17 includes all or any part of the tracts of land described in
18 paragraphs 1, 2 and 3 of this subsection and the approximate date
19 that the owner of the wind energy facility proposes to commence
20 construction. If the wind energy developer makes a search with
21 reasonable diligence, and the whereabouts of a party entitled to any
22 notice described in this subsection cannot be ascertained or such
23 notice cannot be delivered, then an affidavit attesting to such
24 diligent search for the parties shall be placed in the records of

1 the county clerk in the county where the surface estate is actually
2 located. Within thirty (30) days of receiving said notice, any
3 operator, as described in paragraphs 1, 2 and 3 of this subsection,
4 shall reciprocate, in writing by certified mail, certain site,

17 C. ~~With regard to the surface estate upon which a wind energy~~
