C. Any loan made pursuant to the Oklahoma Energy Independence Act shall constitute a lien on the property which is the subject of the loan only upon the recording of a mortgage covering the property in the office of the county clerk. Any mortgage securing a loan shall be junior and inferior to all previously recorded liens or mortgages of any kind. The exclusive method of enforcing a lien for failure to repay any loan made pursuant to the Oklahoma Energy Independence Act shall be by judicial or nonjudicial foreclosure as provided by law is a first and prior lien against the real property and has the same priority status as a lien for any other ad valorem tax. The lien runs with the land, and that portion of the principal balance of the loan that has not yet become due is not eliminated by foreclosure of a property tax lien. Such lien may be enforced by the County Energy District Authority in the same manner that a property tax lien against real property may be enforced by the local government as provided by law. Delinquent installments under the loan incur interest and penalties in the same manner as delinquent property taxes. A County Energy District may recover costs and expenses, including attorney's fees, in a suit to collect a delinquent installment of a loan in the same manner as in a suit to collect delinquent property tax.
