BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 43A O.S. 2011, Section 3-403, as amended by Section 3, Chapter 213, O.S.L. 2013 (43A O.S. Supp. 2016, Section 3-403), is amended to read as follows:

Section 3-403. As used in the Oklahoma Alcohol and Drug Abuse Services Act:

1. "Approved treatment facility" means any facility which:

- b. is certified by the Board of Mental Health and Substance Abuse Services;

3. A "drug-dependent person" means a person who is using a controlled substance as presently defined in Section 102 of the Federal Controlled Substances Act and who is in a state of psychic or physical dependence, or both, arising from administration of that controlled substance on an intermittent or continuous basis. Drug dependence is characterized by behavioral and other responses which include a strong compulsion to take the substance on a continuous basis in order to experience its psychic effects, or to avoid the discomfort of its absence;

4. "Intoxicated person" means a person whose mental or physical functioning is substantially impaired as the direct result of the consumption of alcohol or drugs;

5. "Medical detoxification" means diagnostic and treatment services performed by licensed facilities for acute alcohol intoxication, delirium tremens and physical and neurological

1 complications resulting from acute intoxication. Medical

6 equipment if warranted, a general diet of three meals each day, the
7 administration of appropriate laboratory tests, and supervision by
8 properly trained personnel until the person is no longer medically
9 incapacitated by the effects of alcohol;

10 6. "Nonmedical detoxification" means detoxification services
11 for intoxicated clients with no apparent physical or neurological
12 symptoms requiring medical treatment as a result of their
13 intoxication. Nonmedical detoxification includes providing a bed,
14 oral administration of fluids, three meals a day and the taking of
15 the client's temperature, blood pressure and pulse at least once
16 every six (6) hours for the duration of the client's stay in the
17 nonmedical detoxification service;

18 7. "Inpatient treatment" means the process of providing
19 residential diagnostic and treatment services on a scheduled basis;

20 8. "Intermediate care" means an organized therapeutic

3 three meals a day and medical support if needed;

4 9. "Transitional living facility" and "halfway house" means an

13 per week;

14 10. "Short-term supportive care" means a service rendered to
15 any person residing in a halfway house or transitional living
16 facility which is sufficient to assist the person to meet or achieve
17 an adequate level of daily living and to learn or develop adequate

19 limited to, resident participation in meal preparation and routine
