19 operations and shall set the fee at a level sufficient to generate
20 the amount of monies necessary to cover the Department's direct
21 costs in implementing the Oklahoma Industrial Hemp Agricultural
22 Pilot Program. Denied applications for licenses may be resubmitted
23 within a twelve-month period. The Department may waive the fee for
24 resubmitted applications.

1 C. A license issued pursuant to this section is valid for one
2 (1) year. In order to continue engaging in industrial hemp growth
3 and cultivation operations in Oklahoma, the licensee must annually
4 apply for a license in accordance with subsection A of this section.
5 The Department may set a separate fee schedule for renewal of
6 existing licenses in good standing.

7 D. All industrial hemp plant material shall be planted, grown
8 and harvested under a valid license. Any plant material that is not
9 harvested in the licensed period in which it was planted or
10 volunteer plants that are not destroyed must be declared for
11 inclusion in a subsequent license.

12 E. If the licensee wishes to alter the land area on which the
13 licensee will conduct industrial hemp growth and cultivation
14 operations within thirty (30) days of any new license, before
15 altering the area, the licensee shall submit to the Department an
16 updated legal description, global positioning system location and
17 map specifying the proposed alterations.

18 F. Each licensee shall report any changes to information
19 provided in the license application within ten (10) days of such
20 change to the Department.

21 G. The Department shall promulgate rules necessary to implement
22 the licensing program and to implement the Oklahoma Industrial Hemp
23 Agricultural Pilot Program.

3 is created a duplication in numbering, reads as follows:

4 A. The Oklahoma Department of Agriculture, Food, and Forestry
5 shall establish a Certified Seed Program to identify seeds that have
6 been confirmed to produce industrial hemp. In accordance with all
7 federal state laws and regulations, the Department may import seeds.

8 B. A variety of industrial hemp may be approved and certified
9 by the Department if it is tested and confirmed to produce mature
10 plants with a delta-9 tetrahydrocannabinol concentration of not more
11 than three-tenths of one percent (0.3%) on a dry-weight basis.

12 C. The Department shall provide and maintain a list of
13 certified seeds to be used by licensees.

14 SECTION 7. NEW LAW A new section of law to be codified
15 in the Oklahoma Statutes as Section 3-406 of Title 2, unless there

17 A. At least thirty (30) days prior to harvest, each licensee
18 shall file a harvest report on a form approved by the Oklahoma
19 Department of Agriculture, Food, and Forestry that includes:

20 1. A statement of intended disposition of its industrial hemp
21 crop;

22 2. The harvest date or dates, location and yield of each
23 variety cultivated within a licensed land area;

1 3. The documented environmental impacts and viability of each
2 variety; and

3 4. Research data that would assist the Department in future
4 commercialization of industrial hemp.

5 B. A licensee shall notify the Department immediately of any
6 changes in a reported harvest date by more than five (5) days.

7 SECTION 8. NEW LAW A new section of law to be codified
8 in the Oklahoma Statutes as Section 3-407 of Title 2, unless there
9 is created a duplication in numbering, reads as follows:

10 A. Any plants of the licensee are subject to routine inspection
11 and sampling to verify that the delta-9 tetrahydrocannabinol
12 concentration of the plants planted does not exceed three-tenths of
13 one percent (0.3%) on a dry-weight basis. The Oklahoma Department
14 of Agriculture, Food, and Forestry shall notify each licensee of the
15 scope of the inspection and the process by which the inspection will
16 be conducted.

17 B. In addition to any routine inspection and sampling under
18 subsection A of this section, the Department may inspect and take
19 samples from any licensee's plants during normal business hours
20 without advance notice.

21 C. During an inspection and sampling, the Department shall make
22 a good-faith attempt to have the licensee present at the time of
23 inspection and sampling. The licensee or authorized representative
24 shall provide the Department's inspector with complete and

1 unrestricted access to all plants, parts and seeds, whether growing
2 or harvested, and all land, buildings and other structures used for
3 the growth, cultivation, harvesting or storage of industrial hemp,
4 and all documents and records pertaining to the licensee's
5 industrial hemp-growing and cultivation operation.

6 D. The licensee shall pay for any inspection and laboratory
7 analysis costs that the Department deems necessary within thirty
8 (30) days of the date of the receipt of an invoice for the costs.
9 The Department shall waive all inspection or sampling costs if no
10 inconsistencies or violations are identified that are not part of
11 the routine inspection process.

12 E. The Department shall promulgate rules to establish a process
13 by which a licensee may contest the procedures, protocols and
14 results or findings of the inspection.

15 SECTION 9. NEW LAW A new section of law to be codified
16 in the Oklahoma Statutes as Section 3-408 of Title 2, unless there
17 is created a duplication in numbering, reads as follows:

18 A. The Oklahoma Department of Agriculture, Food, and Forestry
19 may deny, revoke or suspend a license if the licensee:

20 1. Violates any provision of this Oklahoma Industrial Hemp
21 Agricultural Pilot Program or rules adopted pursuant to the program;

20 (1%) delta-9 tetrahydrocannabinol concentration, the licensee shall
21 not be subject to any penalty under the Oklahoma Industrial Hemp
22 Agricultural Pilot Program if the crop is destroyed or utilized on
23 site in a manner approved of and verified by the Department.
