3 E. If the licensee wishes to alter the land area on which the
4 licensee will conduct industrial hemp growth and cultivation
5 operations within thirty (30) days of any new license, before

2 than three-tenths of one percent (0.3%) on a dry weight basis.

3 C. The Department shall provide and maintain a list of
4 certified seeds to be used by licensees.

23 is created a duplication in numbering, reads as follows:

1 A. Any plants of the licensee are subject to routine inspection
2 and sampling to verify that the delta-9 tetrahydrocannabinol
3 concentration of the plants planted does not exceed three-tenths of
4 one percent (0.3%) on a dry weight basis. The Department shall
5 notify each licensee of the scope of the inspection and the process
6 by which the inspection will be conducted.

7 B. In addition to any routine inspection and sampling under
8 subsection A of this section, the Department may inspect and take
9 samples from any licensee's plants during normal business hours
10 without advance notice.
