

An Act

ENROLLED SENATE
BILL NO. 1128

By: Yen of the Senate

and

Derby and Downing of the
House

An Act relating to public health and safety; amending 63 O.S. 2011, Section 2-101, as last amended by Section 1, Chapter 43, O.S.L. 2017 (63 O.S. Supp. 2017, Section 2-101), which relates to the Uniform Controlled Dangerous Substances Act; adding definition; providing limits on practitioners when issuing initial prescriptions for opioid drugs; directing practitioners to perform certain functions prior to issuing initial prescriptions for Schedule II controlled dangerous substances or opioids; authorizing issuance of subsequent prescriptions under certain circumstances; authorizing fourteen-day and subsequent prescriptions after major surgical procedures; requiring practitioners to disclose health risks associated with opioids; requiring practitioner to include certain note in medical file of patient; directing practitioners to enter into pain-management agreements with patients upon issuance of third prescription; establishing requirements for practitioners to follow when continuously prescribing opioids to a patient for three or more months; providing exception to prescribing requirements for certain patients; requiring that policies, contracts and plans adjust certain cost-sharing payment; directing providers to adopt certain written policies; providing for codification; and providing an effective date.

SUBJECT: Public health and safety

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 63 O.S. 2011, Section 2-101, as last amended by Section 1, Chapter 43, O.S.L. 2017 (63 O.S. Supp. 2017, Section 2-101), is amended to read as follows:

Section 2-101. As used in the Uniform Controlled Dangerous Substances Act:

1. "Administer" means the direct application of a controlled dangerous substance, whether by injection, inhalation, ingestion or any other means, to the body of a patient, animal or research subject by:

- a. a practitioner (or, in the presence of the practitioner, by the authorized agent of the practitioner), or
- b. the patient or research subject at the direction and in the presence of the practitioner;

2. "Agent" means a peace officer appointed by and who acts on behalf of the Director of the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control or an authorized person who acts on behalf of or at the direction of a person who manufactures, distributes, dispenses, prescribes, administers or uses for scientific purposes controlled dangerous substances but does not include a common or contract carrier, public warehouse or employee thereof, or a person required to register under the Uniform Controlled Dangerous Substances Act;

3. "Board" means the Advisory Board to the Director of the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control;

4. "Bureau" means the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control;

5. "Coca leaves" includes cocaine and any compound, manufacture, salt, derivative, mixture or preparation of coca

leaves, except derivatives of coca leaves which do not contain cocaine or ecgonine;

6. "Commissioner" or "Director" means the Director of the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control;

7. "Control" means to add, remove or change the placement of a drug, substance or immediate precursor under the Uniform Controlled Dangerous Substances Act;

8. "Controlled dangerous substance" means a drug, substance or immediate precursor in Schedules I through V of the Uniform Controlled Dangerous Substances Act or any drug, substance or immediate precursor listed either temporarily or permanently as a federally controlled substance. Any conflict between state and federal law with regard to the particular schedule in which a substance is listed shall be resolved in favor of state law;

9. "Counterfeit substance" means a controlled substance which, or the container or labeling of which without authorization, bears the trademark, trade name or other identifying marks, imprint, number or device or any likeness thereof of a manufacturer, distributor or dispenser other than the person who in fact manufactured, distributed or dispensed the substance;

10. "Deliver" or "delivery" means the actual, constructive or attempted transfer from one person to another of a controlled dangerous substance or drug paraphernalia, whether or not there is an agency relationship;

11. "Dispense" means to deliver a controlled dangerous substance to an ultimate user or human research subject by or pursuant to the lawful order of a practitioner, including the prescribing, administering, packaging, labeling or compounding necessary to prepare the substance for such distribution. "Dispenser" is a practitioner who delivers a controlled dangerous substance to an ultimate user or human research subject;

12. "Distribute" means to deliver other than by administering or dispensing a controlled dangerous substance;

13. "Distributor" means a commercial entity engaged in the distribution or reverse distribution of narcotics and dangerous drugs and who complies with all regulations promulgated by the federal Drug Enforcement Administration and the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control;

14. "Drug" means articles:

- a. recognized in the official United States Pharmacopoeia, official Homeopathic Pharmacopoeia of the United States, or official National Formulary, or any supplement to any of them,
- b. intended for use in the diagnosis, cure, mitigation, treatment or prevention of disease in man or other animals,
- c. other than food, intended to affect the structure or any function of the body of man or other animals, and
- d. intended for use as a component of any article specified in this paragraph;

provided, however, the term "drug" does not include devices or their components, parts or accessories;

15. "Drug-dependent person" means a person who is using a controlled dangerous substance and who is in a state of psychic or physical dependence, or both, arising from administration of that controlled dangerous substance on a continuous basis. Drug dependence is characterized by behavioral and other responses which include a strong compulsion to take the substance on a continuous basis in order to experience its psychic effects, or to avoid the discomfort of its absence;

16. "Home care agency" means any sole proprietorship, partnership, association, corporation, or other organization which administers, offers, or provides home care services, for a fee or pursuant to a contract for such services, to clients in their place of residence;

17. "Home care services" means skilled or personal care services provided to clients in their place of residence for a fee;

18. "Hospice" means a centrally administered, nonprofit or profit, medically directed, nurse-coordinated program which provides a continuum of home and inpatient care for the terminally ill patient and the patient's family. Such term shall also include a centrally administered, nonprofit or profit, medically directed, nurse-coordinated program if such program is licensed pursuant to the provisions of this act. A hospice program offers palliative and supportive care to meet the special needs arising out of the physical, emotional and spiritual stresses which are experienced during the final stages of illness and during dying and bereavement. This care is available twenty-four (24) hours a day, seven (7) days a week, and is provided on the basis of need, regardless of ability to pay. "Class A" Hospice refers to Medicare certified hospices. "Class B" refers to all other providers of hospice services;

19. "Imitation controlled substance" means a substance that is not a controlled dangerous substance, which by dosage unit appearance, color, shape, size, markings or by representations made, would lead a reasonable person to believe that the substance is a controlled dangerous substance. In the event the appearance of the dosage unit is not reasonably sufficient to establish that the substance is an "imitation controlled substance", the court or authority concerned should consider, in addition to all other factors, the following factors as related to "representations made" in determining whether the substance is an "imitation controlled substance":

- a. statements made by an owner or by any other person in control of the substance concerning the nature of the substance, or its use or effect,
- b. statements made to the recipient that the substance may be resold for inordinate profit,
- c. whether the substance is packaged in a manner normally used for illicit controlled substances,

- d. evasive tactics or actions utilized by the owner or person in control of the substance to avoid detection by law enforcement authorities,
- e. prior convictions, if any, of an owner, or any other person in control of the object, under state or federal law related to controlled substances or fraud, and
- f. the proximity of the substances to controlled dangerous substances;

20. "Immediate precursor" means a substance which the Director has found to be and by regulation designates as being the principal compound commonly used or produced primarily for use, and which is an immediate chemical intermediary used, or likely to be used, in the manufacture of a controlled dangerous substance, the control of which is necessary to prevent, curtail or limit such manufacture;

21. "Laboratory" means a laboratory approved by the Director as proper to be entrusted with the custody of controlled dangerous substances and the use of controlled dangerous substances for scientific and medical purposes and for purposes of instruction;

22. "Manufacture" means the production, preparation, propagation, compounding or processing of a controlled dangerous substance, either directly or indirectly by extraction from substances of natural or synthetic origin, or independently by means of chemical synthesis or by a combination of extraction and chemical synthesis. "Manufacturer" includes any person who packages, repackages or labels any container of any controlled dangerous substance, except practitioners who dispense or compound prescription orders for delivery to the ultimate consumer;

23. "Marihuana" means all parts of the plant *Cannabis sativa* L., whether growing or not; the seeds thereof; the resin extracted from any part of such plant; and every compound, manufacture, salt, derivative, mixture or preparation of such plant, its seeds or resin, but shall not include:

- a. the mature stalks of such plant or fiber produced from such stalks,

- b. oil or cake made from the seeds of such plant, including cannabidiol derived from the seeds of the marihuana plant,
- c. any other compound, manufacture, salt, derivative, mixture or preparation of such mature stalks (except the resin extracted therefrom), including cannabidiol derived from mature stalks, fiber, oil or cake,
- d. the sterilized seed of such plant which is incapable of germination,
- e. for any person participating in a clinical trial to administer cannabidiol for the treatment of severe forms of epilepsy pursuant to Section 2-802 of this title, a drug or substance approved by the federal Food and Drug Administration for use by those participants,
- f. for any person or the parents, legal guardians or caretakers of the person who have received a written certification from a physician licensed in this state that the person has been diagnosed by a physician as having Lennox-Gastaut Syndrome, Dravet Syndrome, also known as Severe Myoclonic Epilepsy of Infancy, or any other severe form of epilepsy that is not adequately treated by traditional medical therapies, spasticity due to multiple sclerosis or due to paraplegia, intractable nausea and vomiting, appetite stimulation with chronic wasting diseases, the substance cannabidiol, a nonpsychoactive cannabinoid, found in the plant Cannabis sativa L. or any other preparation thereof, that has a tetrahydrocannabinol concentration of not more than three-tenths of one percent (0.3%) and that is delivered to the patient in the form of a liquid,
- g. any federal Food and Drug Administration-approved cannabidiol drug or substance, or

- h. industrial hemp, from the plant *Cannabis sativa* L. and any part of such plant, whether growing or not, with a delta-9 tetrahydrocannabinol concentration of not more than three-tenths of one percent (0.3%) on a dry weight basis which shall not be grown anywhere in the State of Oklahoma but may be shipped to Oklahoma pursuant to the provisions of subparagraph e or f of this paragraph;

24. "Medical purpose" means an intention to utilize a controlled dangerous substance for physical or mental treatment, for diagnosis, or for the prevention of a disease condition not in violation of any state or federal law and not for the purpose of satisfying physiological or psychological dependence or other abuse;

25. "Mid-level practitioner" means an advanced practice nurse as defined and within parameters specified in Section 567.3a of Title 59 of the Oklahoma Statutes, or a certified animal euthanasia technician as defined in Section 698.2 of Title 59 of the Oklahoma Statutes, or an animal control officer registered by the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control under subsection B of Section 2-301 of this title within the parameters of such officer's duty under Sections 501 through 508 of Title 4 of the Oklahoma Statutes;

26. "Narcotic drug" means any of the following, whether produced directly or indirectly by extraction from substances of vegetable origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis:

- a. opium, coca leaves and opiates,
- b. a compound, manufacture, salt, derivative or preparation of opium, coca leaves or opiates,
- c. cocaine, its salts, optical and geometric isomers, and salts of isomers,
- d. ecgonine, its derivatives, their salts, isomers and salts of isomers, and

- e. a substance, and any compound, manufacture, salt, derivative or preparation thereof, which is chemically identical with any of the substances referred to in subparagraphs a through d of this paragraph, except that the words "narcotic drug" as used in Section 2-101 et seq. of this title shall not include decocainized coca leaves or extracts of coca leaves, which extracts do not contain cocaine or ecgonine;

27. "Opiate" means any substance having an addiction-forming or addiction-sustaining liability similar to morphine or being capable of conversion into a drug having such addiction-forming or addiction-sustaining liability. It does not include, unless specifically designated as controlled under the Uniform Controlled Dangerous Substances Act, the dextrorotatory isomer of 3-methoxy-n-methyl-morphinan and its salts (dextromethorphan). It does include its racemic and levorotatory forms;

28. "Opium poppy" means the plant of the species *Papaver somniferum* L., except the seeds thereof;

29. "Peace officer" means a police officer, sheriff, deputy sheriff, district attorney's investigator, investigator from the Office of the Attorney General, or any other person elected or appointed by law to enforce any of the criminal laws of this state or of the United States;

30. "Person" means an individual, corporation, government or governmental subdivision or agency, business trust, estate, trust, partnership or association, or any other legal entity;

31. "Poppy straw" means all parts, except the seeds, of the opium poppy, after mowing;

32. "Practitioner" means:

- a. (1) a medical doctor or osteopathic physician,
- (2) a dentist,
- (3) a podiatrist,

- (4) an optometrist,
- (5) a veterinarian,
- (6) a physician assistant under the supervision of a licensed medical doctor or osteopathic physician,
- (7) a scientific investigator, or
- (8) any other person,

licensed, registered or otherwise permitted to prescribe, distribute, dispense, conduct research with respect to, use for scientific purposes or administer a controlled dangerous substance in the course of professional practice or research in this state, or

- b. a pharmacy, hospital, laboratory or other institution licensed, registered or otherwise permitted to distribute, dispense, conduct research with respect to, use for scientific purposes or administer a controlled dangerous substance in the course of professional practice or research in this state;

33. "Production" includes the manufacture, planting, cultivation, growing or harvesting of a controlled dangerous substance;

34. "State" means the State of Oklahoma or any other state of the United States;

35. "Ultimate user" means a person who lawfully possesses a controlled dangerous substance for the person's own use or for the use of a member of the person's household or for administration to an animal owned by the person or by a member of the person's household;

36. "Drug paraphernalia" means all equipment, products and materials of any kind which are used, intended for use, or fashioned specifically for use in planting, propagating, cultivating, growing, harvesting, manufacturing, compounding, converting, producing, processing, preparing, testing, analyzing, packaging, repackaging,

storing, containing, concealing, injecting, ingesting, inhaling or otherwise introducing into the human body, a controlled dangerous substance in violation of the Uniform Controlled Dangerous Substances Act including, but not limited to:

- a. kits used, intended for use, or fashioned specifically for use in planting, propagating, cultivating, growing or harvesting of any species of plant which is a controlled dangerous substance or from which a controlled dangerous substance can be derived,
- b. kits used, intended for use, or fashioned specifically for use in manufacturing, compounding, converting, producing, processing or preparing controlled dangerous substances,
- c. isomerization devices used, intended for use, or fashioned specifically for use in increasing the potency of any species of plant which is a controlled dangerous substance,
- d. testing equipment used, intended for use, or fashioned specifically for use in identifying, or in analyzing the strength, effectiveness or purity of controlled dangerous substances,
- e. scales and balances used, intended for use, or fashioned specifically for use in weighing or measuring controlled dangerous substances,
- f. diluents and adulterants, such as quinine hydrochloride, mannitol, mannite, dextrose and lactose, used, intended for use, or fashioned specifically for use in cutting controlled dangerous substances,
- g. separation gins and sifters used, intended for use, or fashioned specifically for use in removing twigs and seeds from, or in otherwise cleaning or refining, marihuana,

- h. blenders, bowls, containers, spoons and mixing devices used, intended for use, or fashioned specifically for use in compounding controlled dangerous substances,
- i. capsules, balloons, envelopes and other containers used, intended for use, or fashioned specifically for use in packaging small quantities of controlled dangerous substances,
- j. containers and other objects used, intended for use, or fashioned specifically for use in parenterally injecting controlled dangerous substances into the human body,
- k. hypodermic syringes, needles and other objects used, intended for use, or fashioned specifically for use in parenterally injecting controlled dangerous substances into the human body,
- l. objects used, intended for use, or fashioned specifically for use in ingesting, inhaling or otherwise introducing marihuana, cocaine, hashish or hashish oil into the human body, such as:
 - (1) metal, wooden, acrylic, glass, stone, plastic or ceramic pipes with or without screens, permanent screens, hashish heads or punctured metal bowls,
 - (2) water pipes,
 - (3) carburetion tubes and devices,
 - (4) smoking and carburetion masks,
 - (5) roach clips, meaning objects used to hold burning material, such as a marihuana cigarette, that has become too small or too short to be held in the hand,
 - (6) miniature cocaine spoons and cocaine vials,
 - (7) chamber pipes,

- (8) carburetor pipes,
 - (9) electric pipes,
 - (10) air-driven pipes,
 - (11) chillums,
 - (12) bonges, or
 - (13) ice pipes or chillers,
- m. all hidden or novelty pipes, and
- n. any pipe that has a tobacco bowl or chamber of less than one-half (1/2) inch in diameter in which there is any detectable residue of any controlled dangerous substance as defined in this section or any other substances not legal for possession or use;

provided, however, the term "drug paraphernalia" shall not include separation gins intended for use in preparing tea or spice, clamps used for constructing electrical equipment, water pipes designed for ornamentation in which no detectable amount of an illegal substance is found or pipes designed and used solely for smoking tobacco, traditional pipes of an American Indian tribal religious ceremony, or antique pipes that are thirty (30) years of age or older;

37. a. "Synthetic controlled substance" means a substance:
- (1) the chemical structure of which is substantially similar to the chemical structure of a controlled dangerous substance in Schedule I or II,
 - (2) which has a stimulant, depressant, or hallucinogenic effect on the central nervous system that is substantially similar to or greater than the stimulant, depressant or hallucinogenic effect on the central nervous system of a controlled dangerous substance in Schedule I or II, or

- (3) with respect to a particular person, which such person represents or intends to have a stimulant, depressant, or hallucinogenic effect on the central nervous system that is substantially similar to or greater than the stimulant, depressant, or hallucinogenic effect on the central nervous system of a controlled dangerous substance in Schedule I or II.
- b. The designation of gamma butyrolactone or any other chemical as a precursor, pursuant to Section 2-322 of this title, does not preclude a finding pursuant to subparagraph a of this paragraph that the chemical is a synthetic controlled substance.
- c. "Synthetic controlled substance" does not include:
 - (1) a controlled dangerous substance,
 - (2) any substance for which there is an approved new drug application,
 - (3) with respect to a particular person any substance, if an exemption is in effect for investigational use, for that person under the provisions of Section 505 of the Federal Food, Drug and Cosmetic Act, Title 21 of the United States Code, Section 355, to the extent conduct with respect to such substance is pursuant to such exemption, or
 - (4) any substance to the extent not intended for human consumption before such an exemption takes effect with respect to that substance.
- d. Prima facie evidence that a substance containing salvia divinorum has been enhanced, concentrated or chemically or physically altered shall give rise to a rebuttable presumption that the substance is a synthetic controlled substance;

38. "Tetrahydrocannabinols" means all substances that have been chemically synthesized to emulate the tetrahydrocannabinols of marihuana;

39. "Isomer" means the optical isomer, except as used in subsections C and F of Section 2-204 of this title and paragraph 4 of subsection A of Section 2-206 of this title. As used in subsections C and F of Section 2-204 of this title, "isomer" means the optical, positional or geometric isomer. As used in paragraph 4 of subsection A of Section 2-206 of this title, the term "isomer" means the optical or geometric isomer;

40. "Hazardous materials" means materials, whether solid, liquid or gas, which are toxic to human, animal, aquatic or plant life, and the disposal of which materials is controlled by state or federal guidelines; ~~and~~

41. "Anhydrous ammonia" means any substance that exhibits cryogenic evaporative behavior and tests positive for ammonia; and

42. "Major surgical procedure" means any surgical procedure defined by the appropriate licensing authority.

SECTION 2. NEW LAW A new section of law to be codified in the Oklahoma Statutes as Section 2-309I of Title 63, unless there is created a duplication in numbering, reads as follows:

A. A practitioner shall not issue an initial prescription for an opioid drug which is a prescription drug in a quantity exceeding a seven-day supply for treatment of acute pain for an adult patient, or a seven-day supply for treatment of acute pain for a patient under the age of eighteen (18) years old. Any prescription for acute pain pursuant to this subsection shall be for the lowest effective dose of immediate-release opioid drug.

B. Prior to issuing an initial prescription of a Schedule II controlled dangerous substance or any opioid drug that is a prescription drug in a course of treatment for acute or chronic pain, a practitioner shall:

1. Take and document the results of a thorough medical history, including the experience of the patient with nonopioid medication

and nonpharmacological pain-management approaches and substance abuse history;

2. Conduct, as appropriate, and document the results of a physical examination;

3. Develop a treatment plan with particular attention focused on determining the cause of pain of the patient;

4. Access relevant prescription monitoring information from the central repository pursuant to Section 2-309D of Title 63 of the Oklahoma Statutes;

5. Limit the supply of any opioid drug prescribed for acute pain to a duration of no more than seven (7) days as determined by the directed dosage and frequency of dosage;

6. In the case of a patient under the age of eighteen (18) years old, enter into a patient-provider agreement with a parent or guardian of the patient; and

7. In the case of a patient who is a pregnant woman, enter into a patient-provider agreement with the patient.

C. Except as provided for in subsection D of this section, no less than seven (7) days after issuing the initial prescription pursuant to subsection A of this section, the practitioner, after consultation with the patient, may issue a subsequent prescription for the drug to the patient in a quantity not to exceed seven (7) days, provided that:

1. The subsequent prescription would not be deemed an initial prescription under this section;

2. The practitioner determines the prescription is necessary and appropriate to the treatment needs of the patient and documents the rationale for the issuance of the subsequent prescription; and

3. The practitioner determines that issuance of the subsequent prescription does not present an undue risk of abuse, addiction or diversion and documents that determination.

D. Up to a fourteen-day supply may be initially prescribed after the performance of a major surgical procedure that necessitates deviation from the initial seven-day supply limit, provided that:

1. The prescriber, in his or her professional judgment, believes that more than a seven-day supply of such an opioid is medically necessary to treat the acute pain of a patient due to a surgical procedure;

2. The prescriber indicates "SURGICAL ACUTE PAIN EXCEPTION" on the prescription; and

3. The prescriber adequately documents in the medical records of the patient the acute medical condition and lack of alternative treatment options that justify deviation from the initial seven-day supply limit of this section.

When deemed medically necessary to continue treating the acute pain of the patient, the prescriber may issue no more than one subsequent prescription for a seven-day supply of a Schedule II controlled dangerous substance.

E. Prior to issuing the initial prescription of a Schedule II controlled dangerous substance or any opioid drug that is a prescription drug in a course of treatment for acute or chronic pain and again prior to issuing the third prescription of the course of treatment, a practitioner shall discuss with the patient or the parent or guardian of the patient if the patient is under eighteen (18) years of age and is not an emancipated minor, the risks associated with the drugs being prescribed, including but not limited to:

1. The risks of addiction and overdose associated with opioid drugs and the dangers of taking opioid drugs with alcohol, benzodiazepines and other central nervous system depressants;

2. The reasons why the prescription is necessary;

3. Alternative treatments that may be available; and

4. Risks associated with the use of the drugs being prescribed, specifically that opioids are highly addictive, even when taken as prescribed, that there is a risk of developing a physical or psychological dependence on the controlled dangerous substance, and that the risks of taking more opioids than prescribed or mixing sedatives, benzodiazepines or alcohol with opioids can result in fatal respiratory depression.

The practitioner shall include a note in the medical record of the patient that the patient or the parent or guardian of the patient, as applicable, has discussed with the practitioner the risks of developing a physical or psychological dependence on the controlled dangerous substance and alternative treatments that may be available. The applicable state licensing board of the practitioner shall develop and make available to practitioners guidelines for the discussion required pursuant to this subsection.

F. At the time of the issuance of the third prescription for a prescription opioid drug, the practitioner shall enter into a pain-management agreement with the patient.

G. When a Schedule II controlled dangerous substance or any prescription opioid drug is continuously prescribed for three (3) months or more for chronic pain, the practitioner shall:

1. Review, at a minimum of every three (3) months, the course of treatment, any new information about the etiology of the pain, and the progress of the patient toward treatment objectives and document the results of that review;

2. Assess the patient to determine whether the patient is experiencing problems associated with physical and psychological dependence and document the results of that assessment;

3. Periodically make reasonable efforts, unless clinically contraindicated, to either stop the use of the controlled substance, decrease the dosage, try other drugs or treatment modalities in an effort to reduce the potential for abuse or the development of physical or psychological dependence and document with specificity the efforts undertaken;

4. Review the central repository information in accordance with Section 2-309D of Title 63 of the Oklahoma Statutes; and

5. Monitor compliance with the patient-provider agreement and any recommendations that the patient seek a referral.

H. This section shall not apply to a prescription for a patient who is currently in active treatment for cancer, receiving hospice care from a licensed hospice or palliative care, or is a resident of a long-term care facility, or to any medications that are being prescribed for use in the treatment of substance abuse or opioid dependence.

I. Every policy, contract or plan delivered, issued, executed or renewed in this state, or approved for issuance or renewal in this state by the Insurance Commissioner, and every contract purchased by the Employees Group Insurance Division of the Office of Management and Enterprise Services, on or after the effective date of this act, that provides coverage for prescription drugs subject to a copayment, coinsurance or deductible shall charge a copayment, coinsurance or deductible for an initial prescription of an opioid drug prescribed pursuant to this section that is either:

1. Proportional between the cost-sharing for a thirty-day supply and the amount of drugs the patient was prescribed; or

2. Equivalent to the cost-sharing for a full thirty-day supply of the opioid drug; provided, that no additional cost-sharing may be charged for any additional prescriptions for the remainder of the thirty-day supply.

J. Any provider authorized to prescribe opioids shall adopt and maintain a written policy or policies that include execution of a written agreement to engage in an informed consent process between the prescribing provider and qualifying opioid therapy patient. For the purposes of this section, "qualifying opioid therapy patient" means:

1. A patient requiring opioid treatment for more than three (3) months;

2. A patient who is prescribed benzodiazepines and opioids together; or

3. A patient who is prescribed a dose of opioids that exceeds one hundred (100) morphine equivalent doses.

SECTION 3. This act shall become effective November 1, 2018.

Passed the Senate the 1st day of May, 2018.
