SUBJECT: Reading Sufficiency Act

BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

SECTION 1. AMENDATORY 70 O.S. 2011, Section 1210.508B, as last amended by Section 6, Chapter 360, O.S.L. 2016 (70 O.S. Supp. 2017, Section 1210.508B), is amended to read as follows:

Section 1210.508B. A. The Legislature finds that it is essential for children in the public schools to read early and well in elementary school. The Legislature further finds that clear and visible goals, assessments to determine the reading level at each elementary school, annual measurements of elementary school reading improvement, and accountability in each level of the educational system will result in a significant increase in the number of children reading at or above grade level.

B. The purpose of the Reading Sufficiency Act is to ensure that each child attains the necessary reading skills by completion of the third grade which will enable that student to continue development of reading skills and to succeed throughout school and life.

C. Each public school district in this state shall ensure that a majority of the instructional time each day of the school year in kindergarten through third grade is focused on reading and mathematics. The State Board of Education shall encourage school districts to integrate the teaching of the other curricular areas in the subject matter standards adopted by the Board with the instruction of reading and mathematics. All teachers of reading in the public schools in this state in kindergarten through third grade shall incorporate into instruction the five elements of reading instruction which are phonemic awareness, phonics, reading fluency, vocabulary, and comprehension.

~~D. The reading goal for Oklahoma public schools is as follows: By July 1, 2008, and each year thereafter, all third-grade students will read at or above grade level by the end of their third-grade year, excluding up to fifteen percent (15%) of those students who have an individualized education program (IEP), pursuant to the~~

~~Individuals with Disabilities Education Act (IDEA), and excluding those students who are English language learners who have been determined not to be proficient in English as defined by a state-designated English proficiency assessment. To achieve the reading goal, each public elementary school shall:~~

~~1. Determine its baseline no later than September 1, 2005, which shall be the percentage of students reading at or above third-grade level as determined by the percentage of students scoring proficient or above on the third-grade assessment in reading, administered pursuant to Section 1210.508 of this title; and~~

~~2. Set and achieve annual improvement goals necessary to progress from the baseline established in 2005 to the reading goal by July 1, 2008. The annual improvement goals shall be included in the district's reading sufficiency plan required in Section 1210.508C of this title.~~

~~E. The State Board of Education shall recognize schools and districts that attain or make progress toward achieving the reading goal and shall provide technical assistance to schools and districts that do not make progress toward the reading goal. The district reading sufficiency plan shall be submitted to the State Board if the district has any schools that are not achieving the required annual improvement goals pursuant to this section.~~

SECTION 2. AMENDATORY 70 O.S. 2011, Section 1210.508C, as last amended by Section 1, Chapter 213, O.S.L. 2017 (70 O.S. Supp. 2017, Section 1210.508C), is amended to read as follows:

Section 1210.508C. A. 1. Each student enrolled in kindergarten in a public school in this state shall be screened for reading skills including, but not limited to, phonemic awareness, letter recognition, and oral language skills as identified in the subject matter standards adopted by the State Board of Education. A screening instrument approved by the State Board shall be utilized for the purposes of this section.

2. For those kindergarten children at risk for reading difficulties, teachers shall emphasize reading skills as identified in the subject matter standards adopted by the State Board of

Education, monitor progress throughout the year and measure year-end reading progress.

3. Classroom assistants, which may include parents, grandparents, or other volunteers, shall be provided in kindergarten classes to assist with the screening of students if a teacher aide is not already employed to assist in a kindergarten classroom.

B. 1. Each student enrolled in kindergarten, first, second and third grade of the public schools of this state shall be assessed at the beginning and end of each school year using a screening instrument approved by the State Board of Education for the acquisition of reading skills including, but not limited to, phonemic awareness, phonics, reading fluency, vocabulary, and comprehension.

2. Any student who is assessed and found not to be reading at the appropriate grade level shall be provided a program of reading instruction designed to enable the student to acquire the appropriate grade level reading skills. The program of reading instruction shall include provisions of the READ Initiative adopted by the school district as provided for in subsection O of this section.

3. Throughout the year progress monitoring shall continue, and diagnostic assessment, if determined appropriate, shall be provided. Year-end reading skills shall be measured to determine reading success.

C. The State Board of Education shall approve screening instruments for use at the beginning and end of the school year, for monitoring of progress, and for measurement of reading skills at the end of the school year as required in subsections A and B of this section; provided, at least one of the screening instruments shall meet the following criteria:

1. Assess for phonemic awareness, phonics, reading fluency, vocabulary and comprehension;

2. Document the validity and reliability of each assessment;

3. Can be used for diagnosis and progress monitoring;

4. Can be used to assess ~~special education and limited English-proficient~~ students with disabilities and English language learners; and

5. Accompanied by a data management system that provides profiles for students, class, grade level and school building. The profiles shall identify each student's instructional point of need and reading achievement level. The State Board shall also determine other comparable reading assessments for diagnostic purposes and for periodic and post assessments to be used for students at risk of reading failure. The State Board shall ensure that any assessments approved are in alignment with the subject matter standards adopted by the State Board of Education.

D. 1. The program of reading instruction required in subsection B of this section shall align with the subject matter standards adopted by the State Board of Education and shall include provisions of the READ Initiative adopted by the school district as provided for in subsection O of this section. A program of reading instruction may include, but is not limited to:

- a. sufficient additional in-school instructional time for the acquisition of phonemic awareness, phonics, reading fluency, vocabulary, and comprehension,
- b. if necessary, tutorial instruction after regular school hours, on Saturdays and during summer; however, such instruction may not be counted toward the one-hundred-eighty-day or one-thousand-eighty-hour school year required in Section 1-109 of this title, and
- c. assessments identified for diagnostic purposes and periodic monitoring to measure the acquisition of reading skills including, but not limited to, phonemic awareness, phonics, reading fluency, vocabulary, and comprehension, as identified in the student's program of reading instruction.

2. A student enrolled in first or second grades who has been assessed as provided for in subsection B of this section and found not to be reading at the corresponding grade level, shall be

entitled to individualized remediation in reading until the student is determined by the results of a screening instrument to be reading on grade level. The program of reading instruction for each student shall be developed by a Student Reading Proficiency Team and shall include individualized remediation. Each team shall be composed of:

- a. the parent or guardian of the student,
- b. the teacher assigned to the student who had responsibility for reading instruction in that academic year,
- c. a teacher who is responsible for reading instruction and is assigned to teach in the next grade level of the student, and
- d. a certified reading specialist, if one is available.

E. The program of reading instruction shall continue until the student is determined by the results of approved reading assessments to be reading on grade level.

F. 1. Every school district shall adopt, and implement a district reading sufficiency plan which has had input from school administrators, teachers, and parents and if possible a reading specialist, and which shall be submitted electronically to and approved by the State Board of Education. The plan shall be updated annually. School districts shall not be required to electronically submit the annual updates to the Board if the last plan submitted to the Board was approved and expenditures for the program include only expenses relating to individual and small group tutoring, purchase of and training in the use of screening and assessment measures, summer school programs and Saturday school programs. If any expenditure for the program is deleted or changed or any other type of expenditure for the program is implemented, the school district shall be required to submit the latest annual update to the Board for approval. The district reading sufficiency plan shall include a plan for each site which includes an analysis of the data provided by the Oklahoma School Testing Program and other reading assessments utilized as required in this section, and which outlines how each school site will comply with the provisions of the Reading Sufficiency Act.

2. The State Board of Education shall adopt rules for the implementation and evaluation of the provisions of the Reading Sufficiency Act. The evaluation shall include, but not be limited to, an analysis of the data required in subsection S of this section.

G. For any third-grade student found not to be reading at grade level as determined by reading assessments administered pursuant to this section, a new program of reading instruction, including provisions of the READ Initiative adopted by the school district as provided for in subsection O of this section, shall be developed by a Student Reading Proficiency Team and implemented as specified in subsection D of this section. In addition to other requirements of the Reading Sufficiency Act, the plan may include specialized tutoring.

H. 1. Any first-grade, second-grade or third-grade student who demonstrates proficiency in reading at the third-grade level through a screening instrument which meets the acquisition of reading skills criteria pursuant to subsection B of this section shall not be subject to retention pursuant to this section. After a student has demonstrated proficiency through a screening instrument, the district shall provide notification to the parent or guardian of the student that they have satisfied the requirements of the Reading Sufficiency Act and will not be subject to retention pursuant to this section.

2. If a third-grade student is identified at any point of the academic year as having a significant reading deficiency, which shall be defined as scoring below proficient on a screening instrument which meets the acquisition of reading skills criteria pursuant to subsection B of this section, the district shall immediately begin a student reading portfolio as provided by subsection K of this section and shall provide notice to the parent of the deficiency pursuant to subsection I of this section.

3. If a student has not yet satisfied the proficiency requirements of this section prior to the completion of third grade and still has a significant reading deficiency, as identified based on assessments administered as provided for in subsection B of this section, has not accumulated evidence of third-grade proficiency

through a student portfolio as provided in subsection K of this section, or is not subject to a good-cause exemption as provided in subsection K of this section, then the student shall not be eligible for automatic promotion to fourth grade.

4. The minimum criteria for grade-level performance of third-grade students pursuant to the Reading Sufficiency Act shall be that students are able to read and comprehend grade-level text. To determine the promotion and retention of third-grade students pursuant to the Reading Sufficiency Act, the State Board of Education shall use only the scores for the standards for reading foundations/processes and vocabulary portions of the statewide third-grade assessment administered pursuant to Section 1210.508 of this title and shall not use the scores from the other language arts portions of the assessment. The performance levels established by the Commission for Educational Quality and Accountability pursuant to Section 1210.508 of this title shall ensure that students meeting the performance-level criteria are performing at grade level on the reading foundations and vocabulary portions of the statewide third-grade assessment.

5. a. ~~For the 2016-2017 school year, a student not eligible for automatic promotion as provided for in paragraph 3 of this subsection and who scores at the unsatisfactory level on the reading portion of the statewide third-grade assessment administered pursuant to Section 1210.508 of this title may be evaluated for probationary promotion by the Student Reading Proficiency Team. Beginning with the 2017-2018 school year, a~~ A student not eligible for automatic promotion as provided for under paragraph 3 of this subsection and who scores below the proficiency level does not meet the criteria established by the Commission for Educational Quality and Accountability on the reading portion of the statewide third-grade assessment administered pursuant to Section 1210.508 of this title may be evaluated for probationary promotion by the Student Reading Proficiency Team which was created for the student pursuant to subsection D of this section.

- b. The student shall be promoted to the fourth grade if the team members unanimously recommend probationary promotion to the school principal and the school district superintendent and the principal and superintendent approve the recommendation that promotion is the best option for the student. If a student is allowed a probationary promotion, the team shall continue to review the reading performance of the student and repeat the requirements of this paragraph each academic year until the student demonstrates grade-level reading proficiency, as identified through a screening instrument which meets the acquisition of reading skills criteria pursuant to subsection B of this section, for the corresponding grade level in which the student is enrolled or transitions to ~~the requirements set forth by the Achieving Classroom Excellence Act~~ a locally designed remediation plan after the fifth grade which shall have the goal of ensuring that the student is on track to be college and career ready.

~~5.~~ 6. Beginning with the 2017-2018 school year, students who ~~score below the proficient level~~ do not meet the performance criteria established by the Commission for Educational Quality and Accountability on the reading portion of the statewide third-grade assessment administered pursuant to Section 1210.508 of this title, who are not subject to a good cause exemption as provided in subsection K of this section, and who do not qualify for promotion or probationary promotion as provided in this subsection, shall be retained in the third grade and provided intensive instructional services and supports as provided for in subsection N of this section.

~~6.~~ 7. Each school district shall annually report to the State Department of Education the number of students promoted to the fourth grade pursuant to this subsection and the number of students promoted to a subsequent grade pursuant to the provisions in paragraph ~~4~~ 5 of this subsection. The State Department of Education shall publicly report the aggregate and district-specific number of students promoted on their website and shall provide electronic copies of the report to the Governor, Secretary of Education, President Pro Tempore of the Senate, Speaker of the House of

Representatives, and to the respective chairs of the committees with responsibility for common education policy in each legislative chamber.

~~7.~~ 8. Nothing shall prevent a school district from applying the principles of paragraphs 3 and ~~4~~ 5 of this subsection in grades kindergarten through second grade.

~~8. To determine the promotion and retention of third-grade students pursuant to the Reading Sufficiency Act, the State Board of Education shall use only the reading comprehension and vocabulary scores portion of the statewide third-grade assessment administered pursuant to Section 1210.508 of this title and shall not use the other language arts scores portions of the assessment.~~

I. The parent of any student who is found to have a reading deficiency and is not reading at the appropriate grade level and has been provided a program of reading instruction as provided for in subsection B of this section shall be notified in writing of the following:

1. That the student has been identified as having a substantial deficiency in reading;

2. A description of the current services that are provided to the student pursuant to a conjoint measurement model such that a reader and a text are placed on the same scale;

3. A description of the proposed supplemental instructional services and supports that will be provided to the student that are designed to remediate the identified area of reading deficiency;

4. That the student will not be promoted to the fourth grade if the reading deficiency is not remediated by the end of the third grade, unless the student is otherwise promoted as provided for in subsection H of this section or is exempt for good cause as set forth in subsection K of this section;

5. Strategies for parents to use in helping their child succeed in reading proficiency;

6. The grade-level performance scores of the student;

7. That while the results of the statewide assessments administered pursuant to Section 1210.508 of this title are the initial determinant, they are not the sole determiner of promotion and that portfolio reviews and assessments are available; and

8. The specific criteria and policies of the school district for midyear promotion implemented as provided for in paragraph 4 of subsection N of this section.

J. No student may be assigned to a grade level based solely on age or other factors that constitute social promotion.

K. For those students who do not meet the academic requirements for promotion and who are not otherwise promoted as provided for in subsection H of this section, a school district may promote the student for good cause only. Good-cause exemptions for promotion shall be limited to the following:

1. ~~Limited-English-proficient students~~ English language learners who have had less than two (2) years of instruction in an English language learner program;

2. Students with disabilities whose individualized education program (IEP), consistent with state law, indicates that the student is to be assessed with alternate achievement standards through the Oklahoma Alternate Assessment Program (OAAP);

3. Students who demonstrate an acceptable level of performance on an alternative standardized reading assessment approved by the State Board of Education;

4. Students who demonstrate, through a student portfolio, that the student is reading on grade level as evidenced by demonstration of mastery of the state standards beyond the retention level;

5. Students with disabilities who participate in the statewide assessments administered pursuant to Section 1210.508 of this title and who have an individualized education program that reflects that the student has received intensive remediation in reading ~~for more than two (2) years but still demonstrates a deficiency in reading and was previously retained in prekindergarten for academic reasons,~~

kindergarten, first grade, second grade, or third grade and has made adequate progress in reading pursuant to the student's individualized education program;

6. Students who have received intensive remediation in reading through a program of reading instruction for two (2) or more years but still demonstrate a deficiency in reading and who were previously retained in prekindergarten for academic reasons, kindergarten, first grade, second grade, or third grade for a total of two (2) years; and

7. Students who have been granted an exemption for medical emergencies by the State Department of Education.

L. A student who is otherwise promoted as provided for in subsection H of this section or is promoted for good cause as provided for in subsection K of this section shall be provided intensive reading instruction during an altered instructional day that includes specialized diagnostic information and specific reading strategies for each student. The school district shall assist schools and teachers to implement reading strategies for the promoted students that research has shown to be successful in improving reading among low-performing readers.

M. Requests to exempt students from the retention requirements based on one of the good-cause exemptions as described in subsection K of this section shall be made using the following process:

1. Documentation submitted from the teacher of the student to the school principal that indicates the student meets one of the good-cause exemptions and promotion of the student is appropriate. In order to minimize paperwork requirements, the documentation shall consist only of the alternative assessment results or student portfolio work and the individual education plan (IEP), as applicable;

2. The principal of the school shall review and discuss the documentation with the teacher and, if applicable, the other members of the Student Reading Proficiency Team as described in subsection D of this section. If the principal determines that the student meets one of the good-cause exemptions and should be promoted based on the

documentation provided, the principal shall make a recommendation in writing to the school district superintendent; and

3. After review, the school district superintendent shall accept or reject the recommendation of the principal in writing.

N. Each school district shall:

1. Conduct a review of the program of reading instruction for all students who ~~score below the proficient level~~ do not meet the performance criteria established by the Commission for Educational Quality and Accountability on the reading portion of the statewide assessment administered pursuant to Section 1210.508 of this title and did not meet the criteria for one of the good-cause exemptions as set forth in subsection K of this section. The review shall address additional supports and services, as described in this subsection, needed to remediate the identified areas of reading deficiency. The school district shall require a student portfolio to be completed for each retained student;

2. Provide to students who have been retained as set forth in subsection H of this section with intensive interventions in reading, intensive instructional services and supports to remediate the identified areas of reading deficiency, including a minimum of ninety (90) minutes of daily, uninterrupted, scientific-research-based reading instruction. Retained students shall be provided other strategies prescribed by the school district, which may include, but are not limited to:

- a. small group instruction,
- b. reduced teacher-student ratios,
- c. more frequent progress monitoring,
- d. tutoring or mentoring,
- e. transition classes containing third- and fourth-grade students,
- f. extended school day, week, or year, and

- g. summer reading academies as provided for in Section 1210.508E of this title, if available;

3. Provide written notification to the parent or guardian of any student who is to be retained as set forth in subsection H of this section that the student has not met the ~~proficiency level performance criteria~~ required for promotion and was not otherwise promoted and the reasons the student is not eligible for a good-cause exemption. The notification shall include a description of proposed interventions and intensive instructional supports that will be provided to the student to remediate the identified areas of reading deficiency;

4. Implement a policy for the midyear promotion of a retained student who can demonstrate that the student is a successful and independent reader, is reading at or above grade level, and is ready to be promoted to the fourth grade. Tools that school districts may use in reevaluating any retained student may include subsequent assessments, alternative assessments, and portfolio reviews, in accordance with rules of the State Board of Education. Retained students may only be promoted midyear prior to November 1 and only upon demonstrating ~~a level of proficiency required to score at the proficient level~~ that the student has met the performance criteria established by the Commission for Educational Quality and Accountability on the reading portion of the statewide third-grade assessment administered pursuant to Section 1210.508 of this title, or upon demonstrating proficiency in reading at the third-grade level through a screening instrument administered pursuant to subsection B of this section, and upon showing progress sufficient to master appropriate fourth-grade-level skills, as determined by the school. A midyear promotion shall be made only upon agreement of the parent or guardian of the student and the school principal;

5. Provide students who are retained with a high-performing teacher who can address the needs of the student, based on student performance data and above-satisfactory performance appraisals; and

6. In addition to required reading enhancement and acceleration strategies, provide students who are retained with at least one of the following instructional options:

- a. supplemental tutoring in scientific-research-based reading services in addition to the regular reading block, including tutoring before or after school,
- b. a parent-guided "Read at Home" assistance plan, as developed by the State Department of Education, the purpose of which is to encourage regular parent-guided home reading, or
- c. a mentor or tutor with specialized reading training.

O. Beginning with the 2011-2012 school year, each school district shall establish a Reading Enhancement and Acceleration Development (READ) Initiative. The focus of the READ Initiative shall be to prevent the retention of third-grade students by offering intensive accelerated reading instruction to third-grade students who failed to meet standards for promotion to fourth grade and to kindergarten through third-grade students who are exhibiting a reading deficiency. The READ Initiative shall:

1. Be provided to all kindergarten through third-grade students at risk of retention as identified by the assessments administered pursuant to the Reading Sufficiency Act. The assessment used shall measure phonemic awareness, phonics, reading fluency, vocabulary, and comprehension;

2. Be provided during regular school hours in addition to the regular reading instruction; and

3. Provide a state-approved reading curriculum that, at a minimum, meets the following specifications:

- a. assists students assessed as exhibiting a reading deficiency in developing the ability to read at grade level,
- b. provides skill development in phonemic awareness, phonics, reading fluency, vocabulary, and comprehension,
- c. provides a scientific-research-based and reliable assessment,

- d. provides initial and ongoing analysis of the reading progress of each student,
- e. is implemented during regular school hours,
- f. provides a curriculum in core academic subjects to assist the student in maintaining or meeting proficiency levels for the appropriate grade in all academic subjects,

The focus of the Intensive Acceleration Class shall be to increase the reading level of a child at least two grade levels in one (1) school year. The Intensive Acceleration Class shall:
 - (1) be provided to any student in the third grade who ~~scores below the proficient level~~ does not meet the performance criteria established by the Commission for Educational Quality and Accountability on the reading portion of the statewide assessments and who was retained in the third grade the prior year because of ~~scoring below the proficient level~~ not meeting the performance criteria on the reading portion of the statewide assessments,
 - (2) have a reduced teacher-student ratio,
 - (3) provide uninterrupted reading instruction for the majority of student contact time each day and incorporate opportunities to master the fourth-grade state standards in other core subject areas,

- (4) use a reading program that is scientific-research-based and has proven results in accelerating student reading achievement within the same school year,
 - (5) provide intensive language and vocabulary instruction using a scientific-research-based program, including use of a speech-language therapist,
 - (6) include weekly progress monitoring measures to ensure progress is being made, and
 - (7) provide reports to the State Department of Education, in the manner described by the Department, outlining the progress of students in the class at the end of the first semester,
- h. provide reports to the State Board of Education, upon request, on the specific intensive reading interventions and supports implemented by the school district. The State Superintendent of Public Instruction shall annually prescribe the required components of the reports, and
 - i. provide to a student who has been retained in the third grade and has received intensive instructional services but is still not ready for grade promotion, as determined by the school district, the option of being placed in a transitional instructional setting. A transitional setting shall specifically be designed to produce learning gains sufficient to meet fourth-grade performance standards while continuing to remediate the areas of reading deficiency.

P. In addition to the requirements set forth in this section, each school district board of education shall annually report to the parent or guardian of each student in the district the progress of the student toward achieving state and district expectations for proficiency in reading, writing, science, and mathematics. The school district board of education shall report to the parent or guardian of each student the results on statewide assessments

administered pursuant to Section 1210.508 of this title. The evaluation of the progress of each student shall be based upon classroom work, observations, tests, district and state assessments, and other relevant information. Progress reporting shall be provided to the parent or guardian in writing.

Q. 1. Each school district board of education shall annually publish on the school website, and report in writing to the State Board of Education by September 1 of each year, the following information on the prior school year:

- a. the provisions of this section relating to public school student progression and the policies and procedures of the school district on student retention and promotion,
