5. In the event that the state Medicaid program reimbursement rate for facilities subject to the Nursing Home Care Act, and intermediate care facilities for the mentally retarded having seventeen or more beds is reduced below actual audited costs, the requirements for staffing ratio levels shall be adjusted to the appropriate levels provided in paragraphs 1 through 4 of this subsection.

G. For purposes of this subsection:

Care Act and intermediate care facilities for the mentally retarded with seventeen or more beds to submit a monthly report on staffing ratios on a form that the Authority shall develop.

2. The report shall document the extent to which such facilities are meeting or are failing to meet the minimum direct-care-staff-to-resident ratios specified by this section. Such report shall be available to the public upon request.

3. The Authority may assess administrative penalties for the failure of any facility to submit the report as required by the Authority. Provided, however:

b. a minimum of a one-day penalty shall be assessed in all instances.

4. Administrative penalties shall not be assessed for computational errors made in preparing the report.

5. Monies collected from administrative penalties shall be deposited in the Nursing Facility Quality of Care Fund and utilized for the purposes specified in the Oklahoma Healthcare Initiative Act.

I. 1. All entities regulated by this state that provide long-term care services shall utilize a single assessment tool to determine client services needs. The tool shall be developed by the

Oklahoma Health Care Authority in consultation with the State Department of Health.

2. ~~a. The Oklahoma Nursing Facility Funding Advisory Committee is hereby created and shall consist of the following:~~

~~(1) four members selected by the Oklahoma Association of Health Care Providers,~~

~~(3) two members selected by the State Council on Aging.~~

~~The Chair shall be elected by the committee. No state employees may be appointed to serve.~~

~~b. The purpose of the advisory committee will be to develop a new methodology for calculating state Medicaid program reimbursements to nursing facilities by implementing facility-specific rates based on expenditures relating to direct care staffing. No nursing home will receive less than the current rate at the time of implementation of facility-specific rates pursuant to this subparagraph.~~

~~c. The advisory committee shall be staffed and advised by the Oklahoma Health Care Authority.~~

~~d. The new methodology will be submitted for approval to the Board of the Oklahoma Health Care Authority by January 15, 2005, and shall be finalized by July 1, 2005. The new methodology will apply only to new funds that become available for Medicaid nursing facility reimbursement after the methodology of this paragraph has been finalized. Existing funds paid to nursing homes will not be subject to the methodology of this paragraph. The methodology as outlined in this paragraph will only be applied to any new funding for nursing facilities appropriated above and beyond the funding amounts effective on January 15, 2005.~~

~~e. The new methodology shall divide the payment into two components:~~

~~(1) direct care which includes allowable costs for registered nurses, licensed practical nurses, certified medication aides and certified nurse aides. The direct care component of the rate shall be a facility-specific rate, directly related to each facility's actual expenditures on direct care, and~~

~~(2) other costs.~~

~~f. The Oklahoma Health Care Authority, in calculating the base year prospective direct care rate component, shall use the following criteria:~~

~~(1) to construct an array of facility per diem allowable expenditures on direct care, the Authority shall use the most recent data available. The limit on this array shall be no less than the ninetieth percentile,~~

~~(2) each facility's direct care base-year component of the rate shall be the lesser of the facility's allowable expenditures on direct care or the limit,~~

~~(3) other rate components shall be determined by the Oklahoma Nursing Facility Funding Advisory Committee in accordance with federal regulations and requirements, and~~

~~(4) rate components in divisions (2) and (3) of this subparagraph shall be re-based and adjusted for inflation when additional funds are made available.~~

~~3.~~ The Department of Human Services shall expand its statewide toll-free, Senior-Info Line for senior citizen services to include assistance with or information on long-term care services in this state.

~~4.~~ 3. The Oklahoma Health Care Authority shall develop a nursing facility cost-reporting system that reflects the most current costs experienced by nursing and specialized facilities. ~~The Oklahoma Health Care Authority shall utilize the most current cost report data to estimate costs in determining daily per diem rates.~~ The Oklahoma Health Care Authority shall implement a case-mix-adjusted payment methodology. The case-mix-adjusted payment methodology shall include reimbursement components for each of the following categories: direct care component, indirect care and administrative component, capital component and pass-through-cost component.

a. The direct care component shall include direct care labor and benefits, direct care contract labor and consultant costs (to include but not be limited to medical directors, direct care training, drug and medical supplies, food and supplements). Direct care costs shall be reimbursed at actual audited costs using acuity-based case-mix weighting not including Medicare acuity. Provided, direct care reimbursement shall be limited to one hundred ten percent (110%) of the median of Medicaid direct care costs of all licensed facilities and is subject to a floor of direct care cost plus ten percent (10%) of the ceiling of Medicaid direct care costs of all facilities.

b. The indirect care and administrative component costs shall be reimbursed at one hundred ten percent (110%) of the median cost of all licensed facilities and paid as a class rate to all Medicaid contracted facilities.

c. Capital component costs for rent, interest and depreciation shall be reimbursed under a fair-market-value reimbursement methodology. Fair market value shall be reimbursed based on depreciated replacement cost as established by an independent appraisal to determine the fair market rental rate.

d. Pass through components shall include, but not be limited to, Quality of Care fees, property taxes, property insurance, and professional and general liability insurance with a limit up to the 90th percentile of all facilities' liability insurance premium cost.

The Oklahoma Health Care Authority shall annually review the funding levels established by this subsection to confirm they adequately and appropriately meet the intended purposes of implementation; provided, beginning on July 1, 2021, any increases in this reimbursement methodology shall not exceed the Consumer Price Index for Medical Care plus one percent (1%).

J. 1. When the state Medicaid program reimbursement rate reflects the sum of Ninety-four Dollars and eleven cents ($94.11),

plus the increases in actual audited costs, over and above the actual audited costs reflected in the cost reports submitted for the most current cost-reporting period, and the direct-care, flexible staff-scheduling staffing level has been prospectively funding at four and one-tenth (4.1) hours per day per occupied bed, the Authority may apportion funds for the implementation of the provisions of this section.

2. The Authority shall make application to the United States Centers for Medicare and Medicaid Service for a waiver of the uniform requirement on health-care-related taxes as permitted by Section 433.72 of 42 C.F.R.

3. Upon approval of the waiver, the Authority shall develop a program to implement the provisions of the waiver as it relates to all nursing facilities.

SECTION 2. This act shall become effective November 1, 2018.
