21 BE IT ENACTED BY THE PEOPLE OF THE STATE OF OKLAHOMA:

22 SECTION 1. AMENDATORY Amending 68 O.S. 2011, Section
23 1001, as last amended by Section 1, Chapter 5, 1st Extraordinary
24 Session, O.S.L. 2017 (68 O.S. Supp. 2017, Section 1001), is amended
to read as follows:

21 Section 1001. A. There is hereby levied upon the production of
22 asphalt, ores bearing lead, zinc, jack and copper a tax equal to
23 three-fourths of one percent (3/4 of 1%) on the gross value thereof.

1 B. 1. Effective July 1, 2013, through June 30, 2015, except as
2 otherwise exempted pursuant to subsections D, E, F, G, H, I and J of
3 this section, there shall be levied upon the production of oil a tax
4 equal to seven percent (7%) of the gross value of the production of
5 oil based on a per barrel measurement of forty-two (42) U.S. gallons
6 of two hundred thirty-one (231) cubic inches per gallon, computed at
7 a temperature of sixty (60) degrees Fahrenheit.

8 2. Effective July 1, 2013, through June 30, 2015, except as
9 otherwise exempted pursuant to subsections D, E, F, G, H, I and J of
10 this section, there shall be levied a tax equal to seven percent
11 (7%) of the gross value of the production of gas.

12 3. Effective July 1, 2015, except as otherwise provided in this
13 section, there shall be levied a tax on the gross value of the
14 production of oil and gas as follows:

15 a. upon the production of oil a tax equal to seven
16 percent (7%) of the gross value of the production of
17 oil based on a per barrel measurement of forty-two
18 (42) U.S. gallons of two hundred thirty-one (231)
19 cubic inches per gallon, computed at a temperature of
20 sixty (60) degrees Fahrenheit,

21 b. upon the production of gas a tax equal to seven
22 percent (7%) of the gross value of the production of
23 gas, and
24

1 c. notwithstanding the levies in subparagraphs a and b of
2 this paragraph, the production of oil, gas, or oil and
3 gas from wells spudded on or after July 1, 2015, shall
4 be taxed at a rate of two percent (2%) commencing with
5 the month of first production for a period of thirty-
6 six (36) months. Thereafter, the production shall be
7 taxed as provided in subparagraphs a and b of this
8 paragraph.

9 C. The taxes hereby levied shall also attach to, and are levied
10 on, what is known as the royalty interest, and the amount of such
11 tax shall be a lien on such interest.

12 D. 1. Except as otherwise provided in this section, for
13 secondary recovery projects approved or having an initial project
14 beginning date on or after July 1, 2000, and before July 1, 2017,
15 any incremental production attributable to the working interest
16 owners which results from such secondary recovery projects shall be
17 exempt from the gross production tax levied pursuant to this section
18 for a period not to exceed five (5) years from the initial project
19 beginning date or for a period ending upon the termination of the
20 secondary recovery process, whichever occurs first; provided
21 however, that the exemption provided by this paragraph shall not
22 apply to production occurring on or after July 1, 2017.

23 2. Except as otherwise provided in this section, for tertiary
24 recovery projects approved and having a project beginning date on or

1 after July 1, 1993, and before July 1, 2017, any incremental
2 production attributable to the working interest owners which results
3 from such tertiary recovery projects shall be exempt from the gross
4 production tax levied pursuant to this section from the project
5 beginning date until project payback is achieved, but not to exceed
6 a period of ten (10) years; provided however, that the exemption
7 provided by this paragraph shall not apply to production occurring
8 on or after July 1, 2017. Project payback pursuant to this
9 paragraph shall be determined by appropriate payback indicators
10 which will provide for the recovery of capital expenses and
11 operating expenses, excluding administrative expenses, in
12 determining project payback. The capital expenses of pipelines
13 constructed to transport carbon dioxide to a tertiary recovery
14 project shall not be included in determining project payback
15 pursuant to this paragraph.

16 3. The provisions of this subsection shall also not apply to
17 any enhanced recovery project using fresh water as the primary
18 injectant, except when using steam.

19 4. For purposes of this subsection:

20 a. "incremental production" means the amount of crude oil
21 or other liquid hydrocarbons which is produced during
22 an enhanced recovery project and which is in excess of
23 the base production amount of crude oil or other
24 liquid hydrocarbons. The base production amount shall

1 be the average monthly amount of production for the
2 twelve-month period immediately prior to the project
3 beginning date minus the monthly rate of production
4 decline for the project for each month beginning one
5 hundred eighty (180) days prior to the project
6 beginning date. The monthly rate of production
7 decline shall be equal to the average extrapolated
8 monthly decline rate for the twelve-month period
9 immediately prior to the project beginning date as
10 determined by the Corporation Commission based on the
11 production history of the field, its current status,
12 and sound reservoir engineering principles, and

13 b. "project beginning date" means the date on which the
14 injection of liquids, gases, or other matter begins on
15 an enhanced recovery project.

16 5. The Corporation Commission shall promulgate rules for the
17 qualification for this exemption which shall include, but not be
18 limited to, procedures for determining incremental production as
19 defined in subparagraph a of paragraph 4 of this subsection, and the
20 establishment of appropriate payback indicators as approved by the
21 Tax Commission for the determination of project payback for each of
22 the exemptions authorized by this subsection.

23 6. For new secondary recovery projects and tertiary recovery
24 projects approved by the Corporation Commission on or after July 1,

1 1993, and before July 1, 2017, such approval shall constitute
2 qualification for an exemption.

3 7. Any person seeking an exemption shall file an application
4 for such exemption with the Tax Commission which, upon determination
5 of qualification by the Corporation Commission, shall approve the
6 application for such exemption.

7 8. The Tax Commission may require any person requesting such
8 exemption to furnish information or records concerning the exemption
9 as is deemed necessary by the Tax Commission.

10 9. Upon the expiration of the exemption granted pursuant to
11 this subsection, the Tax Commission shall collect the gross
12 production tax levied pursuant to this section.

13 E. 1. Except as otherwise provided in this section, the
14 production of oil, gas or oil and gas from a horizontally drilled
15 well producing prior to July 1, 2011, which production commenced
16 after July 1, 2002, shall be exempt from the gross production tax
17 levied pursuant to subsection B of this section from the project
18 beginning date until project payback is achieved but not to exceed a
19 period of forty-eight (48) months commencing with the month of
20 initial production from the horizontally drilled well. For purposes
21 of subsection D of this section and this subsection, project payback
22 shall be determined as of the date of the completion of the well and
23 shall not include any expenses beyond the completion date of the
24 well, and subject to the approval of the Tax Commission.

1 2. Claims for refund for the production periods within the
2 fiscal years ending June 30, 2010, and June 30, 2011, shall be filed
3 and received by the Tax Commission no later than December 31, 2011.

4 3. For production commenced on or after July 1, 2011, and prior
5 to July 1, 2015, the tax levied pursuant to the provisions of this
6 section on the production of oil, gas or oil and gas from a
7 horizontally drilled well shall be reduced to a rate of one percent
8 (1%) for a period of forty-eight (48) months from the month of
9 initial production; provided however, such production occurring on
10 or after July 1, 2017, for the remainder of such forty-eight-month
11 period shall be subject to a reduced rate of four percent (4%);
12 further provided, any reduced rate provided by this paragraph shall
13 not apply to production occurring during or after the first full
14 month following the effective date of this act. The taxes collected
15 from the production of oil shall be apportioned pursuant to the
16 provisions of paragraph 7 of subsection B of Section 1004 of this
17 title. The taxes collected from the production of gas shall be
18 apportioned pursuant to the provisions of paragraph 3 of subsection
19 B of Section 1004 of this title.

20 4. The production of oil, gas or oil and gas on or after July
21 1, 2011, and prior to July 1, 2015, from these qualifying wells
22 shall be taxed at a rate of one percent (1%) until the expiration of
23 forty-eight (48) months commencing with the month of initial
24 production.

1 5. As used in this subsection, "horizontally drilled well"
2 shall mean an oil, gas or oil and gas well drilled or recompleted in
3 a manner which encounters and subsequently produces from a
4 geological formation at an angle in excess of seventy (70) degrees
5 from vertical and which laterally penetrates a minimum of one
6 hundred fifty (150) feet into the pay zone of the formation.

7 F. 1. Except as otherwise provided by this section, the
8 severance or production of oil, gas or oil and gas from an inactive
9 well shall be exempt from the gross production tax levied pursuant
10 to subsection B of this section for a period of twenty-eight (28)
11 months from the date upon which production is reestablished;
12 provided however, that the exemption provided by this paragraph
13 shall not apply to production occurring on or after July 1, 2017.
14 This exemption shall take effect July 1, 1994, and shall apply to
15 wells for which work to reestablish or enhance production began on
16 or after July 1, 1994, and for which production is reestablished
17 prior to July 1, 2017. For all such production, a refund against
18 gross production taxes shall be issued as provided in subsection L
19 of this section.

20 2. As used in this subsection, for wells for which production
21 is reestablished prior to July 1, 1997, "inactive well" means any
22 well that has not produced oil, gas or oil and gas for a period of
23 not less than two (2) years as evidenced by the appropriate forms on
24 file with the Corporation Commission reflecting the well's status.

1 As used in this subsection, for wells for which production is
2 reestablished on or after July 1, 1997, and prior to July 1, 2017,
3 "inactive well" means any well that has not produced oil, gas or oil
4 and gas for a period of not less than one (1) year as evidenced by
5 the appropriate forms on file with the Corporation Commission
6 reflecting the well's status. Wells which experience mechanical
7 failure or loss of mechanical integrity, as defined by the
8 Corporation Commission, including but not limited to, casing leaks,
9 collapse of casing or loss of equipment in a wellbore, or any
10 similar event which causes cessation of production, shall also be
11 considered inactive wells.

12 G. 1. Except as otherwise provided by this section, any
13 incremental production which results from a production enhancement
14 project shall be exempt from the gross production tax levied
15 pursuant to subsection B of this section for a period of twenty-
16 eight (28) months from the date of first sale after project
17 completion of the production enhancement project; provided however,
18 that the exemption provided by this paragraph shall not apply to
19 production occurring on or after July 1, 2017. This exemption shall
20 take effect July 1, 1994, and shall apply to production enhancement
21 projects having a project beginning date on or after July 1, 1994,
22 and prior to July 1, 2017. For all such production, a refund
23 against gross production taxes shall be issued as provided in
24 subsection L of this section.

1 2. As used in this subsection:

- 2 a. for production enhancement projects having a project
3 beginning date on or after July 1, 1997, and prior to
4 July 1, 2017, "production enhancement project" means
5 any workover as defined in this paragraph,
6 recompletion as defined in this paragraph, reentry of
7 plugged and abandoned wellbores, or addition of a well
8 or field compression,
- 9 b. "incremental production" means the amount of crude
10 oil, natural gas or other hydrocarbons which are
11 produced as a result of the production enhancement
12 project in excess of the base production,
- 13 c. "base production" means the average monthly amount of
14 production for the twelve-month period immediately
15 prior to the commencement of the project or the
16 average monthly amount of production for the twelve-
17 month period immediately prior to the commencement of
18 the project less the monthly rate of production
19 decline for the project for each month beginning one
20 hundred eighty (180) days prior to the commencement of
21 the project. The monthly rate of production decline
22 shall be equal to the average extrapolated monthly
23 decline rate for the twelve-month period immediately
24 prior to the commencement of the project based on the

1 production history of the well. If the well or wells
2 covered in the application had production for less
3 than the full twelve-month period prior to the filing
4 of the application for the production enhancement
5 project, the base production shall be the average
6 monthly production for the months during that period
7 that the well or wells produced,

8 d. for production enhancement projects having a project
9 beginning date on or after July 1, 1997, and prior to
10 July 1, 2017, "recompletion" means any downhole
11 operation in an existing oil or gas well that is
12 conducted to establish production of oil or gas from
13 any geologic interval not currently completed or
14 producing in such existing oil or gas well within the
15 same or a different geologic formation, and

16 e. "workover" means any downhole operation in an existing
17 oil or gas well that is designed to sustain, restore
18 or increase the production rate or ultimate recovery
19 in a geologic interval currently completed or
20 producing in the existing oil or gas well. For
21 production enhancement projects having a project
22 beginning date on or after July 1, 1997, and prior to
23 July 1, 2017, "workover" includes, but is not limited
24 to:

- (1) acidizing,
- (2) reperforating,
- (3) fracture treating,
- (4) sand/paraffin/scale removal or other wellbore cleanouts,
- (5) casing repair,
- (6) squeeze cementing,
- (7) installation of compression on a well or group of wells or initial installation of artificial lifts on gas wells, including plunger lifts, rod pumps, submersible pumps and coiled tubing velocity strings,
- (8) downsizing existing tubing to reduce well loading,
- (9) downhole commingling,
- (10) bacteria treatments,
- (11) upgrading the size of pumping unit equipment,
- (12) setting bridge plugs to isolate water production zones, or
- (13) any combination thereof.

"Workover" shall not mean the routine maintenance, routine repair, or like for like replacement of downhole equipment such as rods, pumps, tubing, packers, or other mechanical devices.

1 H. 1. For purposes of this subsection, "depth" means the
2 length of the maximum continuous string of drill pipe utilized
3 between the drill bit face and the drilling rig's kelly bushing.

4 2. Except as otherwise provided in subsection K of this
5 section:

6 a. the production of oil, gas or oil and gas from wells
7 spudded between July 1, 1997, and July 1, 2005, and

11 between twelve thousand five hundred (12,500) feet and
12 fourteen thousand nine hundred ninety-nine (14,999)
13 feet shall be exempt from the gross production tax
14 levied pursuant to subsection B of this section from
15 the date of first sales for a period of twenty-eight
16 (28) months; provided however, that the exemption
17 provided by this subparagraph shall not apply to
18 production occurring on or after July 1, 2017,

19 b. the production of oil, gas or oil and gas from wells

12 d. the tax levied pursuant to the provisions of this
13 section on the production of oil, gas or oil and gas
14 from wells spudded between July 1, 2011, and July 1,
15 2015, and drilled to a depth between fifteen thousand
16 (15,000) feet and seventeen thousand four hundred
17 ninety-nine (17,499) feet shall be reduced to a rate

19 months from the date of first sales; provided, the
20 reduced rate provided by this subparagraph shall not
21 apply to production occurring during or after the
22 first full month following the effective date of this
23 act. The taxes collected from the production of oil
24 shall be apportioned pursuant to the provisions of

1 paragraph 7 of subsection B of Section 1004 of this
2 title. The taxes collected from the production of gas
3 shall be apportioned pursuant to the provisions of
4 paragraph 3 of subsection B of Section 1004 of this

5 subparagraph b of this paragraph shall be taxed at a
6 rate of four percent (4%) until the expiration of
7 forty-eight (48) months from the date of first sales
8 and the production of oil, gas or oil and gas on or
9 after July 1, 2011, and before July 1, 2015, from
10 wells qualifying under subparagraph c of this

20 pursuant to this subsection shall be exempt from the gross
21 production tax levied pursuant to subsection B of this section from
22 the date of first sales for a period of twenty-eight (28) months;
23 provided however, that the exemption provided by this subsection
24 shall not apply to production occurring on or after July 1, 2017.

1 For all such wells spudded or reentered, a refund against gross

19 and prior to July 1, 2015, a well that discovers natural gas in
20 paying quantities beneath current production in a deeper producing
21 interval that is more than two (2) miles from the nearest gas well
22 producing from the same deeper producing interval.

23 J. Except as otherwise provided by this section, the production
24 of oil, gas or oil and gas from any well, drilling of which is

1 commenced after July 1, 2000, and prior to July 1, 2015, located
2 within the boundaries of a three-dimensional seismic shoot and
3 drilled based on three-dimensional seismic technology, shall be
4 exempt from the gross production tax levied pursuant to subsection B
5 of this section from the date of first sales as follows:

6 1. If the three-dimensional seismic shoot is shot prior to July
7 1, 2000, for a period of eighteen (18) months; and

8 2. If the three-dimensional seismic shoot is shot on or after
9 July 1, 2000, for a period of twenty-eight (28) months; provided
10 however, that the exemption provided by this subsection shall not
11 apply to production occurring on or after July 1, 2017. For all
12 such production, a refund against gross production taxes shall be
13 issued as provided in subsection L of this section.

14 K. 1. The exemptions provided for in subsections F, G, I and J
15 of this section, the exemption provided for in subparagraph a of
16 paragraph 2 of subsection H of this section, and the exemptions
17 provided for in subparagraphs b and c of paragraph 2 of subsection H
18 of this section for production from wells spudded before July 1,
19 2005, shall not apply:

20 a. to the severance or production of oil, upon
21 determination by the Tax Commission that the average
22 annual index price of Oklahoma oil exceeds Thirty
23 Dollars (\$30.00) per barrel calculated on an annual
24 calendar year basis, as adjusted for inflation using

1 the Consumer Price Index-All Urban Consumers (CPI-U)
2 as published by the Bureau of Labor Statistics of the
3 U.S. Department of Labor or its successor agency.
4 Such adjustment shall be based on the most current
5 data available for the preceding twelve-month period
6 and shall be applied for the fiscal year which begins
7 on the July 1 date immediately following the release
8 of the CPI-U data by the Bureau of Statistics.

9 (1) The "average annual index price" will be
10 calculated by multiplying the West Texas
11 Intermediate closing price by the "index price
12 ratio". The index price ratio is defined as the
13 immediate preceding three-year historical average
14 ratio of the actual weighted average wellhead
15 price to the West Texas Intermediate close price
16 published on the last business day of each month.

17 (2) The average annual index price will be updated
18 annually by the Oklahoma Tax Commission no later
19 than March 31 of each year.

20 (3) If the West Texas Intermediate Crude price is
21 unavailable for any reason, an industry benchmark
22 price may be substituted and used for the
23 calculation of the index price as determined by
24 the Tax Commission,

1 b. to the severance or production of oil or gas upon
2 which gross production taxes are paid at a rate of one
3 percent (1%) pursuant to the provisions of subsection
4 B of this section, and

5 c. to the severance or production of gas, upon
6 determination by the Tax Commission that the average
7 annual index price of Oklahoma gas exceeds Five
8 Dollars (\$5.00) per thousand cubic feet (mcf)
9 calculated on an annual calendar year basis as
10 adjusted for inflation using the Consumer Price Index-
11 All Urban Consumers (CPI-U) as published by the Bureau
12 of Labor Statistics of the U.S. Department of Labor or
13 its successor agency. Such adjustment shall be based
14 on the most current data available for the preceding
15 twelve-month period and shall be applied for the
16 fiscal year which begins on the July 1 date
17 immediately following the release of the CPI-U data by
18 the Bureau of Statistics.

19 (1) The "average annual index price" will be
20 calculated by multiplying the Henry Hub 3-Day
21 Average Close price by the "index price ratio".
22 The index price ratio is defined as the immediate
23 preceding three-year historical average ratio of
24 the actual weighted average wellhead price to the

Henry Hub 3-Day Average Close price published on the last business day of each month.

(2) The average annual index price will be updated annually by the Oklahoma Tax Commission no later than March 31 of each year.
