Research Analysis

HB 1122 requires municipal law enforcement officers to complete a drug possession arrest report upon every arrest of a person for possession of a controlled dangerous substance, except marijuana. The drug possession arrest report is to be entered into the drug possession databases operated by . The measure directs the court clerks to assess \$10 in every misdemeanor case for each offense of possession of a controlled dangerous substance and credit the amount to the Oklahoma Drug Possession Database Revolving fund. The measure provides that the Legislature preempts the entire field of legislation in this state touching in any way the prosecution of offenses relating to the possession of controlled dangerous substances, except marijuana, to the complete exclusion of any order, ordinance, local legislation or regulation by any municipality or other political subdivision of this state. The preemption does not apply to prosecutions in municipal courts of record for offenses relating to possession of a controlled dangerous substance. The measure directs the Oklahoma State Bureau of Narcotics and Dangerous Drugs Control, with assistance from the Office of Management and Enterprise Services, to create a statewide drug possession database.

Fiscal Analysis

The introduced version of HB 1122:

- Creates an additional assessment in every misdemeanor case of \$10.00
- Creates a revolving fund for the Bureau of Narcotics (OBNDD) designated as the “Oklahoma Drug Possession Database Revolving Fund” to be utilized for the purposes of implementing, developing, administering, and maintaining the drug possession database.

OBNDD sees minimal impact for their agency, this measure creates new fee revenue for OBNDD to specifically use for the drug possession database.
