Fiscal Analysis

HB 1225, as introduced, provides that for the fiscal year ending June 30, 2018, and each fiscal year thereafter, the Commissioners of the Land Office shall transfer from available funds under their control a specified certified amount as required for funding of county extension offices to Oklahoma State University for distribution to the county extension offices of the state.

State Regents Office personnel provide that the OSU Cooperative Extension Division received \$21,659,538 in appropriated funds for FY-17. This was a 15.9% reduction from FY-16 original appropriated funds. There are potential constitutional concerns related to CLO funds, and their current funds have required distributions.
