

BILL SUMMARY
1st Session of the 56th Legislature

Bill No.:	HB 1425
Version:	SUBPCS1
Request Number:	6980
Author:	Representative Lepak
Date:	2/20/2017
Impact:	\$0 Immediate to the State; Performance Audits Subject to Available Funding

Research Analysis

Pending

Prepared By: Marcia Goff

Fiscal Analysis

The measure authorizes the Joint Committee on Accountability to request the State Auditor and Inspector to conduct performance audits and authorizes the Committee to study the feasibility of privatizing certain assets. Costs associated with performance audits will depend on a number of variables, including the auditors' risk assessment, scope of the audit, and hourly rate(s) of the auditor(s) assigned to the task. Similarly, any feasibility studies will depend on the scope of the project and current administrative availability. There are no immediate costs resulting from these provisions, as all are subject to availability of funding.
