Research Analysis

The Conference Committee Substitute to HB 1465 requires personally identifiable information obtained during the application process for a REAL ID Noncompliant Driver License or Identification Card to be stored in a separate and siloed database from REAL ID Compliant information. The measure requires the Department of Public Safety to offer a biometric data waiver to Noncompliant applicants. Applicants with felony convictions are disqualified from seeking a waiver. The measure requires that the Department of Public Safety issue a REAL ID Noncompliant License or ID Card without a photo to an otherwise qualified applicant who requests an exemption from the photo for religious reasons. The measure prohibits the sharing of personal information except as authorized by state or federal law and authorized agreements or contracts. The measure provides that a child passenger being transported by a driver of a vehicle who has been issued a detachable placard indicating physical disability or a physically disabled license plate and valid letter of forward-facing exemption issued from the Department of Public Safety is permitted to transport a child under four (4) years of age in a forward-facing child passenger restraint system. The placard and forward-facing exemption letter must be present in the vehicle to be in compliance.
