Fiscal Analysis

HB 1577, as introduced, relates to the School District Transparency Act, and adds language for the database on the Department of Education's website to include an itemized accounting of all vacant or unused properties owned, leased or otherwise under the school district control or management of the district. Each district will submit such information to the Department of Education by January 1, 2018.

Department of Education personnel estimate a cost of \$16,700 as related to a billable hour estimate from OMES for enhancements to the Oklahoma Cost Accounting System and the Transparency website.
