Fiscal Analysis

CCR A for HB 1578 provides for the creation until December 31, 2018 of a 16 member task force to study and make recommendations on improving the State Aid formula. Task force members will receive no compensation or travel reimbursement. The Educational Quality and Accountability Commission will provide staff and administrative support with the assistance of the Department of Education. The task force will submit a report to specified persons by December 31, 2018, and any recommendations developed prior to December 31, 2017

Further, the measure provides for the creation of a School Finance Review Commission. Staffing is the same as for the Task Force. No member will be permitted to receive travel reimbursement or compensation. The Commission will conduct a specified review and submit a report of findings to certain persons no later than December 31, 2023, and every subsequent four years by December 31. Costs to supporting agency personnel are anticipated to be for related incidental work.
