Research Analysis

The CS for HB 1603 sends to a vote of the people an amendment to the state constitution that, if approved, will change the percentage of legal voter signatures required for the initiative and referendum process. The amendment requires a certain percentage of voters from each county rather than on a statewide basis.

Fiscal Analysis

HB 1603 in its current form modifies Section 2 of Article V of the Oklahoma Constitution dealing with the threshold for placing initiatives on the ballot. The measure has no direct impact on the state budget or state revenues.

Other Considerations

Should the addition of enough state questions require the printing of a second ballot page, costs would total approximately \$615,000 statewide for the additional page, based on printing costs for the 2016 General Election.
