

BILL SUMMARY
1st Session of the 56th Legislature

Bill No.:	HB 1845
Version:	FA3
Request Number:	
Author:	Rep. McCall
Date:	2/14/2017
Impact:	DPS: possible cost for equipment, most likely absorbed by increased license and potential training fee

Research Analysis

Please see previous summary of this measure.

Fiscal Analysis

The FA3 on HB 1845 simplifies and clarifies the laws regarding training which shall be offered by DPS. DPS will be responsible for developing training for those motor agents who would like to offer REAL IDs. This amendment gives DPS the ability to charge the motor agents for the training and the flexibility to offer it in various forms (online, on-site, etc.).

DPS is responsible for furnishing all equipment required by the motor agent to process REAL IDs without a cost to the motor agent. It is expected DPS will absorb the cost via the increase to license fees and the potential training fee.
