

BILL SUMMARY
1st Session of the 56th Legislature

Bill No.:	HB 1845
Version:	INT
Request Number:	5549
Author:	Rep. Osborn (Leslie)
Date:	2/6/2017
Impact:	Increases license fees; DPS: no impact; Creates new revolving fund

Research Analysis

HB 1845 creates a REAL ID Compliant Driver License or Identification Card to allow persons to obtain a compliant REAL ID. Persons may also choose to not obtain a driver license or identification card which is not REAL ID compliant. The measure adjusts fees for driver licenses and apportions these fees to pay for improvement needs.

Prepared By: Brad Wolgamott

Fiscal Analysis

- Increases the license fees for both commercial licenses and class D licenses by \$2.00;
- Increases the renewal fee for licenses;
- Creates a new fund, the Public Safety Enhancement Fund which will acquire the \$2 fee from those motor license agents who do not process REAL ID applications or renewals. The funds will be used by the Legislature through appropriations for enhancing public safety in the state.
