Bill No.:	HB 1860
Version:	INT
Request Number:	6696
Author:	Rep. Osborn (Leslie)
Date:	2/8/2017
Impact:	
OCC: F18: Minimal positive administrative impact	

Research Analysis

HB 1860 directs \$200,000 from the amount raised by the Corporation Commission fee on public utilities to the Office of the Attorney General for use by the Public Utilities Division.

Fiscal Analysis

HB 1860 as introduced will offer a minimal positive administrative impact for the Oklahoma Corporation Commission (OCC). The bill will not change the current level of funding for the Public Utility Division (PUD) and will maintain PUD Assessments to stay in effect, until superseded by the Legislature. The measure is expected to reduce costs of running special limits bills annually and the need for filing and processing additional bills. The OCC expects a minimal administrative annual savings of approximately \$5,000.
