**Research Analysis**

The Senate amendment provides clarity by specifying the measure relates to school district employees and removes October 15 as a date for publishing the required information.

Beginning with the 2018-19 school year, the State Department of Education must annually publish on its website within one click of the homepage a report that lists all increases in wages, salaries, rates of pay or fringe benefits, and any changes to job class, excluding changes that did not result in an increase in pay for school district employees. The Department must publish the information within 60 days following the submission of personnel reports certified on July 15.
