

BILL SUMMARY
2nd Session of the 56th Legislature

Bill No.:	HB 2237
Version:	CCR2 A
Request Number:	10474
Author:	Representative Mulready
Date:	5/1/2018
Impact:	No Negative Impact

Research Analysis

The 2nd Conference Committee Report for HB 2237 removes a requirement that the Oklahoma Employees Insurance and Benefits Board contract with and offer HMO plans. The board would instead recommend contracting with one or more third-party vendors to offer alternative medical plans, which may include but not are limited to HMOs. The measure also includes cleanup language related to the name of the board and the Oklahoma Employees Insurance and Benefits Act.

The CCR also requires notification to eligible employees of available plan options offered through the Oklahoma Employees Insurance and Benefits Act, and makes optional the current requirement that insurance vendors provide for a risk adjustment factor.

Prepared By: Sean Webster

Fiscal Analysis

Officials from the Office of Management and Enterprise Services expect no negative impact of insurance premium rates or flexible benefit allowances as a result of the provisions of HB 2237 in its current form. HB 2237 is not expected to have a negative fiscal impact on the state budget or revenues.
